### **RECIPROCITY (MPJE® required)**

NABP's Electronic Licensure Transfer Program (ELTP®), otherwise known as Reciprocity, enables licensed pharmacists to transfer their existing pharmacist license from one state to another. A license that is eligible for licensure transfer must be active, unrestricted, and in good standing. An applicant for Reciprocity to Oklahoma must be a licensed pharmacist with a minimum of one year's experience as an intern and/or as a pharmacist. At this time Oklahoma does not reciprocate with California.

#### **Steps to Oklahoma licensure by Reciprocity:**

- Submit **Electronic Licensure Transfer Program (ELTP) application** to NABP.
  - a. You must log into your NABP e-Profile to complete and submit the e-LTP application. NABP will verify the information provided. As part of this process, your existing license(s) undergoes a background check and is screened through the NABP Clearinghouse.
  - b. NABP's review of the preliminary application addresses a pharmacist's licensure information and professional history, as well as, among other things, his or her education, practical experience, and examination record
  - c. Once your application is successfully processed, NABP will electronically submit your application to the Oklahoma Board of Pharmacy for final review.
- Register for the MPJE using the **NAPLEX/MPJE online application** at [www.nabp.pharmacy](http://www.nabp.pharmacy)
  - a. When completing the NABP application, please choose registration for the Oklahoma MPJE.
  - b. Anyone taking the exam is advised to download and read the [NAPLEX/MPJE Application Bulletin](#), which will include detailed information about the exam, the two-step registration process, scheduling an appointment to test, and requirements on test day.

#### **Two-Step Payment Process.**

##### **Step 1: Apply for Eligibility to take the Exam:**

- a. To apply for eligibility to take the exam, you must first log in to your NABP e-Profile. You will then choose the jurisdiction(s) for which you are seeking eligibility, and submit a \$100 non-refundable fee for each jurisdiction selected.
- b. Applicants will need to print their ELTP application from NABP's website and submit it to the Oklahoma Board of Pharmacy with the required \$200 fee which can be made payable by money order or cashier's check or may be paid through the online store found at [www.pharmacy.ok.gov](http://www.pharmacy.ok.gov). (*Company/personal checks will not be accepted*). Applicants will also need to enclose a copy of the picture on file with NABP.
- c. Once the Board receives the application and required fee from the applicant, it will be reviewed. If the Board feels that the applicant has fulfilled their requirements for licensure, they will grant eligibility to sit for the exam.
