OKLAHOMA'S NEW ONLINE PRODUCTION RESOURCE

Oklahoma's New Online Production Guide Is Officially Launched!

The Oklahoma Film & Music Office is pleased to announce the launch of **Reel-Crew**, Oklahoma's new online Production Guide! This new and improved guide. With the recent increase in Oklahoma's number of productions interested in filming in our state; we encourage crew members and support service providers to register as soon as possible.

Even if you have previously registered for the Oklahoma Video Production Guide, you will need to re-register for the new Reel-Crew. Please create a new profile and upload your profile in order to add recent credits or update contact information. Your IMDB profile and upload a resume.

Please remember that the productions filming in Oklahoma will use the new production guide to locate local individuals and ultra-low budget independent projects do not have a resume to upload to your profile where you can list student or non-professional credits and can link to intern and gain professional experience.
