

The OUBCC is hosting a 1-day class on the 2009 International Building Code®: Accessibility and Usability - Commercial Building

Date: Monday, October 26, 2015
Time: 9:00 a.m. to 4:30 p.m. (Sign-in will begin at 8:30 a.m.)
Place: Gordon Cooper Technology Center
1 John C Burton Drive
Shawnee, OK 74804

Registration: You must preregister to attend the class. Seating is limited and early registration is recommended.

Inspector Registration: Thursday, July 9, 2015 through Friday, October 2, 2015

Open Registration: Monday, August 24, 2015 through Friday, October 2, 2015

Cost: The class is free; however there is a \$25.25 charge for the workbook.

Pre-payment for the workbook is required. All payments should be made to the OUBCC. A purchase order may be used by any jurisdiction in lieu of pre-payment. Please attach a copy of the purchase order with your registration.

A request for Continuing Education Credits has been submitted for approval to the Construction Industries Board.

Special thanks to the Gordon Cooper Technology Center for sponsoring the space and refreshments for the class.

Fill out the portion below (PRINT CLEARLY) and return to the OUBCC via mail, email, or fax to reserve your space!

OUBCC - Class Outline
2009 International Building Code® (IBC, 2009®)
Accessibility and Usability for Commercial Building
Monday, October 26, 2015
Gordon Cooper Technology Center

CLASS OBJECTIVE:

Upon completion of the course, participants will be better able to:

1. Recognize which accessibility requirements are enforceable by the building code official.
2. Determine the extent to which accessibility code provisions apply to the design and construction of any facility, as well as the alteration or change of occupancy of an existing building.
3. Identify the basis for the technical requirements set forth in the referenced standard.
4. Identify scoping and technical requirements for:
 - Exterior accessible routes (accessible routes criteria, accessible parking spaces, curb ramps and signage);
 - Accessible entry and means of egress (entrances, means of egress, areas of refuge);
 - Interior accessible routes (accessible route criteria, elevators, lifts, ramps and doors);
 - Building features and facilities (toilet and bathing facilities, drinking fountains and customer service facilities);
 - Dwelling and sleeping units (residential and institutional units);
 - Assembly seating and self-service storage facilities; and
 - Existing structure requirements in IBC® Chapter 34 and the 2009 International Existing Building Code® (IEBC®)

8:30 a.m. - 9:00 a.m.

Sign-in

9:00 a.m.

Unit 1 - Introduction to Accessibility

- a. A look at Accessibility
- b. Scope of Accessibility Provisions
- c. Basis for Technical Requirements

Unit 2 - Exterior Accessible Route

- a. Exterior Accessible Routes
- b. Accessible Parking Spaces
- c. Curb and Ramps
- d. Signage
- c. Summary Problem

BREAK (15 MINUTES)

Unit 3 - Accessible Entry vs. Accessible Exits

- a. Accessible Entry vs. Accessible Exit
- b. Accessible Entry
- c. Accessible Exit
- d. Audible and Visual Alarms
- e. Summary Problem

Unit 4 - Interior Accessible Route Elements

- a. Technical Requirements
- b. Doors
- c. Elevators and Platform Lifts
- d. Stairways and Ramps
- e. Summary Problem

LUNCH (1 HOUR)

Unit 5 - Building Features and Facilities

- a. Plumbing Facilities
- b. Customer Service
- c. Storage Facilities and Operable Parts
- d. Summary Problem

Unit 6 - Special Occupancy Requirements

- a. Assembly Areas
- b. Self-service Storage Facilities
- c. Summary Problem

BREAK (15 MINUTES)

Unit 7 - Dwelling and Sleeping Units

- a. Terms and Scope
- b. Institutional Unit Requirements
- c. Residential Unit Requirements
- d. Dwelling and Sleeping Units Exceptions
- e. Technical Requirements for Accessible, Type A and Type B Units
- f. Summary Problem

Unit 8 - Existing Structures

- a. Scoping Requirements and Technical Requirements
- b. Summary Problem

Unit 9 - Final Review Problem

4:30 p.m.

Dismissal
