365:10-5-126. Minimum benefit standards for policies or certificates issued for delivery prior to July 1, 1992  
(a) Minimum standards. No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the following
minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

(b) **General standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this Part.

1. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

2. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

3. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

4. A "noncancellable," "guaranteed renewable," or "noncancellable and guaranteed renewable" Medicare supplement policy shall not:
   (A) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or
   (B) Be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.

5. Except as authorized by the Commissioner of this state, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

   (A) If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in (b)(5)(C) of this section, the issuer shall offer certificateholders an individual Medicare supplement policy. The issuer shall offer the certificateholder at least the following choices:
      (i) An individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; or
      (ii) An individual Medicare supplement policy which provides only such benefits as are required to meet the minimum standards as defined in 365:10-5-127(c).

   (B) If membership in a group is terminated, the issuer shall:
      (i) Offer the certificateholder such conversion opportunities as are described in (b)(5)(A) of this section; or
      (ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

   (C) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the succeeding issuer shall offer coverage to all persons covered under the old group policy on its date of
termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(6) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(7) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subsection.

(c) **Minimum benefit standards.**

(1) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

(2) Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

(7) Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

(b) **General standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this Part.

1. **Preexisting conditions.** A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

2. **Sickness and accidents.** A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

3. **Benefits designed to cover cost sharing amounts under Medicare.** A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

4. **Termination of coverage of a spouse.** No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

5. **Guaranteed renewable.** Each Medicare supplement policy shall be guaranteed renewable and

   (A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual; and
   (B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.
   (C) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under (b)(5)(E) of this section, the issuer shall offer certificateholders an individual Medicare supplement policy which at the option of the certificateholder:
      (i) provides for continuation of the benefits contained in the group policy, or
      (ii) provides for such benefits as otherwise meets the requirements of this subsection.
   (D) If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:
      (i) offer the certificateholder the conversion opportunity described in (b)(5)(C) of this section, or
      (ii) at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.
(E) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the succeeding issuer shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(F) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this paragraph.

(6) **Continuous loss.** Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(7) **Suspension.**

(A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period, not to exceed twenty-four (24) months, in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of such policy or certificate within ninety (90) days after the date the individual becomes entitled to such assistance.

(B) If such suspension occurs and if the policyholder or certificateholder loses entitlement to such medical assistance, such policy or certificate shall be automatically reinstated effective as of the date of termination of such entitlement if the policyholder or certificateholder notifies the issuer of such policy or certificate within ninety (90) days after the date of such loss and pays the premium attributable to the period.

(C) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

(D) Reinstitution of such coverages:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions;

(ii) Shall provide for resumption of coverage that is substantially
equivalent to coverage in effect before the date of such suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstitution of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

(8) If an issuer makes a written offer to the Medicare Supplement policyholders or certificateholders of one or more of its plans, to exchange during a specified period from his or her 1990 Standardized plan as described in O.A.C. 365:10-5-127 to a 2010 Standardized plan as described in O.A.C. 365:10-5-127.1, the offer and subsequent exchange shall comply with the following requirements:

(A) An issuer need not provide justification to the Commissioner if the insured replaces a 1990 Standardized policy or certificate with an issue age rated 2010 Standardized policy or certificate at the insured’s original issue age and duration. If an insured’s policy or certificate to be replaced is priced on an issue age rate schedule at the time of such offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to the pre-funding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the commissioner according to the state’s rate filing procedure.

(B) The rating class of the new policy or certificate shall be the class closest to the insured’s class of the replaced coverage.

(C) An issuer may not apply new pre-existing condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 Standardized policy or certificate of the insured, but may apply pre-existing condition limitations of no more than six (6) months to any added benefits contained in the new 2010 Standardized policy or certificate not contained in the exchanged policy.

(D) The new policy or certificate shall be offered to all policyholders or certificateholders within a given plan, except where the offer or issue would be in violation of state or federal law.

(c) Standards for basic ("Core") benefits common to Benefit Plans A-J. Every issuer shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic "core" package, but not in lieu thereof.

(1) Coverage of Part A Medicare Eligible Expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

(2) Coverage of Part A Medicare Eligible Expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used;

The provider shall accept the issuer’s payment as payment in full and may not bill the insured for any balances;

(4) Coverage under Medicare Parts A and B for the reasonable cost of the first three (3) pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;

365:10-5-127.1. Benefit standards for 2010 Standardized Medicare Supplement Benefit Plan policies or certificates issued for delivery on or after June 1, 2010

(a) **Benefit Standards.** The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer
may offer any 1990 Standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued before June 1, 2010 remain subject to the requirements of O.A.C. 365:10-5-126 and 365:10-5-127.

(b) **General Standards.** The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

1. **Preexisting conditions.** A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

2. **Sickness and accidents.** A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

3. **Benefits designed to cover cost sharing amounts under Medicare.** A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment factors. Premiums may be modified to correspond with such changes.

4. **Termination of coverage of a spouse.** No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

5. **Guaranteed renewable.** Each Medicare supplement policy shall be guaranteed renewable.

   (A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

   (B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

   (C) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under O.A.C. 365:10-5-127.1(b)(5)(E) of this regulation, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder):

   (i) Provides for continuation of the benefits contained in the group policy; or

   (ii) Provides for benefits that otherwise meet the requirements of this Subsection.

   (D) If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall

   (i) Offer the certificateholder the conversion opportunity described in Section 8.1A(5)(c) of this regulation; or

   (ii) At the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

   (E) If a group Medicare supplement policy is replaced by another group Medicare
supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(6) **Continuous loss.** Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(7) **Suspension.**

(A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to assistance.

(B) If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(C) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

(D) Reinstatement of coverages as described in Subparagraphs (B) and (C):

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions;

(ii) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or
certificateholder had the coverage not been suspended.

(c) Standards for Basic (Core) Benefits Common to Medicare Supplement Insurance Benefit Plans A, B, C, D, F, F with High Deductible, G, M and N. Every issuer of Medicare supplement insurance benefit plans shall make available a policy or certificate including only the following basic “core” package of benefits to each prospective insured. The provider shall accept the issuer’s payment as payment in full and may not bill the insured for any balance;

Such notice shall be
communicated within ten working days of the issuer receiving notification of disenrollment.

365:10-5-131. Loss ratio standards and refund or credit of premium
(a) Loss ratio standards.

1. A Medicare Supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:
   (A) At least seventy-five percent (75%) of the aggregate amount of premiums earned in the case of group policies, or
   (B) At least sixty-five percent (65%) of the aggregate amount of premiums earned in the case of individual policies.

2. Calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for such period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include:
   (A) Home office and overhead costs;
(B) Advertising costs;
(C) Commissions and other acquisition costs;
(D) Taxes;
(E) Capital costs;
(F) Administrative costs; and
(G) Claims processing costs.

(3) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(4) For purposes of applying (a)(1) of this section and (c)(3) of 365:10-5-132 only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies.

(5) for policies issued prior to July 1, 1992, expected claims in relation to premiums shall meet:

(A) The originally filed anticipated loss ratio when combined with the actual experience since inception;
(B) The appropriate loss ratio requirement from 365:10-5-131(a)(1)(A) and (B) when combined with actual experience beginning with July 1, 1996, to date; and
(C) The appropriate loss ratio requirement from 365:10-5-131(a)(1)(A) and (B) over the entire future period for which the rates are computed to provide coverage.

(b) Refund or credit calculation.
(1) An issuer shall collect and file with the Commissioner by May 31 of each year the data contained in the reporting form contained in Appendix Q of this Chapter for each type in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For the purposes of this section, policies or certificates issued prior to July 1, 1992, the issuer shall make the refund or credit calculation separately for all individual policies combined and all other group policies combined for experience after the 1st of July, 1998. The first report shall be due by May 31, 1998.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. Such refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) Annual filing of premium rates.
(1) An issuer of Medicare supplement policies and certificates issued before or after the effective date of Part 13, 365:10-5-120 et seq. in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. Such demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three (3) years.

(2) As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the Commissioner, in accordance with the applicable filing procedures of this state:

   (A) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. Such supporting documents as necessary to justify the adjustment shall accompany the filing.

   (B) An issuer shall make such premium adjustments as are necessary to produce an expected loss ratio under such policy or certificate as will conform with minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for such Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

   (C) If an issuer fails to make premium adjustments acceptable to the Commissioner, the Commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this section.

   (D) Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. Such riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) **Public hearings.** The Commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of Part 13, 365:10-5-120 et seq., if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for such reporting period. Public notice of such hearing shall be furnished in a manner deemed appropriate by the Commissioner.

365:10-5-132. Filing and approval of policies and certificates and premium rates
(a) Policy forms and certificates filing and approval requirements. An issuer shall not deliver or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the Commissioner in accordance with filing requirements and procedures prescribed by the Commissioner.
(b) Removal of Prescription Drug benefit. An issuer shall file any rider or amendments to policy and certificate forms to delete outpatient prescription drug benefits as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 only with the commissioner in the state in which the policy or certificate was issued.
(c) Premium rates and rating schedule filing and approval requirements. An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the Commissioner in accordance with the filing requirements and procedures prescribed by the Commissioner.
(d) Additional policy or certificate forms.
   (1) Except as provided in paragraph (2) of this subsection, an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.
   (2) An issuer may offer, with the approval of the Commissioner, up to four (4) additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:
      (A) The inclusion of new or innovative benefits;
      (B) The addition of either direct response or agent marketing methods;
      (C) The addition of either guaranteed issue or underwritten coverage;
      (D) The offering of coverage to individuals eligible for Medicare by reason of disability.
   (3) For the purposes of this section, a "type" means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.
(e) Policy forms and certificate forms availability for purchase after Commissioner's approval.
   (1) Except as provided in (A) of this paragraph, an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this Part that has been approved by the Commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve (12) months.
      (A) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the Commissioner in writing its decision at least thirty (30) days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the Commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.
      (B) An issuer that discontinues the availability of a policy form or certificate form pursuant to (A) of this paragraph shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five (5) years after the issuer provides
notice to the Commissioner of the discontinuance. The period of discontinuance may be reduced if the Commissioner determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subsection.

(3) A change in the rating structure or methodology shall be considered a discontinuance under (d)(1) of this section unless the issuer complies with the following requirements:

(A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the Commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

(B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The Commissioner may approve a change to the differential which is in the public interest.

(f) Combination of policy forms or certificate forms experience for purposes of refund or credit calculation.

(1) Except as provided in (2) of this subsection, the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in 365:10-5-131.

(2) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

(a) An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first year commission or other first year compensation is no more than two hundred percent (200%) of the commission or other compensation paid for selling or servicing the policy or certificate in the second year or period.

(b) The commission or other compensation provided in subsequent (renewal) years must be the same as that provided in the second year or period and must be provided for no fewer than five (5) renewal years.

365:10-5-134. Required disclosure provisions

(a) General rules.

(1) Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of such provision shall be consistent with the type of contract issued. Such provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(2) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, such premium charge shall be set forth in the policy.

(3) Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as "usual and customary," "reasonable and customary," or words of similar import.

(4) If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the policy and be labeled as "Preexisting Condition Limitations."

(5) Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificateholder shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

(6) If the issuer does not return any premiums or moneys paid therefor within thirty (30) days from the date of cancellation, the issuer shall pay interest on the proceeds which shall be the same rate of interest as the average United States Treasury Bill rate of the preceding calendar year as certified to the State Insurance Commissioner by the State Treasurer on the first regular business day in January of each year, plus two percentage points which shall accrue from the date of cancellation until the premiums or moneys are returned. In such event, the policy shall be deemed to have been cancelled on the date the policy was placed in the United States mails in a properly addressed, postage paid envelope; or, if not so posted, on the date of delivery of such policy to the issuer.
(7) Issuers of accident and health policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis, to a person(s) eligible for Medicare shall provide to those applicants a Guide to Health Insurance for People with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the CMS and in a type size no smaller than 12 point type. Delivery of the Guide shall be made whether or not such policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates as defined in this Part. Except in the case of direct response issuers, delivery of the Guide shall be made to the applicant at the time of application and acknowledgement of receipt of the Guide shall be obtained by the issuer. Direct response issuers shall deliver the Guide to the applicant upon request but not later than at the time the policy is delivered. For purposes of this section, "form" means the language, format, type size, type proportional spacing, bold character, and line spacing.

(b) **Notice requirements.**

(1) As soon as practicable, but no later than thirty (30) days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificateholders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the Commissioner. Such notice shall:

   (A) Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate, and

   (B) Inform each policyholder or certificateholder as to when any premium adjustment is to be made due to changes in Medicare.

(2) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(3) Such notices shall not contain or be accompanied by any solicitation.

(c) **MMA notice requirements.**

Issuers shall comply with any notice requirements of the Medicare Prescription Drug, Improvement and Modernization Act of 2003.

(d) **Outline of coverage requirements for Medicare supplement policies.**

(1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgement of receipt of such outline from the applicant.

(2) If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany such policy or certificate when it is delivered and contain the following statement, in no less than twelve (12) point type, immediately above the company name:

   "NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

(3) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed in the most recent edition of the National Association of
Insurance Commissioners (NAIC) Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act in no less than twelve (12) point type. All plans shall be shown on the cover page, and the plan(s) that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

(4) The outline of coverage shall include the items described in the most recent edition of the NAIC Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, in the order prescribed by the most recent edition of the NAIC Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act. The appropriate version of the outline of coverage as set out in the model act shall be used.

(e) Notice regarding policies or certificates which are not Medicare supplement policies.

(1) Any accident and health insurance policy or certificate, other than a Medicare supplement policy, a policy issued pursuant to a contract under Section 1876 of the Federal Social Security Act (42 U.S.C. § 1395 et seq.), disability income policy, or other policy identified in 365:10-5-122(b), issued for delivery in this State to persons eligible for Medicare shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds. The notice shall be in no less than twelve (12) point type and shall contain the following language:

"THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

(2) Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in Subsection (d)(1) of this Section shall disclose, using the applicable statement in Appendix V, the extent to which the policy duplicates Medicare. 365:10-5-135. Requirements for application forms and replacement coverage

(a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medicaid coverage, or another health insurance policy or certificate in force or
whether a Medicare supplement policy or certificate is intended to replace any other accident and health policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

(1) Statements.

(A) You do not need more than one Medicare supplement policy.
(B) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.
(C) You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.
(D) If after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare supplement policy will be reinstated if requested within 90 days of losing Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
(E) If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is not longer available, a substantially equivalent policy) will be reinstated if requested within ninety (90) days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
(F) Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

(2) Questions. See Appendix FF of this Chapter for questions.

(b) Agents shall list any other health insurance policies they have sold to the applicant.

(1) List policies sold which are still in force.
(2) List policies sold in the past five (5) years which are no longer in force.
(c) In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant, and acknowledged by the issuer, shall be returned to the applicant by the issuer upon delivery of the policy.
(d) Upon determining that a sale will involve replacement of Medicare supplement coverage, any
issuer, other than a direct response issuer, or its agent, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of Medicare supplement coverage.

(c) The notice required by (d) of this section for an issuer shall be provided in substantially the following form in Appendix T in no less than twelve (12) point type.

(f) Paragraphs 1 and 2 of the replacement notice (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

(2) High pressure tactics. Employing any method of marketing having the effect of or
tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

365:10-5-143. Prohibition Against Use of Genetic Information and Requests for Genetic Testing
(a) This Section applies to all policies with policy years beginning on or after May 21, 2009.
(b) An issuer of a Medicare supplement policy or certificate:
   (1) Shall not deny or condition the issuance or effectiveness of the policy or certificate (including the imposition of any exclusion of benefits under the policy based on a pre-existing condition) on the basis of the genetic information with respect to such individual; and
   (2) Shall not discriminate in the pricing of the policy or certificate (including the adjustment of premium rates) of an individual on the basis of the genetic information with respect to such individual.
(c) Nothing in Subsection (a) shall be construed to limit the ability of an issuer, to the extent otherwise permitted by law, from
   (1) Denying or conditioning the issuance or effectiveness of the policy or certificate or increasing the premium for a group based on the manifestation of a disease or disorder of an insured or applicant; or
   (2) Increasing the premium for any policy issued to an individual based on the manifestation of a disease or disorder of an individual who is covered under the policy (in such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the group).
(d) An issuer of a Medicare supplement policy or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.
(e) Subsection (c) shall not be construed to preclude an issuer of a Medicare supplement policy or certificate from obtaining and using the results of a genetic test in making a determination regarding payment (as defined for the purposes of applying the regulations promulgated under part C of title XI and section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) and consistent with Subsection (a).
For purposes of carrying out Subsection (d), an issuer of a Medicare supplement policy or certificate may request only the minimum amount of information necessary to accomplish the intended purpose.

Notwithstanding Subsection (c), an issuer of a Medicare supplement policy may request, but not require, that an individual or a family member of such individual undergo a genetic test if each of the following conditions is met:

1. The request is made pursuant to research that complies with part 46 of title 45, Code of Federal Regulations, or equivalent Federal regulations, and any applicable State or local law or regulations for the protection of human subjects in research.
2. The issuer clearly indicates to each individual, or in the case of a minor child, to the legal guardian of such child, to whom the request is made that:
   A. compliance with the request is voluntary; and
   B. non-compliance will have no effect on enrollment status or premium or contribution amounts.
3. No genetic information collected or acquired under this Subsection shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.
4. The issuer notifies the Secretary in writing that the issuer is conducting activities pursuant to the exception provided for under this Subsection, including a description of the activities conducted.
5. The issuer complies with such other conditions as the Secretary may by regulation require for activities conducted under this Subsection.

An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information for underwriting purposes.

An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information with respect to any individual prior to such individual’s enrollment under the policy in connection with such enrollment.

If an issuer of a Medicare supplement policy or certificate obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of Subsection (h) if such request, requirement, or purchase is not in violation of Subsection (g).
