Dear Mr. Frazier,

Enclosed is our corrected map and the corrections are listed below. If you have any questions, please call me.

1. Please add Jennifer St. running north & south. We just continued it on around the corner from Jennifer St. running east & west.
2. Please show Arrowhead Lane continuing right back to the west and then turning south connecting back with Kay Busey Parkway. All of this area is inside city limits.
3. Please label Kay Busey Parkway as the road that heads east off N. Main St. to the lake.
4. Please square off the west boundary by N. Arkansas St.
5. Please label the road running north & south at the east edge of town N. Haskell Rd. and S. Haskell Rd.
6. Please show city limits ending on the west side of N. Haskell Rd. Residents on the east side are not inside city limits.
7. Please change W. D St. and E. D St. to W. Lindsey and E. Lindsey.
8. Please move the last block of W. G St. further north. This does not go through the entire three blocks. The last block juts back to the north and then continues west.
9. The original plat of Elmore City does show a South St., but it is nowhere to be found. There is no South St. in the current layout of the town.

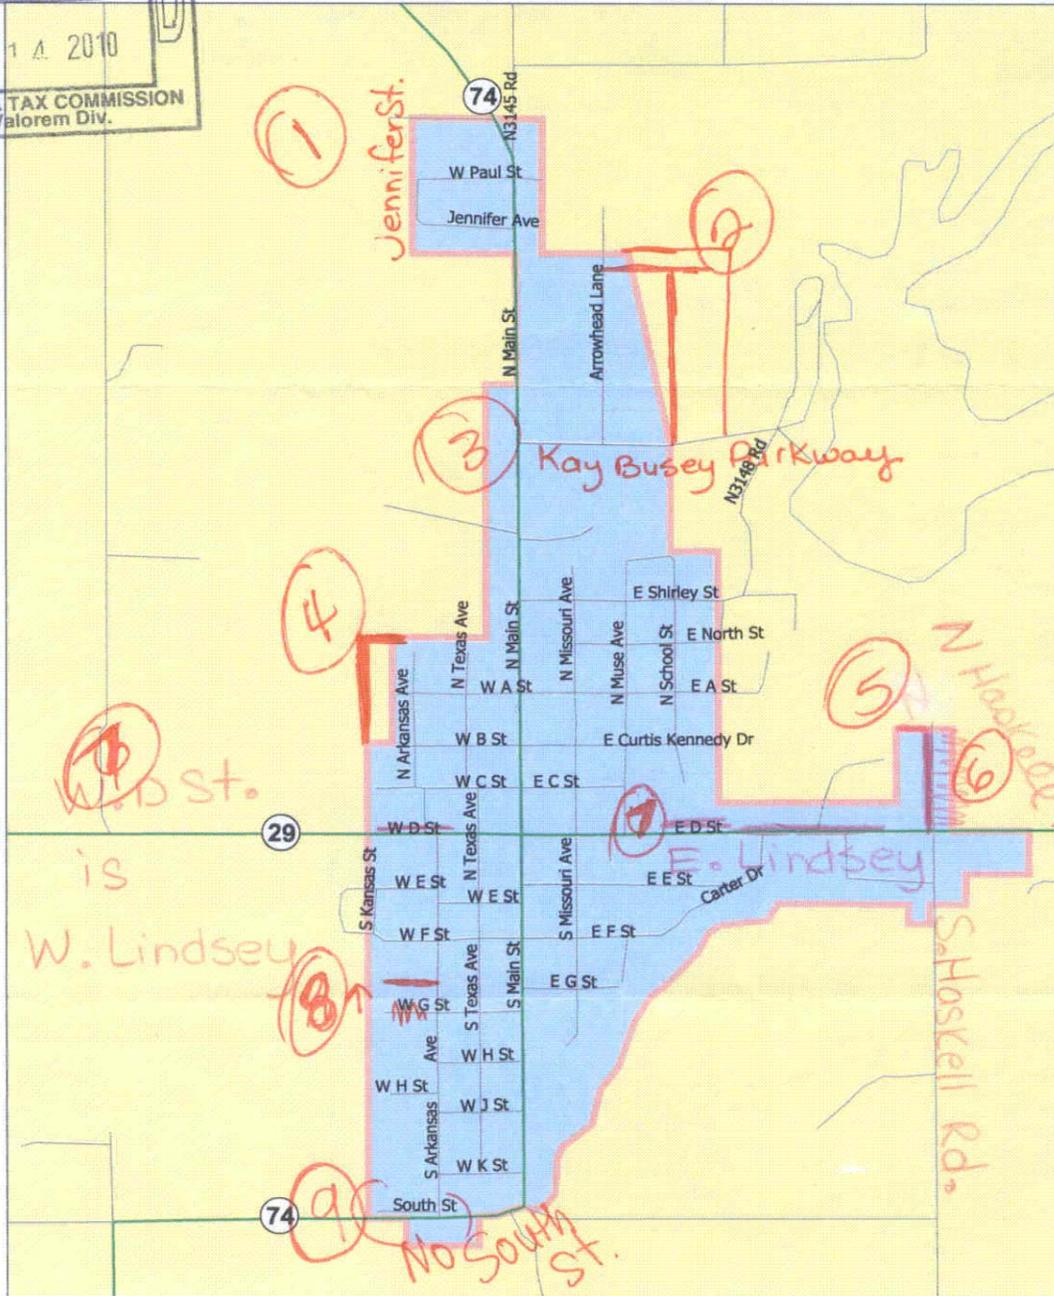

Sincerely,

A handwritten signature in blue ink that reads "Lisa Rollings".
