GENERAL FILING INFORMATION

WHO MUST FILE

All corporations having an election in effect under Subchapter S of the Internal Revenue Code engaged in business or deriving income from property located in Oklahoma and that are required to file a Federal income tax return using Form 1120-S, must file a return on Form 512-S. Do not use Form 512.

A complete copy of the Federal return must be enclosed with the Oklahoma income tax return. For S-corporations not required to complete the Federal Schedules L and M-1, copies of the balance sheets from their financial statement must be enclosed. Failure to enclose the required documentation may cause a delay in the processing of the S-corporation's income tax return as well as the income tax returns of its shareholders.

COMMON ERRORS

Below are the most common errors on last year's returns. To aid in processing your return, please double check your return carefully.

- Check your FEIN on all forms and schedules.
- Fiscal year dates are a common problem. If you file based on a fiscal year, please list dates on top of form where indicated.
- Enclose a complete copy of your Federal return.
- Enclose all required schedules.

TIME AND PLACE FOR FILING

The return must be filed on or before the 15th day of the third month following the close of the taxable year, with the Oklahoma Tax Commission, PO Box 26800, Oklahoma City, Oklahoma 73126-0800. A valid extension of time in which to file your Federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the Federal extension must be enclosed with your Oklahoma return. If your federal return is not extended, or an Oklahoma liability is owed, an extension of time to file your Oklahoma return may be granted on Form 504.

In the case of complete liquidation or the dissolution of a corporation, the return shall be made on or before the 15th day of the fourth month following the month in which the corporation is completely liquidated (or Federal due date).

FISCAL YEAR AND SHORT PERIOD RETURNS

WITHHOLDING ON NONRESIDENT MEMBERS

Pass-through entities (partnerships, S corporations, limited liability companies or trusts) are required to withhold Oklahoma income tax at a rate of 5% of the Oklahoma share of taxable income distributed to each nonresident member (partner, member, shareholder or beneficiary). A pass-through entity is **not** required to withhold income tax with regard to any nonresident member who submits a Nonresident Member Withholding Exemption Affidavit (Form OW-15). Title 68 O.S. Sections 2385.29, 2385.30 and 2385.31

Withholding is not required on distributions made to persons, other than individuals, who are exempt from Federal income tax, organizations granted an exemption under Section 501(c)(3) of the Internal Revenue Code, insurance companies subject to the Oklahoma Gross Premium Tax and therefore exempt from Oklahoma income tax under Title 68 O.S. Section 2359(c), and nonresident members who have filed the Form OW-15 "Nonresident Member Withholding Exemption Affidavit".

Withholding is not required on any distribution of royalty income on which the nonresident royalty interest income tax has already been withheld, on any distribution made to another pass-through entity or on any distribution of income not subject to Oklahoma income tax.

The following pass-through entities are not required to withhold:

- An entity electing to be treated as a disregarded entity for Federal income tax purposes. A disregarded entity is an eligible entity that is treated as an entity that is not separate from its single owner.
- An entity that does not have a requirement, or properly elects out of the requirement, to file a Federal income tax return.
- An entity making distributions of income not subject to Oklahoma income tax.

• Distributions made from the S Corporation

S corporations, that make distributions subject to Oklahoma withholding, must register with the Oklahoma Tax Commission. Register by completing the registration form "Registration for Oklahoma Withholding for Nonresident Members" (Form OW-11). This form may be obtained by calling our forms request line at (405) 521-3108 or from our website at: www.tax.ok.gov.

To file and pay the income tax withheld, the S corporation must complete Form OW-9-C "Nonresident Oklahoma Distributed Income Withholding Tax Report". The S corporation will file Form OW-9-C on or before the due date (including extensions) of the S corporation's income tax return.

The S corporation must provide nonresident shareholders a Form 500-B, by the due date (including extensions) of its income tax return, showing their respective amount of income and tax withheld. Each nonresident shareholder must enclose a copy of the Form 500-B with their Oklahoma income tax return as verification for this withholding. Copies of Form 500-B's, along with the cover Form 501, must be sent to the Oklahoma Tax Commission by the same date.

For S corporations paying the tax on behalf of nonresident shareholders, the nonresident shareholder's withholding may be claimed on Form 512-S, part 1, line 11. A copy of the nonresident shareholder's Form 500-B must be enclosed with the Form 512-S.

AGRICULTURAL COMMODITY PROCESSING FACILITY EXCLUSION

Owners of agricultural commodity processing facilities may exclude fifteen percent (15%) of their investment in a new or expanded agricultural commodity processing facility located within Oklahoma. "Agricultural commodity processing facility" means buildings, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service. Under no circumstances shall this exclusion lower the shareholder's taxable income below zero. In the event the exclusion does exceed income, any unused portion may be carried over for a period not to exceed six (6) years.

Attach a separate schedule showing the type of investment(s), the date placed in service, the cost, the total exclusion and the exclusion available for each shareholder. Do not include this exclusion in the Oklahoma net distributable income; each shareholder shall report their allowable share of the exclusion on the designated line of their individual return. For a nonresident who does not file a nonresident agreement, include the shareholder's allowable share in Part 5, column 8.

OKLAHOMA DEPLETION IN LIEU OF FEDERAL DEPLETION

Oklahoma depletion on oil and gas well production, at the option of the taxpayer, may be computed at 22% of gross income derived from each Oklahoma property during the taxable year. Major oil companies, as defined in Title 52 O.S. Section 288.2, when computing Oklahoma depletion shall be limited to 50% of the net income (computed without the allowance for depletion) from each property. Any depletion deduction allowable is the amount so computed minus Federal depletion claimed. If Oklahoma options are exercised, the Federal depletion not used due to 65% limit may not be carried over. Lease bonus received is considered income subject to depletion. If depletion is claimed on a lease bonus and no income is received as a result of non-producing properties, upon expiration of the lease, such depletion must be restored. A complete schedule by property must be furnished.

REFUNDABLE CREDITS...

A refundable credit is available for qualified capital expenditures, wages and training expenses incurred by a business enterprise whose principal activity is data processing services, computer systems design services or other computer related services that as of July 1, 2005, maintains an Oklahoma annual payroll of at least \$85 million and an Oklahoma labor force of 1,000 or more persons. The Computer Industry Credit may be claimed by filing Form 580 any time on or after July 1, 2006, or the credit may be claimed on the estimated tax line of the income tax return. Form 580 must be enclosed with the return. Title 68 O.S. Section 2357.201 and Rule 710:50-15-100.

A refundable credit is available for qualified capital expenditures, wages and training expenses incurred by a business enterprise whose principal activity is the manufacture of wing components for large commercial aircraft and other aerospace structures and components for commercial and government aerospace products. The Aerospace Industry Credit may be claimed by filing Form 581 any time on or after July 1, 2006, or the credit may be claimed on the estimated tax line of the income tax return. Form 581 must be enclosed with the return. Title 68 O.S. Section 2357.202 and Rule 710:50-15-100.

UNDERPAYMENT OF ESTIMATED TAX INTEREST

All S corporations, which are paying tax at the corporate level, are required to make estimated tax payments when the tax for the taxable year can reasonably be expected to be \$500 or more. The estimated tax payments shall not be less than 70% of the amount of tax due (tax liability less all credits except amounts paid on estimated tax and extension payments), or 100% of the prior year's tax liability. Should deficiencies occur, the amount of underpayment shall be subject to interest at an annual rate of 20%, or fraction thereof, for the period of underpayment. Enclose Form OW-8-P.

Note: No underpayment of estimated tax interest shall be imposed if the tax liability shown on the return is less than \$1,000.

AMENDED RETURNS

Use Form 512-S for all amended returns. Place an X in the space provided, in the upper right hand corner of the form, next to the form number (512-S X). Enclose Federal Amended Form 1120-S when applicable.

When amending Form 512-S for S corporations which are paying tax at the corporate level, line 9 (tax paid on estimate) must be adjusted by subtracting previous overpayments or adding tax previously paid. An overpayment on an amended return may not be credited to estimated tax, but will be refunded. The amount applied to estimated tax on the original return cannot be adjusted.

ADJUSTMENTS BY INTERNAL REVENUE SERVICE

Taxpayers who file "consents" extending the time for making Federal adjustments automatically extend the time for making State adjustments. The taxpayer is also required to file an amended return reporting all Internal Revenue Service adjustments. A copy of the finalized RAR must be furnished.

BANK AND CREDIT UNIONS

State and national banks and state credit unions, making a Federal Subchapter S election, shall not pay an "In Lieu" tax of 6% per Title 68 O.S. Section 2370. The income or loss of that entity shall be reported at the shareholder level.

COMPUTATION OF ALLOCABLE AND/OR APPORTIONABLE INCOME

Part 2, Column A and Part 3, Column A are to be completed by all S corporations. All S corporations start with Part 2.

Part 2, Column B and Part 3, Column B, lines 1 through 14 are to be completed by S corporations deriving all of their income from within Oklahoma or by S corporations whose business within and without Oklahoma is oil and gas production, mining, farming, or rental. This should be completed using the direct accounting method.

Part 4 is to be completed by S corporations conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct in more than one state of a single business enterprise, all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation.

SAFETY PAYS OSHA CONSULTATION SERVICE EXEMPTION:

(Part 2, Column B, line 19 or Part 4, line 3)

An employer that is eligible for and utilizes the Safety Pays OSHA Consultation Service provided by the Oklahoma Department of Labor shall receive a \$1,000 exemption for the tax year the service is utilized. Employers must be able to substantiate their participation in the Oklahoma Department of Labor's Safety Pays Consultation Service upon request.

QUALIFIED REFINERY PROPERTY:

(Title 68 O.S. Section 2357.204)

• The election to expense instead of depreciate

A refinery may elect to treat 100% of the cost of qualified refinery property located in Oklahoma as an expense that is not chargeable to a capital account. Any cost so treated is allowed as a deduction for the year in which the qualified refinery property expense is incurred. Once made, the election is irrevocable without the consent of the Oklahoma Tax Commission. The depreciation deducted on the Federal return for such property must be added back in this and in all subsequent years.

Note: A report must be attached to certify that the provisions of Title 68 O.S. Section 2357.204(E) & (F) have been met. No deduction under this section will be allowed unless this certification is enclosed with the refinery's income tax return.

If you are the Refinery -

(Part 2, Column B, line 19, or Part 4, line 3 as a deduction)

To make the election to expense the cost of qualified refinery property located in Oklahoma in the tax year in which the expense is incurred, deduct the cost of the property on a timely filed return, unless a second election is made by the refinery to allocate all or a portion of the deduction to its owners. If the second election is made, do not deduct such portion on Form 512-S. Each owner will report their allowable share of the deduction on their own income tax return; see "The election to allocate expense to owners" below.

If you are the Refinery -

(Part 2, Column B, line 5 or Part 4, line 2 as an addition)

If the election was made to expense the cost of qualified refinery property located in Oklahoma on this year or on a previous year's Oklahoma return, the depreciation deduction claimed on the Federal return for such property must be added back to arrive at Oklahoma taxable income. This addition must be made regardless of whether the expense is claimed on the corporate return or allocated to its owners.

• The election to allocate expense to owners

The refinery may elect to allocate all or a portion of the deduction to its owners. The allocation for each person is equal to the ratable share of the total amount allocated, determined on the basis of the ownership interest of the person. If this election is made, such portion of the cost of the qualified refinery property is not deducted as an expense on Form 512-S. Each owner reports their allowable share of the deduction on the designated line on their own income tax return. The refinery must attach a schedule stating the qualified refinery property(ies), the date(s) placed in service, the total cost being expensed, and the portion of such expense allocated to each owner; including the owner's name and Federal identification number.

If you are the owner -

(Part 2, Column B, line 19, or Part 4, line 6 as a deduction)

Deduct the portion of the cost of the qualified refinery property allocated to you as an owner in the refinery. Attach a schedule stating your corporate name and FEI number, the refinery/company name and FEI number, the qualified refinery property(ies), the date(s) placed in service, and the portion of cost allocated to you.

LINE BY LINE INSTRUCTIONS FOR DETERMINING OKLAHOMA NET DISTRIBUTABLE INCOME

COST OF COMPLYING WITH SULFUR

REGULATIONS: *(Title 68 O.S. Section 2357.205)*

A qualified refinery may make an irrevocable election to allocate all or a portion of the cost of complying with sulfur regulations issued by the Environmental Protection Agency as a deduction allowable to its owners. The allocation for each person is equal to the ratable share of the total amount allocated, determined on the basis of the ownership interest of the person. The taxable income of the refinery shall not be reduced by the reason of any amount allowed under this section.

If you are the Refinery -

To make the election, attach a schedule stating your corporate name and FEI number, a list of the costs of complying with sulfur regulations some or all of which are being allocated to your owners, and the portion of such costs allocated to each owner. Generally, the resulting amount is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the average of three factors consisting of property, payroll and sales. Each factor is a ratio of the total within Oklahoma to the total everywhere. To the income apportioned to Oklahoma there is to be added all income separately allocated to Oklahoma with the result being Oklahoma taxable income. Title 68 O.S. Section 2358.

Major oil companies, as defined in Title 52 O.S. Section 288.2, when computing Oklahoma depletion shall be limited to 50% of the net income (computed without the allowance for depletion) from each property.
