General Information...
Title 68 O.S.
Returns by Partnerships.
Returns by Limited Liability Companies (LLC’s) and Limited Liability Partnerships (LLP’s).

Any reference to partnership partners in the instruction and on Form 514 also relate to LLC and LLP members.

Notice: If this is a fiscal year or period return, please enter both the beginning and ending dates.

Every partnership, including syndicates, groups, pools, joint ventures or other unincorporated organizations (exclusive of trusts, estates or corporations defined by the act), having Oklahoma source income, shall make a return of income on Form 514, for the calendar year or fiscal year ended on the last day of any month other than December.

Each partner having Oklahoma source income sufficient to make a return, shall make such return as required by law.

Accounting Methods and Periods...
The taxable year and method of accounting shall be the same as the taxable year and method of accounting used for Federal income tax purposes.

When and Where the Return Must Be Filed...
The return must be filed with the Oklahoma Tax Commission, PO Box 26800, Oklahoma City, Oklahoma 73126-0800, on or before the 15th day of the fourth month following the close of the tax year. An extension of time for the filing of the return may be granted, but in no case to exceed six months. If you have an approved extension of time from the Internal Revenue Service in which to file your Federal Return, an Oklahoma extension is automatic. However, a copy of the Federal approved extension must be enclosed with your Oklahoma tax return.

• A pass-through entity is not required to withhold income tax with regard to distributions made to a nonresident member who submits a Nonresident Member Withholding Exemption Affidavit (Form OW-15).

• There is one new credit available on Form 511CR, “Credit for Qualified Ethanol Facilities”. See page 9 for information on how to obtain the Form 511CR.

Business Code Number...
Oklahoma business codes are the same as Federal business codes.

Composite Return Information...
Any partnership required to file an Oklahoma income tax return may elect to file a composite return for its nonresident partners. The income tax liability for such nonresident partners will be computed and paid on the partnership return. Any nonresident partner may be included in the composite return; unless the partner has income from an Oklahoma source other than the partnership or the partner is, or is electing to be treated as, a Sub S corporation or partnership. Nonresident partners included in a composite return shall not have other Oklahoma income and shall not file separate Oklahoma income tax returns. When filing a composite return, the Form 514-PT “Partnership Composite Income Tax Supplement” and Form 514, Part One “Tax Computation for Nonresident Composite Filers Only” must be completed.

Use Form 514-PT to compute each of the nonresident partner's Oklahoma income tax. The instructions are on the back of form. The totals of the nonresidents' Oklahoma distributive income and their tax are carried from Form 514-PT to Form 514, Part One, lines 1 and 2. See page 8 for the instructions for Part One.

Estimated tax payments made on behalf of the nonresident partners electing to be included in the composite return must be made under the partnership's name and Federal ID number.
**General Filing Information**

**Information at Source...**

Every partnership making payments of salaries, wages, premiums, annuities or other periodical gains, profits or income, amounting to $750 or over, paid or payable during the year, to any taxpayer, shall make a complete report thereof, under oath, to the Commission on Forms 500 and 501 to reach the Commission on or before February 28 of the calendar year. Title 68 O.S. Section 2369(A) and Rule 710:50-3-50(A)

**Adjustments by the IRS...**

Taxpayers who file "consents" extending the time for making of Federal adjustments, automatically extend the time for making State adjustments. Also, the taxpayer is required to furnish copies of all Revenue Agents’ reports.

**Withholding on Nonresident Members...**

Pass-through entities (partnerships, S Corporations, limited liability companies or trusts) are required to withhold Oklahoma income tax at a rate of 5% of the Oklahoma share of taxable income distributed to each nonresident member (partner, member, shareholder or beneficiary). A pass-through entity is not required to withhold income tax with regard to any nonresident member who submits a Nonresident Member Withholding Exemption Affidavit (Form OW-15). Title 68 O.S. Sections 2385.29, 2385.30 and 2385.31

Withholding is not required on distributions made to persons, other than individuals, who are exempt from federal income tax; organizations granted an exemption under Section 501(c)(3) of the Internal Revenue Code; insurance companies subject to the Oklahoma Gross Premiums Tax and therefore exempt from Oklahoma income tax under Title 68 O.S. Section 2359(c); and nonresident members who have filed the Form OW-15 “Nonresident Member Withholding Exemption Affidavit”. Withholding is not required on any distribution of royalty income on which the 6.75% royalty interest income tax has already been withheld, on any distribution made to another pass-through entity or on any distribution of income not subject to Oklahoma income tax.

The following pass-through entities are not required to withhold:

- An entity electing to be treated as a disregarded entity for Federal income tax purposes. A disregarded entity is an eligible entity that is treated as an entity that is not separate from its single owner.
- An entity that does not have a requirement, or properly elects out of the requirement, to file a federal income tax return.
- An entity making distributions of income not subject to Oklahoma income tax.

**Distributions made from the partnership...**

Partnerships, that make distributions subject to Oklahoma withholding, must register with the Oklahoma Tax Commission. Register by completing the registration form “Registration for Oklahoma Withholding for Nonresident Members” (Form OW-11). This form is available by calling our forms request line at (405) 521-3108 or from our website at www.oktax.state.ok.us.

To file and pay the income tax withheld, the partnership must complete Form OW-9-C “Nonresident Oklahoma Distributed Income Withholding”. The partnership will file Form OW-9-C on or before the due date (including extensions) of the partnership’s income tax return. The partnership must provide nonresident partners a Form 500-B, by the due date (including extensions) of its income tax return, showing their respective amount of income and tax withheld. Copies of Form 500-Bs, along with the cover Form 501, must be sent to the Oklahoma Tax Commission by the same date. Each nonresident partner must enclose a copy of the Form 500-B to their Oklahoma income tax return as verification for this withholding.

When a partnership files a composite return on behalf of its nonresident partners, the nonresident partner’s withholding can be claimed on Form 514, Part 1, line 11. A copy of the nonresident partner’s Form 500-B must be enclosed with the Form 514.

(continued on page 4)
Amended Returns...

Use Form 514 for all amended returns. Place an “X” in the space provided, in the upper right hand corner of the form, next to the form number (514X). Enclose the Federal amended Form 1065 when applicable.

Oklahoma Depletion in Lieu of Federal Depletion...

Oklahoma depletion on oil and gas well production, at the option of the taxpayer, may be computed at 22% of gross income derived from each Oklahoma property during the taxable year. Major oil companies, as defined in Title 52 O.S. Section 288.2, when computing Oklahoma depletion shall be limited to 50% of the net income (computed without the allowance for depletion) from each property. Any depletion deduction allowable is the amount so computed minus Federal depletion claimed. If Oklahoma options are exercised, the Federal depletion not used due to 65% limit may not be carried over. Lease bonus received is considered income subject to depletion. If depletion is claimed on a lease bonus and no income is received as a result of non-producing properties, upon expiration of the lease, such depletion must be restored. A complete schedule by property must be furnished.

Agricultural Commodity Processing Facility Exclusion...

Owners of agricultural commodity processing facilities may exclude 15% of their investment in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Attach a separate schedule showing the type of investment(s), the date placed in service, the cost, the total exclusion and the exclusion available for each partner. Do not include this exclusion in the Oklahoma distributive income, each partner shall report their allowable share of the exclusion on the designated line of their individual return.

Don’t forget to sign your tax return.

Indian Employment Exclusion...

Part Two, Column B, line 20, or Part Four, line 3. All qualified wages equal to the Federal Indian Employment Credit set forth in 26 U.S.C.A., Section 45A, shall be deducted from taxable income. Deduct on the Oklahoma return, an amount equal to the reduction of salaries and wages reported on the Federal return as a result of the Form 8845 “Indian Employment Credit”. The deduction allowed shall only be permitted for the tax year in which the Federal credit is allowed, even if the full credit cannot be used in such year because of the tax liability limit. Enclose a copy of your Federal return, Form 8845 and, if applicable, Form 3800.

Employers Providing Child Care Programs for their Employees...

Part Two, Column B, line 7, or Part Four, line 6 as an addition. Employers incurring expenses to provide child care services for children of their employees may be allowed a credit. If the credit is allowed, the eligible expenses upon which the credit is based must be added back to arrive at Oklahoma distributive income. See Form 511CR, item 12 for the credit. Enclose a schedule of eligible expenses and the computation of the credit. Title 68 O.S. Section 2357.26 and Rule 710:50-15-19.

Allocable Income or Loss...
Part Two, Column A and Part Three, Column A are to be completed by all partnerships.

Part Two, Column B and Part Three, Column B are to be completed by partnerships deriving all of their income from within Oklahoma and by partnerships whose business is oil and gas production, mining, farming, or rental within and without Oklahoma, on a direct accounting basis.

Apportionment Income or Loss...
Part Four is to be completed by partnerships conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct, in more than one state, of a single business enterprise (commonly called unitary business) all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation. Partnerships consisting of business other than oil and gas production, mining, farming or rental operating in more than one state should compute their Oklahoma income by using the three factor formula consisting of Sales, Payroll and Property. Title 68 O.S. (Section 2358 (A) (4) and Section 2358 (A) (5). When a partnership has capital gains (or other allocable items such as depletion) a separate schedule must be furnished showing the Oklahoma portion and the total amount claimed on the Federal Return.

Part Two

To compute Oklahoma distributive income, all partnerships start with Part Two.

Lines 1-21, Column A:
Part Two, Column A must be completed by all partnerships. List exact figures as reported on the front page of your Federal Form 1065.

Lines 1-21, Column B:
Part Two, Column B is to be used by all partnerships deriving all of their income from within Oklahoma. This column is also to be used by all partnerships whose business, both within and without Oklahoma, is oil and gas production, mining, farming or rental. This should be completed using the direct accounting method. Partnerships conducting business of a unitary nature do not complete Column B.

Partnerships with the Federal Indian Employment Credit should refer to the “Indian Employment Exclusion” on page 4 under General Filing Information.

Partnerships incurring expenses to provide child care services for children of their employees should refer to the “Employers Providing Child Care Programs for their Employees” section on page 4 under General Filing Information.

Part Three

If Federal and Oklahoma distributive net incomes are the same, you may complete Part Three, Columns A & B, line 15; then complete Part Five. A copy of your Federal Form 1065 and K-1’s must be enclosed with your Oklahoma return. An Oklahoma return must be filed by all partnerships having Oklahoma source income.

Line 1-15, Column A:
Part Three, Column A is to be used by all partnerships. List exact figures as reported on your Federal Form 1065, Schedule K.

Lines 1-15, Column B:
Part Three, Column B is to be used by partnerships deriving all of their income from within Oklahoma. This column will be the same as in Column A except for lines 4b and 4c. This column is also to be used by partnerships whose business, both within and without Oklahoma, is oil and gas production, mining, farming, or rental. Complete this column using the direct account method as shown below.

Partnerships conducting business of a UNITARY nature do not complete Column B, lines 1 - 14. Such partnerships shall complete Part Four using the Apportionment Formula before completing of Column B, line 15.

Column B

Line 1
Income (loss) shall be allocated in accordance with the situs of such property. Overhead expense shall be allocated on the basis of direct expense in Oklahoma to the total direct expense everywhere. Use Page 2, Part Two, or enclose schedule.

(continued on page 6)
Lines 2 and 3
Income (loss) from real and tangible personal property shall be allocated in accordance with the situs of such property.

Line 4
Accounts receivable interest income and interest income from investments held to generate working capital shall be allocated to Oklahoma on the basis of direct expense, see line 1 instructions on page 5. All other intangible income (loss) shall be allocated in accordance with the situs of the partnership.

Gains or losses from the sale of leases or from the sale of real and tangible personal property, shall be allocated in accordance with the situs of the property.

Line 4b
State and municipal interest: Partnerships domiciled in Oklahoma who receive income on bonds issued by any state or political subdivision thereof exempt from Federal taxation but not exempt from taxation by the laws of the State of Oklahoma, shall add the total of such income to arrive at Oklahoma income. Income from Oklahoma municipal bonds, issued prior to July 2, 2001, is exempt only if so provided by the statute authorizing their issuance. Interest on local Oklahoma governmental obligations issued after July 1, 2001, shall be exempt from Oklahoma income tax, except those issued for the purpose of providing financing for projects for nonprofit corporations. Local governmental obligations shall include bonds or notes issued by, or on behalf of, or for the benefit of Oklahoma educational institutions, cities, towns, or counties or by public trusts of which any of the foregoing is a beneficiary. All out-of-state municipalities are taxable.

Line 4c
Interest on U.S. Government Obligations: If you report interest on bonds, notes, and other obligations of the U.S. on your Federal return, it may be excluded from your Oklahoma income, if a detailed schedule is furnished, accompanied with 1099's showing the amount of interest income and the name of the obligation from which the interest is earned. If the interest is from a mutual fund which invests in government obligations, enclose a detailed schedule from the mutual fund showing the amount of monies received from each government obligation or the percentage of funds received from each obligation. Interest from entities such as FNMA & GNMA does not qualify.

Line 4d and 4e
Intangible income is allocated to the situs of the partnership, except accounts receivable interest income and interest from investments held to generate working capital. Such interest is allocated to Oklahoma on the basis of direct expense, see line 1.

Line 5
Gains or losses from real or tangible personal property shall be allocated in accordance with the situs of the property.

Line 6
The gain on the sale, exchange, or other disposition of property for which a section 179 expense deduction was passed through to partners is reported as Supplemental Information on the Federal K-1. For Oklahoma purposes, report such gain on this line. Enclose the following: description of the property; date the property was acquired; date the property was sold; gross sales price; cost or other basis plus expense of sale (including the partnership’s basis reduction in the property due to the section 179 expense deduction); depreciation allowed or allowable (not including the section 179 expense deduction); and amount of section 179 expense deduction (if any) passed through to each partner for the property and the partnership's tax year(s) in which the amount was passed through.

Lines 8 through 13
Expenses relative to the income shall be allocated directly to that income. Allowable oil and gas depletion, guaranteed payments, and Oklahoma withholding will be stated in Part Five.

Part Four
Part Four is to be used by Partnerships conducting a business within and without the state of Oklahoma which must be apportioned.

Generally unitary income is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. Each factor is a ratio of the total within Oklahoma to the total everywhere. Oklahoma distributable net income is figured by adding separately allocated Oklahoma income with net Oklahoma apportioned income. Title 68 O.S. Section 2358

## Part 1: Tax Computation for Nonresident Composite Filers Only

Complete Part 1 if filing a composite return for your nonresident partners. Any nonresident partner may be included in the composite return; unless the partner has income from an Oklahoma source other than your partnership or the partner is, or is electing to be treated as, a Sub S corporation or partnership. Nonresident partners included in the composite return will not file separate Oklahoma income tax returns. The Oklahoma tax for each nonresident partner, electing to be included in the composite, is computed on Form 514-PT: Oklahoma Partnership Composite Income Tax Supplement. The total Oklahoma distributive income (Form 514-PT, Column 10) and the total Oklahoma tax (Form 514-PT, Column 12) are entered below on lines 1 and 2 respectively. The Form 514-PT must be enclosed. **If there is no composite return being filed, do not complete Part 1.**

Any partnership required to file an Oklahoma income tax return may elect to file a composite return for nonresident partners. Any nonresident partner may be included in the composite return, unless the partner has income from an Oklahoma source other than the partnership or the partner is, or is electing to be treated as, a Sub S corporation or partnership.

### Instructions for Individual and Trust Nonresident Partners

The Oklahoma taxable income of an individual or trust nonresident partner shall be calculated as if all income were earned in Oklahoma, using Form 514-PT. The Federal distributive income of each partner will be adjusted using the Oklahoma adjustment allowed in Title 68 O.S. Section 2358, to arrive at Oklahoma distributive income from all sources. The Oklahoma distributive income from all sources is used to determine the Oklahoma taxable income. The tax is then calculated using the applicable Oklahoma income tax rate. At this point, the tax is prorated using the Oklahoma distributive income from Oklahoma sources divided by the distributive income from all sources. The prorated tax is the partner's Oklahoma tax.

When the filing status is married filing separate, the maximum allowable shall not exceed $1,000. Trusts do not complete this column.

| Column 8 | Subtract Column 7 from Column 6. This is the partner’s share of the taxable income computed as if all of the partnership income were earned in Oklahoma. |
