

Strategic Plan

Our Board's intention is to remain as transparent with our efforts as possible... to that end we have enabled the public to "view" our current Strategic Plan. It is a "living" document in that we track our progress on each of our goals/action plans and update them as we make progress, therefore, placing a document online such as a PDF that shows you our plan would not show you the whole picture. So, we have enabled you to log in to our Strategic Plan and look around...

To view OSBELTCA's Strategic Plan:

- **Go to:** www.focusandexecute.com
- **Username:** okexaminers
- **Password:** okexaminers

Then click on G. Z. Thomas' name at the top of the Organization Chart, then click on "Goals" and you will be able to view (but not edit) our plan and should have the most current information available.

If you have feedback on the plan or the progress, you can drop a note to us through our "General Inquiries" page at <https://www.ok.gov/triton/contact.php?ac=78&id=78>

Please select "Strategic Plan Feedback" on that page under the "Regarding" drop down menu and please tell us what's on your mind.

Thank you!
