Every partnership, including syndicates, groups, pools, joint ventures or other unincorporated organizations (exclusive of trusts, estates or corporations defined by the act), having Oklahoma source income, shall make a return of income on Form 514, for the calendar year or fiscal year ended on the last day of any month other than December.

Each partner having Oklahoma source income sufficient to make a return, shall make such return as required by law.

An extension of time for the filing of the return may be granted, but in no case to exceed six months. However, a copy of the Federal approved extension must be enclosed with your Oklahoma tax return.

General Filing Information

Oklahoma business codes are the same as Federal business codes.

Composite Return Information...

Any partnership required to file an Oklahoma income tax return may elect to file a composite return for its nonresident partners. The income tax liability for such nonresident partners will be computed and paid on the partnership return. Any nonresident partner may be included in the composite return; unless the partner has income from an Oklahoma source other than the partnership or the partner is, or is electing to be treated as, a Sub S corporation or partnership. Nonresident partners included in a composite return shall not have other Oklahoma income and shall not file separate Oklahoma income tax returns. When filing a composite return, the Form 514-PT "Partnership Composite Income Tax Supplement" and Form 514, Part One "Tax Computation for Nonresident Composite Filers Only" must be completed.

Use Form 514-PT to compute each of the nonresident partner's Oklahoma income tax. The instructions are on the back of form. Withholding on Nonresident Members...

Effective for distributions on or after 8/29/03, pass-through entities (partnerships, S Corporations, limited liability companies or trusts) are required to withhold Oklahoma income tax at a rate of 5% of the Oklahoma share of income distributed to each nonresident member (partner, member, shareholder or beneficiary). The Oklahoma share of income distributed is defined as the Oklahoma portion of any cash distribution or the Oklahoma net distributed income if determinable at the time of distribution. Title 68 O.S. Sections 2385.29, 2385.30 and 2385.31

Withholding is not required on distributions made to persons, other than individuals, who are exempt from federal income tax, organizations granted an exemption under Section 501(c)(3) of the Internal Revenue Code and insurance companies subject to the Oklahoma Gross Premiums Tax and therefore exempt from Oklahoma income tax under 68 O.S. § 2359(c). Withholding is not required on any distribution of royalty income on which the 6.75% royalty interest income tax has already been withheld, on any distribution made to another pass-through entity or on any distribution of income not subject to Oklahoma income tax.

The following pass-through entities are not required to withhold:

- An entity electing to be treated as a disregarded entity for Federal income tax purposes. A disregarded entity is an eligible entity that is treated as an entity that is not separate from its single owner.
- An entity that does not have a, or properly elects out of the, requirement to file a federal income tax return is not required to withhold under this section.
- An entity making distributions of income not subject to Oklahoma income tax.

Distributions made from the partnership...

Partnerships, that make distributions subject to Oklahoma withholding, must register with the Oklahoma Tax Commission. Register by completing the registration form "Registration for Oklahoma Withholding for Nonresident Members" (Form OW-11). This form is available by calling our forms request line at (405) 521-3108 or from our website at www.oktax.state.ok.us.

To file and pay the income tax withheld, the partnership must complete Form OW-9-C "Nonresident Oklahoma Distributed Income Withholding". For distributions made during any calendar quarter, the withholding is due on or before the last day of the month following the end of such calendar quarter. The partnership must provide nonresident partners a Form 500-B, by last day of the second month after the end of its taxable year, showing their respective amount of income and tax withheld. Copies of Form 500-Bs, along with the cover Form 501, must be sent to the Oklahoma Tax Commission by the same date. Each nonresident partner must enclose a copy of the Form 500-B to their Oklahoma income tax return as verification for this withholding.

When a partnership files a composite return on behalf of its nonresident partners, the nonresident partner's withholding can be claimed on Form 514, part 1, line 11. A copy of the non-resident partner's Form 500-B must be enclosed with the Form 514.

Amended Returns...

Use Form 514 for all amended returns. Place an "X" in the space provided, in the upper right hand corner of the form, next to the form number (514X). Enclose the Federal amended Form 1065 when applicable.

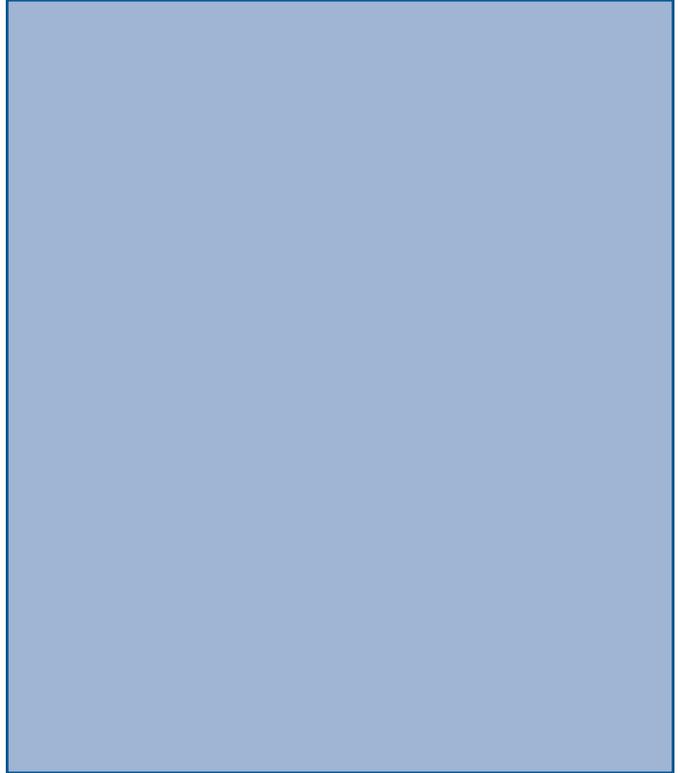

Oklahoma Depletion in Lieu of Federal Depletion...

Oklahoma depletion on oil and gas well production, at the option of the taxpayer, may be computed at 22% of gross income derived from each Oklahoma property during the taxable year. Major oil companies, as defined in Section 288.2 of Title 52 of the Oklahoma Statutes, when computing Oklahoma depletion shall be limited to 50% of the net income (computed without the allowance for depletion) from each property. Any depletion deduction allowable is the amount so computed minus Federal depletion claimed. If Oklahoma options are exercised, the Federal depletion not used due to 65% limit may not be carried over. Lease bonus received is considered income subject to depletion. If depletion is claimed on a lease bonus and no income is received as a result of non-producing properties, upon expiration of the lease, such depletion must be restored. A complete schedule by property must be furnished.

Agricultural Commodity Processing Facility Exclusion...

Owners of agricultural commodity processing facilities may exclude 15% of their investment in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Attach a separate schedule showing the type of investment(s), the date placed in service, the cost, the total exclusion and the exclusion available for each partner. Do not include this exclusion in the Oklahoma distributive income, each partner shall report their allowable share of the exclusion on the designated line of their individual return.

Indian Employment Exclusion...

Part Two, line 19, column B or Part Four, line 3. All qualified wages equal to the Federal Indian Employment Credit set forth in 26 U.S.C.A., Section 45A, shall be deducted from taxable income. Deduct on the Oklahoma return, an amount equal to the reduction of salaries and wages reported on the Federal return as a result of the Form 8845 "Indian Employment Credit". The deduction allowed shall only be permitted for the tax year in which the Federal credit is allowed, even if the full credit cannot be used in such year because of the tax liability limit. Enclose a copy of your Federal return, Form 8845 and, if applicable, Form 3800.

Employers Providing Child Care Programs for their Employees...

Part Two, line 7, column B or Part Four, line 6 as an addition. Employers incurring expenses to provide child care services for children of their employees may be allowed a credit. If the credit is allowed, the eligible expenses upon which the credit is based must be added back to arrive at Oklahoma distributive income. See Form 511CR, item 12 for the credit. Enclose a schedule of eligible expenses and the computation of the credit. Title 68 O.S. Section 2357.26 and Rule 710:50-15-19.

Specific Line Instructions for Determining Distributive Income

Allocable Income or Loss...

Part Two, Column A and Part Three, Column A are to be completed by all partnerships.

Part Two, Column B and Part Three, Column B are to be completed by partnerships deriving all of their income from within Oklahoma and by partnerships whose business is oil and gas production, mining, farming, or rental within and without Oklahoma, on a direct accounting basis.

Apportionment Income or Loss...

Part Four is to be completed by partnerships conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct, in more than one state, of a single business enterprise (commonly called unitary business) all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation. Partnerships consisting of business other than oil and gas production, mining, farming or rentals operating in more than one state should compute their Oklahoma income by using the three factor formula consisting of Sales, Payroll and Property. (Section 2358 (A) (4) and Section 2358 (A) (5) of the Oklahoma Statutes Title 68). When a partnership has capital gains (or other allocable items such as depletion) a separate schedule must be furnished showing the Oklahoma portion and the total amount claimed on the Federal Return.

Part Two

To compute Oklahoma distributive income, all partnerships start with Part Two.

Lines 1-21, Column A:

Part Two, Column A must be completed by all partnerships. List exact figures as reported on the front page of your Federal Form 1065.

Lines 1-21, Column B:

Part Two, Column B is to be used by all partnerships deriving all of their income from within Oklahoma. This column is also to be used by all partnerships whose business, both within and without Oklahoma, is oil and gas production, mining, farming or rental. This should be completed using the direct accounting method. Partnerships conducting business of a unitary nature do not complete Column B.

Partnerships with the Federal Indian Employment Credit should refer to the "Indian Employment Exclusion" on page 4 under General Filing Information.

Partnerships incurring expenses to provide child care services for children of their employees should refer to the "Employers Providing Child Care Programs for their Employees" section on page 4 under General Filing Information.

Part Three

If Federal and Oklahoma distributive net incomes are the same, you may complete Part Three, Columns A & B, line 15; then complete Part Five. A copy of your Federal Form 1065 and K-1's must be enclosed with your Oklahoma return. An Oklahoma return must be filed by all partnerships having Oklahoma source income.

Line 1-15, Column A:

Part Three, Column A is to be used by all partnerships. List exact figures as reported on your Federal Form 1065, Schedule K.

Lines 1-15, Column B:

Part Three, Column B is to be used by partnerships deriving all of their income from within Oklahoma. This column will be the same as in Column A except for lines 4b and 4c.

This column is also to be used by partnerships whose business, both within and without Oklahoma, is oil and gas production, mining, farming, or rental. Complete this column using the direct account method as shown below.

Partnerships conducting business of a UNITARY nature do not complete Column B, lines 1 - 14. Such partnerships shall complete Part Four using the Apportionment Formula before completing of Column B, line 15.

Column B

Line 4b

State and municipal interest: Partnerships domiciled in Oklahoma who receive income on bonds issued by any state or political subdivision thereof exempt from Federal taxation but not exempt from taxation by the laws of the State of Oklahoma, shall add the total of such income to arrive at Oklahoma income. Income from Oklahoma municipal bonds, issued prior to July 2, 2001, is exempt only if so provided by the statute authorizing their issuance. Interest on local Oklahoma governmental obligations issued after July 1, 2001, shall be exempt from Oklahoma income tax, except those issued for the purpose of providing financing for projects for nonprofit corporations. Local governmental obligations shall include bonds or notes issued by, or on behalf of, or for the benefit of Oklahoma educational institutions, cities, towns, or counties or by public trusts of which any of the foregoing is a beneficiary. All out-of-state municipals are taxable.

Interest from entities such as FNMA & GNMA does not qualify.

Part Four

Part Four is to be used by Partnerships conducting a business within and without the state of Oklahoma which must be apportioned.

Generally unitary income is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. Each factor is a ratio of the total within Oklahoma to the total everywhere. Oklahoma distributable net income is figured by adding separately allocated Oklahoma income with net Oklahoma apportioned income. Title 68 O.S. Secion 2358.

Line 1

Enter Net Distributable Income from Page 2, Part Three, Column A, Line 15.

Line 2

Deductions relating to income which is separately allocated shall not be allowed and will be entered here.

General Information and Instructions for Completing the 514-PT: Partnership Composite Income Tax Supplement

Any partnership required to file an Oklahoma income tax return may elect to file a composite return for nonresident partners. Any nonresident partner may be included in the composite return, unless the partner has income from an Oklahoma source other than the partnership or the partner is, or is electing to be treated as, a Sub S corporation or partnership.

Instructions for Individual and Trust Nonresident Partners

The Oklahoma taxable income of an individual or trust nonresident partner shall be calculated as if all income were earned in Oklahoma, using Form 514-PT. The Federal distributive income of each partner will be adjusted using the Oklahoma adjustment allowed in Title 68 O.S., Section 2358, to arrive at Oklahoma distributive income from all sources. The Oklahoma distributive income from all sources is used to determine the Oklahoma taxable income. The tax is then calculated using the applicable Oklahoma income tax rate. At this point, the tax is prorated using the Oklahoma distributive income from Oklahoma sources divided by the distributive income from all sources. The prorated tax is the partner's Oklahoma tax.

Column 1 - Name of nonresident partner.

Column 2 - Social Security or Federal ID Number of nonresident partner.

Column 3 - For individuals only. The filing status for Oklahoma must be the same as that used on the partner's Federal income tax return. If the filing status is not known, they must file as single. Trusts do not complete this column.

Column 4 - Combine the amounts from Form 514, Part 5, columns C, E and G. This should be the total amount of Federal income/loss available for distribution to this partner.

Column 5 - Treating the partnership income as if it were all earned in Oklahoma, enter the partner's share of any additions and subtractions to Federal distributive income that would be allowed in arriving at Oklahoma distributive income. For example: interest on U.S. Government obligations, additional depletion, etc. Enter subtractions as a negative number. Enclose a detailed schedule substantiating any amounts entered in this column.

Column 6 - Combine the amounts in column 4 and column 5.

Column 6a - Repeat each total from column 6.

Column 7 - For individuals only. Deduct a standard deduction for each individual partner. The standard deduction is 15% of the partner's share of Distributive Income - All Sources, limited to \$2,000.00, with no minimum amount. When the filing status is married filing separate, the maximum allowable shall not exceed \$1,000. Trusts do not complete this column.

Column 8 - Subtract column 7 from column 6. This is the partner's share of the taxable income computed as if all of the partnership income were earned in Oklahoma.

Column 9 - Tax before allocation. Using the appropriate tax rate schedule below, compute the tax on the taxable income in column 8.
