General Instructions

WHO MUST MAKE ESTIMATED PAYMENTS

You must make equal* quarterly estimated tax payments if you can reasonably expect your tax liability to exceed your withholding by \$500 or more and you expect your withholding to be less than the smaller of:

1. 70% of your current year's tax liability, or
2. the tax liability shown on your return for the preceding taxable year of 12 months.

Estates and farmers are not required to make estimated tax payments. A farmer is an individual who derives at least two-thirds of his/her gross income for the current year or the previous year from farming activities.

* If you receive income unevenly throughout the year (e.g. you operate your business on a seasonal basis), you may be able to lower or eliminate the amount on your required estimated tax payment for one or more periods by using the annualized income installment method. See Form OW-8-ES-SUP for details. Form OW-8-ES-SUP may be downloaded at www.tax.ok.gov.

WHEN TO FILE AND PAY

A declaration of estimated tax should be filed and the first installment paid by April 15th for calendar year taxpayers. Other installments for calendar year taxpayers should be paid by the due dates shown below.

INTEREST FOR UNDERPAYMENT

In general, you will owe underpayment of estimated tax interest if your tax liability exceeds your withholding by \$500 or more and your timely paid quarterly estimated tax payments and withholding are not at least 70% of your current year tax liability or 100% of your prior year tax liability. The tax liability is the tax due less all credits except amounts paid on withholding, estimated tax and extension payments. The amount of underpayment of estimated tax interest is computed at a rate of 20% per annum for the period of underpayment. Note: No underpayment of estimated tax interest shall be imposed if the tax shown on the return is less than \$1000. For additional information see 68 O.S. Sec. 2385.7-2385.13 or call the Tax Commission's Taxpayer Assistance Division at (405) 521-3160.
