A. The local boards of education of this state shall establish professional development programs for the certified and licensed teachers and administrators of the district. Such programs shall be adopted by each local board of education based

upon recommendations of a professional development committee appointed by the board of education for the district. By September 1, 1995, the State Board of Education shall disseminate to each local professional development committee a copy of the in-service professional development competencies included in the Report on Educator Preparation and Professional Development issued in December 1994 by the Oklahoma Commission for Teacher Preparation for review and consideration and, if approved by the local professional development committee, to be included in part or in whole in the local professional development plan of the school district. Each local professional development committee shall include classroom teachers, administrators and parents, guardians or custodians of children in the local school district and shall consult with a higher education faculty. A majority of the members of the professional development committee shall be composed of classroom teachers. The teacher members shall be selected from a list of names submitted by the bargaining agent, where one exists. No school district shall receive state funds for professional development until such time as the local board of education's program has been approved by the Board.

B. Each licensed or certified teacher in this state shall be required by the local board of education to meet the professional development requirements established by the board, or established through the negotiation process. Failure of any teacher to meet local board of education professional development requirements may be grounds for nonrenewal of such teacher's contract by the local board of education. All resident years shall count toward salary, fringe benefit adjustments, career status and retirement.

E. Nothing in this act shall be construed as requiring more than one (1) year of employment at the resident level before a standard certificate can be issued to a resident teacher.

The professional development program shall commence with the residency year and shall require continuing education throughout the career of a teacher.
