Professional Experience:

I attended public schools in Oklahoma City, and then went on to attend University of Oklahoma and Oklahoma City University. I entered the real estate appraisal business in 1963; completed educational requirements and obtained the MAI appraisal designation in 1973. In 1990, I assisted in drafting the Real Estate Appraisers' Act and worked with the Oklahoma Legislature in passing the bill into law. In 1993, I was appointed to the Real Estate Appraiser Board and served a five year term. After the initial five years, I was reappointed to an additional five year term. My appraisal practice is generally limited to commercial/industrial appraising. I specialize in litigious real estate matters such as eminent domain and consulting in specialized real estate issues.
