Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Combined medical and pharmacy deductible of \$1,750 person/\$3,500 family must be met before benefits are paid. Does not apply to preventive care .	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive Services are covered at 100% of allowed charges.	\$0 copayment for two preventive services office visits per calendar year for members and dependents ages 18 and older one mammogram per year at no charge for women ages 40 and older. No deductible for well child care visit. https://www.ok.gov/sib/Preventive_Services.html
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan ?	Network Providers and pharmacy combined out-of-pocket limit is \$6,000 person/\$12,000 family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Non-Network charges, premiums, balance-billed charges, health care this plan doesn't cover, amounts above maximum benefit limitations.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes.	If you use a Network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network , preferred, or participating for providers in their Network . See the chart starting on page 2 for how this plan pays different kinds of providers
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without permission from this plan .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
