2000 FORM 514: GENERAL FILING INFORMATION

GENERAL INFORMATION...

Title 68, O.S.
Returns by Partnerships.
Returns by Limited Liability Companies (LLC’s) and Limited Liability Partnerships (LLP’s).

Any reference to partnership partners in the instruction and on Form 514 also relate to LLC and LLP members.

Notice:
If this is a fiscal year or period return, please enter both the beginning and ending dates.

Every partnership, including syndicates, groups, pools, joint ventures or other unincorporated organizations (exclusive of trusts, estates or corporations defined by the act), having Oklahoma source income, shall make a return of income on Form 514, for the calendar year 2000 or fiscal year ended on the last day of any month other than December.

Each partner having Oklahoma source income sufficient to make a return, shall make such return as required by law.

ACCOUNTING METHODS AND PERIODS...

The taxable year and method of accounting shall be the same as the taxable year and method of accounting used for Federal income tax purposes.

WHEN AND WHERE THE RETURN MUST BE FILED...

The return must be filed with the Oklahoma Tax Commission, P. O. Box 26800, Oklahoma City, Oklahoma 73126-0800, on or before the 15th day of the fourth month following the close of the tax year. An extension of time for the filing of the return may be granted, but in no case to exceed six months. If you have an approved extension of time from the Internal Revenue Service in which to file your Federal Return, an Oklahoma extension is automatic. However, a copy of the Federal approved extension must be enclosed with your Oklahoma tax return.

BUSINESS CODE NUMBER...

Oklahoma and Federal business codes shall be the same.

INFORMATION AT SOURCE...

Every partnership making payments of salaries, wages, premiums, annuities or other periodical gains, profits or income, amounting to $750 or over, paid or payable during the year, to any taxpayer, shall make a complete report thereof, under oath, to the Commission on Forms 500 and 501 to reach the Commission on or before February 28 of the calendar year.

(continued on page 3)
ADJUSTMENTS BY THE IRS...
Taxpayers who file "consents" extending the time for making of Federal adjustments, automatically extend the time for making State adjustments. Also, the taxpayer is required to furnish copies of all Revenue Agents’ reports.

AMENDED RETURNS...
Use Form 514 for all amended returns. Place an “X” in the space provided, in the upper right hand corner of the form, next to the form number (514X). Enclose the Federal amended Form 1065 when applicable.

ALLOCABLE INCOME OR LOSS...
Part One, Column A and Part Four, Column A is to be completed by all partnerships.

Part One, Column B is to be completed by partnerships deriving all of their income from within Oklahoma and by partnerships whose business is oil and gas production, mining, farming, or rental within and without Oklahoma, on a direct accounting basis.

APPORTIONMENT INCOME OR LOSS...
Part Two is to be completed by partnerships conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct, in more than one state, of a single business enterprise (commonly called unitary business) all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation. Partnerships consisting of business other than oil and gas production, mining, farming or rentals operating in more than one state should compute their Oklahoma income by using the three factor formula consisting of Sales, Payroll and Property. (Section 2358 (A) (4) and Section 2358 (A) (5) of the Oklahoma Statutes Title 68). When a partnership has capital gains (or other allocable items such as depletion) a separate schedule must be furnished showing the Oklahoma portion and the total amount claimed on the Federal Return.

OKLAHOMA DEPLETION IN LIEU OF FEDERAL DEPLETION...
Oklahoma depletion on oil and gas well production, at the option of the taxpayer, may be computed at 22% of gross income derived from each Oklahoma property during the taxable year, but limited to 50% of the net income (computed without the allowance for depletion) from each property. Any depletion deduction allowable is the amount so computed minus Federal depletion claimed. If Oklahoma options are exercised, the Federal depletion not used due to 65% limit may not be carried over. Lease bonus received is considered income subject to depletion. If depletion is claimed on a lease bonus and no income is received as a result of non-producing properties, upon expiration of the lease, such depletion must be restored. A complete schedule by property must be furnished.

AGRICULTURAL COMMODITY PROCESSING FACILITY EXCLUSION...
Owners of agricultural commodity processing facilities may exclude 15% of their investment in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Attach a separate schedule showing the type of investment(s), the date placed in service, the cost, the total exclusion and the exclusion available for each partner. Do not include this exclusion in the Oklahoma distributive income, each partner shall report their allowable share of the exclusion on the designated line of their individual return.
