

Dear Mr. Powell

The Oklahoma Tax Commission has the city limits different than we do here. If you look at the two maps I am sending and let me know which one is correct or if neither is correct. We need to get this resolved so I can get my mapping right. If my map is correct would you write on the map something like this the correct city limits of Breckenridge and sign the as the mayor of Breckenridge. To change the street names with the Oklahoma tax commission just write out what they were and what they are now and sign the paper as the mayor of Breckenridge. If you have any question please call me at 237-0220.

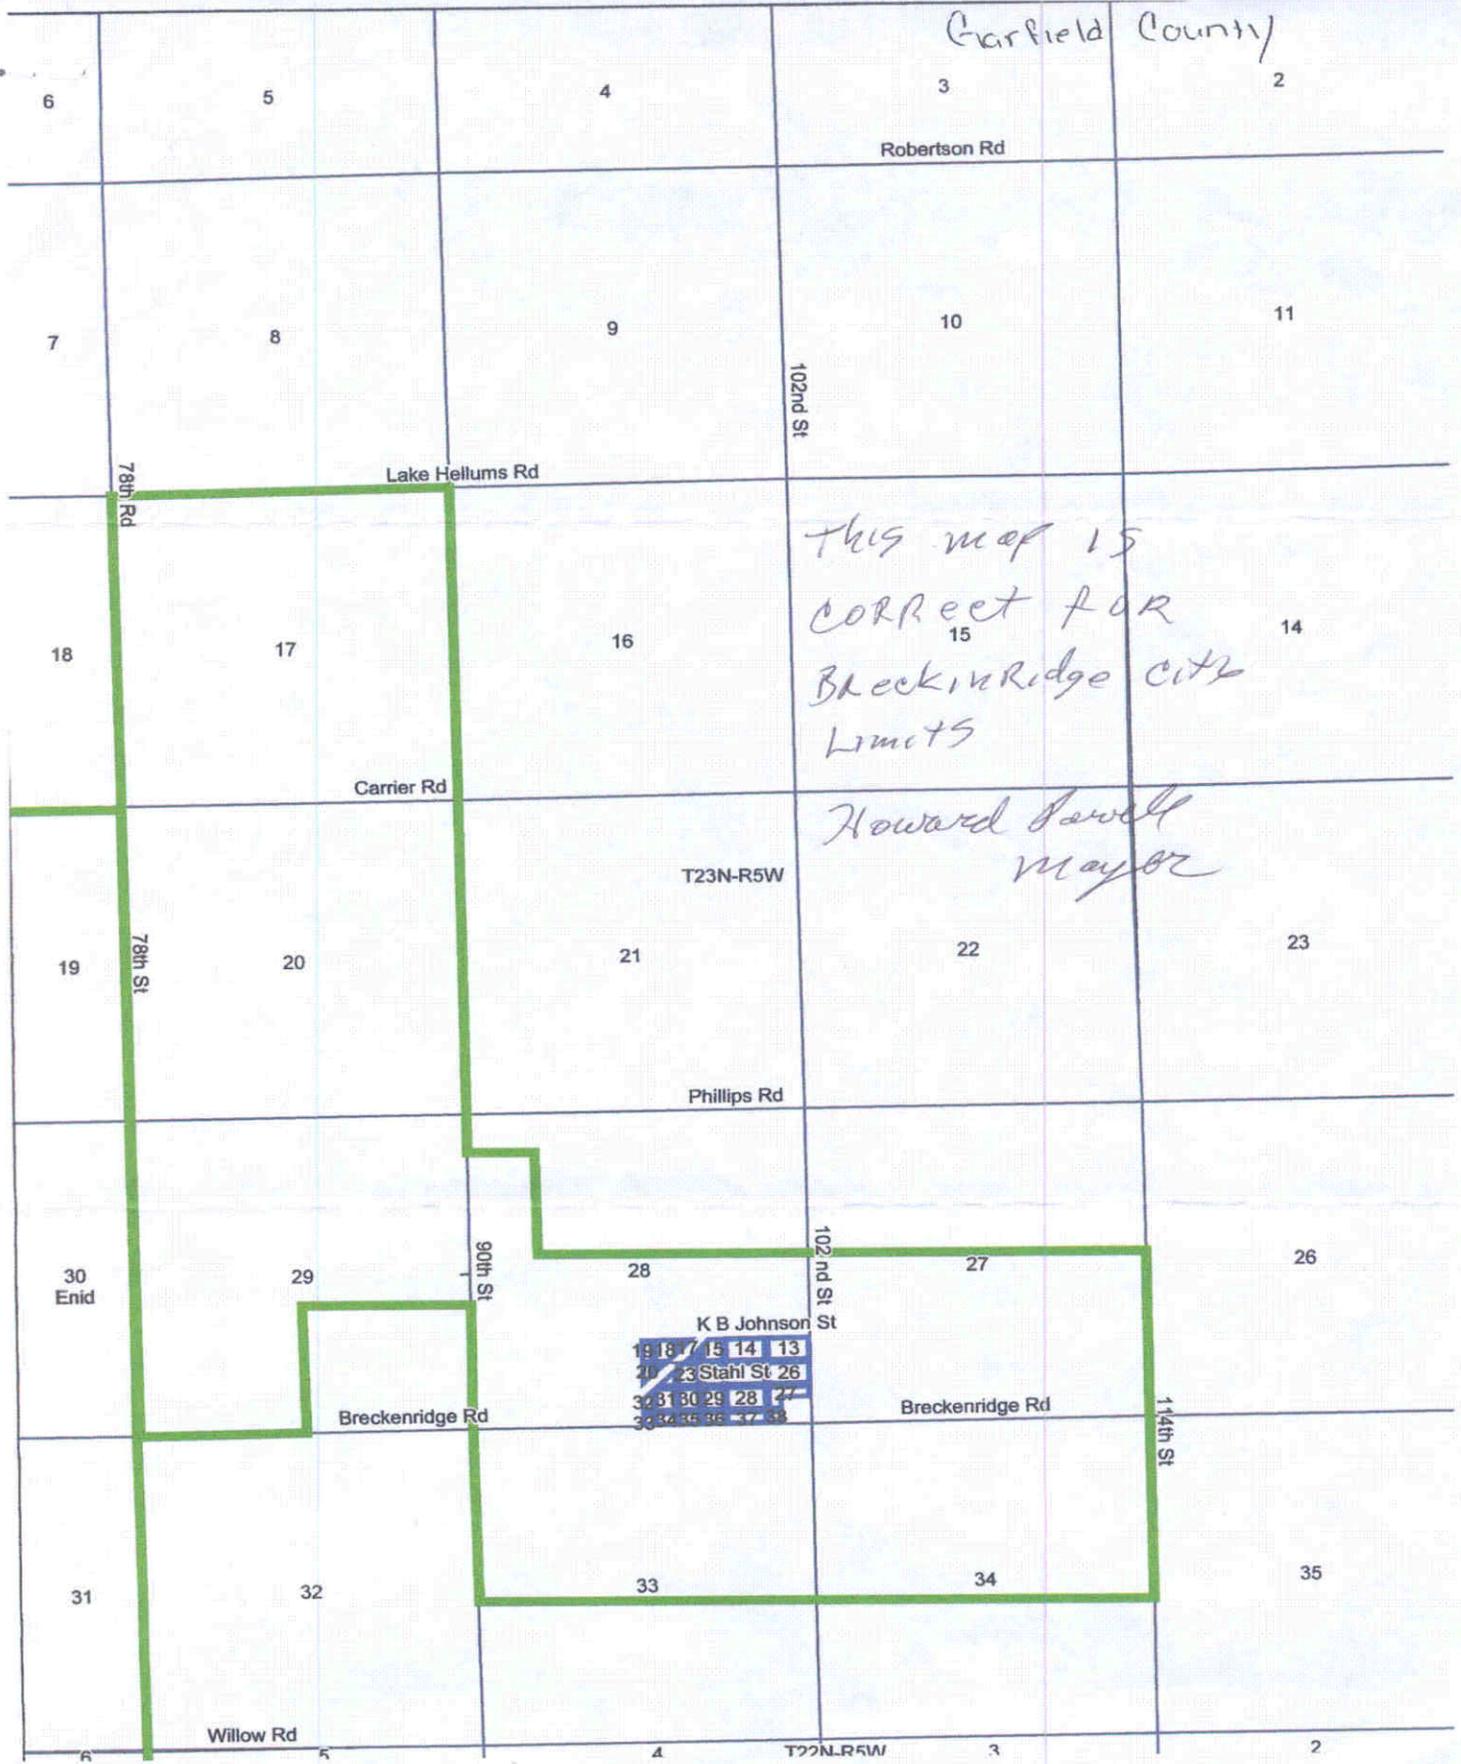

Thank you,

Darla
