

**TITLE 748. OKLAHOMA UNIFORM BUILDING CODE COMMISSION
CHAPTER 20. ADOPTED CODES**

SUBCHAPTER 7. IEBC® 2015

748:20-7-1. Adoption of International Existing Building Code®, 2015 Edition (IEBC® 2015) [AMENDED AND RENUMBERED TO 748:20-8-1]

~~(a) The Oklahoma Uniform Building Code Commission (the "OUBCC") hereby adopts the International Existing Building Code®, 2015 Edition (IEBC® 2015) as amended and modified in this subchapter as the statewide minimum code for commercial existing building construction in the State of Oklahoma pursuant to 59 O.S. 1000.23.~~

~~(b) The OUBCC through formal action expressly chose to adopt the IEBC® 2015 as amended and modified in this subchapter, as the statewide minimum code for commercial existing building construction in the State of Oklahoma. In like manner, the OUBCC through formal action expressly chose not to adopt the International Existing Building Code®, 2012 Edition (IEBC®, 2012) for any purpose.~~

~~(c) This material contains information which is proprietary to and copyrighted by the International Code Council, Inc. The acronym "ICC" and the ICC logo are trademarks and service marks of ICC. ALL RIGHTS RESERVED.~~

748:20-7-2. Effect of Adoption [AMENDED AND RENUMBERED TO 748:20-8-2]

~~The IEBC® 2015 as amended and revised by these rules, is hereby established and adopted as the statewide minimum code for commercial existing building construction in Oklahoma pursuant to 59 O.S. § 1000.23, and may only be amended or altered by other jurisdictions pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code.~~

748:20-7-3. IEBC® 2015 Appendices [AMENDED AND RENUMBERED TO 748:20-8-3]

~~(a) None of the appendices of the IEBC® 2015 have been adopted by the OUBCC for inclusion in the statewide minimum standards code for commercial existing building construction in the State of Oklahoma.~~

~~(b) Appendices A through C and Resource A are not adopted as the statewide minimum code for commercial existing building construction within the State of Oklahoma. However, other jurisdictions within the State of Oklahoma may adopt any or all of said appendices and Resource A in accordance with 59 O.S. § 1000.29.~~

748:20-7-4. IEBC® 2015 Provisions Adopted and Modified [AMENDED AND RENUMBERED TO 748:20-8-4]

~~(a) All chapters and provisions within chapters, including exceptions, of the IEBC® 2015 not specifically addressed within these rules as being modified, deleted, moved or removed are hereby adopted without modification as the statewide minimum code for commercial existing building construction within the State of Oklahoma pursuant to 59 O.S. § 1000.23. Chapters and provisions within chapters, including exceptions adopted with modifications are specifically addressed in these rules.~~

~~(b) To the extent any references in the IEBC® 2015 as amended and modified in this sub chapter are made to any other code or standard, the particular edition for that reference is defined in the~~

referenced standards found in the IEBC®, 2015 as amended and modified in this sub-chapter and in Chapter 16 entitled "Referenced Standards".

748:20-7-5. Participation in Federal Programs and/or Federally Funded or Financed Projects [AMENDED AND RENUMBERED TO 748:20-8-5]

~~In order to maximize federal financial aid, assistance, participation, financing and/or funding in any public project(s) and/or federal financial aid, participation, funding for and participation in any federal program(s) by the State of Oklahoma, its agencies, public trusts and instrumentalities, or by any Oklahoma municipalities and other political subdivisions, that receive financial aid, assistance, participation, financing and/or funding for and participate in any federal program(s), the State of Oklahoma, its agencies and instrumentalities, and any Oklahoma municipalities and other political subdivisions, may cooperate with the United States Government and any agency or instrumentality thereof, in the manner authorized and provided by federal law and regulation and in doing so may perform all necessary functions and take all necessary actions for accomplishing such federal purposes and programs, including but not limited to, following and/or complying with federal laws, regulations and/or requirements arising from or related to federal financial aid, assistance, participation, financing and/or funding, in the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, improvement, expansion, operation, maintenance, removal, and demolition of buildings and structures or any appurtenances attached to such buildings or structures, notwithstanding any provisions of any and all uniform building codes and standards adopted by the OUBCC to the contrary.~~

748:20-7-6. IEBC® 2015 Chapter 1 Scope and Administration [AMENDED AND RENUMBERED TO 748:20-8-6]

Chapter 1 of the Oklahoma adopted IEBC® 2015, includes the following Preamble at the very beginning of the chapter:

- ~~(1) Pursuant to 59 O.S. § 1000.23, the OUBCC has adopted the IEBC® 2015 as amended and revised by the OUBCC, as the statewide minimum standards code to be used by all entities for commercial existing building construction in jurisdictions throughout the State of Oklahoma. However, the OUBCC's adoption of Chapter 1 "Scope and Administration" of the IEBC® 2015 is for continuity purposes and the OUBCC's adoption of Chapter 1 recognizes the methods of best practice in fully implementing the statewide minimum code for commercial existing building construction.~~
- ~~(2) All provisions of the adopted IEBC® 2015 including Chapter 1, as amended and revised by the OUBCC are hereby established and adopted as the statewide minimum code for commercial existing building construction in Oklahoma pursuant to 59 O.S. § 1000.23, which may only be amended or altered pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code. However, the provisions of Chapter 1 adopted herein are only intended to be in force and effect to the extent that the respective provisions do not conflict with State law or the lawful exercise of code administration and enforcement jurisdiction by entities empowered to do so pursuant to applicable law.~~
- ~~(3) Section 105.1.1 Annual permit. This section has been modified to clarify what an annual permit is. This section shall read: An annual permit is a yearly permit which represents a group of individual permits for each alteration to an already approved electrical, gas,~~

mechanical or plumbing installation. The building official is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified tradespersons in the building, structure or on the premises owned or operated by the applicant for the permit.

(4) Section 105.1.2 Annual permit records. This section has been modified to require the building official to collect the OUBCC permit fee for each individual permit that is part of the annual permit at the completion of the annual permit term. This section has been modified to read: Annual permit records. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The building official shall have access to such detailed records of alterations at all times. At the completion of the entity's annual permit term, the applicant shall file such detailed records of alterations with the building official. Pursuant to the authority of 59 O.S. § 1000.25, the building official shall collect fees for each individual permit which is part of the annual permit once the detailed records are submitted and remit such fees to the OUBCC.

(5) The OUBCC's adoption of Chapter 1 in this manner is made with the recognition that the legal authority granting state and local code administration and enforcement jurisdictions the power and discretion to administer and enforce codes arises from Oklahoma laws governing those jurisdictions. Furthermore, the OUBCC also recognizes that many state and local code administration and enforcement jurisdictions have already created, or have the lawful authority to create, departments, offices and administrative policies pursuant to various applicable laws and other adopted model codes with "Scope and Administration" provisions similar to Chapter 1 of the adopted IEBC® 2015.

(6) This limited adoption of Chapter 1 is made in recognition of the authority and discretion possessed by jurisdictions to administer and enforce building codes. Exercising such authority and jurisdiction in a manner inconsistent with Chapter 1 must be supported by Oklahoma law. Code administration and enforcement jurisdictions shall not use the OUBCC's limited adoption of Chapter 1 to circumvent the remainder of the requirements established by the Oklahoma adopted IEBC® 2015 and the OUBCC will strongly oppose any such practice.

748:20-7-8. IEBC® 2015 Chapter 14 Performance Compliance Methods [REVOKED]

Chapter 14 of the IEBC® 2015 is adopted with the following modification: Section 1401.2 Applicability. This section has been modified to add a date certain for when the provisions of Chapter 14 may be used for an existing structure as well as provide the authority having jurisdiction to insert a different date as deemed necessary by the authority having jurisdiction. This section has been modified to read: November 1, 2005 [OR ANY DATE MAY BE INSERTED BY A JURISDICTION THAT HAS THE LEGAL RIGHT TO DO SO, SUCH AS, BUT NOT LIMITED TO STATE AGENCIES, MUNICIPALITIES AND OTHER POLITICAL SUBDIVISIONS] in which there is work involving additions, alterations or changes of occupancy shall be made to conform to the requirements of this chapter or the provisions of Chapters 5 through 13. The provisions of Sections 1401.2.1 through 1401.2.5 shall apply to existing occupancies that will continue to be, or are proposed to be, in Groups A, B, E, F, I-2 M, R, and S. These provisions shall not apply to buildings with occupancies in Group H or Group I-1, I-3, OR I-4.

748:20-7-9. IEBC® 2015 Chapter 16 Referenced Standards [AMENDED AND RENUMBERED TO 748:20-8-21]

Chapter 16 of the IEBC® 2015 is adopted with the following modifications:

(1) The reference to the International Building Code® has been modified to include after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC."

This section has been modified to read: IRC® 15 International Residential Code® as adopted and modified by the State of Oklahoma through the OUBCC.

(8) The referenced standard for NFPA® 70 National Electrical Code® has been modified to add after the title the words "as adopted and modified by the State of Oklahoma through the OUBCC." This section shall now read: 70-14 National Electrical Code® as adopted and modified by the State of Oklahoma through the OUBCC.

SUBCHAPTER 8. IEBC® 2018

748:20-8-1. Adoption of the International Existing Building Code®, 2018 Edition (IEBC® 2018)

(a) The Oklahoma Uniform Building Code Commission (the "OUBCC") hereby adopts the International Existing Building Code®, 2018 Edition (IEBC® 2018), third printing (January, 2019) as amended and modified in this subchapter as the statewide minimum code for commercial existing building construction in the State of Oklahoma pursuant to 59 O.S. 1000.23.

(b) The OUBCC through formal action expressly chose to adopt the IEBC® 2018 as amended and modified in this subchapter, as the statewide minimum code for commercial existing building construction in the State of Oklahoma.

(c) The OUBCC has pulled from the ICC website, published errata to the third printing of the IEBC® through July 31, 2019. Any errata published after that date has not been reviewed or incorporated into the rules.

(d) This material contains information which is proprietary to and copyrighted by the International Code Council, Inc. The acronym "ICC" and the ICC logo are trademarks and service marks of ICC. ALL RIGHTS RESERVED.

748:20-8-2. Effect of Adoption

The IEBC® 2018 as amended and revised by these rules, is hereby established and adopted as the statewide minimum code for commercial existing building construction in Oklahoma pursuant to 59 O.S. § 1000.23, and may only be amended or altered by other jurisdictions pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code.

748:20-8-3. IEBC® 2018 Appendices

(a) None of the appendices of the IEBC® 2018 have been adopted by the OUBCC for inclusion in the statewide minimum code for commercial existing building construction in the State of Oklahoma.

(b) Appendices A through C and Resource A are not adopted as the statewide minimum code for commercial existing building construction within the State of Oklahoma. However, other jurisdictions within the State of Oklahoma may adopt any or all of said appendices and Resource A in accordance with 59 O.S. § 1000.29.

748:20-8-4. IEBC® 2018 Provisions Adopted and Modified

(a) All chapters and provisions within chapters, including exceptions, of the IEBC® 2018 not specifically addressed within these rules as being modified, deleted, moved or removed are hereby adopted without modification as the statewide minimum code for commercial existing building construction within the State of Oklahoma pursuant to 59 O.S. § 1000.23. Chapters and provisions within chapters, including exceptions adopted with modifications are specifically addressed in these rules.

(b) To the extent any references in the IEBC® 2018 as amended and modified in this sub-chapter are made to any other code or standard, the particular edition for that reference is defined in the referenced standards found in the IEBC® 2018 as amended and modified in this sub-chapter and in Chapter 16 entitled "Referenced Standards."

748:20-8-5. Participation in Federal Programs and/or Federally Funded or Financed Projects

In order to maximize federal financial aid, assistance, participation, financing and/or funding in any public project(s) and/or federal financial aid, participation, funding for and participation in any federal program(s) by the State of Oklahoma, its agencies, public trusts and instrumentalities, or by any Oklahoma municipalities and other political subdivisions, that receive financial aid, assistance, participation, financing and/or funding for and participate in any federal program(s), the State of Oklahoma, its agencies and instrumentalities, and any Oklahoma municipalities and other political subdivisions, may cooperate with the United States Government and any agency or instrumentality thereof, in the manner authorized and provided by federal law and regulation and in doing so may perform all necessary functions and take all

necessary actions for accomplishing such federal purposes and programs, including but not limited to, following and/or complying with federal laws, regulations and/or requirements arising from or related to federal financial aid, assistance, participation, financing and/or funding, in the construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, improvement, expansion, operation, maintenance, removal, and demolition of buildings and structures or any appurtenances attached to such buildings or structures, notwithstanding any provisions of any and all uniform building codes and standards adopted by the OUBCC to the contrary.

748:20-8-6. IEBC® 2018 Chapter 1 Scope and Administration

Chapter 1 of the Oklahoma adopted IEBC® 2018, includes the following Preamble at the very beginning of the chapter:

(1) Pursuant to 59 O.S. § 1000.23, the OUBCC has adopted the IEBC® 2018 as amended and revised by the OUBCC, as the statewide minimum code to be used by all entities for commercial existing building construction in jurisdictions throughout the State of Oklahoma. However, the OUBCC's adoption of Chapter 1 "Scope and Administration" of the IEBC® 2018 is for continuity purposes and the OUBCC's adoption of Chapter 1 recognizes the methods of best practice in fully implementing the statewide minimum code for commercial existing building construction.

(2) All provisions of the adopted IEBC® 2018 including Chapter 1, as amended and revised by the OUBCC are hereby established and adopted as the statewide minimum code for commercial existing building construction in Oklahoma pursuant to 59 O.S. § 1000.23, which may only be amended or altered pursuant to Oklahoma law and the administrative rules of the OUBCC as set forth in Title 748, Chapter 15 of the Oklahoma Administrative Code. However, the provisions of Chapter 1 adopted herein are only intended to be in force and effect to the extent that the respective provisions do not conflict with State law or the lawful exercise of code administration and enforcement jurisdiction by entities empowered to do so pursuant to applicable law.

(3) Section 101.4 Applicability. This section has been modified to add an exception to the section that allows each local jurisdiction to utilize the date of November 1, 2010 as set by the OUBCC or add a different date to require compliance with the International Building Code® or International Residential Code®, as applicable for new construction. This section has been modified to read: 101.4 Applicability. This code shall apply to the repair, alteration, change of occupancy, addition and relocation of existing buildings, regardless of occupancy, subject to the criteria of Sections 101.4.1 and 101.4.2. Exception: Alterations, change of occupancy and additions to buildings or structures constructed on or after November 1, 2010 [or any date may be inserted by a jurisdiction that has the legal right to do so, such as, but not limited to state agencies, municipalities and other political subdivisions] shall comply with the International Building Code® or International Residential Code®, as applicable, for new construction

(4) Section 105.1.1 Annual permit. This section has been modified to clarify an annual permit is a yearly permit which represents a group of individual permits for each alteration to an already approved electrical, gas, mechanical or plumbing installation. This section shall read: 105.1.1 Annual permit. An annual permit is a yearly permit which represents a group of individual permits for each alteration to an already approved electrical, gas, mechanical or plumbing installation. The building official is authorized to issue an annual permit upon

application therefor to any person, firm or corporation regularly employing one or more qualified tradespersons in the building, structure or on the premises owned or operated by the applicant for the permit.

(5) Section 105.1.2 Annual permit records. This section has been modified to require the building official to collect the OUBCC permit fee for each individual permit that is part of the annual permit at the completion of the annual permit term. This section has been modified to read: 105.1.2 Annual permit records. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The building official shall have access to such detailed records of alterations at all times. At the completion of the entity's annual permit term, the applicant shall file such detailed records of alterations with the building official. Pursuant to the authority of 59 O.S. § 1000.25, the building official shall collect fees for each individual permit which is part of the annual permit once the detailed records are submitted and remit such fees to the OUBCC.

(6) The OUBCC's adoption of Chapter 1 in this manner is made with the recognition that the legal authority granting state and local code administration and enforcement jurisdictions the power and discretion to administer and enforce codes arises from Oklahoma laws governing those jurisdictions. Furthermore, the OUBCC also recognizes that many state and local code administration and enforcement jurisdictions have already created, or have the lawful authority to create, departments, offices and administrative policies pursuant to various applicable laws and other adopted model codes with "Scope and Administration" provisions similar to Chapter 1 of the adopted IEBC® 2018.

(7) This limited adoption of Chapter 1 is made in recognition of the authority and discretion possessed by jurisdictions to administer and enforce building codes. Exercising such authority and jurisdiction in a manner inconsistent with Chapter 1 must be supported by Oklahoma law. Code administration and enforcement jurisdictions shall not use the OUBCC's limited adoption of Chapter 1 to circumvent the remainder of the requirements established by the Oklahoma adopted IEBC® 2018 and the OUBCC will strongly oppose any such practice.

748:20-2-10. IEBC® 2018 Chapter 5 Prescriptive Compliance Methods

Chapter 5 of the Oklahoma adopted IEBC® 2018 is adopted with the following modification: Section 503.1 General. This section has been modified to address errata published by the ICC®. The modification adds language to the third exception to clarify existing and new escalators are permitted to have a clear width of less than 32 inches. This section has been modified to read: 503.1 General. Except as provided by Section 302.4, 302.5 or this section, alterations to any building or structure shall comply with the requirements of the International Building Code® for new construction. Alterations shall be such that the existing building or structure is not less complying with the provisions of the International Building Code® than the existing building or the structure was prior to the alteration. Exceptions:

(1) An existing stairway shall not be required to comply with the requirements of Section 1011 of the International Building Code® where the existing space and construction does not allow a reduction in pitch or slope.

(2) Handrails otherwise required to comply with Section 1011.11 of the International Building Code® shall not be required to comply with the requirements of Section 1014.6 of the International Building Code regarding full extension of the handrails where such extensions would be hazardous because of plan configuration.

(3) Where provided in below-grade transportation stations, existing and new escalators shall be permitted to have a clear width of less than 32 inches (815 mm).

748:20-8-14. IEBC® 2018 Chapter 9 Alterations, Level 3

Chapter 9 of the Oklahoma adopted IEBC® 2018 is adopted with the following modification: Section 901.2 Compliance. This section has been modified to address errata published by the ICC®. The modification adds Section 805 to the list of sections that must comply with all work areas whether or not they include exits and corridors shared by more than one tenant and regardless of the occupant load. This section has been modified to read: 901.2 Compliance. In addition to the provisions of this chapter, work shall comply with all of the requirements of Chapters 7 and 8. The requirements of Section 802, 803, 804 and 805 shall apply with all work areas whether or not they include exits and corridors shared by more than one tenant and regardless of the occupant load. Exception: Buildings in which the reconfiguration of space affecting exits or shared egress access is exclusively the result of compliance with the accessibility requirements of Section 305.7 shall not be required to comply with this chapter.

748:20-8-15. IEBC® 2018 Chapter 10 Change of Occupancy

Chapter 10 of the Oklahoma adopted IEBC® 2018 is adopted with the following modification: Section 1001.2.1 Change in use. This section has been modified to address errata published by the ICC®. The modification changes a reference in the section from Chapter 5 to Chapter 6. This section has been modified to read: 1001.2.1 Change in use. Any work undertaken in connection with a change in use that does not involve a change of occupancy classification or a change to another group within an occupancy classification shall conform to the applicable requirements for the work as classified in Chapter 6 and to the requirements of Sections 1002 through 1010. Exception: As modified in Section 1204 for historic buildings.

748:20-8-16. IEBC® 2018 Chapter 11 Additions

Chapter 11 of the IEBC® 2018 is adopted with the following modifications:

(1) Section 1102.2 Area limitations. This section has been modified to address errata published by the ICC®. The modification changes a reference in the section from Chapter 6 to Chapter 5. This section has been modified to read: 1102.2 Area limitations. An addition shall not increase the area of an existing building beyond that permitted under the applicable provisions of Chapter 5 of the International Building Code® for new buildings unless fire

separation as required by the International Building Code® is provided. Exception: In-filling of floor openings and nonoccupiable appendages such as elevator and exit stairway shafts shall be permitted beyond that permitted by the International Building Code®.

(2) Section 1106.1 Addition to a Group E occupancy. This section has been modified to remove the shelter design wind speed and change the occupant load of the addition to 200 or more. This section has been modified to read: 1106.1 Addition to a Group E occupancy. Where an addition is added to an existing Group E occupancy and the occupant load of the addition is 200 or more, the addition shall have a storm shelter constructed in accordance with ICC 500®. Exceptions:

(A) Group E day care facilities

(B) Group E occupancies accessory to places of religious worship.

(C) Buildings meeting the requirements for shelter design in ICC 500®.

(3) Section 1106.1.1 Required occupant capacity. This section has been modified to change the requirement for utilizing the required occupant capacity from any to the largest indoor assembly space that is associated with the Group E occupancy and to modify the second exception to delete the requirement that the exception be approved by the code official and to include safe rooms as well as storm shelters. This section has been modified to read: 1106.1.1 Required occupant capacity. The required occupant capacity of the storm shelter shall include all buildings on the site and shall be the greater of the following:

(A) The total occupant load of the classrooms, vocational rooms and offices of the Group E occupancy.

(B) The occupant load of the largest indoor assembly space that is associated with the Group E occupancy.

(C) Exceptions:

(i) Where an addition is being added on an existing Group E site, and where the addition is not of sufficient size to accommodate the required occupant capacity of the storm shelter for all of the buildings on-site, the storm shelter shall at a minimum accommodate the required occupant capacity for the new addition.

(ii) The required occupant capacity of the shelter shall be permitted to be reduced by the occupant capacity of any existing storm shelters or safe rooms on the site.
