**American Indians/Alaskan Natives**

American Indians and Alaskan Natives (AI/ANs) have special provisions under the federal healthcare reform law. Additional contacts for AI/ANs include the following:

- Your Tribe
- Your Local I/T/U facility

---

**Referral Resources**

**Federal Health Insurance Marketplace**

The Federal Health Insurance Marketplace (Marketplace) is a website where individuals can buy health insurance plans. The Marketplace is a requirement of the federal healthcare reform law passed in 2010. The federal government through the United States Department of Health and Human Services (HHS) will implement and operate a Federal Health Insurance Marketplace in Oklahoma.

The Marketplace will provide qualified individuals and families with federal subsidies in the form of tax credits and lower co-pays. These subsidies are based on household income and family size.

Individuals and employers may begin shopping for plans when Open Enrollment for the Marketplace begins October 1, 2013.

As October 1 approaches, you may have questions about the Marketplace. This referral resource has been developed and made available to assist Oklahomans by providing consistent and accurate contact information for the Marketplace, Navigators, the state Medicaid agency, and other healthcare resources.
