GENERAL FILING INFORMATION

HOW NONRESIDENT TRUSTS AND ESTATES ARE TAXED...

The Oklahoma taxable income of a nonresident trust or estate shall be calculated as if all income were earned in Oklahoma, using Form 513NR. The Federal adjusted gross income (AGI) will be adjusted using the Oklahoma adjustments allowed in Title 68 O.S. Section 2358, to arrive at an Oklahoma AGI from all sources. The Oklahoma AGI from all sources is used to determine the Oklahoma taxable income. The tax is then calculated using the Fiduciary Tax Table. At this point, the tax is prorated using the percentage of the AGI from Oklahoma sources divided by the AGI from all other sources. This prorated tax is the Oklahoma tax liability.

RESIDENT AND NONRESIDENT DEFINED...

“Resident estate” means the estate of a decedent who at death was domiciled in this state. “Nonresident estate” is an estate other than a resident estate.

“Resident trust” is a trust created by a resident decedent’s will or by a resident during the administration or by a resident when the trust becomes irrevocable. “Nonresident trust” is a trust other than a resident trust. (See Title 68 O.S. Sections 2353-5 and 2353-6.)

REQUIREMENTS FOR FILING...

Every nonresident estate or trust having Oklahoma taxable income as provided in Title 68 O.S. Section 2362 (Rents and Royalties, Business, Partnership and Sub-Chapter S Corporation Income and Sales of Oklahoma Real Property) shall make a return for each taxable year stating the taxable income and the adjustments provided in this act to arrive at Oklahoma taxable income.

SIMPLE TRUST...

A simple trust requires all income to be distributed currently, except amounts allocated to the corpus of the trust (capital gain). The Oklahoma taxable income for simple trusts would be any capital gain(loss) minus the pro rata share of the Federal exemption, as all other income and deductions are passed on to the beneficiaries.

GRANTOR TRUST...

A grantor trust will be treated the same on the Oklahoma return as it is on the Federal. If the Federal return (Form 1041) is required to be filed, the Oklahoma return is likewise required. Complete the heading on the Form 513NR and enclose a schedule of income and deductions indicating the Oklahoma income, including any pass-through withholding. Include on the schedule the name, address, and social security number of the grantor. Form 513NR, Part 2, may be used for the grantor information.

If income is reported to Oklahoma under one entity identification number and the grantor files under a different identification number, a Form 513NR must be filed with a schedule showing the name, address, and social security number of the grantor.

OKLAHOMA SOURCE INCOME...

The sources of income taxable to a nonresident are:

- (1) Salaries, wages and commissions for work performed in Oklahoma.
- (2) Income from unincorporated business, profession, enterprise or other activity as the result of work done, services rendered, or other business conducted in Oklahoma.*
- (3) Distributive share of the Oklahoma part of partnership income, gains, losses or deductions.*
- (4) Distributive share from Sub-Chapter S Corporations doing business in Oklahoma.*
- (5) Net rents and royalties from real and tangible personal property located in Oklahoma.
- (6) Gains from the sales or exchanges of real property located in Oklahoma.
- (7) Income received from all sources of wagering, games of chance or any other winnings from sources within this state. Proceeds which are not money shall be taken into account at their fair market value.

* This includes Limited Liability Companies (LLCs).

ABOUT THE TAX...

The tax must be paid in full at the time of filing the return. In case an extension for filing the return is requested, an estimate of the tax due must be filed and the estimated tax paid in full before an extension can be granted.

The Fiduciary shall be responsible for making the return, and the return shall be signed by the fiduciary, or by one fiduciary if there is more than one.

BANKRUPTCY...

The Fiduciary must file Form 513NR for the estate of an individual involved in bankruptcy proceedings if a Federal income tax return is required for the bankruptcy estate. Use Form 513NR as a transmittal for Form 511NR. Complete the tax for the bankruptcy estate on the Form 511NR by using the instructions and tax table for a married person filing separately. Enter the computed tax on Form 513NR, line 27, and remit payment of any tax due. Enclose a copy of the Federal return for the bankruptcy with the Oklahoma return.

ACCOUNTING METHODS...

The taxable year and method of accounting under this act shall be the same as the taxable year and method of accounting for Federal income tax purposes.

Fiduciaries in whatever capacity acting, having control, receipt, custody, disposal or payment of interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments, or other fixed determinable annual or other periodical gains, profits, or income, amounting to \$750 or more, paid or payable during the year to any taxpayer, shall make complete reports thereof to the Commission, on Forms 500 and 501 to reach the Commission on or before February 28, following the close of the preceding calendar year.

Important...

If you do not have a Federal Identification number, you may obtain one online at www.irs.gov or by calling (800) 829-4933. If you would prefer to file a paper application, contact the IRS and request Form SS-4.

WITHHOLDING ON NONRESIDENT MEMBERS...

Pass-through entities (partnerships, S corporations, limited liability companies or trusts) are required to withhold Oklahoma income tax at a rate of 5% of the Oklahoma share of income distributed to each nonresident member (partner, member, shareholder or beneficiary). A pass-through entity is not required to withhold income tax with regard to any nonresident member who submits

a Nonresident Member Withholding Exemption Affidavit (Form OW-15). Title 68 O.S. Sections 2385.29, 2385.30 and 2385.31.

Withholding is not required on distributions made to persons, other than individuals, who are exempt from Federal income tax, organizations granted an exemption under Section 501(c)(3) of the Internal Revenue Code, insurance companies subject to the Oklahoma Gross Premiums Tax and, therefore exempt from Oklahoma income tax under Title 68 O.S. Section 2359(c), and nonresident members who have filed the Form OW-15 "Nonresident Member Withholding Exemptions Affidavit". Withholding is not required on any distribution of royalty income on which the nonresident royalty interest income tax has already been withheld, on any distribution made to another pass-through entity, or on any distribution of income not subject to Oklahoma income tax.

The following pass-through entities are not required to withhold:

- An entity electing to be treated as a disregarded entity for Federal income tax purposes. A disregarded entity is an eligible entity that is treated as an entity that is not separate from its single owner (i.e. Grantor Trust).
- An entity that does not have a requirement, or properly elects out of the requirement, to file a Federal income tax return.
- An entity making a distribution of income not subject to Oklahoma income tax.
- A resident or nonresident estate.

• Distributions made from the trust

Trusts, that make distributions subject to Oklahoma withholding, must register with the Oklahoma Tax Commission. Register by completing the Form OW-11: Registration for Oklahoma Withholding for Nonresident Members. This form can be obtained by calling our forms request line at (405) 521-3108 or from our website at www.tax.ok.gov.

To file and pay the income tax withheld, the trust must complete Form OW-9-C "Nonresident Oklahoma Distributed Income Withholding Tax Report". The trust will file Form OW-9-C on or before the due date (including extensions) of the trust's income tax return.

The trust must provide nonresident beneficiaries a Form 500-B, by the due date (including extensions) of its income tax return, showing their respective amount of income and tax withheld. Each nonresident beneficiary must enclose a copy of the Form 500-B with their Oklahoma income tax return as verification for this withholding. Copies of Form 500-B, along with the cover Form 501, must be sent to the Oklahoma Tax Commission by the same date.

NET OPERATING LOSS...

Effective tax year 2001, net operating losses may be carried forward and back in accordance with Section 172 of the Internal Revenue Code. For tax years 1996-2000, net operating losses may be carried forward only for a period of time not to exceed 15 years. The net operating loss which is not actually utilized shall not reduce the carryover. Title 68 O.S. Section 2358 (A) (3).

An election may be made to forego the carryback period. A written statement of the election must be part of the original timely filed Oklahoma loss-year return. However, if you filed your return on time without making the election, you may still make the election on an amended return filed within 6 months of the due date of the original return (excluding extensions). Enclose the election with the amended return. Once made, the election is irrevocable.

Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code, 26 U.S.C. as modified by the Oklahoma Tax Act.

EXTENSIONS...

A valid extension of time in which to file your Federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the Federal extension must be enclosed with your Oklahoma return. If your Federal return is not extended or an Oklahoma liability is owed, an extension of time to file your Oklahoma return can be granted on Form 504. At least 90% of the tax liability must be paid by the original due date for the return to avoid penalty charges for late payment. Interest will be charged from the original due date of the return.

DEPLETION...

Oklahoma depletion on oil and gas well production, at the option of the taxpayer, may be computed at 22% of gross income derived from each Oklahoma property during the taxable year. Any depletion deduction allowable is the amount so computed minus Federal depletion claimed. If Oklahoma options are exercised the Federal depletion not used due to the 65% limit may not be carried over. A complete depletion schedule by property must be furnished.

Note: Major oil companies, as defined in Title 52 O.S. Section 288.2, when computing Oklahoma depletion shall be limited to 50% of the net income (computed without the allowance for depletion) from each property.

Lease bonus received is considered income subject to depletion. If depletion is claimed on a lease bonus and no income is received as a result of nonproducing properties, upon expiration of the lease, such depletion must be restored on Form 513NR, line 11, in both columns, in the year the lease expires.

FIRST YEAR BONUS DEPRECIATION...**30% Bonus First Year Depreciation...**

Federal taxable income shall be increased by 80% of any amount of bonus depreciation received under the Federal Job Creation and Worker Assistance Act of 2002. Any amount added back can be reclaimed in a later year. In the first taxable year beginning after the bonus depreciation was added back and for the next three taxable years, subtract 25% of the amount added back.

The amount of bonus depreciation added back for Oklahoma purposes shall be reclaimed in later taxable years in the following manner:

Of the total amount of bonus depreciation included in income in each column, 25% shall be deducted in the first taxable year beginning or deemed to begin the year after the bonus depreciation was added back and 25% in each of the next three following taxable years. Enter the 25% of Form 513NR, in the applicable Federal Amount and/or Oklahoma Amount column(s) on line 16 "Income Distribution Deduction".

50% Bonus First Year Depreciation...

Federal taxable income shall be increased by 80% of any amount of bonus depreciation received under the Federal Economic Stimulus Act of 2008. Any amount added back can be reclaimed in a later year. In the first taxable year beginning after the bonus depreciation was added back and for the next three taxable years, subtract 25% of the amount added back.

A nonresident fiduciary filing Form 513NR, shall enter 80% of the total bonus depreciation in the Federal Amount column on line 8 "Other Income" and enter the bonus depreciation applicable to Oklahoma in the Oklahoma amount column on line 8 "Other Income." The amount of bonus depreciation added back for Oklahoma purposes shall be reclaimed in later taxable years in the following manner:

Of the total amount of bonus depreciation included in income in each column, 25% shall be subtracted in the first taxable year beginning or deemed to begin the year after the bonus depreciation was added back and 25% in each of the next three following taxable years. Enter the 25% of Form 513NR, in the applicable Federal Amount and/or Oklahoma Amount column(s) on line 16 "Income Distribution Deduction."

GENERAL FILING INFORMATION

ESTIMATED TAX...

All trusts are required to make estimated tax payments, on a quarterly basis when the tax for the taxable year can reasonably be expected to be \$500 or more. Trusts which fail to file a declaration and pay estimated tax are subject to penalty and interest on underpayment. Form OW-8-ESC for filing an estimate will be supplied upon request.

Estates are not required to make estimated tax payments.

AMENDED RETURNS...

Use the Fiduciary Form 513NR and mark the Amended return box. Enclose a copy of the Federal amended return and proof of Internal Revenue Service refund or payment, if available prior to expiration of the statute of limitations. Any refunds cannot be applied to next year's estimated tax. Line 35 cannot be amended or changed once the original return has been processed.
