The Physician Assistant shall use the current CPT codes with appropriate modifiers and ICD-9 or DSM diagnostic codes, when applicable. The Physician Assistant shall furnish, upon request at no cost, all information, including medical records, reasonably required by the Insurance Board to verify and substantiate the provision of medical services and the charges for such services if the member and the Physician Assistant are seeking reimbursement through the Insurance Board.
- 6.8 The Insurance Board shall reimburse the Physician Assistant within 30 days of receipt of billings that are accurate, complete and otherwise in accordance with Article VI of this Contract. The Insurance Board will not be responsible for delay of reimbursement due to circumstances beyond the Insurance Board's control.

- 6.9 The Physician Assistant shall not charge the member for medical services denied during preadmission certification, concurrent review or the prior authorization procedures described in Article VII, unless the Physician Assistant has obtained a written waiver from that member. Such a waiver shall be obtained only upon the denial of admission, concurrent review or prior authorization and prior to the provision of those medical services. The waiver shall clearly state that the member shall be responsible for payment of medical services denied by the Insurance Board.

VII. UTILIZATION REVIEW

- 7.1 The Physician Assistant shall adhere to and cooperate with the Insurance Board's precertification, concurrent review and prior authorization procedures. - 7.2 The Physician Assistant, or his/her representative, shall notify the Insurance Board, or its designee, of any admission. The Physician Assistant shall request precertification at least 3 days prior to the scheduled admission. A request for certification shall be made within one working day after an emergency admission, or observation stay with a duration greater than 24 hours. Such notification shall be at no charge to the Insurance Board or the member. - 7.3 The Physician Assistant or his/her representative shall notify the Insurance Board or its designee of any outpatient surgical procedure which is to be accomplished outside the Physician Assistant's office.
- 7.4 The precertification, prior authorization and concurrent review requirements are intended to maximize insurance benefits assuring that hospital and medical services are provided to the member at the appropriate level of care. In no event is it intended that the procedures interfere with the Physician Assistant's decision to order admission or discharge of the patient to or from the hospital.

- 7.5 The Insurance Board shall maintain review procedures and screening criteria that take into account professionally acceptable standards for quality medical care in the community. The Insurance Board or its designee shall consider all relevant information concerning the member before medical necessity is approved or denied.

- 7.8 The Insurance Board shall not retrospectively deny any previously approved care. The Physician Assistant and/or his/her designee shall update the Insurance Board, or its designee, as the member's condition or diagnosis changes. Updated information may result in a change of the originally approved length of stay.
- 7.9 Upon the member's request, the Insurance Board shall reconsider any non-approved services. The Physician Assistant may submit a formal written appeal to the Insurance Board.
- 7.10 The Physician Assistant shall request precertification before the admission or referral of members to non-network hospitals.
