

## **Volunteer Firefighters**

((John Doak)) Imagine what would happen if your home caught fire and there was no one there to put it out. If something doesn't change, that nightmare soon could become a reality. I'm Oklahoma Insurance Commissioner John Doak.

((Robert Doke)) I'm State Fire Marshal Robert Doke. 75 percent of all fire departments in Oklahoma are manned by volunteers. These firefighters save homes, lives and businesses every day.

((John Doak)) And their efforts impact your home insurance rates. They are doing an outstanding job but need your help. To learn more about volunteering call 1-800-FireLine today.
