

## **IMPORTANT UPDATE – April 13th, 2007**

**We are pleased to announce that the technical difficulties experienced with the 2007 appointment renewal process between the Oklahoma Insurance Department and NIPR have been resolved.**

Most of the producer appointment renewal records input to NIPR between December 4th 2006 and March 1<sup>st</sup> 2007 have now been successfully transmitted to the Oklahoma Insurance Department.

In order to expedite processing of these transactions, the Oklahoma Insurance Department has posted a current effective date to appointment renewal records affected rather than the date requested at the time of the original transaction with NIPR.

We recognize that the new effective dates may appear that a company's appointment is non-compliant with regulatory requirements. Please be assured that all affected records have been duly noted as such by the Department and will not reflect negatively upon companies at the time of examination.

**For your convenience, the Oklahoma Insurance Department has made available a listing of all Appointing Insurers and Producers impacted. These lists are available for your viewing on the Oklahoma Insurance Department website: [www.oid.state.ok.us](http://www.oid.state.ok.us).**

Please feel free to contact me personally by phone or email if you have any questions or concerns.
