2C. Oklahoma Expatriate Program

Included in the definition of qualifying “crew” are wages and salaries paid to an individual registered as an Oklahoma Expatriate by the Oklahoma Film & Music Office. The Expatriate roster consists of Oklahoma “BTL” crew not currently residing in Oklahoma, who have pre-registered with the Oklahoma Film & Music Office. That roster will be made available to producers in an effort to supplement Oklahoma’s existing crew base. If a producer chooses to hire one of the qualifying crew members whose name appears on that roster, wages and salaries paid to that person will qualify as an Expenditure or Production Cost and count towards the minimum requirement of Twenty-five Thousand (\$25,000) in Oklahoma expenditures.

If the production would like to hire Oklahoma Expatriates not currently registered with the Oklahoma Film & Music Office, the potential hire must take the necessary steps to register at www.OKFilmMusic.org and provide required documentation prior to the start of production. Additionally, for each expatriate, the production is required to submit a fully-executed Declaration of Residency (Form C).

2D. Third Party Final Rebate Review Requirement

In order to be eligible to receive rebate monies, the production must retain the services of an independent certified public accountant to serve as a Third Party Reviewer. In order for this to be a rebatable expenditure, the production must retain a Third Party Reviewer who is licensed to do business in the state of Oklahoma and who shall not be related to the producer or anyone on the production.

The Director of the Oklahoma Film & Music Office must be provided with the name, address and telephone number of the independent reviewer proposed by the producer in order to make contact prior to beginning the review process.

The review shall be performed in accordance with review standards generally accepted in the United States of America and the reviewer shall have sufficient knowledge of accounting principles and practices generally recognized in the film and television industries.

The reviewer shall present a final report based on Agreed Upon Procedures for Third Party Reviews provided in **SECTION 8**.

2E. End Credit Requirement

The following screen credit and logo must be included in the end credit crawl of all release prints of a completed short or long-form film or episodic television program. Written confirmation is required on Final Application (Form E).

3C. Notice of Conditional Prequalification/Disapproval of Eligibility Application

The projected rebate amount provided on Form A, is the specific amount that will be prequalified for your production, providing you meet all requirements and benchmarks in the application process as described in Section 3B and Section 3C.

Receipt of the conditional prequalification letter *does not* guarantee your rebate. Final eligibility and the amount of the rebate will be determined after submission and review of the final application, the final results of a Third Party CPA Review and all required supporting documentation.

If the Eligibility Application is not approved, the Oklahoma Film & Music Office shall provide the applicant with a notice of disapproval which shall state the reasons therefore.

60 Calendar Days (minimum) Prior to Start of Principal Photography is the last point at which a production may revise their Eligibility Application to increase their projected rebate amount and have monies prequalified in advance, subject to availability of funds. The increase cannot exceed 10% of prior prequalification.

Note: 60 calendar days prior to Start of Principal Photography is the last point at which a production may reduce its budget and resubmit a revised Form A and Form B with updated information, therefore lowering the 60 day and 30 day benchmark requirements accordingly. The application is then subject to OF&MO's re-approval and acknowledgement of the production's conditional prequalification.

As specified in Oklahoma statute, no more than one (1) application per fiscal year per specific production (based on production title, script and budget) will be accepted.

Note: During the application process, OF&MO requires that the production designate a rebate contact for all communication with our office. Specific questions pertaining to the rebate must be submitted in writing.

3D. Required 10 Days Prior to Start of Pre-Production

- **10 Calendar Days Prior to your Declared Start Date of Pre-Production listed on Form A**, you must provide the Oklahoma Film & Music Office with proof of the following documents:
 - Copy of the Certificate of General Liability, carrying a minimum of One Million Dollars (\$1,000,000) (USD) in coverage
 - Proof of Workers Compensation Policy pursuant to Oklahoma State

*****If these documents are not received within 10 calendar days of your Declared Start Date of Pre-Production, your production will be removed from the Oklahoma Film Enhancement Rebate Queue.*****

3E. Required Benchmarks Prior to Start of Principal Photography for Rebate Eligibility Process

- **60 Calendar Days (minimum) Prior to Start of Principal Photography**, a production must show proof that fifty percent (50%) of the production budget is in place by providing one or more of the following forms of documentation:
 - Signed letter of intent or term sheet from Production Financier(s) on their letterhead
 - Signed letter from Production Entity's bank to include account number and contact information stating the exact amount of funds available to production
 - Fully executed equity investor agreement(s)
 - Fully executed foreign pre-sales agreement(s) to include written confirmation therein of intent to advance funds to production
 - Proof of completion bond (if applicable)

Note: If production budget exceeds \$5 million, the production must show proof of 50% financing at time of application and proof of 100% financing at the 30-day benchmark.

- **30 Calendar Days (minimum) Prior to Start of Principal Photography**, a production must show proof of ability to cash flow the production in full (100%) (via same methods described for Fifty percent (50%) verification above).

Also required 30 days prior to Start of Principal Photography:

- Copy of one-line shooting schedule and inclusion on revisions distribution list (or as soon as available prior to principal photography).

- Latest version of production budget and signed Statement of Budget (Form B)
- Latest version of the script and inclusion in revisions distribution list
- Latest version of Crew List tagged for resident and non-resident hires with full contact information including name, phone, email address and address
- Latest version of Cast List tagged for resident and non-resident hires
- Copy of payroll agreement to include name, address and phone number of payroll company
- Complete location list with full contact information including name, phone, email address and address
- Legal Counsel name and contact information for producers and financiers
- Additional documents as may be requested by the Oklahoma Film & Music Office

Note: If production has begun spending from budget during pre-production and prior to the 60 day or 30 day benchmark, the production must provide proof (in the form of a bank statement or included in the letter from the Production Entity's bank stating the account balance) that the account has been drawn down due to the conditionally prequalified project's production expenditures.

- **10 Calendar Days (minimum) Prior to Start of Principal Photography**, producers and/or unit publicist will work with the Oklahoma Film & Music Office to develop a press release announcing the production in Oklahoma. This release is to be approved by all parties and released prior to the first day of principal photography.

Important Benchmark and Push Rules:

1. Production is allowed ten (10) calendar days after missing a photography benchmark as described in Section 3C to declare, in writing, to the Oklahoma Film & Music Office a new date for start of principal photography. Failure to do so will result in the production being removed from the queue.
2. Once a new date for start of principal photography is declared, it is deemed a "push of production date."
3. For the **first push** of the start of principal photography, the production's rebate eligibility will be pushed the same length of time between its initial start date and its newly revised start date. Any productions behind it in the eligibility queue with start dates within this window of time will move ahead, thereby having first claim to rebate funds.
4. Should a production incur a **second push** of the start of principal photography, it will move to the end of the eligibility queue.
5. Should a production incur a **third push** of start of principal photography, its Eligibility Application becomes null and void. A subsequent re-application cannot be accepted until the following fiscal year.
6. A production may push its Start Date of Principal Photography no more than 180 days total (to include all pushes) of its originally declared Start Date of Principal Photography.
7. Rebate eligibility is non-transferable. Each Eligibility Application shall be filed under the title of the screenplay submitted to the Oklahoma Film & Music Office. Projects deemed eligible for the rebate under each application shall only be eligible to the extent that project is substantially based on the screenplay previously submitted and on file with the Oklahoma Film & Music Office and supporting budget submitted for said project title.

8. A production may only push its Start Date of Principal Photography within the Fiscal Year for which funds have been conditionally prequalified. However, production will not need to finish making expenditures within that Fiscal Year. If a production must push its Start Date of Principal Photography into the next Fiscal Year, the production must remove itself from the queue. In this case, the application window will be waived, and the production may immediately re-apply to shoot in the following fiscal year. However, to protect our rebate queue schedule, the production is still subject to the above rules regarding production pushes, e.g. the production may not incur more than two pushes and the production may not push more than 180 days from its original declared Start Date of Principal Photography.

3F. Oklahoma Production Services Entities

Oklahoma's production industry is currently in a growth phase. As such, certain equipment and services may not be readily available within the state. In an effort to grow local support service companies while still being able to service the needs of incoming productions, the Oklahoma Film & Music Office is currently making an allowance for the use of Oklahoma Production Services Entities. This allows for incoming productions to contract with local vendors, pre-approved by the Oklahoma Film & Music Office, to procure specific equipment, raw stock and expendables not readily available in the state, therefore qualifying those purchases and rentals as Oklahoma expenditures. This does ***not*** include labor of any kind.

The definition of an "Oklahoma Production Services Entity" is a company or sole proprietorship established within Oklahoma and with an Oklahoma income tax liability that is registered with the Oklahoma Film & Music Office to offer its services to incoming productions. Further requirements are as follows:

1. Must have filed the necessary paperwork with the Office of the Oklahoma Secretary of State to be recognized as a Corporation or Limited Liability Company. (Sole Proprietorship is also acceptable. See 2.)
2. All Production Services Entities are required to file the Oklahoma Business Registration Packet with the Oklahoma Tax Commission
3. Must have met with the Oklahoma Film & Music Office in person to provide copies of the Secretary of State paperwork and/or to Oklahoma Tax Commission Business Registration Packet, as well as a valid Federal Identification Number (FEIN) and to discuss the requirements of the program in advance
4. Must be registered in Reel-Crew, Oklahoma's official online production guide at www.OKFilmMusic.org. Note: a listing in Reel-Crew will not be approved until all documentation has been provided to the Oklahoma Film & Music Office and is deemed satisfactory per the requirements of the program
5. Production Services Entity is required to provide documentation to the Oklahoma Film & Music Office of property and liability insurance coverage in an amount to cover all transactions. It is also acceptable to provide proof of coverage via the signatory production company.
6. Purchase or rental of products or services made through an Oklahoma Production Services Entity must be those items that Entity is routinely engaged in the business of providing. (Ex: it is ***not*** allowable to contract with a sound equipment vendor for the purposes of renting a camera package, etc.)
7. Items cannot be currently available within the state from Oklahoma vendors. When utilizing an Oklahoma Production Services Entity for a particular category of product, a production must complete a Due Diligence (Form D),

documenting proof of at least three unsuccessful attempts to rent or purchase from Oklahoma vendors*. Due Diligence (Form D) must be signed by an authorized representative of the production to be deemed valid.

8. The Production Services Entity must charge the production market value plus a mark-up (generally 2.5 to 5%) and Oklahoma state and local sales tax for its transactions with the production for items not readily available in the state
9. Entity must utilize detailed invoices to back up all transactions (no blanket invoices will be accepted as qualifying spend)
10. All Due Diligence Forms (Form D) must be attached to the applicable Production Services Entity invoice and be submitted with the final application documentation for the transaction to be approved by the Oklahoma Film & Music Office. Transactions between Production and Oklahoma Production Services Entity must be included in final ledgers submitted to the Oklahoma Film & Music Office with the Final Rebate Application.
11. Company agrees to provide the Oklahoma Film & Music Office, upon request, with any additional documentation that would support invoices provided to the Oklahoma Film & Music Office by Production Companies seeking rebate money.
12. Company will be responsible for keeping current and accurate records and inventory on Reel-Crew.
13. The Oklahoma Film & Music Office reserves the right to revoke the Production Services Entity status at any time if requirements of the program are not being met.

*A list of potential Oklahoma vendors for specialty items is available at request.

3G. Requirements after Principal Photography

No more than Ninety (90) calendar days after the payment of all Oklahoma expenditures*, the production must submit the following to the approved Third Party CPA for independent review:

- Final Rebate Application (Form E)
- Final budget and signed statement of budget (Form B)
- Final cast list with local hires annotated, including contact info
- Final crew list with local hires annotated, including contact info

- Aggregate alphabetical list of qualifying cast, crew, extras and vendors
- Final location list, including contact information

- Signed contracts for all qualifying ATL
- Daily production reports for all Oklahoma filming days

- The production company has filed or will file any Oklahoma tax return or tax document which may be required by law
- Results of Third Party CPA Review conducted by an accounting firm that has been mutually agreed upon in advance.
- Certification of Information (included on Final Rebate Application (Form E), signed by producers and notarized before submission, stating among other things, that all information provided to the Oklahoma Film & Music Office for the purposes of qualifying for the Oklahoma Film Enhancement Rebate program are true and correct and that there are no unpaid salaries, invoices, reimbursements for damages or liens against the production entity in the State of Oklahoma. No rebate money will be released until this notarized documentation is on file with the Oklahoma Film & Music Office.
- End Credit Requirement as described in Item 2E. Written confirmation of end credit included on Final Rebate Application (Form E).
- Final payroll report, both hard copy and electronic version, provided to the Oklahoma Film & Music Office directly from production payroll entity. Electronic version must be exportable to Excel. All qualifying fringes must be broken out. Fringes not tied to individuals and calculated separately will not be allowed.
- Production must provide final accounting ledger listing only qualified spend, tied exactly to spend categories listed on Final Rebate Application (Form E). The final accounting ledger must be grouped and subtotaled by the Form E spend categories. **Note:** All supporting documentation and receipts must be kept by the production company of record for a period of three (3) years and must be available for review by CPA during agreed upon procedures.

In addition to submitting the items above to the approved Third Party CPA, the production is required to provide the following items to the Oklahoma Film & Music Office when available:

- DVD of the final released version
- Film poster

Failure to provide the final information and items according to the time frame provided above may result in a loss of rebate. Within Thirty (30) days of all requirements being met, the Oklahoma Film & Music Office will issue a letter to the Oklahoma Tax Commission, requesting rebate payment, copying production company contact.

***Note:** All undisputed local wages and local vendor bills for completed services must be paid within 90 days of the end of principal photography or production will forfeit right to rebate. If local wages or service invoices are in dispute at 90 days after wrap of principal photography, the full original executed contract amount that was negotiated with Oklahoma crew and vendors that remain in dispute must be placed in an agreed upon Oklahoma bank in an escrow account until the dispute is resolved by both parties.

3H. Third Party Rebate Review and Payout Timeline

Pending receipt of results and supporting documentation of Third Party Review described in 2D, the Oklahoma Film & Music Office will approve or disapprove each claim within a period of thirty (30) days. The Oklahoma Tax Commission shall, upon notification of approval from the Oklahoma Film & Music Office, issue payment for all approved claims.

Only one rebate claim shall be processed per production. Once the production company has been paid for its rebate claim, no amendments for that claim are allowable.

Note: If the production receives a disapproval, the production has one opportunity to resubmit a corrected claim, including all supporting documentation, to the Oklahoma Film & Music Office. This must occur within a period of ten (10) calendar days of receipt of disapproval. Submission of corrected final claims will delay OF&MO's final approval to allow for review of resubmitted materials.

SECTION 7. Agreed Upon Procedures for Third Party Rebate Reviews

1. Approved CPA Reviewer will read the regulations and compliance requirements of the Oklahoma Film Enhancement Rebate Program and perform a review in accordance with generally accepted accounting standards in the United States of America. We will present a final report based upon agreed-upon procedures:

- (a) Only actual paid expenditures clearly and demonstrably in Oklahoma for the qualified production may be recorded and certified as direct production expenses or qualified personnel expenditures.
- (b) The costs to be recorded are actual costs and shall not include any mark-ups or profit additions on the part of the production entity receiving the rebate. An exception to this is made in cases where an Oklahoma Production Services Entity has been utilized as set forth in Section 3D. These costs must (1) be incurred in Oklahoma, (2) be directly attributable to the production or distribution of the qualified production which is the subject of the Oklahoma Film Enhancement Rebate Program and (3) be subject to taxation in Oklahoma.
- (c) The cost report must be in US dollars and the period during which the expenditures were incurred must be disclosed.
- (d) It is the eligible production company's responsibility to ensure that all of the required information is provided.
- (e) For payments made to loan out companies or limited liability companies, the reviewer must verify that the loan out or LLC is registered with the Oklahoma Secretary of State's Office to do business in the state of Oklahoma.
- (f) Reviewer must ensure that salaries for both resident and non-resident above-the-line personnel paid to loan-out corporations or limited liability companies registered to do business in Oklahoma do not comprise more than Twenty-five percent (25%) of the total amount being submitted for rebate.

2. Approved CPA Reviewer will test, on a sample basis, payments to individuals (payroll), whether they were made to an individual or a loan-out company, and verify the agreement of: the date the expense was incurred, the individual/loan-out company name and the amount of the expense to supporting records. Reviewer will also inspect the invoice (or equivalent documentation) to verify that the expense was incurred in Oklahoma if such invoice has been included in the report as a Qualified Oklahoma Expense in accordance with the Oklahoma Film Enhancement Rebate Program Guidelines. The sample will be selected in the following manner:

- (a) Reviewer will select all employees whose total earnings were in excess of Seventy-five thousand dollars (\$75,000) ("Top Strata")
- (b) Reviewer will haphazardly select twenty-five (**25**) employees whose total earnings were less than or equal to seventy-five thousand dollars (\$75,000) ("Strata 1").

3. Approved CPA Reviewer will test, on a sample basis, all expenses other than payments to individuals (non-payroll) from the list included in the Report of All Production Expenses and All Qualifying Oklahoma Expenses of the Project (Bible) and agree the vendor and the amount of the expense from the Bible to supporting documents. Reviewer will also inspect the invoice (or equivalent documentation) to verify that the expense was incurred in Oklahoma if such invoice has been included in the report as a Qualified Oklahoma Expense in accordance with the Oklahoma Film Enhancement Rebate Program Guidelines. The sample will be selected in the following manner:
 - (a) Reviewer will select all non-payroll expenditures in excess of twenty-thousand dollars (\$20,000) from the Bible ("Top Strata").
 - (b) Reviewer will haphazardly select fifty (**50**) non-payroll expenditures greater than five hundred dollars (\$500) and less than or equal to \$20,000 ("Strata 1").
 - (c) Reviewer will haphazardly select twenty-five (**25**) non-payroll expenditures less than or equal to five hundred dollars (\$500) ("Strata 2").
4. Approved CPA Reviewer will apply the rate of misstatement of the exceptions identified in Strata 1 of procedure #2 and Stratas 1 and 2 of procedure #3 above, if any, to the respective populations tested. The rate of misstatement will be calculated by: the total value of the exceptions identified, divided by the total dollar value tested, and multiplied by the respective populations tested. In the event that there is a high rate (defined below) of misclassified expenses (i.e., non-qualified expenses categorized as qualified), Reviewer will notify the Oklahoma Film & Music Office and request that the Production Company carefully review and revise the schedules of Qualified Expenses unless the Production Company elects (with concurrence of the Department) to forego this revision and accept a lower calculated credit based on the application of the error rate as outlined below:
 - (a) If the Company, with the concurrence of the Oklahoma Film & Music Office elects to revise the schedules, Reviewer will then perform the above procedures on the revised schedules. (Note: If this step is necessary, the additional time required to perform these procedures will be billed at standard hourly billing rates.)
 - (b) "High rate of misclassified expenses" - If the total population error (aggregate error of all populations tested), after applying the rate of misstatement to the respective populations tested, is equal to or greater than the greater of a) fifty thousand dollars (\$50,000) or b) one percent (1%) of total Qualified Expenses submitted for each period.
 - (c) To the extent that exceptions are found that are not subject to a revision of schedules as discussed above (i.e., less than a "high rate of misclassified expenses"), the total of all calculated misstatements for each population tested will be deducted from the original schedules of Qualified Expenses to arrive at a revised amount for Oklahoma Qualified Expenses.
5. Approved CPA Reviewer will calculate the amount of credit at thirty-five percent (35%) of the Qualified Oklahoma Expenses.
6. Approved CPA Reviewer will verify that the Company spent in excess of twenty thousand dollars (\$20,000) for the use of music created by an Oklahoma resident that was recorded in Oklahoma or for the cost of recording songs or music in Oklahoma for

use in the production and Reviewer will calculate the amount of the supplemental credit at two percent (2%) of the Qualified Oklahoma Expenses, if applicable.

7. In all instances where a procedure is noted as agreement of amounts, such agreement is defined as being within one dollar (\$1.00).
