

## Activity Report April 2009

---

### Public Relations & Industry Development

- Participated in two planning meetings at the Oklahoma History Center in preparation for the Friday, May 1 VIP Opening of *Another Hot Oklahoma Night*.
- Presented at the Oklahoma College Broadcasters Conference at the University of Oklahoma to students interested in the Oklahoma film industry.
- Discussed the film and music industries with Gene Triplett, Entertainment Editor for *The Oklahoman*.
- Participated in a Culture Committee meeting for the Oklahoma Creativity Project to discuss ideas for 2010 international State of Creativity conference in Oklahoma City.
- Met with director Michael Winterbottom and producers Andrew Eaton and Susan Kirr of *The Killer Inside Me* to discuss final issues related to filming, set to begin in Oklahoma on May 18.
- Presented to high school students involved in the Young Leadership Exchange through Leadership Oklahoma City regarding the future of film and music industries in Oklahoma.
- Met with Derek Sparks, Field Representative for Congresswoman Mary Fallin, about the film and music industries in Oklahoma.
- Met with Chris Cohenour regarding the film and television industries in Oklahoma.
- Participated in an Oklahoma Creativity Project board meeting.
- Met with Chet Burns, a film student at Oklahoma City University, about internship opportunities
- Attended the Osage Nation meeting in Pawhuska. Met with Chief Gray, members of the Nation, the Kaw Lake Association, Green Country Marketing Association, and the Pawhuska Chamber.
- Met with University of Oklahoma students Schuyler Crabtree, Camille Ash, and Melissa Chasteen to discuss internship opportunities during summer 2009.
- Attended a screening of *Visual Acoustics: The Modernism of Julius Shulman*, a documentary film about the famed architecture photographer, at the Oklahoma City Museum of Art and met director Eric Bricker.
- Presented information on Oklahoma's digital location database and gave a year in review to the Cushing, Oklahoma Rotary Club.
- Met with Brooks Douglas, Cole Payne, Brad Gottfred and Hoyt Richards to discuss *Heaven's Rain*, to discuss logistics of the feature film set to shoot in Oklahoma City beginning June 8.
- Followed up with Gregg Sutter, LA-based associate of Elmore Leonard, regarding Leonard's novel *The Hot Kid*, which is set in Oklahoma. OF&MO staff met Mr. Leonard and Mr. Sutter in Tulsa when the book was published.
- Provided Oklahoma talent agency information to Oklahoma State University student Whitney Evans.
- Provided information to Kelley Chambers of the *Journal Record* regarding the Oklahoma Film & Music Office and *Locations Magazine*, which featured Oklahoma on the cover.
- Followed up with Oklahoma Tourism partners around the state who had participated in a March Tourism boot camp at our offices, providing them with a list of locations from their areas for which we are seeking photos for Reel-Scout, our new digital location photo database.
- Met with Sharon Thompson-Reed and Jim Reed while in Los Angeles for AFCI Locations. Mrs. Thompson-Reed is the daughter of Jim Thompson, the Anadarko native and author of *The Killer Inside Me*. The latest film adaptation of Mr. Thompson's book is set to begin filming in Oklahoma mid-May.

## **Points of Interest**

**AFCI Locations Trade Show 2009:** This year's Locations Trade Show was held in Santa Monica, California, on April 16-18. Each year, the event held by the Association of Film Commissioners International (AFCI) brings film commissions from across the world together to promote locations in their area to the entertainment industry at large. Oklahoma was represented by Jill Simpson and Julie Porter. The show provides many opportunities to meet and talk with location scouts, managers, producers, directors and other industry professionals about Oklahoma's locations and incentives.

AFCI's 2009 edition of *Locations Magazine* made its debut at the show. The annual coffee table magazine featured the Roosevelt Bridge near Kingston, Oklahoma, on the cover. The publication will be distributed to all of the major studios and production companies in L.A. and New York as well as at Cannes Film Festival, the Cannes Lions Advertising Festival and other selected film festivals worldwide over the next year.

Jill Simpson participated in a workshop offered by AFCI titled *Candid Conversations with Studio Executives: The Film Commissioner as Investor* which was designed to begin building new relationships with the production community based on the changing roles of film commissions and production companies in an era of states offering financial incentives to productions.

**Norman Music Festival:** The Oklahoma Film & Music Office officially became a sponsor of the Norman Music Festival in 2009. Last year, roughly 6,500 people attended the free music festival with those numbers growing this year to over 25,000 for the one day festival. As part of OF&MO's sponsorship of the April 25 event, office staff and interns worked a booth throughout the day, providing information on the Oklahoma film and music industries to festival attendees.

**Oklahoma Rock and Roll Song:** On April 28, before a crowd of over 300 gathered at the Oklahoma History Center, Governor Brad Henry signed an executive order naming "Do You Realize??" by the **Flaming Lips** as the Official Oklahoma Rock Song. The press conference began with an introduction by Oklahoma Historical Society Director Dr. Bob Blackburn and was followed with speeches by Jill Simpson of OF&MO and Representative Joe Dorman. Governor Henry addressed the audience, also naming April 28, 2009, as "Flaming Lips Day." Wayne Coyne thanked Oklahoma for the honor on behalf of the Flaming Lips.

Along with Governor Brad Henry, First Lady Kim Henry, the Flaming Lips, Representative Joe Dorman, Jill Simpson, Julie Porter, Chris Kucharski, and Abby Kurin of OF&MO, Oklahoma Tourism Director Hardy Watkins, staff from Lt. Governor Jari Askins' office and numerous members of the House and Senate gathered at the Oklahoma History Center in support of the Oklahoma Rock Song.

**Film, Video and Television Economic Impact Totals for FY 2008:** By contacting multiple Oklahoma production companies and following up with out-of-state production companies that worked in the state during Fiscal Year 2008 (FY08), the Film and Music Office is pleased to report that the FY08 numbers show growth over FY07. FY08 totals show direct Oklahoma expenditures of \$12,059,491 which translates to \$20.7M in economic impact when using Oklahoma's standard film and TV industry multiplier of 1.72. That is up from \$17.4M in FY07 and \$18.9M in FY06.

## **Industry Services and Technology Development**

**Film Industry Development Meeting:** OF&MO conducted the first film industry development meeting of 2009 in Oklahoma City on March 4 and began with a demonstration of the new digital locations database. Other topics included production updates and a brainstorming session on how to improve our incentives package. The next film industry meeting is scheduled for **August 26, 3-5p.m., at Tulsa's Circle Cinema.**

**Music Industry Meeting:** The first OF&MO music industry meeting of 2009 is scheduled for **June 3 in Tulsa at Circle Cinema from 3-5 p.m.**

**Digital Location Database:** The database is in place and is already proving to be an incredibly useful tool for the office and the industry. OF&MO staff continue to build the database, import project information and promote the system as an opportunity for community leaders to promote their area as a viable location for filming. In April, Chris Kucharski spoke to the Cushing Rotary; his speech featured a demonstration of Reel-Scout. More presentations are already scheduled, including May presentations to the State Chamber and the Edmond Rotary.

**Oklhomafilm.org:** Due to work performed on the website prior to the launch of the Reel-Scout locations database, we were not able to track our unique users for the month of April. We are working to resolve issues with Google analytics that will restore our ability to track our website traffic in the future.

**This Week in Film & Music:** Our subscription list is currently at 1,737.

**OF&MO Internship Program:** The Oklahoma Film & Music Office interns have been hard at work recently assisting with press releases, conducting special research, posting events to our website and participating at festivals and events. They continue to make significant contributions to OF&MO. This month, each of them volunteered their time helping us man our booth at the Norman Music Festival. They all played a valuable part in making our first sponsorship with the festival a success. As the semester comes to a close, the Oklahoma Film & Music Office would like to thank our impressive spring 2009 interns, Cody McGuire, Alex Marcus and Emily Schmidt of OU, Ashley McGuire and Kathryn Dicken of OCU, and Yousef Kazemi of UCO, for a very successful semester.

## **Production**

### **Recent Film/TV Production**

- TF&MO assisted Jake Richardson with location permission and information for his independent film, *Locard's Principle* which filmed in April.
- OF&MO assisted Adam Beatty with locations, permits and local support during production of the short film *The Rounder Comes to Town*.
- Discovery ID Channel documentary, *Prison Wives*, began filming in the Tulsa area in late April.

### **Upcoming Film/TV Production**

- *The Killer Inside Me* is slated to begin six weeks of Oklahoma filming on May 18 after four days of New Mexico filming commencing on May 11. The targeted wrap date is June 26. The film, starring Casey Affleck, Kate Hudson, Jessica Alba and Bill Pullman, will shoot in Guthrie, Tulsa, Oklahoma City, Enid and Cordell. During the last week of April, OF&MO assisted the production's location scouts with their efforts to find one very specific interior location.
- OF&MO created numerous locations packages, organized and conducted locations scouts, and conducted locations contact research for Brooks Douglas, Cole Payne, Hoyt Richards and Brad Gottfred of *Heaven's Rain*. The feature is set to begin filming in Oklahoma on June 8.
- Wilma Mankiller and Kyle Smith continue to move forward with preparation for their upcoming feature film, *The Cherokee Word for Water*, set to shoot in Oklahoma in September.
- Conducted locations research and created a locations package for Gaetano Crupi of Machina Pictures and Oklahoma filmmaker Bradley Beasley for their upcoming Independent Film Channel production, *Funnel of Darkness*, a mockumentary series about storm chasers.
- Conducted locations research, created locations packages, and organized necessary contact information for Kellie Dancho and Josh Roenitz for the NBC reality show *The Great American Road Trip*. They will film at Tall Grass Prairie in May
- Provided Anna Charlton of the BBC UK with location information and permitting assistance regarding the upcoming filming of the documentary *Seven Wonders of the Solar System*.
- Conducted locations research and provided permitting assistance to Langley Bowers of The Smithsonian Channel HD for their upcoming project *Aerial America*.

## **Potential Film/TV Production**

- Conducted locations research, gathered imagery and created locations packages for Ryan Darst of HCI for an upcoming Kashi Cereal commercial.
- Provided Ron Miller at Mirror Films with locations information and locations packages for their upcoming commercial production.
- Provided incentives information to Joe Sanchez, a Florida filmmaker, based on his interest in filming future projects in the state.
- TF&MO assisted Greg Zeichner of New York with permit and location information for an upcoming low-budget independent horror film. Mr. Zeichner is considering filming in Tulsa.
- TF&MO traveled to Sapulpa to take scouting photos of the Aleris plant as well as the Sunoco plant in west Tulsa, and the Kimberly Clark plant in Bixby.
- Created locations packages and conducted location research for Susannah Zeff of Impossible Pictures on their upcoming television project.
- Provided information on Oklahoma crew members to Reese Travis regarding his and partner Mickey Liddell's upcoming video projects to be shot in the state.
