EXHIBIT C1  
SERVICES PRICING

**WIRELESS PRICING**

**Wireless 802.11b/g Pricing**

Base WiFi Management, authentication and security

Year 1- \$7,050 per month

Year 2 to 5- \$546 per month

Price per Access Point (indoor or outdoor) with coverage up to 300ft. (dependent upon physical location, physical obstructions, and potential rogue wireless interference). Includes maintenance, service and customer support.

Year 1- \$250 per month

Year 2 to 5- \$79 per month

Backhaul/access to Internet and/or State LAN

Pricing is based on standard COI, CBI and MetroE pricing provided in this RFP response and is an additional price to the above costs. In lieu of this the State may elect to use open access or existing Internet or private line connectivity as available whereby eliminating this charge. However in so doing the State acknowledges that Cox has limited abilities to troubleshoot and support APs that do not set behind our network.
