

Renters Insurance

Whether it's a fire, a tornado or a theft, your sense of security – and your possessions – can disappear in seconds. That's why you have to protect yourself. I'm Oklahoma Insurance Commissioner John Doak reminding all you renters out there to get insured. Not only can your policy replace your personal contents, but it can also help with those immediate living expenses and even the deposit on your next rental. Many Oklahomans in both rural and metro areas should consider purchasing affordable renter's insurance. So make the call today. You can't afford being uninsured.
