

OKLAHOMA INSURANCE DEPARTMENT'S GUIDE TO **BUILDING A HOME INVENTORY**

The information you put into this Home Inventory File can make an insurance claim settlement faster and easier. With this file, you will have a record of your property in order to help make an accurate insurance claim.

Please keep your home Inventory File in a safe deposit box or another safe place outside your home. It would be helpful if you made a copy of this file and other important papers such as birth certificates, deeds, etc. and put the originals into safekeeping.

Home Inventory Tips

- List every item of value in your house.
- Include the serial numbers of all items that have them.
- Continuously update your Home Inventory as you acquire new items.
- Keep all receipts along with a description of the items.
- Keep a detailed record of antiques, jewelry, major appliances and collector's items.

Photo Tips

- Use a color, or video camera if possible.
- Take both wide angles, and close up shots.
- Have a family member in all pictures to help verify ownership. Make sure videotapes, slides and pictures are dated.
- To demonstrate quantity of clothing, open closet doors. Take pictures of open drawers to show content.
- When taking pictures of a shiny or reflective surface, hold camera at a 45° degree angle.
