

**STATE OF OKLAHOMA  
DEPARTMENT OF CONSUMER CREDIT**

**NMLS – Mortgage Loan Originators**  
(Currently licensed as an MLO)

There will be no renewal this year as you will need to transition your license onto the NMLS system by December 1, 2009. After December 1, 2009, there will be a \$100.00 late fee through December 31, 2009. After December 31, 2009, you will need to apply for a new license. There will be no exceptions.

Anyone doing any type of originating, offering, negotiating or modifying loan rates or terms will be required to have a Mortgage Loan Originator license, provide 20 hours of CE, take the national test and the OK state test. The OK state test will not be available until April, 2010. The finger print and credit report functions are not available in the NMLS system at this time and will be done sometime in 2010. NMLS or the Department will advise you when these functions are available. The deadline for completion of all requirements is 7/31/10.

All Mortgage Loan Originators who have not taken continuing education in the past will need to complete 20 hours of pre-education. If you've only taken 16 hours you will need to take 4 additional hours and submit a copy of the CE completion certificate to the Department with your license number on it. NMLS will not accept partial hours. All vendors and courses that have been approved are on the NMLS website of <http://mortgage.nationwidelicencingsystem.org>. On their main web site look for the link that says Professional Requirements. This link has all the information for vendors, courses and test sites.

For all others who have completed 20 hours within the last few years and submitted the forms through our Department for renewal you will not have to do the additional 20 hours. We will be certifying this education through NMLS at a later date. No additional hours will be required this year.

When entering your information through the NMLS system, read all checklists and information pages to help with your transition. If you have problems getting the system to take your information call the Industry Help Line at (240) 386-4444. They are very patient and will work with you as long as needed.

The fee for the 2010 Mortgage Loan Originator license is \$150.00 + \$60.00 NMLS fee.

**REVIEW ALL INFORMATION YOU HAVE ENTERED INTO THE NMLS SYSTEM  
BEFORE YOU SUBMIT YOUR APPLICATIONS AS THERE ARE NO REFUNDS.**
