### **PART 7. CREDITS AGAINST TAX**

**710:50-15-74. Credit for investment/new jobs**

(a) **For tax years 1981 through 1987.** For tax years 1981 through 1987 the Oklahoma Investment/New Jobs Credit is allowed for Oklahoma Income Tax purposes only on investment in qualified depreciable property which directly results in a net increase in the number of employees engaged in manufacturing or processing in this state.

(b) **For 1988, and later years.** For 1988, and later years, the Oklahoma Investment/New Jobs Credit may be calculated on the investment or new employees when other qualifications are met. (See OTC Form 506).

(c) **Examples.** A company engaged in the process of cooking hamburgers for sale to the general public does not qualify for the Investment/New Jobs Credit. The Oklahoma Supreme Court determined, in the case **McDonald's Corp. vs. Oklahoma Tax Commission**, 563 P.2d 635 (Okla. 1977), that a company engaged in retail sales or a service organization (laundry, transportation, oil & gas production, drilling, restaurant, repair services, etc.) does not qualify for Oklahoma Investment/New Jobs Credit. [See: 68 O.S. §§ 2357.4, 2357.5]

(d) **"Processing" defined.** For purposes of this Section, "**processing**" means the preparation of tangible personal property for market. "Processing" begins when the form, context, or condition of the tangible personal property is changed with the intent of eventually transforming the property into a saleable product. "Processing" ends when the property being processed is in the form in which it is ultimately intended to be sold at retail. A business that has the majority of its emphasis on the retail side of business does not qualify as a processor or a manufacturer for purposes of this credit.

(e) **Leasing of employees by manufacturing or processing entity for purposes of the new jobs credit.** A company that engages in manufacturing or processing may still qualify for the Oklahoma New Jobs Credit pursuant to 68 O.S. § 2357.4 even though they lease their employees through an employee leasing company. The leased employees must still meet the requirements of 68 O.S. § 2357.4 for full-time equivalent employees and there must exist an employer-employee relationship between the leased employees and the employer who seeks the new jobs credit pursuant to 68 O.S. § 2357.4. Whether the employer-employee relationship exists between the employer manufacturing or processing entity and an employee who is leased will be determined on a case by case basis by considering the following factors:

- (1) The right of the employer to control the details of the employees work;
- (2) The employer furnishing the tools and the workplace;
- (3) The employee having taxes, worker's compensation and unemployment insurance funds withheld and the employer being liable for these items;
- (4) The employer's right to discharge the employee; and
- (5) The permanency of the employer-employee relationship.

(f) **Transfer of employees.** The transfer of employees to or from a leasing company cannot generate any additional credit, nor will any transfer of employees extend the period of time in which a current credit may be claimed.

(g) **Carryover.** Any credits allowed based on assets placed into service prior to January 1, 2000, or an increase in employment but not used may be carried over, in order, to each of the four (4) years following the year of qualification, and to the extent not used in those years, in order, to each of the fifteen (15) years following the initial five-year period. Credits allowed for assets placed into service after December 31, 1999, but not used may be carried over, in order, to each of the four (4) years following the year of qualification, and to the extent not used in those years, to any year following the initial five-year period.

(h) **Limitations.**

(1) No qualified establishment, nor its contractors or subcontractors, that has received or is receiving an incentive payment pursuant to Section 3601 et seq. of the Oklahoma Statutes, (Oklahoma Quality Jobs Program Act), Section 3901 et seq. of the Oklahoma Statutes, (Small Employer Quality Jobs Incentive Act) or Section 3911 et seq. of the Oklahoma Statutes (21<sup>st</sup> Century Quality Jobs Incentive Act) shall be eligible to receive the credit described in this Section in connection with the activity and establishment for which incentive payments have been, or are being received. Effective January 1, 2010, this limitation does not apply to the investment / new jobs credit earned under 68 O.S. § 2357.4 (which requires a \$40 million investment within a three (3) year time period). Further, the entity must pay an annualized wage which equals or exceeds the state average wage. The qualifying entity must also obtain a determination letter from the Oklahoma Department of Commerce that the business activity of the entity will result in a positive net benefit rate. [See: 68 O.S. §§ 3607, 3909 and 3919]

(2) Business entities that benefit from proceeds of obligations issued by the Oklahoma Development Finance Authority from the Economic Development Pool may not claim any investment tax credits during the period of time that withholding taxes attributable to the payroll of said entity are being paid to the Community Economic Development Pooled Finance Revolving Fund or in any manner used for the payment of principal, interest or other costs associated with any obligations issued by the Oklahoma Development Finance Authority pursuant to the provisions Oklahoma Community Economic Development Pooled Finance Act.

(3) Effective for tax years beginning on or after January 1, 2016 and ending on or before December 31, 2018, no more than Twenty-five Million Dollars (\$25,000,000.00) of credit may be allowed as an offset in a taxable year. The formula to be used for the percentage adjustment shall be Twenty-five Million Dollars (\$25,000,000.00) divided by the amount of credits used to offset tax in the second preceding year. [68 O.S. § 2357.4(L)] The Tax Commission shall determine the percentage which may be claimed as a credit no later than September 1 of each calendar year. Any credits carried over into or earned during the 2016, 2017, and 2018 tax years but which are not allowed to be offset against income tax due to the application of the Twenty-five Million Dollar (\$25,000,000.00) cap may be carried over as outlined in subsection (g) and will be available to offset income tax in subsequent tax years.

(i) **Tax credit moratorium.**

(1) Credits based on assets placed in service or jobs created prior to July 1, 2010 are not affected by the tax credit moratorium and may be claimed as provided under 68 O.S. § 2357.4.

(2) No credit may be claimed for assets placed in service or new jobs created on or after July 1, 2010 through June 30, 2012. Credits generated during this time period are deferred, and may be claimed beginning with tax year 2012 returns, subject to the following limitations:

(A) Credits accrued during the period from July 1, 2010 through June 30, 2012, shall be limited to a period of two (2) taxable years.

(B) Only fifty percent (50%) of the total amount of the credit generated between July 1, 2010 and June 30, 2012 may be claimed each taxable year.

(C) Amended returns shall not be filed after July 1, 2012 to claim the credits generated between July 1, 2010 and June 30, 2012 for tax years prior to tax year 2012.

(3) For example, a calendar year taxpayer places qualifying assets of \$150,000.00 in service in August 2010 which generates \$1,500.00 of credit for investment/new jobs per tax year for a five (5) year period (tax year 2010 through 2014) for a total of \$7,500.00. This results in the taxpayer generating \$3,000.00 of tax credits between July 1, 2010 and June 30, 2012. The

taxpayer can initially claim \$1,500.00 in tax year 2012 and \$1,500.00 in tax year 2013 of credits generated during the moratorium. Taxpayer may also claim an additional \$1,500.00 of credits in both tax year 2012 and 2013. Final \$1,500.00 of credits can be claimed in tax year 2014.

**710:50-15-76. Oklahoma coal credits**

(a) **General provisions applicable to qualifying business entities purchasing Oklahoma-mined coal.** There shall be allowed a credit against the tax imposed by Sections 1803 and 2355 of Title 68 or Sections 624 and 628 of Title 36 of the Oklahoma Statutes for legal business entities purchasing Oklahoma-mined coal for qualifying purposes. In order to qualify for the Oklahoma Coal Credit, the business entity must either furnish water, heat, light, or power to the citizens or to the State of Oklahoma, or burn coal to generate heat, light, or power for use in manufacturing operations in Oklahoma. For the period July 1, 2006 through December 31, 2006 and for tax years beginning on or after January 1, 2007 and ending on or before December 31, 2021, the credit shall be Two Dollars and eighty-five cents (\$2.85) per ton of Oklahoma-mined coal purchased, except as provided in (h) of this Section.

However, to obtain the credit described in this paragraph, purchases must total at least Seven Hundred Fifty Thousand (750,000) tons of Oklahoma-mined coal in the tax year for which credit is sought.

(1) **Basic credit.** For tax years beginning on or after January 1, 2001 and ending on or before December 31, 2005, and for the period beginning January 1, 2006 through June 30, 2006, the credit shall be Ninety-five Cents (\$0.95) per ton and for the period of July 1, 2006 through December 31, 2006, and for tax years beginning on or after January 1, 2007 and ending on or before December 31, 2021, the credit shall be Five Dollars (\$5.00) for each ton of coal mined, produced, or extracted in, on, under, or through a permit in this state, except as provided in (h) of this Section.

(2) **Additional credit for thin seam coal.** For tax years beginning on or after January 1, 2001 and ending on or before December 31, 2005, and for the period of January 1, 2006 through June 30, 2006, there shall be allowed, in addition to that described in (1) of this subsection, a **supplemental** credit in the amount of Ninety-five Cents (\$0.95) per ton of coal mined, produced, or extracted from **thin seams** in this state, **so long as** the purchaser of the thin seam coal purchases less than Seven Hundred Fifty Thousand (750,000) tons of Oklahoma coal per year.

(3) **Extended credit for thin seam coal.** For tax years beginning on or after January 1, 2005 and ending on or before December 31, 2005, for the period of January 1, 2006, through June 30, 2006, there shall be allowed, in addition to that described in (1) and (2) of this subsection, a **supplemental** credit in the amount of Ninety-five Cents (\$0.95) per ton of coal mined, produced, or extracted from **thin seams** in this state on or after July 1, 2005.

(c) **Transferability.** The coal credits allowed, but not used, shall be freely transferable by written agreement to subsequent transferees, at any time during the five (5) years following the year of qualification.

(1) **"Eligible transferee" defined.** For purposes of this subsection, an **"eligible transferee"** means *any taxpayer subject to the tax imposed by Section 1803 or 2355 of Title 68 or Section 624 or 628 of Title 36 of the Oklahoma Statutes.* [See: 68 O.S. § 2357.11(H)] Pursuant to the statutory definition, an "eligible transferee" taxpayer may be an individual, as well as a legal business entity.

(2) **Written transfer agreement requirements.** The business entity which originally earned the credit and the subsequent transferee must jointly file a copy of the written transfer agreement with the Commission, within thirty (30) days of the transfer. In no event shall the credit reduce the tax below zero, and as such, this credit is non-refundable. Coal credits shall not be used to lower the price of any Oklahoma-mined coal sold that is produced by a subsidiary of the person receiving a tax credit under this section to other buyers of the Oklahoma-mined coal.

(e) **Carryover provisions.** Any coal credit earned prior to January 1, 2014, to the extent not used, may be carried over in order to each of the five (5) years following the year of qualification. The total amount of credits refunded or allocated shall not exceed the amount of the credit or refund to which the pass-through entity is entitled.

(g) **Tax credit moratorium.** No credit may be claimed for coal purchased, mined, produced or

extracted during the period of July 1, 2010 through June 30, 2012, for which the credit would otherwise be allowable. This credit may be claimed for tax year 2012 and subsequent tax years, for Oklahoma-mined coal for qualifying purposes purchased, mined, produced or extracted on or after July 1, 2012.

**(h) Tax credit limitation.** For any credits calculated pursuant to (a)(1) or (a)(2), or (b)(1) of this Section for activities occurring on or after January 1, 2016, the amount of credit allowed shall be equal to seventy-five percent (75%) of the amount otherwise provided. [68 O.S. § 2357.11(N)]

Effective for tax year 2016 and subsequent tax years, if the credit exceeds the tax imposed by Section 2355 of Title 68, the excess amount shall not be refunded to the taxpayer, nor shall any amount be carried forward to a subsequent tax year. The Oklahoma Earned Income Tax Credit may not be paid in advance and must be claimed on the individual income tax return when filed.

(2) When the Federal Adjusted Gross Income is negative and is equal to or less than the Oklahoma Adjusted Gross Income, the ratio will be 100%. (For example: Oklahoma Adjusted Gross Income is negative \$500 and the Federal Adjusted Gross Income is negative \$1,000 the ratio is 100%).

#### **710:50-15-103. Credit for qualified railroad reconstruction or replacement expenditures**

(a) **General provisions.** For tax years beginning after ~~12/31/05~~ December 31, 2005 there is a credit allowed against the tax imposed by Section 2355 of Title 68 equal to 50% of an eligible taxpayer's qualified railroad reconstruction or replacement expenditures.
