[Authority: 68 O.S. §203]

[Source: Codified 12-30-91]

SUBCHAPTER 1. GENERAL PROVISIONS

710:65-1-1. Purpose

The provisions of this Chapter have been promulgated for the purpose of compliance with the Oklahoma Administrative Procedures Act, 75 O.S. §§250.1 et seq, and to facilitate the administration, enforcement, and collection of taxes under the Oklahoma Sales and Use Tax Codes. (68 O.S. §§1351 et seq.; 68 O.S. §§1401 et seq.)

710:65-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Business" means any activity with the potential to generate a profit even if the business actually operates at a loss. This category also includes non-profit, religious and other organizations and persons who are otherwise exempt when they are conducting activities for a profit in competition with other businesses.

"Bundled Transaction" means the retail sale of two or more products, except real property and services to real property, where the products are otherwise distinct and identifiable, and the products are sold for one nonitemized price. A **"bundled transaction"** does not include the sale of any products in which the sales price varies, or is negotiable, based on the selection by the purchaser of the products included in the transaction. As used in this paragraph:

(A) **"distinct and identifiable products"** does not include:

- (i) packaging such as containers, boxes, sacks, bags, and bottles, or other materials such as wrapping, labels, tags, and instruction guides, that accompany the retail sale of the products and are incidental or immaterial to the retail sale thereof, including but not limited to, grocery sacks, shoeboxes, dry cleaning garment bags and express delivery envelopes and boxes;
- (ii) a product provided free of charge with the required purchase of another product. A product is provided free of charge if the sales price of the product purchased does not vary depending on the inclusion of the product provided free of charge, or
- (iii) items included in the definition of gross receipts or sales price, pursuant to this Section

(B) **"one nonitemized price"** does not include a price that is separately identified by product on binding sales or other supporting sales-related documentation made available to the customer in paper or electronic form including, but not limited to an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or price list,

(C) A transaction that otherwise meets the definition of a **bundled transaction** shall not be considered a **bundled transaction** if it is:

- (i) the retail sale of tangible personal property and a service where the tangible personal property is essential to the use of the service, and is provided exclusively in connection with the service, and the true object of the transaction is the service;
- (ii) the retail sale of services where one service is provided that is essential to the use

or receipt of a second service and the first service is provided exclusively in connection with the second service and the true object of the transaction is the second service;

(iii) a transaction that includes taxable products and nontaxable products and the purchase price or sales price of the taxable products is de minimis. For purposes of this section, "de minimis" means the seller's purchase price or sales price of taxable products is ten percent (10%) or less of the total purchase price or sales price of the bundled products. Sellers shall use either the purchase price or the sales price of the products to determine if the taxable products are de minimis. Sellers may not use a combination of the purchase price and sales price of the products to determine if the taxable products are de minimis. Sellers shall use the full term of a service contract to determine if the taxable products are de minimis; or

(iv) the retail sale of exempt tangible personal property and taxable tangible personal property where:

(I) the transaction includes food and food ingredients, drugs, durable medical equipment, mobility enhancing equipment, over-the-counter drugs, prosthetic devices or medical supplies, and

(II) the seller's purchase price or sales price of the taxable tangible personal property is fifty percent (50%) or less of the total purchase price or sales price of the bundled tangible personal property. Sellers may not use a combination of the purchase price and sales price of the tangible personal property when making the fifty percent (50%) determination for a transaction.

"Consumer" or **"user"** means a person to whom a taxable sale of tangible personal property is made or for whom a taxable service is performed.

"Consideration" means and includes, but is not limited to:

(A) The price arrived at between purchaser and vendor.

(B) Any additional bona fide charges added to or included in such price for preparation, fabrication, alteration, modification, finishing, completion, delivery, or other services performed in respect to or labor charges for work done with respect to such property prior to transfer.

(C) No deduction from gross receipts is permitted for services performed or work done on behalf of the vendor prior to transfer of such tangible personal property. [See: 68 O.S. § 1352(11)]

"Delivery charges" means charges by the seller of personal property or services for preparation and delivery to a location designated by the purchaser of personal property or services including, but not limited to, transportation, shipping, postage, handling, crating, and packing. **"Delivery charges"** does not include charges for the delivery of **"direct mail"** if the charges are separately-stated on an invoice or similar billing document given to the purchaser.

"Gross receipts", "gross proceeds", or "sales price" means the total amount of consideration including cash, credit, property, and services, for which personal property or services are sold, leased, or rented; valued in money, whether received in money or otherwise, without any deduction for the following:

(A) The seller's cost of the property sold;

(B) The cost of materials used, labor, or service cost;

(C) Interest, losses, all costs of transportation to the seller, all taxes imposed on the seller,

and any other expense of the seller;

(F) *Credit for any trade-in.*

(A) *Discounts, including cash, term, or coupons that are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale;*

(B) *Interest, financing, and carrying charges from credit extended on the sale of personal property or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the purchaser; or*

(C) *Any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the purchaser. [68 O.S.Supp.2003, § 1352(11)]*

"Gross receipts", "gross proceeds", or "sales price" shall include consideration received by the seller from third parties if:

(A) *The seller actually receives consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;*

(B) *The seller has an obligation to pass the price reduction or discount through to the purchaser;*

(C) *The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchase; and*

(D) *One of the following criteria is met:*

(i) *The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;*

(ii) *The purchaser identifies himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount; provided, a "preferred customer" card that is available to any patron does not constitute membership in such a group; or*

(iii) *The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.*

"Lease or rental" means any transfer of possession or control of tangible personal property for a fixed or indeterminate term for consideration. A lease or rental may include future options to purchase or extend.

(A) **"Lease or rental"** does not include:

(i) A transfer of possession or control of property under a security agreement or deferred payment plan that requires the transfer of title upon completion of the required payments;

(ii) A transfer of possession or control of property under an agreement that requires the transfer of title upon completion of required payments and payment of an option price does not exceed the greater of One Hundred Dollars or one (1) percent of the total required

payments; or

(iii) Providing tangible personal property along with an operator for a fixed or indeterminate period of time. A condition of this exclusion is that the operator is necessary for the equipment to perform as designed. For the purpose of this unit, an operator must do more than maintain, inspect, or set-up the tangible personal property.

(B) **"Lease or rental"** does include agreements covering motor vehicles and trailers where the amount of consideration may be increased or decreased by reference to the amount realized upon sale or disposition of the property as defined by 26 U.S.C. § 7701(h)(1).

(C) This definition shall be used for sales and use tax purposes if a transaction is characterized as a lease or rental under generally accepted accounting principles, the Internal Revenue Code, the Oklahoma Uniform Commercial Code (12A O.S. § 1-101 et seq.), or other provisions of federal, state, or local law.

"Retail sale" means any sale, lease, or rental for any purpose other than for resale, sublease, or subrent.

"Sale" means *the transfer of either title or possession of tangible personal property for a valuable consideration regardless of the manner, method, instrumentality, or device by which the transfer is accomplished in this state.* All consideration received for the sale is included in gross receipts subject to tax.

(A) **"Sale"** does include but is not limited to:

(i) *The exchange, barter, lease, or rental of tangible personal property resulting in the transfer of the title to or possession of the property;*

(ii) *The disposition for consumption or use in any business or by any person of all goods, wares, merchandise, or property which has been purchased for resale, manufacturing, or further processing;*

(v) *Any use of motor fuel or diesel fuel by a supplier, as defined in Section 500.3 of this title, upon which sales tax has not previously been paid, for purposes other than to propel motor vehicles over the public highways of this state. Motor fuel or diesel fuel purchased outside the state and used for purposes other than to propel motor vehicles over the public highways of this state shall not constitute a sale within the meaning of this paragraph.*

(B) **"Sale"** does not include sale and leaseback.

"Sales tax" means all applicable state, city and county sales tax.

"Sales value" means:

(A) In the case of a manufacturer, the sum of the manufacturer's cost of raw materials and the proportionate share of both the cost of machinery and equipment used and the cost of items consumed in the direct process of the manufacturing of the product, all of which were purchased exempt from sales tax for use in the process of manufacturing; or

(B) In the case of a person holding a mixed beverage tax permit or other permit issued in accordance with 37 O.S. § 577, the total retail sales price for sales of alcoholic beverages only, calculated pursuant to OAC 710:20-5-4; or

(C) In the case of sales of prepared food, the sales value of a free, reduced price, or complimentary meal is presumed to be the greater of the consideration received for the meal, if any, or the cost paid by the vendor of the food for the food items included in the free, reduced price, or complimentary meal; or

(D) In the case where an inventory of goods, originally purchased exempt for resale, is being held for rental or leasing purposes, the regular rental charges which would be charged to the vendor's best customer, if the goods are to be returned to inventory. Where the goods are not to be returned to inventory held for rental or leasing purposes, the lesser of the original purchase price of the goods, or the current market price will be presumed to be the sales value; or

(E) Otherwise, "**sales value**" means the larger of either the vendor's cost at the time the exempt purchase of goods was made, or the price at which it would be sold to the vendor's best customer in the ordinary course of business.

"Tangible personal property" means *personal property that can be seen, weighed, measured, felt, or touched or that is in any other manner perceptible to the senses. For purposes of the Oklahoma Sales Tax Code, "tangible personal property" includes electricity, water, gas, steam and prewritten computer software.* [68 O.S.Supp.2003, § 1352(23)] The term does not include real property, such as land and buildings, tangible personal property that loses its identity when it becomes an integral and inseparable part of the realty, or tangible personal property which is removable only with substantial damage to the premises. Property severed from real estate becomes tangible personal property. **"Tangible personal property"** does not include intangible personal property constituting mere rights of action and having no intrinsic value, such as contracts, deeds, mortgages, stocks, bonds, certificates of deposit, or uncanceled United States postage or revenue stamps sold for postage or revenue purposes. [See: 68 O.S. § 1352; 68 O.S. § 1354; See Also: 60 O.S. §§ 7,8]

"Tax" means all state, applicable city and applicable county tax.

"Use tax" means all applicable state and city use tax.

"User" or **"consumer"** means a person to whom a taxable sale of tangible personal property is made or for whom a taxable service is performed.

710:65-1-3. Computation of sales and use taxes to be collected and remitted

(a) **Determination of tax rate.** To determine the amount of tax to be collected and remitted, the gross receipts or gross proceeds of each sale is to be multiplied by the applicable percentage. The *applicable percentage shall equal the combination of the state and any applicable municipal and county sales tax rates.*

(b) **Computation of tax.** *In computing the tax to be collected or remitted as the result of any transaction, the tax amount must be carried to the third decimal place when the tax amount is expressed in dollars. The tax must be rounded to a whole cent using a method that rounds up to the next cent whenever the third decimal place is greater than four. The vendor or direct payment permit holder may elect to compute the tax due on transactions on an item or invoice basis.* [See: 68 O.S.Supp.2003, § 1362(B)]

710:65-1-4. Presumption of taxability

(a) **Sales tax.** For the purpose of proper administration of the provisions of the sales and use tax laws, it is presumed that all gross receipts are subject to tax until they are shown to be tax exempt. The burden of proving that a sale of tangible personal property or enumerated service is an exempt sale is upon the vendor.

(b) **Use tax.** For consumer use tax purposes, it is presumed that tangible personal property sold, leased or rented by any person for delivery in this state is sold, leased or rented for storage, use or other consumption in this state. The burden of proving the contrary is on the purchaser. [See: 68 O.S. §1365]

710:65-1-5. Unlawful to advertise that sales tax will be absorbed

Oklahoma Statutes, prohibits any retailer to advertise or hold out or state to the public or to any customer, either directly or indirectly, that the sales tax imposed under Oklahoma Statutes, will be absorbed or assumed by such retailer, or that such tax will be paid by the vendor for the consumer or user. [See: 68 O.S. §1361(D)]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94]

710:65-1-6. "Tax-included" prices

(a) Certain vendors, in an effort to arrive at a sum for the tangible personal property being sold which may be conveniently handled as cash, have calculated the price of the property and collected a "**tax-included**" amount. In some cases the vendor has made signs, price lists, etc. on the premises advising that the prices include tax; in others no apparent mention of taxes has been made to the public.

(b) Although certainly desirable from an accounting and auditing standpoint, neither the statutes nor Commission rules require a vendor to state the sale price separately from the applicable tax. 68 O.S. 1361(B) provides that sales tax shall be added to the sales price, "*and when added such tax shall constitute a part of such price.*" Under present law, taxes collected as part of a tax-included price, if so charged and collected, may be "backed out" of the total receipts to arrive at the amount of gross receipts or gross proceeds subject to tax. [68 O.S. §1361(B)]

(c) Whether the vendor added and collected the tax or whether the vendor truly failed to collect any tax at all, is always a fact to be determined. Such factual determination must be made in light of all circumstances, documents, records and information available. No single factor will be relied on to the exclusion of other evidence. As always in tax matters, the burden of proving that the tax was added and collected is on the vendor. The vendor must keep sufficient documentary evidence, i.e. books, records, price lists, signs, to sustain this burden.

710:65-1-7. Consumer/user defined; specific applications

"**Consumer**" or "**user**" means a person to whom a taxable sale of tangible personal property is made or for whom a taxable service is performed.

(1) **Hospitals, sanitariums, nursing homes and emergency medical care.** Hospitals and

sanitariums are primarily engaged in the business of selling services, and for the purposes of the Sales Tax Code are considered to be the consumers or users of all tangible personal property and services used in the operation of the institution. Thus, the gross proceeds derived from sales of tangible personal property and certain services to such institutions are subject to tax. This paragraph applies to all hospitals, sanitariums and nursing homes, including those owned or operated by churches, fraternities, cooperatives, or any other organization, except those operated by the Federal Government, the State, or a political subdivision thereof.

(2) **Withdrawals from stock.** If any business purchases tangible personal property for resale, manufacturing or further processing and that business withdraws tangible personal property, either from its inventory or after such inventory has been manufactured or processed for its own use or consumption, that business has made a taxable sale and the value of the property withdrawn is taxable at its "**sales value**", as defined in OAC 710:65-1-2. The business withdrawing tangible personal property from inventory should include the "**sales value**" of such property in gross receipts or gross proceeds on its sales tax report for the month the property was withdrawn.

(3) **Contractors.** Contractors are consumers or users, and must pay sales tax on all taxable services and tangible personal property, including materials, supplies, and equipment, purchased to develop and improve real property. Examples of contractors subject to this paragraph are: painting contractors, road contractors, grading and excavating contractors, electrical contractors, plumbing contractors, and other persons engaged in a contractual arrangement to make improvements on real property. A person working for a salary or wage is not considered a contractor. The Sales Tax Code limits the ability of contractors to make purchases exempt from sales tax based on the exempt status of another entity to the following situations: [See: 710:65-7-6 and 710:65-7-13]

(A) A contractor who has a public contract, or a subcontractor to that public contract, with an Oklahoma municipality, county, public school district, an institution of the Oklahoma System of Higher Education, a rural water district, the Grand River Dam Authority, the Northeast Oklahoma Public Facilities Authority, the Oklahoma Municipal Power Authority, the City of Tulsa-Rogers County Port Authority, the Broken Bow Economic Development Authority, the Muskogee City-County Port Authority, the Oklahoma Ordnance Works Authority, the Durant Industrial Authority, the Ardmore Development Authority, the Oklahoma Department of Veterans Affairs, the Central Oklahoma Master Conservancy District, or Department of Central Services only when carrying out a public construction contract on behalf of the Oklahoma Department of Veterans Affairs may make purchases of tangible personal property or services, which are necessary for carrying out the public contract, exempt from sales tax.

(B) A contractor who has entered into a contract with a private institution of higher education or with a private elementary or secondary institution, may make purchases of tangible personal property or services, including materials, supplies and equipment used in the construction of buildings owned and used by the institution for educational purposes exempt from sales tax.

(C) A contractor who has contracted with an agricultural permit holder to construct a facility which will be used directly in the production of any livestock, including facilities used in the production and storage of feed for livestock owned by the agricultural permit

holder, may make purchases of materials, supplies and equipment necessary to fulfill the contract, exempt from sales tax.

(D) A contractor may make purchases of materials, supplies and equipment necessary to fulfill a contract, exempt from sales tax, for use on campus construction projects for the benefit of institutions of the Oklahoma State System of Higher Education or private institutions of higher education accredited by the Oklahoma State Regents for Higher Education. The projects must be financed by or through the use of nonprofit entities which are exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code.

(E) A contractor may make purchases of machinery, equipment, fuels, and chemicals or other materials, exempt from sales tax, which will be incorporated into and directly used or consumed in the process of treatment of hazardous waste, pursuant to OAC 710:65-13-80. Contractors claiming exemption for purchases to be used to remediate hazardous wastes should obtain a letter certifying the exemption status from the Tax Commission by following the procedures set out in 710:65-13-80, and provide a copy of the letter to vendors, pursuant to subsection (f) of that rule.

(F) A contractor, or a subcontractor to such contractor, with whom a church has duly entered into a construction contract may make purchases of tangible personal property or services exempt from sales tax which are necessary for carrying out such construction contract.

(G) A contractor, or a subcontractor to such contractor, may make purchases of tangible personal property which is to be *consumed or incorporated in the construction or expansion of a facility for a corporation organized under Section 437 et seq. of Title 18 of the Oklahoma Statutes as a rural electric cooperative* exempt from sales tax.

(H) A contractor, or a subcontractor to such contractor, may make purchases of tangible personal property or services pursuant to a contractual relationship with a child care center, qualified for exemption pursuant 68 O.S. § 1356(69), for construction and improvement of buildings and other structures owned by the child care center and operated for educational purposes exempt from sales tax.

(4) **Repairmen.** Repairmen are persons engaged in the business of repairing tangible personal property. Parts incidental to the repair service which are consumed/used in making repairs are taxable to the repairman as a consumer/user. [See: 68 O.S. § 1352]

710:65-1-8. Established place of business; maintaining a place of business

(a) "Established place of business" defined.

(1) An "established place of business" means a location at which:

(A) Any person regularly engages in, conducts, or operates a business:

(i) in a continuous manner,

(ii) for any length of time,

(iii) that is open to the public during hours customary for the type of business; and

(B) Merchandise for resale is maintained, and not exempted by law from attachment, execution, or other species of forced sale barring any satisfaction of any delinquent sales tax liability.

(2) A location used in conducting a hobby is not considered an "**established place of business**" even though occasional taxable sales are made from the location; i.e., a garage set up as a wood working shop. The occasional sales are taxable and are to be reported by the seller on a sales tax report as casual sales.

(b) "**Maintaining a place of business**" defined. "**Maintaining a place of business in this state**" means and includes the following:

(1) Having or maintaining in this state, directly or through subsidiary:

(A) an office (to include a home office),

(B) a distribution house,

(C) a sales house (such as a shop or store),

(D) a warehouse (could be in a home's garage), or

(E) any other physical place of business (a hot dog stand on wheels, a barbecue wagon parked on the roadside, or an ice cream truck travelling a route); or

(2) Having agents operating in this state such as salesmen, brokers, or wholesale buyers; or

(3) Whether the place of business, or agent is within this state temporarily (traveling salesman, buyers for out-of-state firms) or permanently (shop or store in a mall); or

(4) Whether the person is authorized to do business within this state.

Example: A broker, who is self-employed, operates his business from an office he has established in a spare bedroom of his home in this state. He does not have an "established place of business" but he does "maintain a place of business in this state." [See: 68 O.S. §§ 1352(9),(12); 1401(10)]

[Source: Amended at 21 Ok Reg 2581, eff 6-25-04]

710:65-1-9. Gross receipts, gross proceeds, and sales price

(a) **General provisions.** The gross proceeds, gross receipts, or sales price reported by the taxpayer must include the total receipts from all sources, including cash from sales, charge sales, credits, services, and property other than cash accepted as consideration. Sales tax reports are to be filed on an accrual accounting basis. Sales tax should be reported and remitted for the month that the sale is made regardless of whether payment is received, charged, deferred, or otherwise to be made in the future, and regardless of the time or manner of payment.

(b) **Scope of "gross receipts", "gross proceeds", or "sales price".** "*Gross receipts*", "*gross proceeds*", or "*sales price*" means the total amount of consideration, including cash, credit, property and services, for which personal property or services are sold, leased or rented, valued in money, whether received in money or otherwise, without any deduction for the following:

(1) *The seller's cost of the property sold;*

(2) *The cost of materials used, labor, or service cost;*

(3) *Interest, losses, all costs of transportation to the seller, all taxes imposed on the seller, and any other expense of the seller;*

(4) *Charges by the seller for any services necessary to complete the sale, other than delivery and installation charges;*

(5) *Delivery charges and installation charges, unless separately-stated on the invoice, billing, or similar document given to the purchaser; and,*

(6) -*Credit for any trade-in.*

(c) **Excluded items and transactions.** "**gross receipts**", "**gross proceeds**", or "**sales price**" shall not include:

(1) *Discounts, including cash, term, or coupons that are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale;*

(2) *Interest, financing, and carrying charges from credit extended on the sale of personal property or services, if the amount is separately-stated on the invoice, bill of sale, or similar document given to the purchaser; and,*

(3) *Any taxes legally imposed directly on the consumer that are separately-stated on the invoice, bill of sale, or similar document given to the purchaser. [68 O.S.Supp.2003, § 1352(11)]*

(d) "**Gross receipts**", "**gross proceeds**", or "**sales price**" shall include consideration received by the seller from third parties if:

(1) *The seller actually receives consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;*

(2) *The seller has an obligation to pass the price reduction or discount through to the purchaser;*

(3) *The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchaser; and*

(4) *One of the following criteria is met:*

(A) *The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;*

(B) *The purchaser identifies himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount; provided, a "preferred customer" card that is available to any patron does not constitute membership in such a group; or*

(C) *The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.*

(e) **Examples and illustrations.** Examples and illustrations of common situations and transactions are set out in this subsection, with information as to how gross receipts, gross proceeds, or sales price should be determined in each instance:

(1) **Trade-ins.** The value of trade-ins accepted by a taxpayer in lieu of money or other consideration may not be deducted from the gross proceeds.

(2) **Sales value.** The gross proceeds must also include the sales value, as defined in OAC 710:65-1-2, of any goods, wares, merchandise or property withdrawn or used from the established place of business or from the stock in trade.

(3) **Charge accounts.** Sales tax applies to credit sales at the time the sale is made, regardless of the time or manner in which payment is to be made. Sales tax is due upon transfer of title or possession regardless of method or time of payment.

(4) **Conditional sales.** The tax applies to conditional sales of tangible personal property and taxable services. The gross proceeds reported by the taxpayer must include all conditional sales made during the month for which the report is filed.

(5) **Coupons.** The procedure regarding the use of coupons used to purchase tangible personal property will be as follows:

(A) If the coupon is redeemable by a manufacturer or another third party, the original price of the item, before the allowance offered by the coupon, is subject to tax.

(B) If the coupon offering a reduced price is issued by the retailer, it is a method of promotion and the reduced price is subject to tax.

(C) The purchase of the right to receive specific manufacturer's coupons, which coupons can then be redeemed at a retailer when purchasing the item(s) described in the coupon, is not subject to sales tax.

710:65-1-10. Initial use of property

Any item purchased for use or consumption by the purchaser is subject to sales or use tax at the time of purchase, even though the item may be resold later in either its original or altered form. Any exempt purchase is taxable in full at the time the purchaser first uses the item for a nonexempt purpose. For example, a rental company purchases a tractor exempt from sales tax for the purpose of renting the tractor to another person. If the rental company at some point determines it will withdraw the tractor from its inventory of items held for rental, and instead, will use the tractor for its own use in providing services, the "**sales value**" of the tractor is taxable at that point. The rental company must report the "**sales value**" of the tractor as a withdrawal from inventory on Line Two (2) of the sales tax report filed for the period when the determination was made and remit the applicable sales tax.

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94; Amended at 15 Ok Reg 2827, eff 6-25-98]

710:65-1-11. Rentals and leases of tangible personal property

(a) **Rental or lease of tangible personal property taxable.** The gross receipts or gross proceeds derived from the rental or lease of tangible personal property are subject to sales tax.

(b) **"Rental" or "lease" defined.** "**Lease**" or "**rental**", as used in this Section, shall have the same meaning as set out in 710:65-1-2.

(c) **Computation of the tax.** The tax shall be computed on the gross amount without any allowance for service, laundering, cleaning, maintenance, insurance, property taxes, etc., whether paid by the lessor or lessee. However, if the rental or lease charge is based on the retail value of the property at the time of entering the lease agreement and the life expectancy of the property, and the rental charge is separately stated from the service in the bill or invoice delivered to the lessee, tax shall be due only on the rental amount.

(d) **Taxability of vendor payments for insurance and property taxes.** The tax must be computed on the gross amounts of any charges billed to the purchaser to reimburse the vendor for insurance premiums or for property taxes paid.

(e) **Taxability of charges for damage waivers.** An optional charge for a damage waiver or a similar instrument that acts as a waiver of the lessor's right to collect from the lessee for any damage to the property is not considered part of the gross lease or rental charge, if separately stated.

(f) **Payment of tax by a contractor or lessor on equipment subsequently leased or rented.** Payment of a sales or use tax by a contractor or other lessor on equipment purchased for his/her own

use and so used does not exempt subsequent rentals or leasing of the equipment from the sales tax.

(g) **Furnishing equipment with an operator.** The furnishing for a charge of equipment with an operator shall be considered a service and not subject to sales tax. Persons purchasing equipment for the purpose of furnishing said equipment with an operator must pay sales or use tax at the time the equipment is purchased.

(h) **Purchases by a vendor for renting or leasing.** Purchases by a vendor of tangible personal property for purposes of renting or leasing same are exempt from sales tax. If such equipment purchased exempt from taxation is rented with an operator or the vendor uses such equipment to perform a service, but the equipment remains in the rental inventory, the vendor should pay sales tax on the "**sales value**", pursuant to *OAC 710:65-1-2*.

(i) **Purchases of repair parts.** Purchases of repair parts made by a vendor who is engaged in renting or leasing tangible personal property, where the parts are to be incorporated into the tangible personal property subsequently rented or leased, are considered purchases for resale and may be purchased exempt from sales tax. Items such as oil, filters, and the like, which are purchased by the lessor, and are incorporated into the property transferred to the lessee, whether as part of the rental or lease agreement, or as separately billed items, are also included in the exemption described in this subsection.

(j) **Time of incidence of tax on leases.**

(1) A lease of tangible personal property is a series of transactions in time units defined by the agreement of the parties. Gross receipts generated therefrom are taxable at the rate in effect at the time the payment must be or is made. The initial obligation to pay becomes fixed upon the transfer of possession of the tangible personal property unless the agreement specifically sets forth another time. Subsequent obligations to pay become fixed either by the terms of the agreement, trade practices of the lessor, or practice in a course of dealing.

(2) A lease of tangible personal property normally imposes upon the lessee multiple obligations. Each of these obligations may be treated separately by the agreement. The incidence of taxation upon each payment under the agreement will be determined by the obligation for which payment is made and the time at which such obligation to pay in fact arose.

(3) Some obligations to pay arise by the execution of an agreement while other obligations arise by reason of the voluntary activities of the parties during the term of the agreement. For example, the lease of an automobile for a fixed period of months may give rise to an unconditional obligation to pay a minimum monthly amount and an additional obligation to pay for all miles driven in excess of a specified amount. SUBCHAPTER 3. REPORTS AND RETURNS; PAYMENTS AND PENALTIES; RECORDS

PART 1. GENERAL PROVISIONS

710:65-3-1. Reports, payments, and penalties

(a) **Monthly reporting.** Every vendor, except as noted in (b), (c) and (d) of this Section, shall file

with the Commission on or before the 20th day of each month, a report on forms to be obtained from the Commission, covering sales for the previous calendar month.

(b) **Semiannual reporting.** Any vendor who is classified as a Group Three vendor or whose total tax liability for any one (1) month does not exceed Fifty Dollars (\$50.00) must notify the Commission of its intent to file a Semiannual return and remittance in lieu of a monthly return and remittance, provided the vendor qualifies.

(1) **Qualification.** To qualify, the vendor must substantiate that the vendor is in business making sales incidental to that business, or is seasonal or transient, or makes sales through peddlers, solicitors or other salesmen without an established place of business. Otherwise, to qualify, filing records will have to substantiate the fact that the vendor's sales tax liability, for the past six (6) consecutive months immediately preceding the date of the application, has not exceeded Fifty Dollars (\$50.00) in any one month.

(2) **Commencement of semiannual reporting.** It should be clearly understood that semiannual filing should not be commenced until the Commission notifies taxpayer, in writing, that Commission records have been amended to reflect semiannual filing status. Failure to follow this procedure may result in taxpayer receiving assessments, adjustments, etc. for the months of February through June and August through December.

(3) **Semiannual reporting due dates.** When the application for semiannual filing has been approved, returns shall be filed on or before the 20th day of January and July of each year for the preceding six (6) months' period.

(4) **Revocation of authorization.**

(A) Conditions that could cause revocation of the authorization to report semiannually are:

(i) In the event that the vendor filing the return on a semiannual basis becomes delinquent in either the filing of the return or the payment of the taxes due thereon, or

(ii) In the event that the liability of a vendor, who has been authorized to file returns and to make payments on a semiannual basis, exceeds Fifty Dollars (\$50.00) in sales tax for any one month, or

(iii) In the event that the Commission determines that any semiannual filing or return or any payment of tax due thereon would unduly jeopardize the proper administration of the Oklahoma Sales Tax Law.

(B) If the Commission decides it is necessary to revoke the authorization to file semiannually in relation to any of the conditions in (A) of this paragraph, the taxpayer will be required to file returns and to pay the tax due on a monthly basis.

(c) **Semimonthly electronic reporting.** Persons owing an average of Two Thousand Five Hundred Dollars (\$2,500.00) or more, per month, in total sales taxes for the previous fiscal year shall remit the tax due and shall participate in the Tax Commission's electronic funds transfer and electronic data interchange program, according to the following schedule:

(1) For sales from the first (1st) day through the fifteenth (15th) day of each month, the tax shall be due and payable on the twentieth (20th) day of the month, and remitted to the Tax Commission by electronic funds transfer. A taxpayer will be considered to have complied with the requirements of this paragraph if, on or before the twentieth (20th) day of each month, the taxpayer paid at least ninety (90) percent of the liability for that fifteen-day period, or at least fifty (50) percent of the liability incurred during the immediate preceding calendar year for the same month; and

(2) *For sales from the sixteenth (16th) day through the end of each month, the tax shall be due*

and payable on the twentieth (20th) day of the following month, and remitted to the Tax Commission by electronic funds transfer; [See: 68 O.S. § 1365(D)(2)]

- (d) **Electronic reporting.** Beginning June 1, 2007, all new sales tax registrants required to report and remit sales tax shall file their monthly sales tax report in accordance with the Tax Commission's electronic funds transfer and electronic data interchange program unless the vendor receives an exception to the electronic filing requirement pursuant to OAC 710:65-3-4(c).
- (e) **Electronic reporting; due dates; delinquency dates.** Persons required to remit the tax due pursuant to subsection (c) and (d) shall file a monthly sales tax report in accordance with the Tax Commission's electronic data interchange program on the twentieth (20th) day of the month following that in which the sales occurred. Taxes not paid on or before the due dates specified in subsection (c) shall be delinquent from such dates.
- (f) **Payment.** Remittances covering the sales tax liability reported shall accompany the sales tax return. Sales taxes will be considered delinquent and interest as provided by law will be charged, if payment is not received or postmarked by the date the return is due.
- (g) **Interest.** Interest at the rate provided by law will be imposed on all liability not paid at the time when required to be paid. Said interest will be imposed and collected on the delinquent tax at the statutory rate from the date the tax is delinquent until paid.
- (h) **Audit; refund/credit for overpayment; assessment inclusive of interest due.** When, in the course of an audit, it is found that the tax being audited was overpaid for any period included in the audit, and the taxpayer has not filed a verified claim for refund of the overpayment, the overpayment may be allowed as a credit against the total liability established during the audit. The overpayment shall be applied to the liability as of the date of the overpayment. Whenever an assessment is made for any delinquent tax, the amount of interest due thereon at the time the assessment is made shall be included in the assessment.
- (i) **Liability for tax, penalty, interest; interest computation.** Any taxpayer responsible for the payment of any tax levied by any state tax law shall be liable for payment of interest at the rate set by statute on any amount of tax not paid before it becomes delinquent. Interest shall be computed for each day of delinquency from the date the tax becomes delinquent until it is paid.
- (j) **Penalty for failure to file and remit.** Penalties - A vendor who fails to file a return and remit the full amount of the tax within fifteen (15) days after the tax is due shall be subject to a penalty of ten (10) percent of the amount of tax due.
- (k) **Penalty for failure or refusal to file after demand.** In the case of failure or refusal to file within ten (10) days after written demand has been served upon the taxpayer by the Commission, a penalty of twenty-five (25) percent may be assessed and collected.
- (l) **Penalty for fraud.** If any portion of the deficiency is due to fraud with intent to evade tax, a penalty of fifty (50) percent shall be added, collected, and paid.
- (m) **Waiver of penalty; interest.** At the discretion of the Commission, the interest or penalty, or both, may be waived provided the taxpayer can demonstrate that the failure to pay the tax when due is satisfactorily explained, or that the failure resulted from a mistake by the taxpayer of either law or fact, or that the taxpayer is unable to pay the interest or penalty due to insolvency. Requests for waiver or remission must be made in writing and must include all pertinent facts to support the request. [See: 68 O.S. §§ 217, 1365, 1405]

710:65-3-2. Timely mailing treated as timely filing and paying

(a) Any report, claim, tax return, statement or other document required or authorized to be filed with or any payment made to the Commission, which document or payment is transmitted through the United States mail, will be deemed to have been filed with and received by the Commission on the date shown by the post office cancellation mark stamped upon the envelope or other appropriate wrapper containing it. If mailed but not received by the Commission, or if received but the cancellation mark is illegible, erroneous or omitted, or envelope unavailable, the document or payment will be deemed to have been filed on the date it was mailed if the sender establishes by competent evidence that the document or payment was deposited in the United States mail on or before the date due for filing. If the envelope or other wrapper bears a postmark made by a private postage meter in addition to a legible postmark made by the United States Postal Service, the postmark not made by the United States Postal Service shall be disregarded. In the event of the Commission's failure to receive a document or payment, the document or payment will be deemed to have been received by the Commission on time if the sender files with the Commission a duplicate within thirty (30) days after written notification is given to the sender by the Commission of its failure to receive such document or payment, provided proof is furnished that the original of the document was deposited in the United States mail on or before the date due for filing.

(b) If any report, claim, tax return, statement, remittance or other document is sent by United States registered mail, certified mail or certificate of mailing, a record authenticated by the United States Post Office of such registration, certificate or certificates shall be considered competent evidence that the report, claim, tax return, statement, remittance or other document was mailed, and the date of registration, certification or certificate shall be deemed to be the date of the postmark made by the United States Postal Service. [See: 710:1-3-30 through 710:1-3-32; 68 O.S. §1365]

710:65-3-3. Due date that falls on Saturday, Sunday or holiday

If a due date falls on Saturday, Sunday or a Holiday, such due date shall be considered to be the next business date. [See: 68 O.S. §1365]

710:65-3-4. Contents of monthly sales report

(a) **General provisions.** Every vendor shall file a monthly report for sales made the preceding month stating the name of the seller, address, telephone number, federal employer identification number (FEIN) or social security number (SSN), sales tax number as it appears on the sales tax permit of the business and the period (month and year) covered by the report. In addition, the report shall disclose the following:

- (1) Total gross receipts for the preceding month from sales, both taxable and non-taxable.
- (2) The "**sales value**" of all withdrawals from inventory of goods initially purchased exempt from sales tax, including all items withdrawn for gifts, donations, prizes or business or personal use. Included is the cost of all withdrawals from inventory of goods initially purchased on a tax deferred basis pursuant to a direct pay permit which are subsequently withdrawn for a taxable use.
- (3) Deductions allowed by law. Deductions not specifically delineated on the face of the return must be fully explained in the space provided.
- (4) The amount of tax due, including any city or county tax, or both, as described in (d) of this Section.

- (5) The balance of tax due less any remuneration earned, as described in (b) of this Section.
- (A) The return should show the amount of interest (if any) that is due.
- (B) The return should show the amount of penalty (if any) that is due.
- (6) Such other reasonable information as the Commission may require. [See: 68 O.S. §§1365, 1367]
- (b) **Remuneration.** When the sales tax report with all required information included is timely filed, the vendor may deduct the applicable remuneration as an allowance to reimburse the vendor for the expenses incurred in keeping records, preparing and filing reports, remitting tax to the Commission, etc. The remuneration may not be deducted and is not available to a vendor who files an incomplete report, files his report after the date of delinquency, or fails to make full payment on or before the due date.
- (1) If the vendor is participating in the Commission's electronic funds transfer and electronic data interchange program, the applicable remuneration is two and one-fourth (2¼) percent of the tax due.
- (2) For all other vendors, the remuneration allowed shall be one and one-fourth (1¼) percent of the tax due.
- (c) **Exception to the requirement to file electronically.** The vendor may apply in writing to the Business Tax Electronic Filing Coordinator, Oklahoma Tax Commission, P.O. Box 269057, Oklahoma City, OK, 73126-9057, for a determination that the vendor is unable to participate in the electronic funds transfer and electronic data interchange program, and if the application is approved, the vendor will be permitted to report on paper and to deduct the remuneration of two and one-fourth (2¼) percent.
- (1) To determine whether a vendor is "unable" to file electronically, the following guidelines shall be utilized:
- (A) The taxpayer does not have access to a computer or internet access at home or place of business; and,
- (B) The taxpayer does not use a tax preparer that has a computer or one that does not have internet access; and,
- (C) The taxpayer is unable to use the Telefile system.
- (2) Any exception to the electronic filing requirement will be granted for only twelve (12) months. At the end of the exception period the taxpayer's electronic filing capability may be reviewed.
- (3) An aggrieved taxpayer may protest the determination of the Commission as provided by 68 O.S. § 207 pursuant to *OAC* 710:1-5-21 through 710:1-5-48, the rules of practice and procedure before the Commission.
- (d) **Reporting for city and county taxes.**
- (1) The state tax is determined by applying the state rate to the amount of net taxable sales (all sales less deductions allowed by law).
- (2) The amount of city sales tax is determined by multiplying the amount of net taxable sales for each city by the rate for that city.
- (3) The amount of county sales tax is determined by multiplying the amount of net taxable sales for each county by the rate for that county.
- (e) **Excess tax collected.** If the vendor has collected, in the aggregate, an amount of sales tax from its customers, larger than the amount which would result from multiplying the taxable sales by the tax rate, whether due to the use of the bracket charts supplied by the Commission, the use of an

electronic cash register that rounds up the tax, or any other reason, the vendor is responsible for remitting the total tax collected. The statement "**Excess Tax Collected**" should be written on the face of the report, under the line captioned "**Total Due.**"

710:65-3-5. Signing of tax returns

The following shall apply to the signing of tax returns:

- (1) Returns must be signed by the president, vice president, secretary, treasurer, or other officer, or by the properly accredited agent, if the seller is a corporation.
- (2) The official title of the person signing a return shall be shown after his signature.
- (3) If the business is not a corporation but is individually owned, returns shall be signed by the owner of the business or by his duly authorized agent.
- (4) Individuals or employees who sign returns shall be deemed the authorized agent in the absence of documentation to the contrary.
- (5) If the business is owned by more than one person (partnership, joint stock company, etc.), but is not a corporation, returns shall be signed by an owner of the business or by a duly authorized agent. [See: 68 O.S. §1365(A)]

710:65-3-6. Verification of sales tax returns

Each return or notice required to be filed under the Sales Tax Code shall contain or be verified by a written declaration that it is made under the penalties of perjury. [See: 68 O.S. §1365]

710:65-3-7. Registrants must file a return for every reporting period

- (a) Vendors under the Sales Tax Code shall file a return for each reporting period, notwithstanding the fact that, during one or more of such reporting periods, the vendor did not receive any gross receipts rendering him liable for payment of sales tax. On the return for such a reporting period, the vendor should indicate that no gross receipts or proceeds were received and no tax is due for that reporting period.
- (b) Vendors under the Use Tax Code who hold direct payment permits shall file a return for each reporting period, despite the fact that the vendor may not have withdrawn any tangible personal property from an inventory purchased tax-deferred during the period reported.

710:65-3-8. Change in tax period

(a) A vendor wanting to report on other than the calendar period prescribed by statute must first obtain approval from the Commission. To obtain approval, the vendor must, in writing, notify the Commission of the days on which taxpayer's fiscal period will begin and end for the succeeding twenty-four (24) months. Once approval is obtained, the taxpayer must continue to notify the Commission of the days on which taxpayer's fiscal period begins and ends. Failure to notify the Commission of taxpayer's fiscal period ending date in advance of the fiscal period will result in taxpayer's approval to use a fiscal period in lieu of a calendar period being revoked. [See: 68 O.S. §1352(25)]

(b) *Once approved, the taxpayer is required to put the beginning and ending dates of the fiscal*

period on each report filed.

710:65-3-9. Final sales tax return when business is discontinued

A vendor who ceases doing business shall so indicate on the final sales tax report for the discontinued business, and surrender the sales tax permit to the Commission for cancellation, together with a remittance for any unpaid or accrued taxes. Reporting and remitting for the final business period shall be done in the manner prescribed and by the applicable date set out in 68 O.S. § 1365, or by the twentieth day of the month following the discontinuance of the business, whichever is earlier. [See: 68 O.S. §§ 1364, 1365]

710:65-3-10. Election to participate in electronic funds transfer and electronic data interchange programs

(a) In lieu of filing reports on the twentieth day of each month, as required by 710:65-1-3, tax remitters or taxpayers who agree to participate in the Tax Commission's electronic funds transfer and electronic data interchange programs may file as provided in this subsection.

(1) *For sales from the first (1st) day through the fifteenth (15th) day of each month, the tax shall be due and payable on the twentieth (20th) day of the month, and remitted to the Tax Commission by electronic funds transfer. A taxpayer will be considered to have complied with the requirements of this paragraph if, on or before the twentieth (20th) day of each month, the taxpayer paid at least ninety (90) percent of the liability for that fifteen-day period, or at least fifty (50) percent of the liability incurred during the immediate preceding calendar year for the same month; and*

(2) *For sales from the sixteenth (16th) day through the end of each month, the tax shall be due and payable on the twentieth (20th) day of the following month, and remitted to the Tax Commission by electronic funds transfer.*

(b) Monthly sales tax reports filed pursuant to this Section shall be filed in accordance with the Tax Commission's electronic data interchange program on the twentieth (20th) day of the month following that in which the sales occurred. Taxes not paid on or before the due dates specified in subsection (a) shall be delinquent from such dates.

PART 3. RECORDS AND RECORDKEEPING

710:65-3-30. Books and records required; presumption of taxability; burden of proof

(a) Vendors shall keep records and books of all sales and all purchases of tangible personal property. Vendors must maintain complete books and records covering receipts from all sales and distinguishing taxable from nontaxable receipts.

(1) Such books and records must clearly document all the information (deductions as well as gross receipts) required for tax returns and shall, at all times during business hours of the day, be subject to inspection and audit by the Commission or its duly authorized agents and employees.

- (2) Such books and records must be kept in the English language.
 - (3) Such books and records must be kept within Oklahoma except in instances where a business has several branches, with the head office being located outside Oklahoma, and where all books and records have been regularly kept outside the State at such head office. If books and records are kept outside Oklahoma, the vendor must, within a reasonable time after notification by the Commission, make all pertinent books, records, papers and documents available at some point within Oklahoma for the purpose of inspection and audit or arrange for Commission personnel to inspect and audit the books and records of the vendor at a location outside Oklahoma.
- (b) It shall be presumed that all sales of tangible personal property are subject to tax until the contrary is established, and the burden of proving that a transaction was not a taxable sale shall be upon the person who made the sale. [See: 68 O.S. §1365(F)]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94; Amended at 20 Ok Reg 2175, eff 6-26-03]

710:65-3-31. What records constitute minimum requirement

- (a) **Required records.** The following records constitute a minimum requirement for the purposes of the Sales Tax Code for vendors selling tangible personal property:
- (1) Sales journal or log of daily sales in addition to cash register tapes and other data which will provide a daily record of the gross amount of sales.
 - (2) A record of the amount of merchandise purchased. To fulfill this requirement, copies of all vendors' invoices and taxpayers' copies of purchase orders must be retained serially and in sequence as to date.
 - (3) A true and complete inventory of the value of stock on hand taken at least once each year.
- (b) **Microfilm/microfiche records.** Records may be microfilmed or microfiched as long as such microfilmed and microfiched records are authentic, accessible and readable, and the following requirements are fully satisfied:
- (1) Reproductions of all original records must be produced upon request by the Commission or its authorized representatives.
 - (2) Appropriate facilities are provided for preservation of the microfilm or microfiche for periods required.
 - (3) Microfiche or microfilm records are indexed, cross-referenced and labeled to show beginning and ending numbers or beginning and ending alphabetical listing of documents included, and are systematically filed to permit the immediate location of any particular record. A posting reference must be on each document and a control log or catalog of such documents must be maintained.
 - (4) Taxpayers must make available a reader/printer upon request by Commission to review records.
 - (5) When displayed or reproduced on paper, the material must exhibit legibility and readability. Legibility is defined as the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. Readability is defined as the quality of a group of letters or numerals being recognized as words or complete numbers.
 - (6) The taxpayer retains the microfilm or microfiche copies so long as the contents thereof may be material in the administration of any audit by the Commission.
- (c) **Automated systems.** An Automated Data Process Systems (ADP) tax accounting system

may be used to provide the records required for the verification of tax liability. Such ADP system must include a method of producing legible and readable records which will provide the necessary information for verifying such tax liability. The following requirements apply to any taxpayer who maintains any such records on an ADP system:

- (1) **Recorded or reconstructible data.** ADP records shall provide an opportunity to trace any transaction back to the original source or forward to a final total. If detailed printouts are not made of transactions at the time they are processed, the systems must have the ability to reconstruct these transactions.
- (2) **General and subsidiary books of account.** A general ledger with source references and subsidiary ledgers shall be written out to coincide with financial reports for tax reporting periods.
- (3) **Supporting documents and audit trail.** The audit trail shall be designed so that the details underlying the summary accounting data such as sales invoices, purchase invoices, credit memoranda and like documents, are readily available to the Department upon request.
- (4) **Program documentation.** A description of the ADP portion of the accounting system shall be made available. The statements and illustrations describing the system and scope of ADP operations being performed shall be sufficiently detailed to indicate the application being performed and the procedures employed in each application. Controls used to insure accurate and reliable processing should be noted along with the dates and nature of important changes.
- (5) **Data storage media.** Adequate record retention facilities shall be available for storing tax and ADP records required for verification of tax liability. Records required would include data prepared for input in processing accounts payable, accounts receivable or any purchase or sales journal entries necessary for bookkeeping and tax reporting purposes. [See: 68 O.S. §1365]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94]

710:65-3-32. Authorization to destroy records sooner than would otherwise be permissible

In all cases, the Commission may, in writing, authorize the destruction of books and records and other papers prior to the expiration of the three year period of time which the taxpayer, except for such written authorization from the Commission, is required to keep his books and records. The Commission will not authorize destruction of records unless the records are preserved in microfilm, microfiche or ADP and meet conditions as prescribed. [See: 68 O.S. §1365(C)]

710:65-3-33. Records required to support deductions from gross receipts for purposes of calculating sales tax

(a) **Supporting records required.** Where the nature of a business is such that charge and time sales are made, or where the nature of the business is such that a portion of its sales are for resale, or are within the protection of the Commerce Clause of the Constitution of the United States, or consist of nontaxable services, or are exempt under any provision of the Oklahoma Sales Tax Code, then such records as will clearly indicate the information required in filing returns must be kept.

(b) **Complete and detailed records required.** To support deductions made on the tax return, the vendor's records for each transaction for which exemption is claimed shall be in detail sufficient to show:

- (1) The name and address of the customer,
- (2) The character of the transaction,
- (3) The date,
- (4) The amount of gross receipts or gross proceeds; and

(5) Such other information as may be necessary to establish the nontaxable character of such transaction under the Sales Tax Code.

(c) **Purchaser resale number requirement.** Anyone claiming a sale for resale exemption shall also keep a record of the purchaser's resale number issued by the Commission. The failure to obtain and keep a record of the purchaser's resale number shall create a presumption that the sale is not a sale for resale. The vendor may, however, present other documentary evidence from its books and records to overcome this presumption. More detail regarding duties and liabilities may be found in Subchapter 7 of this Chapter. [See: 68 O.S. § 1365(E)]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94; Amended at 20 Ok Reg 2175, eff 6-26-03]

710:65-3-34. Administration of electronically-claimed exemptions

(a) The vendor shall use the standard form adopted by the Commission for claiming an exemption electronically.

(b) A purchaser is not required to provide a signature to claim an exemption from tax unless a paper exemption certificate is used.

(c) The vendor shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred.

[Source: Added at 21 Ok Reg 2581, eff 6-25-04]

SUBCHAPTER 5. AUDIT AND ASSESSMENT

710:65-5-1. Sales/use tax audits and auditors

(a) **General investigative authority.** Any representative of the Commission holding a certificate of authority may make an examination or investigation of the place of business, tangible personal property, equipment and facilities, and the books, records, papers, vouchers, accounts and documents of any taxpayer.

(b) **Financial institution limitation.** However, financial institutions are not required to release or permit the Commission to have access to customer financial information which reflects financial institutions' sales tax information without first reviewing and deleting any and all information which may divulge the identity of a particular customer and the customer's financial records. [See: 68 O.S. §§201 et seq.]

(c) **Duty to make records/information available.** It shall be the duty of every taxpayer and every director, officer, or employee of every taxpayer to exhibit to the Commission, or to the employees or agents of such Commission, the items mentioned in (a) of this Section. [See: 68 O.S. §206]

710:65-5-2. Sales/use tax audits of sample periods

An auditor for the Commission may suggest a sample sales/use tax audit rather than a detailed audit. The auditor shall select the periods to sample and apply the results to all the periods of the audit. The auditor shall prepare forms to be signed by the taxpayer stating they agree with the periods and method chosen for the sample. [See: 68 O.S. §206]

710:65-5-3. Out-of-state tax audits [REVOKED]

[Source: Revoked at 20 Ok Reg 2175, eff 6-26-03]

710:65-5-4. Examination of tax return; adjustments, notices, and demands

If, upon examination of the books of account and records of the person filing the tax return, facts are obtained which, in the opinion of the Commission, warrant an adjustment of the tax liability reported, the following procedure shall be followed:

- (1) **Notice and demand.** A proposed assessment report will be prepared and mailed to the taxpayer. This report will contain an explanation of adjustments together with a recomputation of tax in accordance with such adjustments. The notice of adjustments and the demand for payment (if additional tax is due) or any other notice or demand upon the person filing the return required by law shall be sent to him at his last known address. In the alternative, the Commission may cause to be served upon such person a written statement of the computation of tax due.
- (2) **Acquiescence or failure to protest.** In the event the person filing the return acquiesces in the changes reflected on the proposed assessment, or fails to file a protest within the period specified in the letter of proposed assessment (or any extensions allowable by Statute that have been granted) the proposed assessment becomes final.
- (3) **Jeopardy assessment.** If the Commission has reason to believe that the collection of any tax due under the Sales and Use Tax Codes may be jeopardized, the Commission may immediately terminate the reporting period of the person required to pay such tax. Thereupon the Commission may assess a tax on the basis of information or knowledge available to him and demand immediate payment. If such payment is not immediately made, the Tax Commission may collect the tax by the use of any of the methods authorized law.
- (4) **Protest of assessment.** Where a person does not acquiesce in the proposed assessment, he may file a protest within the period specified in the letter of proposed assessment (or within any extensions allowable by Statute that have been granted).
- (5) **Review by taxing division; referral.** If, after a review of his protest the Division is unable to reach agreement with taxpayer, the taxpayer's file will be forwarded to the Office of the Administrative Law Judge where the taxpayer will have an opportunity to have a hearing before an Administrative Law Judge. The Administrative Law Judge subsequently will notify such person of the date set for the hearing.
- (6) **Determination of case without hearing available.** If the taxpayer does not desire a hearing, an order will be issued by the Commission within a reasonable time.
- (7) **Hearing; final determination.** If a hearing before the Administrative Law Judge is requested and granted, an order will not be issued until such time as the Administrative Law Judge has submitted Findings, Conclusions and Recommendations to the Commission and the Commission has made a final determination.
- (8) **Final determination; appeal.** The issuance of an order by the Commission constitutes a final determination. The taxpayer aggrieved by the order is granted a period of thirty (30) days from the date of mailing to the taxpayer of a certified copy of the order in which to directly appeal to the Oklahoma Supreme Court.

710:65-5-5. Issuance of sales tax assessments

- (a) **General rule.** Sales/use tax assessments will be issued against the legal entity as well as

against other person(s) who may be liable pursuant to law.

(b) **Sole proprietorships.** Assessments against sole proprietorships will be issued against the proprietor. The trade name, if any, will be identified following the proprietor's name preceded by the initials DBA.

(c) **Partnerships.** Partners will be assessed jointly and identified by all of the partners' names followed by the trade name, if any. In the case of a limited partnership, only the partnership and general partner(s) will be assessed.

(d) **Limited liability companies.** A limited liability company (LLC) will be assessed in the name of the LLC and the specified members or managers specified as responsible for the collection of sales tax. If no member or manager is specified, all members and managers will be assessed.

(e) **Corporations; trusts; receiverships.** Corporations, trusts and receiverships will be assessed in the legal name of the corporation, trust or receivership. Furthermore, principal corporate officers will be assessed as corporate officers and as individuals. Corporate stockholders will not be assessed unless the particular stockholder is also a principal corporate officer.

(f) **Trustees and receivers.** Trustees and receivers will be assessed in their official capacity as trustee or receiver and not in their individual capacity. [See: 68 O.S. §221]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94]

SUBCHAPTER 7. DUTIES AND LIABILITIES

710:65-7-1. Taxpayer's duty to obtain sales tax return form

Sales tax returns shall be filed on forms prescribed and furnished by the Commission. Failure to obtain forms will not be an excuse for failure to file returns when and as required by law. [See: 68 O.S. §1365]

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94]

710:65-7-2. Vendor responsibility for collection of sales tax; treatment of sales tax by vendor

(a) The primary burden for operation of the sales tax system is upon the vendor of merchandise, the performer of taxable services, and the renter or lessor of property, and requires that they collect the tax from the purchaser, user or consumer. If a vendor fails or refuses to collect the tax, he not only becomes liable for payment of the tax, but also subjects himself to the possibility of being fined or imprisoned for a period of time.

(b) The vendor is required to add the tax to the selling price or charge. A vendor is specifically prohibited from advertising or holding out to the public in any way, directly or indirectly, that he will absorb all or any part of the tax or that he will relieve the purchaser from the payment of all or any part of the tax. The vendor who violates this provision shall be fined or imprisoned, or both. For second or subsequent offenses, the penalty is doubled. [See: 68 O.S. §1361]

710:65-7-3. Personal liability for sales tax due; corporate officers, partners, individuals

Sales tax is paid by the consumer/user to the vendor as trustee for the state. Any person required to collect sales tax as a trustee for the state will be held personally liable for the sales tax due. In the case of a corporation each "**principal**" officer will be held personally liable for the sales tax due.

- (1) The Commission identifies "**principal**" officers as:
 - (A) President,

- (B) Vice President,
 - (C) Secretary,
 - (D) Treasurer, or
 - (E) Secretary/Treasurer.
- (2) Some factors which may influence the identification of a person either as a "principal" officer of a corporation or not may be:
- (A) limited responsibilities within the corporation (only responsibility is as keeper of the corporate seal),
 - (B) limited duties within the corporation (only duty is taking minutes at Board of Directors meeting), and
 - (C) limited authority within the corporation (could not write checks on the corporate account).
- (3) The decision as to whether an officer is a "principal" officer shall be made on an "individual case" basis. The standard to be applied is that of determining liability for payment of federal withholding tax pursuant to the Internal Revenue Code of 1986, as amended, or regulations promulgated pursuant to same. Once it is finally determined that a person is a principal officer, a tax warrant which has the force and effect of a judgment or lien will be filed against that person individually for the full amount of the liability, i.e. tax, interest and penalty. [See: 68 O.S. §1361(A)]

710:65-7-4. Sales tax responsibility and liability of trustees, receivers, executors or administrators

Where trustees, receivers, executors or administrators (whether appointed by a Federal or a State court), by virtue of their appointment, continue to operate, manage or control the business and engage in the business of selling tangible personal property, they, in their fiduciary and not in their individual capacity, become liable for sales tax. This principle applies notwithstanding the fact that such trustees, receivers, executors or administrators may be engaged in liquidating the assets of the business, provided that such liquidation takes place by means of sales, and provided that such consists of tangible personal property. [See: 68 O.S. §1361]

710:65-7-5. Vendor's responsibility to obtain sales tax permits [REVOKED]

[Source: Amended at 10 Ok Reg 3847, eff 7-12-93; Revoked at 11 Ok Reg 3521, eff 6-26-94]

710:65-7-6. Vendors' or certified service providers' relief from liability and duty to collect sales tax

- (a) **Presumption of taxability.** All sales are presumed to be subject to sales tax unless specifically exempted by the Sales Tax Code. Vendors are liable for the sales tax collected as well as for tax that should have been collected.
- (b) **When vendor or certified service provider may be relieved of liability.** A vendor or certified service provider shall be relieved of any liability for the tax and of the duty to collect imposed by Section 1361 of Title 68 of the Oklahoma Statutes if the vendor, in good faith, timely accepts from a consumer, properly completed documentation certified by the Oklahoma Tax Commission that such consumer is exempt from the taxes levied by the Oklahoma Sales Tax Code.
- (c) **General requirements.** Three requirements must be met before the vendor or certified service provider is relieved of liability.

- (1) **Vendor or certified service provider good faith.** Good faith requires that the vendor strictly comply with statutory requirements.
- (2) **Timely acceptance from a consumer.** Timely acceptance from a consumer requires that documentation be in the possession of the vendor within ninety (90) days subsequent to the date of sale. In the case of continued sales to the same purchaser, the vendor must have, on file, a sales tax permit, card, or exemption letter for each renewal interval. If no renewal interval is provided by statute, the renewal period will be deemed three (3) years, except in the case of entities with specific statutory exemptions who have established eligibility as set out in 710:65-7-15 and 710:65-7-17 through 710:65-7-19.

- (d) **When vendor or certified service provider may not be relieved of liability.** Relief from liability for the tax and of the duty to collect imposed by Section 1361 of Title 68 shall not apply to:
- (1) a seller or certified service provider who fraudulently fails to collect tax;
 - (2) a seller who solicits purchasers to participate in the unlawful claim of an exemption; or
 - (3) a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when:
 - (A) the subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller; and
 - (B) the Tax Commission provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in this state.
- (e) **Specific applications.** The items of information described in 710:65-7-8 through 710:65-7-15 and 710:65-7-17 through 710:65-7-19 shall constitute minimum requirements to establish "**properly completed documentation certified by the Tax Commission**" for each respective category of purchasers.

SUBCHAPTER 9. PERMITS

710:65-9-1. Obtaining a sales tax permit to do business

(a) **General provisions.** Every person desiring to engage in a business within this state who will regularly and continuously make sales subject to taxation from an established place of business, will make taxable seasonal sales, or make taxable sales through peddlers, solicitors or other salesmen who have no established place of business in Oklahoma must secure from the Commission every three (3) years a written sales tax permit for a fee of Twenty Dollars (\$20.00) prior to engaging in such business in this state. Each such person shall file with the Commission an application for a permit to engage in or transact business in this state, setting forth such information as the

Commission may require. The application shall be signed by an owner or authorized representative of the business, and, in the case of a corporation, by an officer thereof.

(b) **Probationary permits.** Every vendor who is making an "initial application" for a sales tax permit and who otherwise qualifies based on a review of the information contained in the application for a sales tax permit and who does not currently hold a sales tax permit, or does not qualify to receive a non-probationary permit as those qualifications are described in this Section, will be issued a probationary permit as allowed by 68 O.S. §1364(B) and implemented by the procedures set out in this Section. When issued, the probationary permit will be effective for six (6) months and will be automatically renewed for an additional thirty (30) months, unless the applicant is given written notice of Tax Commission's refusal to renew the permit.

(c) **Issuance upon receipt of an "initial application."** An "initial application" means the first application by an entity for a sales tax permit. Upon receipt of an initial application for a sales tax permit by a person required to obtain a sales tax permit, the Commission may issue a probationary sales tax permit, based on its records, after determining that the applicant appears to be in compliance with all of the tax laws of this state and has, or will be, required to secure a sales tax permit based on the information contained in the application which was submitted.

(d) **Post-issuance review of probationary permit-holder.** Once a probationary permit has been issued, the Commission may conduct a compliance visit at the taxpayers place of business or at the location of the books and records of the applicant in Oklahoma, as those locations are set out in the initial application.

(1) The compliance visit may be made by a telephone call to the offices of the applicant if the Compliance Division Representative believes the information contained in the application may be verified in that manner or in the case where the applicant does not have an established place of business in Oklahoma or has an office located outside of Oklahoma.

(2) The purpose of the compliance visit is to determine if the applicant qualifies for a sales tax permit and will include:

(A) Establishing that the taxpayer is engaged in business as a group one or group three vendor, and that the applicant's business activities are not solely those of a consumer-user and therefore the probationary permit should be automatically renewed.

(B) Determining that the applicant has maintained compliance with all tax laws of the state, rules of the Commission and recordkeeping requirements and offering assistance to aid the applicant in complying with the tax laws of the state, rules of the Commission and recordkeeping requirements where necessary.

(e) **Refusal of the Commission to renew the permit; notice, options available upon refusal.**

(1) If the compliance visit indicates that the applicant is ineligible; if the applicant fails to contact the Commission regarding a compliance visit, after attempted contact; if other circumstances indicate that the applicant does not qualify; or if the applicant is not complying

with the tax laws of this State, rules of the Commission and recordkeeping requirements, the Commission shall, prior to the end of the sixth month of the probationary period, give notice that the applicant's probationary permit will not be renewed.

(2) The notice shall be in writing and shall allow the applicant to request a hearing to show why he permit should be issued.

(3) Upon receipt of a request for a hearing, the Tax Commission shall set the matter for a hearing and provide notice of the date, time and place of the hearing to the applicant, along with a statement of the reason for refusal. At the hearing the applicant shall appear, state its qualifications for a permit, and provide proof of compliance with all state tax laws. The hearing will not be held sooner than 10 days from the date the notice is mailed.

(4) Proceedings related to the refusal to issue a sales tax permit shall be governed by *OAC 710:1-5-100*.

(f) **Compliance reviews not limited to probationary permits.** Nothing in this Section shall be construed so as prevent, or circumscribe in any fashion, the authority of the Oklahoma Tax Commission and its appointed agents and representatives, to examine and review the books and records of every taxpayer and business operation for compliance with the tax laws of this State, rules of the Commission and recordkeeping requirements. In all cases where a review results in a determination that the business may not be in compliance with the tax laws of this state, rules of the Commission and recordkeeping requirements a hearing to revoke or suspend any license or permit may be held pursuant to *OAC 710:1-5-100*, and any other action available by law to the Tax Commission to remedy the deficiency may be pursued.

(g) **Sales / Manufacturers Permit.** Each applicant who is engaged in manufacturing at a manufacturing site located in Oklahoma will be issued a Sales/Manufacturers Permit.

(2) The amount of security furnished by Group One Vendors who become delinquent shall not be more than three times the average quarterly liability. The Commission, from time to time, may increase or decrease the amount of security but in no event shall such increase result in total

710:65-9-4. Denial of sales tax permit to a successor; successor liability

(a) The successor in business of any person who sells out a business or stock of goods, or ceases doing business, shall not be issued a sales tax permit to continue or conduct said business until all liability of the seller, i.e. payment of tax, adjustments to tax, penalties and interest has been paid. The term "**successor**" refers to any person who directly or indirectly purchases, acquires, or succeeds to the business or the stock of goods of any person quitting, selling, or otherwise disposing of a business or stock of goods. The purchase or acquisition of a business may give rise to the denial of permit to the successor whether the consideration is money, property, assumption of liabilities or cancellation of indebtedness.

(1) A person who purchases or acquires a portion of a business or stock of goods may be denied a sales tax permit as a successor where he purchases or acquires substantially all of the business assets or stock of goods. The business assets include the assets of a business pertaining directly to the conduct of the business. Business assets include real property or any interest therein; tangible personal property, including fixtures, equipment and vehicles; and intangible property, including accounts receivable, contracts, business name, business goodwill, customer lists, delivery routes, patents, trademarks or copyrights.

(2) If any taxpayer operates more than one business at separate locations, each business location is a separate business and has a separate stock of goods for purposes of obtaining a sales tax permit. A successor of the business or stock of goods of any business location is subject to denial of a sales tax permit as a successor with respect to the tax attributable to that location even if he does not purchase the business or stock of goods of all the locations.

(3) The change in the form of a business will generally give rise to the possibility of denial of a sales tax permit, such as the incorporation of a sole proprietorship or partnership, the voluntary or involuntary dissolution of a corporation, the merger or consolidation of two or more corporations, the formation of a partnership from one or more sole proprietorships or corporations; or change in the name of a corporation.

(b) Denial of a sales tax permit to a successor will not arise in connection with sales or transfers pursuant to assignments for the benefit of creditors, deeds of trust, or security interest, statutory liens, judgment liens unless the previous owner receives purchase money from the transfer or sale.

(c) A successor may assume the predecessors liability and a permit may be issued when satisfactory arrangements to pay the liability of the seller have been made with the Commission.

[See: 68 O.S. §1364]

710:65-9-5. Previously revoked or suspended sales tax permits

(a) A new sales tax permit will only be issued for a previously suspended or revoked permit if the vendor:

(1) Pays, or makes satisfactory arrangements to pay, all outstanding amounts, including the amounts of tax, penalties, interest and costs, if any costs were incurred.

(2) Files all returns due and outstanding.

(3) Pays the required fees for renewal or issuance of permits.

(4) Provides the security demanded to the full extent provided by law.

(5) Confirms in writing that he will henceforth comply with all of the provisions of the laws and the rules prescribed by the Commission.

(b) If the taxpayer becomes delinquent or otherwise fails to comply with the applicable statutes and regulations, the Commission may immediately initiate proceedings to revoke the newly issued permit.

(c) No previous holder of a sales tax permit which has been permanently revoked may be issued a sales tax permit without the express action of the Commission. [See: 68 O.S. §1364]

710:65-9-7. Information available to the prospective purchaser of an existing business

(a) **Access limited to prospective purchaser.** The prospective purchaser of any business, or his authorized agent, may request information from the Commission relating to amounts due from the prospective seller of the business.

(b) **Information available.** In addition to items which are deemed "public records" by other statutory provisions, information regarding liabilities, delinquencies, assessments, or warrants which

have not been filed of record, established, or become final, that relate solely to the seller's business may be made available upon proper application.

(c) **Application by prospective purchaser.** Requests for information made pursuant to this Section shall be made in writing, on a request form prescribed by the Commission. A written authorization between the parties and a copy of the purchase contract must be submitted along with the request.

If a report is not timely filed, interest shall be charged from the date the report should have been filed until the report is actually filed; and,

(4) Promoters and organizers are only liable for the failure to report and remit the sales taxes that have been collected by them from special event vendors.

(g) **Limitation of responsibilities of promoters or organizers.** Promoters or organizers of a special event that is held on an annual basis during the same thirty-day period each year may request that the Tax Commission limit their responsibilities to the following:

(1) Submitting of an application for a special event permit as provided in subsection A of this section;

(2) Providing report forms to special event vendors as provided in subsection C of this section; and,

(3) Within fifteen (15) days following the conclusion of the special event, submitting a list of special event vendors at each event, including the vendor's name, address, and telephone number.

(i) **Vendor reporting and remitting pursuant to subsection (g).** A special event vendor who has participated in a special event approved under subsection (g) shall remit the tax along with a sales tax report directly to the Tax Commission within fifteen (15) days following the conclusion of the

710:65-9-9. Administration of the Streamlined Sales and Use Tax Agreement online database

(a) As part of the Streamlined Sales and Use Tax Agreement, the Oklahoma Tax Commission will participate in an online sales and use tax registration system. By registering to participate in the online system, the vendor agrees to collect and remit sales and use taxes for all taxable Oklahoma sales.

(b) Registration with this central registration system and the collection of sales and use taxes in Oklahoma will not be used as factor in determining whether the vendor has nexus with Oklahoma.

(c) A vendor registering with this System who has no legal requirement to register in Oklahoma, will not be required to pay registration fees or other charges provided in Section 1364 of Title 68. A vendor who has a requirement to register in Oklahoma prior to utilizing the online System must provide additional information to complete the registration process and pay the registration fee.

710:65-9-10. Direct payment permits (DPP)

(a) **General provisions.** The holder of a valid Oklahoma direct payment permit may make purchases of taxable items, for use in its Oklahoma enterprises and not for resale, and defer the taxes imposed by the Oklahoma Sales and Use Tax Codes until such time as the items are first used or consumed in a taxable manner, if all requirements described in this Section are met. [See: 68 O.S. § 1364.1]

(b) **Qualification for direct payment permit.** In addition to any other conditions mandated by statute, all applicants for a direct payment permit must comply with all conditions, prerequisites and qualifications described in (1) through (5) of this subsection:

(1) **Qualifying purchases threshold.** The applicant must be making purchases of \$800,000.00 annually in taxable items for the use in its Oklahoma enterprises, and not for resale.

(A) **Documentation for established businesses.** Annual purchases of \$800,000.00 must be verifiable from the applicant's sales or use tax records.

(B) **Documentation for new or expanding businesses.** An applicant without any qualifying sales and use tax reporting history in Oklahoma must submit to the Commission along with its application, a sworn statement that "applicant shall purchase \$800,000.00 of taxable items and services annually for use in its Oklahoma enterprises and not for resale."

Adequate records or documentation must be available to support the statement of projected purchases.

- (2) **Overall compliance with tax provisions.** The applicant must be in compliance with all pertinent tax laws of the State of Oklahoma and with the respective rules of the Commission.
 - (3) **Applicant must establish reliability and accuracy of accounting methods.** The applicant must be able to establish to the satisfaction of the Commission that the applicant is or will be using an accounting method which clearly distinguishes between taxable and nontaxable purchases. An explanation of the accounting procedures which will be used to determine the taxability of any purchase and to ensure that any tax due is correctly accrued and remitted must accompany the application for a direct payment permit.
 - (4) **Compliance with reporting and remitting requirements; waiver of discount.** The applicant must agree to accrue and pay all taxes imposed by the Sales or Use Tax Codes, on the applicable direct payment sales or use tax return, for items not specifically exempted. The applicant must agree to make the payments to the State on or before the 15th day of the month following each monthly period in which the items become subject to the tax by reason of their consumption in this State. A written agreement to this effect, signed by an officer or other person authorized to legally bind the applicant, and an acknowledgement that the discount allowed by Section 1367.1 of Title 68 is waived on all purchases which are taxable to the applicant, must be furnished to the Commission and it must be signed and returned along with the application for a direct payment permit.
 - (5) **Compliance with restrictions on purchases for resale.** The applicant must agree to give a resale certificate, rather than a direct payment permit, for any item that will be resold, as provided by the Sales or Use Tax Codes.
- (c) **Application for direct payment permit.** Application for a direct payment permit may be made to the Taxpayer Assistance Division, Oklahoma Tax Commission, 2501 Lincoln Blvd., Oklahoma City, OK 73194.
- (d) **Granting of permit discretionary; options available upon denial.** The Oklahoma Tax Commission shall be the sole judge of an applicant's qualifications and may deny an application or refuse to issue a direct payment permit. However, an applicant is not precluded from submitting an amended application or may submit a new application after a reasonable period of time from the date of the original application. For purposes of this subsection "**reasonable period of time**" means a period of time of not less than twelve (12) calendar months duration from the date of the Commission denial or refusal to issue the permit.
- (e) **Issuance, scope, limitations of direct payment permit.** When a direct payment permit is issued to a particular legal entity, it will include all branches and divisions of that entity which are purchasing taxable items. A direct payment permit issued to a supplier by one branch or division shall apply to purchases made by all branches or divisions from the same supplier. For purposes of this Section, "**branches and divisions**" shall be limited those subunits or groups associated with a single unique federal employers' identification number. A direct payment permit-holder may not authorize any other person or entity to purchase any taxable items under the permit. Use by unauthorized persons may result in revocation of the permit.
- (f) **Use of direct payment certification procedure with vendors.** A direct payment permit-holder must provide its vendors with the direct payment certification defined in this Section and a copy of its direct payment permit in order to make those purchases to which the permit is applicable.

(g) **"Direct payment certification" described.** "Direct payment certification" means the procedure by which a direct payment permit-holder provides a vendor with properly completed documentation and certification as to its deferred status. Properly completed documentation may consist of a copy of the direct payment permit, multi-state exemption certificate, or other document, so long as it contains the information described in (1) through (4) of this subsection.

- (1) A **copy** of the purchaser's Direct Payment Permit (DPP), or if unavailable, the name, address, and DPP number of the purchaser;
- (2) A statement that the permit-holder claims deferral of the payment of state, city and county sales or use taxes upon its purchases of taxable tangible personal property or services;
- (3) A statement that the articles purchased are for use in the purchaser's Oklahoma enterprises, and not for resale;
- (4) The signature of the purchaser or a person authorized to legally bind the purchaser, and date signed.

(h) **Limitations on use of direct payment procedure.** Direct payment certification procedures are not applicable to the purchase of materials or supplies used, transferred, or consumed by a third party in performing services for the direct payment permit-holder, regardless of whether the third party is a contractor, service provider, or other person.

(i) **Incidence of tax for purchases made pursuant to direct payment permit and stored in Oklahoma.** For taxable items purchased under a direct payment permit, the incidence of Oklahoma sales and use taxes to be accrued and remitted on items stored in Oklahoma is to be determined by reference to this subsection, as well as to the provisions of the Oklahoma Sales and Use Tax Codes. [See: 68 O.S. § 1361(C)]

(1) **Use tax to be accrued on items and goods purchased outside Oklahoma.** Items and goods purchased outside Oklahoma pursuant to an Oklahoma direct payment permit, which are intended solely for use in other states, but which are stored in the State pending shipment to such other states, or which are temporarily retained for the purpose of fabrication, repair, testing, alteration, maintenance, or other service, are not subject to Oklahoma use tax. However, if the items purchased out-of-state are first used or consumed in Oklahoma, then Oklahoma use tax and any applicable city use tax shall be accrued and remitted to the Commission by the direct payment permit-holder.

(2) **Sales tax to be accrued on items and goods purchased in Oklahoma.** Items and goods purchased in Oklahoma pursuant to a valid Oklahoma direct payment permit are subject to Oklahoma sales and applicable city and county sales taxes at the time they are first used or consumed in a taxable manner. Removal of goods originally purchased tax-free in Oklahoma from an inventory held in this State, even if the goods are intended for transfer to another state, constitutes a taxable event or incidence upon which Oklahoma sales tax and applicable city and county sales taxes must be accrued and remitted to the Commission by the direct payment permit-holder.

(j) **Monthly reports required.** All direct payment permit-holders must file monthly sales and use tax returns, in the manner set out in this subsection, whether or not they have either sales tax or use tax to report.

(1) Purchases made in Oklahoma, using the taxpayer's DPP, such that the Sales Tax otherwise due has been deferred, are to be reported monthly on the Sales Tax Report Form which bears taxpayer's Direct Payment Permit Number. This report is in addition to any Sales Tax Report which is required to be filed using taxpayer's Sales Tax Permit Number.

(2) Purchases made outside Oklahoma, using the taxpayer's DPP, such that the Use Tax otherwise due has been deferred, are to be reported monthly on the taxpayer's Use Tax Report Form, using the Use Tax Account Number.

(k) **Cancellation, suspension, revocation of permit.** A direct payment permit may be cancelled by the Commission if the annual purchases fall below the qualifying threshold. Further, the Commission may revoke a permit upon information that the permit has been used by persons other than to whom it was issued. Finally, the Commission may suspend, cancel, or revoke a direct payment permit, at any time, for non-compliance with the provisions of this Section, with applicable Oklahoma tax statutes, or for other good cause shown. Proceedings related to the cancellation or refusal to issue a license or permit pursuant to this Section shall be governed by 710:1-5-100 and 710:1-5-21 through 710:1-5-48 of the permanent rules of the Commission.

(l) **Procedure upon cancellation, revocation, or forfeiture.** Any entity whose direct payment permit is either voluntarily forfeited, or is cancelled or revoked by action of the Commission, must immediately notify all vendors from whom purchases of taxable items are made advising them that any certification provided to them pursuant to the forfeited, cancelled or revoked direct payment permit is no longer valid.

SUBCHAPTER 11. CREDITS AND REFUNDS

710:65-11-1. Sales tax credits and refunds

(a) Credits, other than for bad debts discussed below, may not be taken on the sales tax reporting form until or unless a valid letter of credit has been received from the Commission. The burden of establishing the right to, and the validity of a credit or refund is on the vendor claiming the credit or refund.

(b) Credit/refund requests should be documented with the following information (if applicable):

- (1) A written detailed explanation of why the credit/refund is due. (Include exemption numbers and/or an explanation on exempt customers.)
- (2) Amended reports detailing the correct figures that should have been reported. (A worksheet may be used in lieu of an amended report for each month involving an extended period.)
- (3) Copies or a list of the sales tax reports on which the sales were originally reported.
- (4) Copies of cancelled checks used to remit the tax paid.
- (5) Copies of the original invoices on which the tax was originally charged.
- (6) Copies of the credit invoices or checks showing the tax collected or charged in error has been refunded to your customer.
- (7) A recap of the credit/refunds by tax type, tax period, and taxing jurisdiction.
- (8) Other documentation which may be pertinent to the requested credit/refund. [See: 68 O.S. §227]

710:65-11-2. Sales tax deduction for bad debt

(a) A vendor may take a deduction for bad debts on the return for the period during which the bad debt is written off as uncollectible in the vendor's books and records and is eligible to be deducted for Federal Income Tax purposes, if the vendor kept accounts on a cash basis, or could be eligible to

be claimed if the vendor kept accounts on an accrual basis. For purposes of this Section a vendor who is not required to file Federal Income Tax Returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the vendor's books and records and would be eligible for a bad debt deduction if the vendor were required to file a Federal Income Tax Return.

(b) The fact that a deduction has been taken against the current month must be so indicated on the face of the sales tax report. If the accounts are thereafter collected, the amount received shall be included in the gross receipts for the period in which the account is collected.

(c) The "bad debt" deduction is calculated based upon the federal definition provided in 26 U.S.C. 166 and the amount should be adjusted to exclude:

- (1) *Financing charges or interest;*
- (2) *Sales or use taxes charged on the purchase price;*
- (3) *Uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid; and,*
- (4) *Expenses incurred in attempting to collect any debt and repossessed property.* [68 O.S.Supp.2003, § 1366(B)]

(d) The burden of establishing the right to, and the validity of a bad debt deduction is on the vendor. In order to verify each deduction taken for a bad debt, the vendor must retain and make available:

- (1) The name of the purchaser/debtor;
- (2) The date of the sale or sales giving rise to the bad debt;
- (3) The price of the property and the amount of sales tax charged thereon;
- (4) The amount of interest, finance and service charges charged to the debt or account;
- (5) Whether the property was retained by the vendor or repossessed;
- (6) Any amounts charged to the debt or account representing costs of collection;
- (7) The dates and amounts of any payments made on the debtor's account;
- (8) Any portion of the debt or account which represents a charge that was not subjected to the tax in the original transaction; and
- (9) Records documenting that the account has been or will be written off or could be eligible to be claimed if taxpayer kept accounts on a cash basis or could be eligible to be claimed if taxpayer kept records on the accrual basis on the Federal Income Tax Return for the year, or that the item was repossessed.

(e) The information in subsection (d) may be requested by the Commission at any time.

(f) The deduction for bad debts is limited to the amount shown on the invoice that is being or will be charged off as a bad debt. This tax deduction is allowable only to the person who remitted and reported the tax to the Commission. Subsequent recoveries of bad debts that have been taken as a deduction are to be reported in the month of the recovery. [See: 68 O.S. §1366]

(g) *When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed within the statute of limitations for refund claims provided in Section 227 of this title; however, the statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.*

(h) *Where filing responsibilities have been assumed by a certified service provider, the certified service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider must credit or refund the full amount of any bad debt allowance or refund received to the seller.*

(i) *For the purposes of reporting a payment received on a previously claimed bad debt, any*

payments made on a debt or account are applied first proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

(j) *In situations where the books and records of the party claiming the bad debt allowance support an allocation of the bad debts among the states which are members of the Streamlined Sales and Use Tax Agreement, the allocation will be permitted.* [68 O.S.Supp.2003, § 1366]

PART 3. AGRICULTURAL TRANSACTIONS

710:65-13-15. "Agricultural production" defined; taxable and exempt transactions

(a) **Definitions.** For the purposes of this Section:

(1) **"Agricultural production"** and **"production of agricultural products"** is limited to what would ordinarily be considered a farming or ranching operation undertaken for profit. The term refers to the raising of food crops or livestock for sale. Included within the meaning of **"agricultural production"** and **"production of agricultural products"** are ranches, orchards, and dairies. Also included is any feedlot operation, whether or not the land upon which a feedlot operation is located is used to grow crops to feed the livestock in the feedlot and regardless of whether or not the livestock fed are owned by persons conducting the feedlot.

(2) **"Farmers"** means persons engaged in agricultural production or production of agricultural products.

- (3) **"Farming"** or **"ranching"** means the production, harvesting or processing of agricultural products.
- (4) **"Livestock"** means cattle, horses, sheep, goats, asses, mules, swine and also chickens, turkeys, and other domesticated fowl. It also includes american bison, emus, ostriches and llamas.
- (b) **Examples of persons engaged in farming, ranching or agricultural production.** Besides the persons defined as farmers and ranchers above, the law recognizes persons engaged in the following types of activities, whose aim is the making of a profit, to also be engaged in farming, ranching or agricultural production:
- (1) Wholesale divisions of nurseries are considered to be farmers and the planting, growing, cultivation and harvesting of shrubs, flowers, trees and other plants for sale in the wholesale division of a nursery operation are defined to be farming operations.
 - (2) Persons who plant, cultivate, and harvest sod for commercial sale are also considered to be farmers.
- (c) **Examples of persons who are not engaged in farming, ranching, or agricultural production.** The following activities **do not** qualify as farming, ranching, or agricultural production:
- (1) Operation of commercial greenhouses;
 - (2) Operation of plant nurseries, except their wholesale divisions;
 - (3) Catfish raising;
 - (4) Beekeeping;
 - (5) Ownership of livestock solely for one's own use for pleasure riding, trail riding, performance riding, participation in horse shows, or racing; and,
 - (6) The raising of cats, dogs, other fur-bearing animals not included in the definition of livestock, or non-domesticated fowl.
- (d) **Sales of feed, fertilizers, biologicals, and pharmaceuticals.** The statute provides an exemption from sales tax for sales of certain items, such as feed, fertilizer, pharmaceuticals, biologicals, seeds, plants, and pesticides, when sold to a person regularly engaged in farming or ranching, for profit, and the items are to be used and in fact are used in agricultural production. Sales of agricultural fertilizer, pharmaceuticals and biologicals sold to a person engaged in the business of applying such materials on a contract or custom basis are specifically exempted from sales and use tax.
- (e) **Sales to persons other than farmers or ranchers.** Sales of tangible personal property are subject to the sales or use tax under this rule, if the sales are to persons other than a farmer or rancher, regularly engaged in business for profit, or if the sales are made to a farmer or rancher, but the property is used or consumed for a purpose other than the production of agricultural products for sale.
- (f) **Sales for personal use.** Sales to a farmer or rancher of fuel, clothing, and all other tangible personal property for personal living or human consumption or use are taxable. Sales of tangible personal property are taxable when the property is used in producing food or other products for personal consumption and not for sale. Similarly, sales of seed, fertilizer, equipment, etc. to anyone for use on homes, gardens, lawns, parks and golf courses or for use by landscape gardeners are taxable.
- (g) **Farm machinery.** Sales of farm machinery used directly on a farm or ranch in the production of agricultural products are exempt. Such machinery is also exempt if sold to a custom harvester,

baler, producer or planter performing service on a farm or a ranch.

(1) **"Farm machinery"** includes:

- (A) Expendable supplies, such as baling wire, and binders twine, hand tools, and implements such as fence stretchers, picks, posthole diggers, scoops and shovels;
- (B) Lubricants for farm machinery;
- (C) Repair or replacement parts for machinery used directly on a farm or ranch in production of agricultural products;
- (D) Fencepost, cattleguards, gates and chutes;
- (E) Buildings and structures which are essentially an item of equipment or machinery for agricultural production if the structure is specifically designed for such use and the structure can not be economically used for any other purpose, for example: an automated laying house or farrowing house.

(2) **"Farm machinery"** does **not** include any motor vehicle licensed for highway use.

(h) **Exemption limited to use in agricultural production.** The fact that an item is purchased for use on a farm or ranch, or that a piece of equipment is convenient, does not necessarily make the purchase exempt from sales tax. The items purchased must be directly used on the purchaser's farm or ranch in the production of agricultural products. "To be directly used by the purchaser on a farm or ranch in the production of food or agricultural products" requires that the property in question must have a direct effect on the article being produced.

In order to qualify for the exemptions provided in 68 O.S. §1358, the purchaser must provide proof of eligibility to the vendor.

(a) Proof of eligibility is based on the issuance of an agricultural exemption permit, which is obtained in the following manner:

(1) All persons, regardless of residency, who are engaged in farming or ranching operations in this state, may obtain an agricultural exemption permit by listing personal property used in the farming or ranching operation with the county assessor each year, as provided by law. If the assessor determines that the personal property is correctly listed and assessed for ad valorem taxation and the county treasurer certifies that the person has no delinquent accounts appearing on the personal property tax lien docket in the county treasurer's office, the assessor shall certify the assessment upon a form prescribed by the Commission. One copy shall be retained by the assessor, one copy shall be forwarded to the Oklahoma Tax Commission, and one copy shall be given to the person listing the personal property. Upon verification that the applicant qualifies for the exemptions authorized by Section 1358, and that the applicant has no delinquent accounts appearing on the personal property tax lien docket in the office of the county treasurer, a permit shall be issued as prescribed by this paragraph. The permit shall be renewable every three years.

(2) A person who does not otherwise qualify for an agricultural exemption permit shall file an application with the Commission providing proof of eligibility for the sales tax exemptions. The application shall be certified by the applicant that such applicant is engaged in custom farming operations or in the business of farming or ranching. If the applicant is a corporation, the application shall be certified by a legally constituted officer thereof.

(3) If the application does not contain sufficient information to show that the applicant is engaged in farming, ranching, or agricultural production for profit, the Commission may request additional information from the taxpayer, from a division, another agency, or from any other source, in order to determine eligibility.

(4) If the application is denied, the applicant has a right to a hearing, in conformity with Section 710:1-5-100.

(b) Use of the agricultural exemption permit is subject to the provisions set out in this Subsection:

(1) To establish eligibility for the sales tax exemption, residents of other states who are engaged in custom farming operations in this state must provide the vendor with proof of residency; the name, address, and telephone number of the person engaging the custom farmer; and certification on the face of the invoice, under the penalty of perjury, that the property purchased will be used in agricultural production.

(2) If an agricultural exemption permit-holder purchases tangible personal property from a vendor on a regular basis and has previously established eligibility, the vendor may make subsequent sales without requiring proof of eligibility for each sale. However, the permit-holder must notify the vendor of all purchases which are not exempt from sales tax and remit the applicable tax.

(3) A purchaser who uses an agricultural exemption permit or provides proof of eligibility to make exempt purchases of items not authorized by law shall be subject to a penalty in the amount of Five Hundred Dollars (\$500.00).

710:65-13-40. Sales by churches; sales to churches

(a) **Sales "by" churches.** Sales by churches are not subject to sales tax when it can be said that such selling is noncompetitive with business establishments.

(1) The following are tests for determining that such selling is noncompetitive:

(A) The transactions are conducted by members of the church and not by any franchisee or licensee.

(B) All of the proceeds must go to the church organization.

(C) The transaction must not be a continuing one but rather should be held whether annually or a reasonably small number of times within a year. The test of reasonableness would be an administrative decision, to be made by the Commission.

(D) The reasonably ascertainable dominant motive of most transferees of the items sold must be the making of a contribution, with the transfer of property being merely incidental and secondary to the dominant purpose of making a gift to the church.

(2) In addition, there are these further considerations as guides to the resolution of questions raised by each individual situation:

(A) The nature of the particular item sold. All other things being equal, the decision as to candy might well be different from the decision as to refrigerators.

(B) The character of the particular sale, and the real practical effect upon putative competition. [See: 68 O.S. § 1356(7)]

(b) **Sales "to" churches.** Generally, sales made directly to a church are exempt from sales and use tax. Only sales purchased by the church, invoiced to the church, and paid for by funds or check directly from the church, will qualify for the exemption. A vendor wishing to be relieved of liability to collect the tax should follow the requirements of *OAC* 710:65-7-6 and 710:65-7-15.

(c) **Purchases by contractors.** Purchases of taxable personal property or services by a contractor with whom a church has duly entered into a construction contract, or to any subcontractor to such construction contract, are exempt provided they are necessary for carrying out the contract. Provided however:

- (1) The contractor must have a contract for the development or improvement of real estate which requires the purchase of materials, supplies, and equipment by the contractor to complete the contract.
- (2) The contract must be a lump sum contract rather than a contract which provides for or permits the pass through of the additional tax to contracting entity.
- (3) Subsequent to the date the contract was executed a state law increasing the rate of sales tax imposed by Sales Tax Code or an ordinance increasing the sales tax levy of a political subdivision becomes effective.
- (4) The contractor makes purchases of materials, supplies and equipment required under the contract paying the increased rate of sales tax.
- (5) Only those purchases of materials, supplies and equipment required to be made to complete the contract and affixed to or used to improve the real estate will qualify for the refund.

(b) **Rates in effect.** The rates in effect at the time the contract is entered will be applicable to purchases made pursuant to the contract or any change order under the contract until the earlier of:

- (e) **Documentation, forms, certification.** Before the Commission will process any refund due to change of rate, the contractor must supply all forms and documentation required by the Commission. Each vendor must complete the certification for property, materials and supplies the vendor sold to the contractor. The contractor must complete the certification pertaining to all purchases to which the refund provisions are applicable. [See: 68 O.S. § 1354(U)]
- (f) **Time limitations.** The contractor shall file a claim for said refund before the expiration of three (3) years from the date of completion of the contract or five (5) years after the contract was entered into, whichever date is earlier.

Only centrally-billed charges made using an authorized **travel card**, because they are billed directly to and paid directly by the Federal Government, are exempt from the levy of Oklahoma sales tax. All **fleet and purchase type transactions** made on an **integrated card** are centrally-billed, and therefore exempt from the levy of Oklahoma sales tax, regardless of the sixth digit on the card. **Travel card** type functionality may be centrally-billed or individually-billed. Authorized **integrated cards** must meet all the requirements set out in this paragraph:
- (i) The prefix (first four (4) digits) of an **integrated card** must be 4486, 4716, or 5568;

- (b) **Sales by a lease or lease-purchase agreement with a municipality or county.** As of July 1, 1999, the sale of tangible personal property or services pursuant to a lease or lease-purchase agreement executed between a vendor and a school district is exempt from sales tax.

- (d) **Predominant use.** Incidental use of otherwise qualifying items or machinery **predominantly** used in the manufacturing operation will not result in disqualification:
- (1) Where an item is predominantly used in the manufacturing operation, any non-exempt use will be considered incidental, and will not disqualify the item from the exemption.
 - (2) Where electricity or natural gas is metered through a single meter, and the predominant use is in the manufacturing operation, any remaining usage will be considered incidental, and will be exempt.

710:65-13-153. Exemption for "qualified manufacturers"

(a) **Qualification.** Sales of construction materials to a qualified manufacturer to be consumed or incorporated in a new manufacturing facility or to expand an existing manufacturing facility are exempt from sales and use tax. For purposes of this exemption, sales made to a contractor or subcontractor who has previously entered into a contractual relationship with a qualified manufacturer for construction or expansion of a manufacturing facility shall be considered sales made to the qualified manufacturer.

(1) "**Manufacturing facility**" for purposes of this exemption, means buildings and land improvements used in manufacturing as defined in Section 1352 of Title 68 of the Oklahoma Statutes, except that up to ten percent (10%) of the square feet of such building may be devoted to office to provide clerical support for the manufacturing operation and shall also mean building and land improvements used for the purpose of packing, packaging, repackaging, labeling or assembling for distribution to market, if at least seventy percent (70%) of the product is made in Oklahoma by the same company but at an off-site in-state manufacturing facility or facilities. Retail outlets will be included only if the retail outlet is operated in conjunction with and on the same site or premises as the manufacturing facility.

(2) "**Qualified manufacturer**" for purposes of this exemption, means:

(A) Any enterprise whose total cost of construction of a new or expanded facility exceeds the sum of Five Million Dollars (\$5,000,000.00) and the new or expanded facility adds at least One Hundred (100) new full-time-equivalent employees, as certified by the

Employment Security Commission, and such employees are maintained for a period of at least thirty-six (36) months, upon completion of the facility.

(B) If the cost of construction exceeds Ten Million Dollars (\$10,000,000.00) and the combined cost of construction material, machinery, equipment, and other tangible personal property exceeds Fifty Million Dollars (\$50,000,000.00), the required number of new full-time-equivalent employees to be added and maintained to be a "**qualified manufacturer**" is Seventy-five (75).

(C) If the total cost of construction exceeds the sum of Three Hundred Million Dollars (\$300,000,000.00) the "**qualified manufacturer**" must maintain an employment level of a least 1,750 full time equivalent employees.

(3) "**Total costs of construction**" defined. For purposes of this Section, "**total cost of construction**" means and includes building and construction materials, and engineering and architectural fees or charges directly associated with the construction of a new or expanded facility, but shall not include attorney fees. For purposes of (a)(2)(C) of this Section the "**total cost of construction**" shall also include the cost of qualified depreciable property, as defined by Section 2357.4 of Title 68 of the Oklahoma Statutes, and labor services performed in the construction of a new or expanded facility.

(4) **The employment requirement.** The employment requirement described in this Section can be satisfied by a portion of the required new full-time-equivalent employees being employed at a manufacturing facility related to or supported by the new or expanded business, so long as both or all facilities are owned by the same person.

(b) **Limitations.**

(1) The exemption pertains only to sales of tangible personal property consumed or incorporated in the construction of a new manufacturing facility or the expansion of an existing facility made after June 1, 1988. The exemption applies to sales made to a contractor or sub-contractor to be consumed or incorporated in the construction of a new or expanded manufacturing facility pursuant to a contract with a qualified manufacturer as well as to sales made to a qualified manufacturer.

(2) The exemption applies only to tangible personal property that becomes a part of the facility or that is directly consumed in the construction process.

(3) No exemption shall be granted if the qualified manufacturer fails to file both the documentation required in (e)(1) of this Section and the required certification issued by the Employment Security Commission with the Commission.

(c) **Administration.** Pursuant to statute, the exemption for sales to a qualified manufacturer outlined in this Section will be administered as a refund for state and local taxes paid by the qualified manufacturer to the vendor or, in the case of use tax, self-remitted to the state of Oklahoma.

(d) **Application process.**

(1) **Application.** All persons who believe that they fall within the exemption provided shall file an Application/Intent to Qualify with the Commission. The Application/Intent to Qualify shall be on forms provided by the Commission and shall include, as attachments, specification of the new or expanded manufacturing facility a complete description of the product to be manufactured, and other information requested by the Commission.

(2) **Review.** Upon receipt of the Application, the Application will be reviewed by the Commission for completeness and compliance with the exemption. A copy of the application will be forwarded to the Employment Security Commission for establishment of the entities base

line employment. The applicant will be notified of any action taken regarding the Application by the Commission.

(e) **Claims process.**

(1) **Records required for claim.**

(A) For each purchase made, the entity who believes that it will be certified as a qualified manufacturer shall file the following documentation with the Commission on forms provided for that purpose by the Commission:

(i) Invoice indicating the amount of state and local taxes billed to the qualified manufacturer;

(ii) Affidavit of the vendor of the construction materials reflected on the invoice that state and local sales tax reflected on that invoice has not been audited, rebated, or refunded to the qualified manufacturer but rather the sales tax charge has been collected to the vendor and remitted to the Commission. Any number of invoices from the same vendor may be attached to one affidavit so long as the affidavit covers all invoices attached;

(iii) All additional documentation required to be submitted by the Commission.

(B) In cases where the state and local sales tax was paid by a contractor or sub-contractor who has previously entered into a contract with a qualified manufacturer, the qualified manufacturer shall file with the Commission the following:

(i) Invoices indicating the amount of state and local sales taxes billed;

(ii) An affidavit from the contractor or sub-contractor who made the purchase of construction materials reflected on the invoice stating that the sales tax reflected on the attached invoice and claimed by the qualified manufacturer is based on state and local sales tax paid by the contractor or sub-contractor on construction materials to be consumed or incorporated in a construction of new or expanded manufacturing facility and that the amount of state and local sales tax claimed was paid by the contractor or sub-contractor to the vendor and no credit, refund or rebate has been claimed by the contractor or sub-contractor. Any number of invoices can be attached to an affidavit of a contractor or sub-contractor provided that all invoices attached reflect purchases made by that contractor or sub-contractor and are reflected in the affidavit;

(iii) Additional documentation required by the Commission.

(2) **Filing claims.** At the option of the entity who believes it will be certified as a qualified manufacturer, the documentation can be filed monthly, quarterly, semi-annually, or annually. Certification issued by the Employment Security Commission must be filed within thirty-six (36) months of the date of first purchase.

(3) **Review.** The Commission will review the documentation submitted and determine within thirty (30) days whether the refund claimed will be allowed. In the event that the claim is denied, the person who submitted the documentation will be notified by the Commission as to the reason for denial. The person who submitted the documentation will similarly be notified that a claim has been approved.

(f) **Fiscal procedure.** Each month, the Commission shall transfer from sales tax collected the estimated amount of claims approved by the Commission the previous month.

(g) **Certification process.**

(1) **Application review.** Upon completion of the new or expanded facility and the addition of the employees as required by statute, the person who believes he falls within the exemption shall

apply for certification on forms provided by the Commission. Each application for certification shall be reviewed by the Commission for the purpose of determining that the thresholds required by law have been met. During such time that the Commission is reviewing the application for certification, the Commission will forward a copy of the application for certification to the Employment Security Commission who will review employees hired. Upon completion of the review by the Commission and the Employment Securities Commission, the Commission will notify the applicant of the approval or denial of the certification requested.

(2) **Approval.** The applicant whose certification has been approved shall receive a refund in the amount not to exceed the total amount of state and local sales taxes paid and previously approved by the Commission. The applicant will also receive accrued interest upon the principal amount of the refund made. [See: 68 O.S. § 1359.1(C)]

(3) **Assessment.** If at any time within thirty-six (36) months of the date certification is issued by the Oklahoma Employment Security Commission the number of full-time-equivalent employees drops below one hundred (100) such employees, any use or sales tax and interest previously refunded to the taxpayer will be assessed against the taxpayer receiving such refund and interest.

(4) **Denial of certification; protest procedure.**

(A) Any applicant whose request for certification is denied may, within sixty (60) days after the mailing of the denial by the Commission, file with the Commission a protest under oath, signed by the applicant or his duly authorized agent setting out:

- (i) a statement of denial as determined by the Commission;
- (ii) a statement of the applicant's disagreement with such denial; and
- (iii) supporting documentation relied on by the taxpayer in support of certification.

(B) If an applicant fails to file a written protest within the sixty (60) days, then the denial, without further action of the Commission shall become final and no appeal will be entertained.

(C) Applicants filing a protest to the denial of certification by the Commission shall be scheduled for a hearing en banc before the Commission for a date, time and place set by the Commission. Notice of the date, time and place will be given by mail at least ten (10) days prior to the hearing.

(D) The burden of proving that the denial of certification was erroneous is on the applicants. The applicant can present testimony, evidence and argument in support of the requested certification.

(E) The Commission will issue an order in each case. That order is directly appealable to the Supreme Court. The appeal must be perfected within thirty (30) days of the mailing of the order by filing a Petition in Error with the clerk of the Supreme Court of the State of Oklahoma and by filing a designation of the record with the Secretary of the Commission at the same time the Petition in Error is filed. [See: 68 O.S. § 225]

(F) For further information the applicant should refer to the Rules of Practice and Procedure Before the Oklahoma Tax Commission (710:1-5-21 through 710:1-5-49). [See: 68 O.S. §§ 1359.1, 1404.1]

710:65-13-176. Exemption for certain hospitals and nursing homes

(a) **Qualification for exemption of sales to a "qualified purchaser"**. Exempted from sales tax are sales of tangible personal property to a public trust having either a single city, town or county or multiple cities, towns or counties or combination thereof as beneficiary or beneficiaries or a nonprofit organization which is exempt from taxation pursuant to the provisions of the Internal Revenue Code, 26 U.S.C., Section 501(c)(3) for the purpose of constructing improvements to or expanding a hospital or nursing home owned and operated by any such public trust or nonprofit entity prior to the effective date of this act in counties with a population of less than one hundred thousand (100,000) persons, according to the most recent Federal Decennial Census.

(1) As used in this section, "constructing improvements to or expanding" shall not mean any expense for routine maintenance or general repairs and shall require a project cost of at least One Hundred Thousand Dollars (\$100,000.00).

(2) "Qualified purchaser" shall mean a public trust having either a single city, town or county or multiple cities, towns or counties or combination thereof as beneficiary or beneficiaries or a nonprofit organization which is exempt from taxation pursuant to the provisions of the Internal Revenue Code, 26 U.S.C., Section 501(c)(3). In addition, sales made to a contractor or subcontractor that enters into a contractual relationship with a public trust or nonprofit entity as described by this paragraph shall be considered sales made to the public trust or nonprofit entity.

(b) **Administration.** Pursuant to statute, the exemption for sales to a "qualified purchaser" as outlined in this Section will be administered as a refund for sales or use taxes paid by the "qualified purchaser" to the vendor or, in the case of use tax not required to be charged by the vendor, self-remitted by the "qualified purchaser" or by a contractor or subcontractor to the "qualified purchaser."

(c) **Application process.**

(1) **Application.** All "qualified purchasers" shall file an Application/Intent to Qualify with the Commission. (A) For each purchase made, the "qualified purchaser", shall file the following documentation with the Commission on forms provided for that purpose by the Commission:

- (i) Invoice indicating the amount of sales taxes billed to the "qualified purchaser" and;
- (ii) Affidavit of the vendor of the tangible personal property reflected on the invoice that sales tax reflected on that invoice has not been audited, rebated, or refunded to the "qualified purchaser" but rather the sales tax charge has been collected by the vendor and remitted to the Commission. Any number of invoices from the same vendor may be attached to one affidavit so long as the affidavit covers all invoices attached;
- (iii) All additional documentation required to be submitted by the Commission.

(B) In cases where the sales tax was paid by a contractor or sub-contractor who has previously entered into a contract with a "qualified purchaser", the "qualified purchaser" shall file with the Commission the following:

- (i) Invoices indicating the amount of sales taxes billed;
 - (ii) An affidavit from the contractor or sub-contractor who made the purchase of tangible personal property reflected on the invoice stating that the sales tax reflected on the attached invoice and claimed by the "qualified purchaser" is based on sales tax paid by the contractor or sub-contractor on tangible personal property purchased *for the purpose of constructing improvements to or expanding a hospital or nursing home owned and operated by a "qualified purchaser"* and that the amount of sales tax claimed was paid by the contractor or sub-contractor to the vendor and no credit, refund or rebate has been claimed by the contractor or sub-contractor. Any number of invoices can be attached to an affidavit of a contractor or sub-contractor provided that all invoices attached reflect purchases made by that contractor or sub-contractor and are reflected in the affidavit;
 - (iii) Additional documentation required by the Commission.
- (2) **Filing claims.** The refund request and required documentation must be filed and in the possession of the Commission on or before the 30th day after the end of the fiscal year in which the purchases were made.
- (3) **Review.** The Commission will review the documentation submitted and determine whether the refund claimed will be allowed. In the event that the claim is denied, the "qualified purchaser" who submitted the documentation will be notified by the Commission as to the reason for denial. The "qualified purchaser" who submitted the documentation will similarly be notified that a claim has been approved.
- (e) **Fiscal procedure.** After the 30th day after the end of each fiscal year, *the Tax Commission shall determine whether or not the total amount of sales tax exemptions claimed by all purchasers is equal to or less than Six Hundred Fifty Thousand Dollars (\$650,000.00). If such claims are less than or equal to that amount, the Tax Commission shall make refunds to the purchasers in the full amount of the documented and verified sales tax amounts. If such claims by all purchasers are in excess of Six Hundred Fifty Thousand Dollars (\$650,000.00), the Tax Commission shall determine the amount of each purchaser's claim, the total amount of all claims by all purchasers, and the percentage each purchaser's claim amount bears to the total. The resulting percentage determined for each purchaser shall be multiplied by Six Hundred Fifty Thousand Dollars (\$650,000.00) to determine the amount of refundable sales tax to be paid to each purchaser.*

PART 33. MOTOR FUELS

710:65-13-180. Motor fuel and other petroleum products; taxable and exempt transactions

(a) Exempt sales in general. The sales tax will not be applicable to the gross receipts derived from the sale of gasoline, gasohol, or other motor fuel on which the Oklahoma motor fuel excise tax, gasoline excise tax, or special fuels tax has been paid.

(b) Diesel fuel exemption. Diesel fuel users whose purchases of diesel fuel in bulk quantities are primarily for delivery by them into the fuel supply tanks of motor vehicles in Oklahoma, must apply for a Sales Tax Permit issued by the Oklahoma Tax Commission and assume direct liability for the payment of state and local taxes upon all withdrawals from bulk storage of fuel not used "**on-the-road**" and therefore not subject to motor fuel or gasoline excise taxes.

(c) Limitations on motor fuels exemption. Sales of motor fuels which are exempt from the motor fuel tax, such as specially prepared naphtha used in established places of business for cleaning and dyeing purposes, and kerosene and any other motor fuel that is used for illuminating or heating purposes are subject to sales tax.

(d) **Aircraft fuels.** The gross receipts from the sales of all chemicals and petroleum products used as fuel to generate power in aircraft engines are exempt from all state and local sales and use taxes because such sales are subject to the levy of motor fuel excise tax.

(e) **Diesel fuel sold for use by commercial watercraft.** Sales of diesel fuel sold for consumption by commercial vessels, barges, and other commercial watercraft are exempt from all state and local sales and use taxes. [See: 68 O.S. § 1357(24)]

(f) **Crude and other oil and gas well exemptions.** Goods produced in Oklahoma that are subject to the gross production tax provisions at 68 O.S. §§1001 et seq. are exempt from sales and use taxes when produced. However, sales of such products which would normally be exempt under 68 O.S. §1355(3) are taxable when made to a taxable consumer/user, except for sales of crude petroleum, diesel, or natural or casing head gas, that are sold solely for the purpose of facilitating the production of oil or gas by injection into the earth.

(g) **Limitations on crude petroleum and other oil and gas well products exemption.** The exemption for crude petroleum and other oil and gas well products shall not include the application of a lubricant or cleaning agent, i.e. kerosene, to the oil and gas well production machinery. Nor shall it apply to fuel used for producing power for equipment used to drill or produce from an oil or gas well or to sales of petroleum-based chemicals, additives, or other substances used in the drilling of or production from a well. Even though these uses may indirectly facilitate production, they do not come within the purview of the exemption which is limited to crude petroleum, diesel fuel, natural or casinghead gas that is injected into the earth primarily and directly for the purpose of facilitating or promoting the production of oil or gas. PART 35. NEWSPAPERS; PERIODICALS; PROGRAMS; MEDIA

710:65-13-190. Newspapers and periodicals; taxable and exempt transactions

(a) Sales of newspapers and periodicals are exempt from sales and use tax, regardless of whether purchased by single copy or subscription.

(b) The term "**newspaper**" is not defined by statute. For purposes of this exemption, "**newspaper**" is defined as: A paper that is printed and distributed daily, weekly, or at some other regular and usually short interval and that generally contains news, articles of opinion (editorials), features, advertising, or other matter regarded as of current interest.

(c) The term "**periodical**" is also not defined by statute. However, the Supreme Court of Oklahoma has defined "**periodical**" in the case of **Swap and Shop Advertiser v. Oklahoma Tax Commission**, 774 P.2d 1058 (Okla. 1989) as follows: Periodical: A magazine or other publication of which the issues appear at stated or regular intervals; usually used of a publication appearing more frequently than annually but infrequently used of a newspaper.

(d) The test which must be met in order to qualify for exemption as a periodical is that the publication must come out periodically and must be published on more than an annual basis. This periodicity test is met whether the publication is a weekly or a monthly or even a quarterly or semiannual publication.

(e) Other considerations in order of diminishing importance include the following:

- (1) Does the publication contain articles and items which have value to the general public rather than to a specialized class of people?

- (2) Is the publication one that has the basic format of a magazine, i.e., soft cover, individual pages, indexed articles, etc.?
 - (3) Can the publication be subscribed to?
 - (4) Does the publication contain general advertising?
 - (5) Is the publication commonly accepted as a magazine?
- (f) An affirmative response to any of these considerations should tend to indicate the publication in question is a periodical, assuming the initial test of periodic publication, described in subsection (d), is met.
- (g) Furthermore, each publication must stand alone. It must not, either singly or, when successive issues are put together, constitute a book such as loose-leaf packets which update a book or pocket parts.
- (h) Finally, the sale of microfiche or microfilm which contains newspapers or publications which meet the test for a periodical are not exempt from tax as the sale of newspapers or periodicals under this rule. [See: 68 O.S. §1354(A)]

This exemption begins with either the equipment used in producing the live programming or the electronic equipment directly behind the satellite receiving dish (antenna) and ends with transmission of the broadcast signal from the end of the broadcast antenna system.

agreed in writing to notify the vendor of any and all purchases which may be made to which the exemption would not apply. PART 47. [RESERVED]

PART 49. [RESERVED]

PART 51. SALES TAX HOLIDAY

710:65-13-510. [RESERVED]

710:65-13-511. Exemption for sales of clothing and footwear during three-day period in August

(a) **General provisions.** Beginning at 12:01 a.m. on the first Friday in August and ending at twelve midnight on the following Sunday, sales of any item of clothing or footwear with a sales price of less than one hundred dollars (\$100) per article will be exempt from sales and use tax.

(b) **Exemption applicability.** This exemption does not apply to the sale of any accessories or to the sale of any special clothing or footwear primarily designed for athletic activity or protective use or to the rental of clothing or footwear.

(c) **Definitions.** For purposes of this section:

(1) "Accessories" means any item, other than clothing or footwear that is carried on or about the human body, without regard to whether the item is worn on the body in a manner that is characteristic of clothing or footwear. Such items include jewelry, nonprescription eyewear, handbags, wigs, hair pieces, wallets, purses, umbrellas, watches, cosmetics, briefcases, luggage, barrettes, cuff links, hair bows, hair clips, hair nets, handkerchiefs, and other similar type items.

(2) "Clothing" means all human wearing apparel suitable for general use.

 - (xxxii) Steel toed shoes;

- (B) "Clothing" shall not include:

 - (ii) Costume masks sold separately;
 - (iii) Patches and emblems sold separately;
 - (iv) Sewing equipment and supplies including, but not limited to, knitting needles, patterns, pins, scissors, sewing machines, sewing needles, tape measures, and thimbles; and
 - (v) Sewing materials that become part of "clothing" including, but not limited to, buttons, fabric, lace, thread, yarn, and zippers.
- (3) "Eligible item" means tangible personal property that is exempt from tax under this Section that is purchased during the three day period in August and includes certain clothing and footwear with a sales price of less than \$100.00 per article of clothing or pair of footwear.
- (4) "Footwear" means any shoe, boot or other similar article that is designed to be worn on a foot.
- (5) "Layaway sale" means a transaction in which property is set aside for future delivery to a customer who makes a deposit, agrees to pay the balance of the purchase price over a period of time, and, at the end of the payment period, receives the property. An order is accepted for layaway by the seller, when the seller removes the property from normal inventory or clearly identifies the property as sold to the purchaser.
- (6) "Rain check" means the seller allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock.
- (7) "Special clothing or footwear primarily designed for protective use that is not normally worn except when used for the protective use for which it is designed" or "protective equipment" means items for human wear and designed as protection of the wearer against injury or disease or as protection against damage or injury of other persons or property but not suitable for general use. This type of clothing and footwear includes, but is not limited to, breathing masks; clean room apparel and equipment; ear and hearing protectors; face shields; hard hats; helmets; paint or dust respirators; protective gloves; safety glasses and goggles; safety belts; tool belts; and welder's gloves and masks.

(8) "Special clothing or footwear that is primarily designed for athletic activity that is not normally worn except when used for the athletic activity for which it is designed" or "sport or recreational equipment" means items designed for human use and worn in conjunction with an athletic or recreational activity that are not suitable for general use. This type of clothing and footwear includes, but is not limited to, ballet and tap shoes; cleated or spiked athletic shoes; gloves for athletic or recreational activity such as baseball, bowling, boxing, football, hockey, golf and other sports gloves; goggles; elbow, hand, knee and shin guards or pads; life preservers and vests; mouth guards; roller and ice skates; shoulder pads; fishing and ski boots; and wetsuits and fins.

(c) **Exemption applications.** The application of the exemption to the sale of clothing or footwear during the exemption period is illustrated by the following examples:

(1) A customer purchases three shirts for \$45.00 per shirt. All three items qualify for the exemption, even though the customer's total purchase price (\$135.00) exceeds \$99.99.

(2) A customer purchases a pair of shoes for \$110.00. The purchase does not qualify for the exemption because the customer's purchase price exceeds \$99.99.

(3) A customer purchases a tie for \$50.00, a shirt for \$55.00 and a suit for \$300.00. The purchase of the tie and shirt qualify for the exemption, but the suit does not qualify.

(4) A customer purchases a sport's team jersey for \$35.00. The purchase would qualify for the exemption.

(5) A customer purchases a football uniform for \$75.00 and football cleats for \$50.00. The purchase of the football uniform would qualify for the exemption, but the football cleats do not qualify.

(6) A customer purchases a gold pin for \$99.00. The purchase would not qualify for the exemption because the item is an accessory.

(d) **Application of rules to exemption.**

(1) **Articles normally sold as a unit.** Articles that are normally sold as a unit may not be priced separately and sold as individual items in order to be exempt. The following examples illustrate the application of the rule to the exemption:

(A) A pair of shoes sells for \$198.00. The pair of shoes cannot be split in order to sell each shoe for \$99.00 to qualify for the exemption.

(B) A suit is normally priced at \$300.00. The suit cannot be split into a coat and slacks so that one of the articles may be sold for less than \$100.00 to qualify for the exemption. However, articles that are normally sold as separate articles, such as a sport coat and slacks, may continue to be sold as separate articles and qualify for the exemption.

(C) A packaged gift set consisting of a wallet (ineligible item) and tie (eligible item) would not qualify for the exemption.

(2) **"Buy One, Get One Free" and other similar offers.** If a seller offers "buy one, get one free" or "two for the price of one" on eligible items, the purchase shall qualify for the exemption when all other conditions of the exemption are met. However, if a seller offers a "buy one, get one for a reduced price" the two prices cannot be averaged to qualify both items for the exemption. The following examples illustrate the application of the rule to the exemption:

(A) A seller offers "buy one, get one free" on a pair of shoes. The first pair of shoes has a sale price of \$99.00 and the second pair is free. Both pairs of shoes will qualify for the

exemption because the first pair of shoes does not exceed the less than \$100.00 exemption limitation.

(B) A coat is purchased for \$120.00 and a second coat is purchased for half price (\$60.00) at the time the first coat is purchased. The second coat will qualify for the exemption, but the tax will be due on the first coat. In this example, the sales price of the items may not be averaged in order to qualify for the exemption.

(3) **Discounts, coupons, and rebates.** The application of the exemption to discounts, coupons and rebates extended on an eligible item during the exemption period is illustrated by the following examples:

(A) Discounts offered by the retailers at the time of sale and which are taken by the customer at the time of sale affect the sales price of the purchased item. For example, if a seller sells a pair of jeans with a sales price of \$110.00 and offers to discount the item 10 percent at the time of sale, the exemption would apply because the actual sales price of the jeans is \$99.00.

(B) Coupons offered by the seller or vendor and used at the time of sale to reduce the sales price of an eligible item affect the sales price of the purchased item. For example, if a seller offers a reduction in sales price of \$10.00 through a store coupon for an item of clothing with a sales price of \$100.00, the exemption would apply to the purchase because the seller's actual sales price to the customer is \$90.00.

(C) Coupons offered by a manufacturer that are used to pay for an eligible item do not affect the sales price of the purchased item. For example, if a customer gives to a seller a manufacturer's coupon for \$20.00 for a pair of tennis shoes with a sales price of \$100.00, the exemption would not apply.

(D) Rebates generally occur after the sale, thus the amount of the rebate does not affect the sales price of the purchased item. For example, if a pair of jeans was purchased for \$100.00 with a manufacturer's rebate for \$10.00, the exemption would not apply because the sales price is in excess of \$99.99.

(4) **Exchanges.** The application of the exemption to an exchange of an eligible item purchased during the exemption period is illustrated by the following examples:

(A) A customer purchases an eligible item during the exemption period, but later exchanges the item for a different size, color, or other feature. No additional tax is due even though the exchange is made after the exemption period.

(B) A customer purchases an eligible item during the exemption period. After the exemption period has ended, the customer returns the item and receives credit on the purchase of a different item. Sales tax is due on the total sales price of the newly purchased item.

(C) A customer purchases an eligible item before the exemption period, but during the exemption period the customer returns the item and receives credit on the purchase of a different eligible item, no sales tax is due on the sale of the new item if the new item is purchased during the exemption period.

(5) **Gift certificates and gift cards.** Eligible items purchased during the exemption period using a gift certificate or gift card will qualify for the exemption, regardless of when the gift certificate or gift card was purchased. Eligible items purchased after the exemption period using a gift certificate or gift card are taxable even if the gift certificate or gift card was

purchased during the exemption period. A gift certificate or gift card cannot be used to reduce the selling price of an eligible item in order for the item to qualify for the exemption.

(6) **Layaways.** For the purposes of this exemption, an eligible item will qualify for the exemption when final payment on the layaway is made by, and the item is given to the customer during the exemption period. The application of the exemption to a layaway of an eligible item purchased during the exemption period is illustrated by the following examples:

(A) A dress with a sales price of \$75.00 is placed in layaway during the exemption period. The customer picks up the dress and makes final payment after the exemption period. The exemption does not apply.

(B) A coat with a sales price of \$95.00 is placed in layaway before the exemption period. The customer makes the final payment and picks up the coat out of layaway on August 3, 2007. The exemption would apply because the coat was paid for and picked up during the exemption period.

(7) **Mail, telephone, e-mail, and internet sales.** The sale of an eligible item of clothing or footwear may qualify for the exemption when sold through the mail, telephone, e-mail or internet sales if:

(A) The item is both paid for and delivered to the customer during the exemption period; or

(B) The customer orders and pays for the item and the seller accepts the order during the exemption period for immediate shipment, even if delivery is made after the exemption period. An order is considered for immediate shipment when the customer does not request delayed shipment. The seller must accept an order during the exemption period even if delivery is not made during the exemption period. Actions to fill an order include placement of an "in date" stamp on a mail order or assignment of an "order number" to a telephone order. If the seller delays shipment of an order because of a backlog, or because stock is currently unavailable, the order is still for immediate shipment.

(8) **Out of stock sales.** A purchase where a customer orders and pays for the eligible item and the seller accepts the order during the exemption period will be eligible for the exemption, even if delivery is made after the exemption period.

(9) **Rain checks.** Eligible items purchased during the exemption period with the use of a previously issued rain check will qualify for the exemption. However, a rain check that is issued during the exemption period will not qualify an eligible item for the exemption if purchased after the exemption period.

(10) **Preorder sales.** The preorder of an eligible item of clothing or footwear may qualify for the exemption if the payment occurs during the exemption period.

(e) **Records.** The retailer is not required to obtain an exemption certificate on sales of eligible items during the exemption period. However, the retailer's records should clearly identify the type of item sold, the date on which the item was sold, the sales price of all items and, if applicable, any tax charged.

(f) **Refunds, receipts.** For the period of sixty (60) calendar days following the last day of the exemption period, when a customer returns an item that would qualify for the exemption, no refund of tax shall be given unless the customer provides a receipt or invoice showing tax was paid, or the retailer has sufficient documentation to show that tax was paid on the specific eligible item.

(g) **Time zones.** The time zone of the seller's location determines the authorized time period for

a sales tax holiday when the purchaser is located in one time zone and the seller is located in another.

710:65-13-512. Reimbursement to municipality or county

For the fiscal years beginning on or after July 1, 2007, an amount of revenue shall be apportioned to each municipality or county which levies a sales tax subject to the provisions of 68 O.S. §§1357.10 and 2701(F) equal to the amount of sales tax revenue of such municipality or county exempted by the provisions of 68 O.S. §§1357.10 and 2701(F) based upon an estimate, by the Oklahoma Tax Commission, of the aggregate cost of the exemption for the municipalities or counties. The sales tax revenue shall be apportioned to the municipalities and counties in the proportions which total municipal and county sales tax revenue was apportioned by the Tax Commission for sales in the month of August for the preceding calendar year. Each municipality's and county's sales tax revenue collected for sales made in August of the preceding calendar year shall be divided by the total municipal and county sales tax revenue collected for sales made in August of the preceding calendar year. The resulting ratio shall determine the apportionment percentage for each municipality and county for August of the current fiscal year. The apportionment percentage shall be multiplied by the Tax Commission's estimated aggregate cost of the exemption to determine the amount of sales tax revenue each municipality or county is entitled to receive under 68 O.S. §1353(B).

For purposes of this paragraph, "web search portal" means an establishment classified under NAICS code 519130 which operates web sites that use a search engine to generate and maintain extensive databases of Internet addresses and content in an easily searchable format.*

SUBCHAPTER 15. INTERSTATE COMMERCE

710:65-15-1. Sales related to interstate commerce

(a) **General provisions.** Oklahoma Sales Tax does not apply to a transaction which is not within the taxing power of this State under the Constitution of the United States, as interpreted from time to time by applicable court decisions.

(b) **Tangible personal property shipped from this state.**

(1) Except in the limited situation provided for by 710:65-13-152.1, if tangible personal property is sold within this State, and possession is taken by the buyer within this State, sales tax applies, even if the property is to be transported out of this State immediately upon delivery.

(2) If tangible personal property is sold within this State and possession is taken by the buyer outside this State, the tax does not apply if the property is not to be used in Oklahoma. Possession is taken by the buyer outside this State only if either of the following is met:

(A) The seller is obligated to personally deliver the tangible personal property outside this State; or

(B) The seller is, by terms of the sales contract, obligated to deliver the tangible personal property to a common carrier or to the mails for transportation outside this State.

(3) If tangible personal property is sold within this State and possession is taken by the buyer outside this State, sales tax applies if the property is to be brought back into this State for use in this State.

(c) **Tangible personal property shipped into this state.** In those cases in which tangible personal property is shipped into this State pursuant to a contract of sale, the sale will be considered to be made in this State, and subject to sales tax, if either of the following is met:

(1) The delivery of the tangible personal property is made by the seller to the buyer in this State. Delivery of tangible personal property will be considered as made in this State if either:

(A) Physical possession of the tangible personal property is transferred by the seller to the buyer in this State; or

(B) If delivery is made by an out-of-state vendor in the vendor's own vehicle, then the transaction is subject to sales tax. [See: 68 O.S. § 1402]

(2) The tangible personal property is installed in this State, by the seller or seller's agent.

710:65-15-3. Sales by solicitation

(a) In addition to terms defined in 710:65-1-2, for purposes of this Chapter, the following definitions will apply:

- (1) **"Solicitation"** includes, but is not necessarily limited to, the following:

(A) Transmittal of a printed sales solicitation message by United States mail, common carrier, or other wise, in the form of a bulk mailing or a bulk delivery, a sales catalog, brochure, advertising flier, billing or package insert or similar publication or device.

(B) Transmittal of a sales solicitation message by space advertising in a newspaper, magazine, or other publication, which is local, regional, or national in character.

(C) Transmittal of a sales solicitation message by radio, television, telephone, telegraph, computer data base, or by cable, optic, microwave or any other electronic means.

(D) Each separate transmittal of a sales solicitation message is a separate act of "solicitation." Thus, by way of non-exclusive example, a retailer who solicited orders from Oklahoma residents by means of one bulk mailing of advertising fliers in June, by another mailing of catalogs in August, and by advertising in a newspaper in October, would be engaging in three separate "solicitations."

- (2) **"Soliciting on a continuous basis"** means soliciting without interruption or cessation, the uninterrupted or unceasing solicitation consisting of reoccurring acts of solicitation.

(3) **"Soliciting on a regular basis"** means reoccurring solicitation at fixed, periodic or unvarying intervals.

(4) **"Soliciting on a systematic basis"** means soliciting orders from residents of this state in an orderly or methodical fashion, in accordance with some plan or design or in a step-by-step fashion.

(b) The gross receipts or gross proceeds of each sale of tangible personal property to or by a consumer/user in this state purchased from an out-of-state vendor who engages in business in this state through continuous, regular or systematic solicitation of retail sales by advertisement in the newspapers or radio or television media operating within Oklahoma are subject to sales tax.

(c) The gross receipts or gross proceeds of each sale/use of tangible personal property to or by a consumer/user in this state purchased from an out-of-state vendor who engages in business in this state through continuous, regular, or systematic solicitation of retail sales by advertisement through mail order or catalogue publications are subject to sales or use tax.

(d) The out of state vendor is required to hold a valid Oklahoma Sales/Use Tax Permit and to collect and remit tax in the same manner as any other vendor required to collect and report Oklahoma sales and use tax. The Commission may revoke the vendor's permit if it decides that the tax may be more effectively collected from the consumer/user. [See: 68 O.S. §§1354.1 - 1354.6]

710:65-18-3. Sourcing of retail sales

For those sales that are not sales of mobile telecommunications services and are not the lease or rental of tangible personal property other than transportation equipment, the sales shall be sourced to the location for which city and county sales taxes will be charged in the following manner:

(1) *When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location;*

710:65-19-40. Caterers

- (a) The term "**caterer**" means a person engaged in the business of preparing or serving meals, food, and drinks, without regard to whether the service is at the caterer's place of business, the customer's location, or some other location, usually for a specified price for a specific menu or offering, but not off a menu to the public. The term does **not** include wait persons hired directly by a caterer's customer, whether hired by the hour, by the day, or for the event.
- (b) Sales tax must be collected, reported and remitted on all charges made by caterers for serving meals, food, and drinks, inclusive of charges for food, the use of dishes, silverware, glasses, chairs, tables, etc., used in connection with serving meals, and for the labor of serving the meals. Sales tax must be collected, reported and remitted on charges made by caterers for the rental of dishes, silverware, glasses, etc., even though no food is provided or served by the caterers in connection with such rental.

- (b) If the memorial dealer furnishes a memorial and sets it in the cemetery for a lump sum, the tax applies to the entire amount charged. If a separate and additional charge is made for the labor of setting the memorial, the tax does not apply to this labor charge. No deduction may be made of charges for cutting, shaping, polishing or lettering a memorial or for transporting it to the cemetery.
- (c) When a cemetery constructs the foundation upon which a memorial is placed, the cemetery is acting as a contractor and should follow the rules pertinent thereto.

710:65-19-43. Chamber of commerce

A chamber of commerce is not entitled to exemption on its purchases as it is not a governmental,

educational or church institution exempt by statute. The fact that city funds may be distributed to the chamber of commerce does not exempt the chamber of commerce on the expenditure of those funds unless the property involved is purchased directly by the city.

710:65-19-44. Sales made to or by charitable, fraternal, civic, educational societies and non-profit organizations

(a) **Sales "to"**. Sales to non-profit, charitable, fraternal, civic and educational societies are subject to sales tax unless specifically exempt by the Sales Tax Code. Examples of organizations which are specifically exempt are the Council Organizations or similar state supervisory organizations of the Boy Scouts of America, Girl Scouts of U.S.A., and Camp Fire USA.

(3) Donations in the form of tangible personal property of items purchased exempt for resale to fraternal, religious, civic, charitable or educational societies or organizations are taxable to the donor as a consumer/user.

Sales in excess of Seventy-five Thousand Dollars (\$75,000) or gross receipts from the sales of anything other than tickets and concessions at athletic events are subject to taxation. Each organization falling within the exemption must file sales tax reports for each period, reporting total gross sales and then indicating as exempt the amount of sales of tickets and concessions made during the period. All sales of tickets and concessions in excess of \$75,000.00 are subject to taxation.

710:65-19-45. Chiropractors, osteopaths and chiropractors

(a) When chiropodists, osteopaths or chiropractors sell such items as shoes, arch supports, trusses, braces, appliances or other tangible personal property to purchasers apart from their rendering of service as chiropodists, osteopaths or chiropractors, they must collect, report and remit sales tax. *Sales of vitamins, minerals and dietary supplements by a licensed chiropractor to a person who is the patient of such chiropractor at the physical location where the chiropractor provides chiropractic care or services to such patient* are exempt from sales tax. [68 O.S. § 1357(37)]

(b) Chiropodists, osteopaths and chiropractors are engaged in professions and primarily render service. To the extent to which they engage in such professions, they are not engaged in the business of selling tangible personal property to purchasers within the meaning of the Code. Consequently, they are not required to remit sales tax measured by their receipts from engaging in such professions, including receipts from both services and tangible personal property dispensed incidentally to such service. However, the chiropodist, osteopath, and chiropractor must pay sales or use tax when purchasing such tangible personal property.

710:65-19-47. Retailers of clothing

(a) Persons who engage in the business of selling clothing to purchasers for use or consumption and not for resale must collect, report and remit sales tax when making such sales whether such clothing is sold as a stock or standard item or whether it is produced on special order for the purchaser. Suits, hats and other forms of clothing, when made on special order, serve substantially the same function as stock or standard clothing items that are sold.

(b) In computing sales tax liability on the sale of custom-made clothing, no deduction may be taken for the cost of labor involved in producing the finished item for sale. This is true whether such production labor is included in a lump sum price with the tangible personal property or whether such production labor is priced separately from the tangible personal property. The thing that is being sold is the finished item of clothing, and the cost of labor involved in making such item is no more deductible than is the cost of labor that is involved in producing a stock or standard item for sale.

710:65-19-48. Tailors, clothiers, dressmakers, and milliners

(a) Total gross receipts from all sales of tangible personal property by custom tailors, clothiers, dressmakers and milliners for consumption or use are subject to taxation, with no deduction for services or other costs.

(b) When such a person does not provide the goods worked upon and sells services only, such services are exempt even though they may include incidental and negligible items of material like thread, tape, buttons, etc., but the sale of items such as thread, tape, buttons, etc. to him are taxable.

(c) Where ready-to-wear suits, dresses, hats, etc., are sold at an established price, charges for alterations are not taxable only if charged separately. If such alterations involve the sale of material

such as linings, trimmings, etc., the tax applies to the total charge unless the material is billed separately.

710:65-19-49. Golf and country clubs

(c) Swim, tennis, golf and other lessons given at a club or country club are subject to sales tax unless the club or country club is merely a conduit for the instructor and the entire fee charged for the lesson is turned over to the instructor who taught the lesson and reported for income purposes.

(d) Fees for instructional services at locations where no membership dues are charged and there is no member/non-member difference in fees, will be considered the provision of nontaxable services.

(e) Club and country club initiation fees, defined as any payment, contribution, or loan, required as a condition precedent to membership, whether or not such payment, contribution or loan is evidenced by a certificate of interest or indebtedness or share of stock, and irrespective of the person or organization to whom paid, contributed or loaned, greens fees and other fees charged to members and fees charged to members who bring guest(s) to enjoy a club's swimming, golf, tennis or other facility are subject to sales tax. "Fees" include free or complimentary dues or fees which shall have the value equivalent to the charge that would have otherwise been made.

(f) Cart fees, cart rider fees, cart service charges, driving range fees, cart rental, and cart storage fees are subject to sales tax.

(g) Gross receipts from sales of stock certificates received by a country club from its members when members must purchase stock to gain access to the club's facilities constitute dues or fees for the use of facilities or services rendered at a health spa, club or any similar facility or business and are subject to sales tax. 710:65-19-50. Coins and bullion

(a) Where any coin or currency is exchanged in the open market at the current exchange rate, the transaction is not subject to the sales tax. However, where coins are commemorative or otherwise, and the coins, although legal tender in the issuing country and also acceptable as legal tender in other countries, are purchased at rates not reflecting actual currency value (as for numismatic or coin collecting purposes or where the precious metal content of the coins determine their value), the transaction is the sale of tangible personal property subject to the sales tax.

(b) Sales of bullion are subject to sales tax. Bullion sold within Oklahoma and physically or constructively transferred into the state is subject to the sales tax. However, where the purchaser paid a sales tax in the state in which he took delivery, he is liable for the difference between the sales tax paid and the Oklahoma use tax. Sales of gold and silver commodity contracts are not subject to sales tax unless delivery of the commodity is taken in Oklahoma. [See: 68 O.S. §§1352, 1354]

710:65-19-51. Complimentary tickets, passes, dues, fees

- (a) Complimentary tickets, passes, dues, or fees are defined to be any method, oral or written, whereby a patron gains access to a place of entertainment, recreation or amusement without being charged, when there is regularly a charge for such admission or access.

[Source: Amended at 14 Ok Reg 2711, eff 6-26-97]

710:65-19-52. Computers and related systems; "hardware" and "software" defined

(a) **Definitions.** The following words and terms, when used in this Section, shall have the following meaning, unless the context clearly indicates otherwise:

- (1) *"Computer"* means an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions. [68 O.S.Supp 2003, § 1352(3)]
 - (2) **"Computer hardware"** means the machine and all of its components and accessories that make up the physical computer assembly.
 - (3) *"Computer software"* means a set of coded instructions designed to cause a "computer" or automatic data processing equipment to perform a task. [68 O.S.Supp 2003, § 1352(4)]
 - (4) *"Electronic"* means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities. [68 O.S.Supp 2003, § 1352(8)]
 - (5) **"Load and leave"** means delivery to the purchaser by use of a tangible storage media where the tangible storage media is not physically transferred to the purchaser.
 - (6) *"Prewritten computer software"* means "computer software", including prewritten upgrades, which is not designed and developed by the author or other creator to the specifications of a specific purchaser. The combining of two or more prewritten computer software programs or prewritten portions thereof does not cause the combination to be other than prewritten computer software. Prewritten software includes software designed and developed by the author or other creator to the specifications of a specific purchaser when it is sold to a person other than the purchaser. [68 O.S.Supp 2003, § 1352(19)]
- (b) **Sale or rental of a computer.** The sale of a computer and its related components is subject to sales or use tax. The rental of a computer and its related components, including terminal equipment (hardware) is subject to sales tax.
- (c) **Sale of prewritten computer software.** The sale of prewritten computer software delivered in a tangible media format is taxable. Prewritten computer software delivered by means of "load and leave" is also taxable.
- (d) **Maintenance contract sold with prewritten computer software.** The taxability of a maintenance contract sold with prewritten computer software delivered in a tangible media format depends on whether the maintenance contract is required or optional.
- (1) If the contract is required, the entire sale price, including the charge for the contract, is subject to tax.
 - (2) The charge for an optional contract may be subject to taxation:
 - (A) If it provides **only** upgrades or enhancements which include prewritten computer software delivered in a tangible media format; or,
 - (B) If it provides both upgrades and support services, and the fee for the support services is **not** stated separately.

- (3) If the contract is optional and provides **only** maintenance agreement support services, the contract is **not** taxable.
- (e) **Written training materials.** Written training materials are taxable, although the training services themselves are not.
- (f) **Modifications to prewritten computer software.** Modifications to "prewritten computer software" do **not** result in the production of custom computer software. *Where a person modifies or enhances computer software of which the person is not the author or creator, the person shall be deemed to be the author or creator only of such person's modifications or enhancements. Prewritten software or a prewritten portion thereof that is modified or enhanced to any degree, where such modification or enhancement is designed and developed to the specifications of a specific purchaser, remains prewritten software; provided, however, that where there is a reasonable, separately-stated charge or an invoice or other statement of the price is given to the purchaser for such modification or enhancement, such modification or enhancement shall not constitute prewritten computer software.* [68 O.S.Supp 2003, § 1352(19)]
- (g) **Custom computer software.** For purposes of this Section, the term "**custom computer software**" means a program prepared to the special order of a customer. The sale of a custom computer program is a service transaction, and therefore, is not subject to tax. In addition, charges for maintenance are not taxable.
- (h) **Software purchased with computer.** The charge for prewritten computer software purchased with a computer is subject to tax. If a computer is bought with custom software and the charge for the software is not separately stated, the entire purchase price is subject to tax. In addition, the entire charge is subject to tax if modifications are required and the charge for the modifications is not separately stated and records do not adequately document the extent of the modifications.

710:65-19-53. Concrete mixer trucks

- (a) A concrete mixing unit mounted on a truck is classified as machinery used directly in manufacturing and such mixing unit may be purchased exempt from sales and use tax.
- (b) The term "**mixing unit**" is restricted to the rotating mixer and the accessories necessary for connecting it with the motor. Where a separate motor operates the rotating mixer exclusively, such motor is exempt from the sales tax, but where a motor operates the truck and also the rotating mixer, the motor is regarded as a part of the truck proper, and repair or replacement parts are not exempt. Repair or replacement parts for the mixing unit itself are exempt; but tires, tubes, batteries, oil, and all repair or replacement parts for the truck portion of the mixer-truck are taxable.
- (c) The tax applies to sales of concrete produced in concrete mixer trucks. The amount on which the tax must be computed includes the charge for the concrete as well as any other service charges connected with such sale except separately stated transportation or drayage charges. [See: 68 O.S. §1359]
- (d) Sales of redi-mixed concrete by a concrete company via a concrete mixing truck to a person who holds a sales tax permit for use in erecting an article of tangible personal property, such as a sign, where the person has claimed exemption from the sale of the concrete as a purchase for resale is exempt from sales tax when invoiced to the purchaser by the concrete company, since the purchaser will bill out the concrete to its customer and add sales tax on the charge which they bill.

710:65-19-54. Consigned property

Sellers of property held on consignment are required to include the gross proceeds of sales of such property in sales tax returns filed under the Sales Tax Code.

710:65-19-55. Taxability of sales to contractors

Unless specifically exempt by statute, a contractor shall pay the sales or use tax as a consumer on the purchase of all materials, supplies, tools and equipment, including rentals thereof and all replacement parts used by him in fulfilling either a lump-sum contract, a cost-plus contract, a time and material contract with an upset or guaranteed price which may not be exceeded, or any other kind of construction contract for the development and/or improvement of real property. 710:65-19-56. Contractors and subcontractors

(a) **Definition.** The term "**contractor**" as used in this Section means both contractors and subcontractors and includes, but is not limited to, building, grading and excavating, electrical, plumbing, heating, painting, drilling, decorating, paper hanging, air conditioning, ventilating, insulating, sheet metal, steel, masonry, carpentry, plastering, cement, road, bridge, landscape, and roofing contractors. The term contractor also includes any person engaged in a contractual arrangement for the repair, alteration, improvement, remodeling or construction of real property. A person working for a salary or wage is not considered a contractor.

(b) **General provisions.** As consumer/users, contractors must pay sales tax on all taxable services and tangible personal property, including materials, supplies, and equipment, purchased to develop, repair, alter, remodel, and improve real property.

(c) **Exempt transactions.** A contractor may make purchases based upon the exempt status of another entity **only** in the statutorily-limited circumstances described in this Section:

(1) A contractor who has a public contract, or a subcontractor to that public contract, with an Oklahoma municipality, county, public school district, an institution of the Oklahoma System of Higher Education, a rural water district, the Grand River Dam Authority, the Northeast Oklahoma Public Facilities Authority, the Oklahoma Municipal Power Authority, the City of Tulsa-Rogers County Port Authority, the Broken Bow Economic Development Authority, the Muskogee City-County Port Authority, the Oklahoma Ordnance Works Authority, the Durant Industrial Authority, the Ardmore Development Authority, or the Oklahoma Department of Veterans Affairs, the Central Oklahoma Master Conservancy District, or Department of Central Services only when carrying out a public construction contract on behalf of the Oklahoma Department of Veterans Affairs may make purchases of tangible personal property or services, which are necessary for carrying out the public contract, exempt from sales tax.

(2) A contractor who has entered into a contract with a private institution of higher education or with a private elementary or secondary institution, may make purchases of tangible personal property or services, including materials, supplies and equipment used in the construction of buildings owned and used by the institution for educational purposes exempt from sales tax.

(3) A contractor who has contracted with an agricultural permit holder to construct a facility which will be used directly in the production of any livestock, including facilities used in the production and storage of feed for livestock owned by the agricultural permit holder, may

make purchases of materials, supplies and equipment necessary to fulfill the contract, exempt from sales tax. [See: 710:65-7-6 and 710:65-7-11]

(4) A contractor may make purchases exempt from sales tax for use on campus construction projects for the benefit of institutions of the Oklahoma State System of Higher Education or private institutions of higher education accredited by the Oklahoma State Regents for Higher Education. The projects must be financed by or through the use of nonprofit entities which are exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code.

(5) A contractor may make purchases of machinery, equipment, fuels, and chemicals or other materials, exempt from sales tax, which will be incorporated into and directly used or consumed in the process of treatment of hazardous waste, pursuant to *OAC 710:65-13-80*. Contractors claiming exemption for purchases to be used to remediate hazardous wastes should obtain a letter certifying the exemption status from the Tax Commission by following the procedures set out in 710:65-13-80, and provide a copy of the letter to vendors, pursuant to subsection (f) of that rule.

(6) A contractor or a subcontractor to a construction contract, which has been duly entered into between a contractor and a church, may make purchases, exempt from sales tax of tangible personal property or services necessary for carrying out the construction contract. A vendor wishing to be relieved of liability to collect the tax should follow the requirements of subsection (c) of *OAC 710:65-7-13*.

(7) A contractor, or a subcontractor to such contractor, may make purchases of tangible personal property which is to be *consumed or incorporated in the construction or expansion of a facility for a corporation organized under Section 437 et seq. of Title 18 of the Oklahoma Statutes as a rural electric cooperative* exempt from sales tax.

(8) A contractor, or a subcontractor to such contractor, may make purchases of tangible personal property or services pursuant to a contractual relationship with a child care center, qualified for exemption pursuant 68 O.S. § 1356(69), for construction and improvement of buildings and other structures owned by the child care center and operated for educational purposes exempt from sales tax.

(d) **Fabrication by contractors.** A contractor may fabricate part or all of the articles to be used in construction work. For example, a sheet metal contractor may partly or wholly manufacture roofing, cornices, gutter pipe, furnace pipe, furnaces, ventilation or air conditioning ducts or other items from sheet metal purchased and used pursuant to a contract for the construction or improvement of real property. In such a contract the purchase by the contractor is a purchase by a consumer or user and the contractor is required to pay the sales or use tax at the time of purchase. This is so, whether the articles fabricated are used in the alteration, repair or reconstruction of an old building, or in new construction.

710:65-19-57. Community action agencies and other non-profit corporations

Sales of tangible personal property to organizations which are community action agencies or nonprofit corporations including those that are federally funded are subject to state and local sales and use tax unless there is a specific exemption which applies.

710:65-19-58. Cotton gins

Cotton gin machinery and equipment used in separating lint from seed, in cleaning, conditioning and baling, and the equipment used to carry the cotton lint and seed, from step to step in the ginning process may be purchased exempt from tax. The blower which discharges the seed from the gin, the conveyor equipment used in unloading seed cotton and putting it into storage and moving cotton seed from the gin to storage and from storage into transport equipment are subject to tax. Other materials which are subject to tax are building materials used in the construction of storage facilities for seed cotton and cotton seed.

710:65-19-59. Store coupons

- (a) Since a store is reimbursed by the manufacturer for the amount of a manufacturer's coupon, the sales tax is computed on the gross sales price without any deduction for the coupon. To illustrate: A container of laundry detergent sells for \$2.50 and the purchaser has a manufacturer's coupon with \$.50. The sales tax is computed on the gross sales price of \$2.50.
- (b) In the case of coupons issued by a store for its own product, the amount of the coupon is not subject to sales tax. To illustrate: A container of laundry detergent sells for \$2.50 and the purchaser has a coupon issued by that store worth \$.50. The sales tax is computed on the net sales amount of \$2.00. This is considered to be a discount given by the store. [See: 68 O.S. §1352]
- (c) The sale of a booklet or brochure containing certificates which entitle the recipient to order and receive specific manufacturers' coupons, that are then redeemable at a retail store, is not subject to sales tax.

710:65-19-60. Made-to-order and custom sales

Where persons contract to manufacture, compound, process or fabricate their materials into articles of tangible personal property according to the special order of their customers, the total receipts from the sales of such articles are subject to tax. The seller may not deduct any of his costs, nor can he deduct any of his charges for labor or services, which are an item of the production or fabrication costs of the article, to arrive at the amount of gross receipts subject to tax. Articles commonly made to order are curtains, draperies, tents, awnings, clothing, and slipcovers. The person making sales of made-to-order and custom made articles may purchase the materials which become a component or ingredient of their products tax exempt pursuant to a valid sales tax permit. The equipment, tools and supplies directly used or consumed in the production of such articles and not becoming a part thereof are subject to tax.

710:65-19-61. Collections and collectibles

Sales of stamps and currency at face value are not taxable. Sales of stamps and currency for consideration in excess of face value are taxable.

710:65-19-62. Crates and crating companies

- (a) Crates sold to end users are subject to sales tax. The entity who builds the crate for their customer should charge the appropriate tax on their sale of the crate to their customer. Crates

created by a crating company, and used by the crating company to pack their customer's goods, are considered to have been sold to the customer, and the first use of the crates is at the time the crating company packs the crates with the customer's goods.

(b) Crating companies are not usually considered to be manufacturers. Generally, crating companies create crates to order, and in most instances package their customer's goods within the crates. The crating company should secure from the Tax Commission, a sales tax permit, and use this permit to purchase exempt from sales tax those items which become a part of the crates.

(c) Those crating companies which produce standard crates, and who operate in a manner consistent with other businesses who produce packaging material (such as cardboard boxes), are manufacturers of crates. Manufacturers of packaging material do not normally package their customer's goods. A manufacturer of crates should secure from the Tax Commission, a Manufacturer's Sales/Exemption Permit, which should be used by the crating company to purchase, exempt from Sales Tax, those items which become a part of the crate.

(d) Crates may be sold exempt from Sales Tax if the crate is transported outside of Oklahoma before being used to package goods. If the crate is used to package goods within Oklahoma, the sale of the crate is subject to Sales Tax, except as follows.

(e) Crates sold to a manufacturer of goods for use in packing, shipping or delivering tangible personal property for sale, may be sold exempt from sales tax if a valid claim of exemption is made by the manufacturer of goods. This exemption will not apply to crates which are not destroyed during product removal except crates specifically noted under 68 O.S., Section 1359(D) or (E). In addition, crates may be sold exempt from Sales Tax if the purchaser of the crates holds a Sales Tax Permit, is regularly engaged in the business of selling crates, and makes a valid claim for exemption on the basis of resale. (Note: Crates which are not destroyed during product removal, and which are purchased by a manufacturer of goods, may be sold exempt from Sales Tax if the purchaser holds a Sales Tax Permit, and claims a valid resale exemption. The manufacturer, purchaser, is required to charge his customer Sales Tax.)

PART 7. "D"

710:65-19-70. Delivery charges

(a) **Definition.** "Delivery charges" means charges by the seller of personal property or services for preparation and delivery to a location designated by the purchaser of personal property or services including, but not limited to, transportation, shipping, postage, handling, crating, and packing. "Delivery charges" does not include charges for the delivery of "direct mail" if the charges are separately-stated on an invoice or similar billing document given to the purchaser.

(b) **Separately-stated delivery charges.** In every case where a delivery charge represents the cost of transporting the items sold from the vendor to the consumer, and is separately-stated on the invoice or statement, such charges are not subject to sales tax.

(c) **Delivery charges included in price.** If delivery charges are included in the selling price of the tangible personal property sold, the charges are subject to sales tax.

(d) **Transportation costs of the seller.** Shipping, freight, or delivery charges paid by a seller in acquiring property for sale are considered costs of doing business to the seller and may not be deducted from the gross proceeds of the sale in computing tax liability, even though such costs may be passed on to his customers and regardless of whether they are separately-stated.

(e) **Demurrage.** Demurrage is a charge for detaining a ship, freight car, or truck beyond the time allowed for loading or unloading. This is considered a penalty and is not subject to sales tax.

710:65-19-71. Dentists, dental laboratories, and dental supply houses

(a) **Dentists.** Dentists primarily render services and incidentally use tangible personal property in connection therewith. The gross receipts of dentists derived from these sources are not subject to the sales tax.

(b) **Dental supply houses.** Dental supply houses who sell tangible personal property such as platinum, gold, silver or cement for filling, artificial teeth or other such materials to a dentist for use in the performance of the dentist's services are making sales within the Sales and Use Tax Code and must collect, report and remit tax based on the gross receipts received from such sales. This is true whether the dental supply house sells material to a dentist whose services are rendered directly to a patient, or to a dental laboratory that uses the material in producing plates, bridge-work, artificial teeth or prosthetic devices on prescription of the dentist for the dentist to use in connection with rendering dental services. Dental supply houses likewise collect, report and remit tax on gross receipts from sales of dental chairs, motors, instruments, drilling machines or other such items for use by dentists or dental laboratories.

(c) **Dental laboratories.** Dental laboratories that purchase tangible personal property to produce plates, bridge-work, artificial teeth, prosthetic devices and the like must pay tax when the material is purchased and must not charge tax to the dentist when the finished product is transferred to the dentist.

(d) **Items purchased by dentists.** Items which are purchased by dentists, but which are used incidentally in the rendition of professional or laboratory services, are subject to sales or use tax and the dentist or professional must pay sales or use tax when the item is purchased. Examples of such taxable items are:

- (1) Appointment Books
- (2) Broaches
- (3) Brushes, Tooth Cleaning
- (4) Burs
- (5) Cotton Rolls
- (6) Discs, Sandpaper
- (7) Examination Blanks
- (8) Excavators
- (9) Floss Silk
- (10) Forceps
- (11) Gauze
- (12) Handpieces and Angles
- (13) Instruments
- (14) Mandrels
- (15) Matrix Bands
- (16) Mirrors
- (17) Napkins
- (18) Needles, All Types

- (19) Paper Cups
- (20) Pumice
- (21) Scalars
- (22) Scissors
- (23) Sandpaper Strips
- (24) Soap
- (25) Towels
- (26) Trays, Impression
- (27) Aluminum Trays
- (28) Plastic Trays
- (29) Waste Receivers
- (30) X-Ray Supplies

(e) The enumeration of the taxable items in subsection (d) is made by way of illustration and not limitation.

710:65-19-72. Deposits, core charges and trade-ins

(a) A core deposit is the amount required by the seller to insure that the buyer of a rebuilt item will exchange or trade-in his old rebuildable item. No deduction from the gross proceeds of a sale is permitted for any credit allowed by the seller for the value of a core charge, deposit or a trade-in in exchange or part payment and the tax applies to the full selling price.

(b) The retail sale of used tangible personal property which has been acquired by the seller by purchase is taxable upon the full selling price. When an article acquired by the taxpayer by trade-in is subsequently resold, this sale also is taxable on the full selling price. If an article purchased or acquired in trade is salvaged or 'cannibalized' for parts, the sale or use of such parts is considered to be taxable. If the parts are used by the vendor to satisfy an extended warranty agreement, if there is no charge to the customer for the parts, the vendor shall report the cost of the parts on a withdrawal basis and pay sales tax on such cost.

(c) Examples of taxable transactions are as follows:

(1) John Doe needs to replace his battery. He drives to Lefty's Auto Supply and purchases a new battery. Lefty's Auto Supply charges thirty dollars (\$30.00) for the battery and allows him five dollars (\$5.00) exchange. Sales Tax is due on the full thirty dollars (\$30.00).

(2) A piano is sold at retail for one thousand dollars (\$1,000.00). The purchaser pays six hundred dollars (\$600.00) in cash and is allowed a four hundred dollar (\$400.00) trade-in. The selling price, upon which the sales tax must be collected and the amount to be reported as gross proceeds is one thousand dollars (\$1,000.00). If the trade-in is later sold for five hundred dollars (\$500.00), the sales tax must also be collected on the five hundred dollars (\$500.00). [See: 68 O.S. § 1352(11)]

710:65-19-73. Directories

Sales of business, telephone, city and other similar directories are taxable. When such directories are given without charge to users, the tax applies to the cost when sold to the donor.

710:65-19-74. Discounts

Discounts, whether cash, term, or coupons which are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale are excluded from the calculation of sales price for basing sales tax computation. [See: 68 O.S.Supp 2003, § 1352(11)(b)(1)]. "Term Discount" for purposes of this Chapter means a predetermined discount offered by a seller to customers conditioned upon the invoice being paid within a specific period of time.

710:65-19-75. Donations

Persons conducting recreational events occasionally assert that the receipts are not taxable because they are donations and not charges for admission or an item of tangible personal property. To qualify as a donation, a payment must be totally voluntary and no restriction whatsoever may be placed on the entrance or receipt of tangible personal property of persons not making a donation. The facts surrounding the request for the donation must be obvious that admittance or receipt of property is not restricted to those making a donation. A set amount for the donation (through newspaper publicity or signs at the entrance), a turnstile or restrictive device that must be passed through, denial of tangible personal property or an attendant requesting a donation at the door shall be presumptive evidence that the charge is not a donation but that the payment is required. [See: IRS Revenue Rule 67-246]

710:65-19-76. Drilling contractors

When property has been used in another state and is imported into this State for use, the taxable basis is the value of the property at the time of importation. Credit for sales or use tax paid to another state in which the property was acquired or used may be taken in computing the amount of use tax due this State, but such credit must be computed by applying the rate of sales or use tax paid to another state to the value of the property at the time it enters Oklahoma. [See: 68 O.S. §1404(C)]

710:65-19-77. Dues and fees

(a) **General provisions.** Dues, fees, or any charge, payment, or contribution required as a condition precedent to membership in a club; or for access to the club establishment; or for access to or use of facilities, equipment, services, or privileges are subject to sales tax.

(b) **Definitions.** For purposes of this Section, "**dues**" and "**fees**" are used synonymously. "**Dues**" means, but is not limited to, payments made to support and maintain clubs, associations, or other membership organizations, or to acquire and retain membership therein. "**Dues**" includes free or complimentary dues or fees. In transactions where no monetary consideration is stated, "**dues**" means that value equivalent to the charge that would have otherwise been made.

(c) **Exemptions and exclusions.** Examples of transactions which are excluded from the application of this Section or are specifically exempt by statute are:

(1) Fees for instructional services at locations where no membership dues are charged, and there is no member/non-member difference in fees, are considered fees for the provision of nontaxable services.

(2) Dues paid to fraternal, religious, civic, charitable, or educational societies or organizations by regular members thereof, if:

- (A) The organization operates under a lodge plan; and
 - (B) The organization does not operate for a profit which inures to the benefit of any individual member or members of the organization to the exclusion of other members.
- (3) Dues paid monthly or annually to privately owned scientific and educational libraries by members sharing the use of services rendered by such libraries with students interested in the study of geology, petroleum engineering or related subjects.
- (4) Dues or fees paid to YMCAs or YWCAs or municipally-owned recreation centers for the use of facilities and programs. As used in this Section, "**recreation centers**" shall not mean zoological or botanical parks or golf courses.

PART 9. "E"

710:65-19-85. [RESERVED]

710:65-19-86. Electronic data processing services

- (a) Sales of electronic data processing services to others are exempt from sales tax. For purposes of this Chapter, "**electronic data processing services**" means the processing of another's data, including all processing such as key punching, keystroke verification, rearranging, or sorting of previously documented data for the purpose of data entry or automatic processing, and changing the medium on which data is sorted, and also the providing of access to computer equipment for the purpose of processing data or examining or acquiring data stored in or accessible to such computer equipment.
- (b) Because sales of electronic data processing services to others are not taxable services within the meaning of this Chapter, purchases such as card readers, computers, printers, etc. made for use in rendering electronic data processing services for others and purchases of related software and supplies are taxable, except for purchase for resale, which may be made exempt from sales and use tax with a valid sales tax permit.

710:65-19-87. Employee associations and organizations

Organizations of employees which sell tangible personal property of any kind to their members or others must procure a sales tax permit and collect, report and remit the tax on such sales.

710:65-19-88. Employer sales to employees

- (a) When an employer sells tangible personal property to his employees, permits them to purchase through his organization or to buy from others on discounts available to him or in any other manner obtain goods through him, such sales are taxable. The employer shall include such sales amount in his gross receipts for his sales tax return for the current month and remit the tax.
- (b) When an employer purchases tangible property for free distribution to employees, the tax applies to the sales price of such property given by him.

710:65-19-89. Exchange or return of merchandise

- (a) **Returns of merchandise.** In the event merchandise purchased from a vendor, upon the sale of which tax has been charged, is returned to the vendor in exchange for another item the vendor may,

provided he allows the customer the full purchase price of the item returned plus the tax thereon, either by credit or refund, record the net difference between the selling price of the item returned and the item delivered to the customer in the exchange as an addition to or deduction from gross sales, whichever is appropriate, on his report for the current month.

(1) If the price of the item delivered to the customer in the exchange is greater than the price of the item returned, the vendor must report the difference as an addition to gross sales and collect the appropriate amount of sales or use tax thereon.

(2) If the price of the item delivered to the customer in the exchange is less than the price of the item returned, the difference in price may be deducted from gross sales on his report for the current month provided full credit in the amount of the purchase price, including the tax, has been allowed the purchaser.

(b) **Restocking charge.** In the event a customer returns a taxable item for credit or refund and the seller charges the customer a restocking fee, the sales tax refunded to the customer is on the net amount of the refund after any charge for the restocking fee.

PART 11. "F"

710:65-19-100. Deliveries on federal areas

(a) As used in this Section, the term "**federal area**" means any lands or premises held or acquired by or for the use of the United States or any department, establishment or agency of the United States. Any Federal area, or any part thereof, which is located within the exterior boundaries of the State of Oklahoma, is deemed to be a Federal area located within the State of Oklahoma for the purposes of this Section.

(b) Provided the tax would otherwise apply, persons engaged in the business of selling tangible personal property are required to collect, report and remit sales tax to the Commission notwithstanding the fact that the delivery of the personal property sold is made on a federal area. It is immaterial that the place of business of such persons may be located on the federal area.

710:65-19-101. [RESERVED]

710:65-19-102. Federal excise taxes

Federal excise taxes which are levied upon the manufacturer or retailer are not deductible from gross sales even though they are invoiced or added to the bill of the consumer/user as a separate item. The tax is part of the purchase price of merchandise sold by the retailer to the consumer, and the sales tax shall be computed upon the full selling price, which includes the federal excise tax.

[Source: Amended at 11 Ok Reg 3521, eff 6-26-94]

710:65-19-103. Finance charges

(a) "**Gross receipts**" or "**gross proceeds**", as the case may be, does not include finance charges, carrying charges or interest charges on conditional sale contracts or other contracts providing for deferred payments of the purchase price, if the amount of such finance charges, carrying charges or interest is in addition to the usual or established cash selling price, and such amount:

(1) Is segregated on the invoice or bill of sale, or

- (2) Is billed separately to the customer.
- (b) Unless the conditions described in subsection (a) are met, such charges shall be deemed to be part of the gross proceeds or gross receipts for the purpose of computing the tax. [See: 68 O.S. §1352]

710:65-19-104. Finance companies and other lending agencies; repossessions

In case a retailer repossesses tangible personal property and subsequently resells such property to a purchaser for use or consumption, his gross receipts from such sale of the repossessed tangible personal property are subject to sales tax.

710:65-19-105. Sales by banks, savings and loan associations, credit unions and other financial institutions

- (a) Financial institutions are primarily engaged in providing nontaxable services. Such services include charges to customers for cashier's checks, money orders, traveler's checks, checking accounts and the use of safe deposit boxes.
- (b) A financial institution shall obtain a sales tax permit and regularly file sales and use tax returns if it regularly has taxable gross receipts. Taxable gross receipts include sales of the following:
- (1) Coin savings banks.
 - (2) Commemorative medals.
 - (3) Collectors' coins or currency sold above face value.
 - (4) Gold and silver bullion.
 - (5) Repossessed assets.
 - (6) Meals and beverages in the institution's cafeteria.
 - (7) Charges for providing parking space for motor vehicles.
- (c) Financial institutions who only occasionally make sales of tangible personal property need not obtain a sales tax permit but must collect, report and remit sales tax on all sales of tangible personal property.

710:65-19-106. Sales to banks, savings and loan associations, credit unions and other financial institutions

- (a) Sales to national banks, state chartered banks, federally chartered savings and loan associations, state chartered savings and loan associations, state chartered credit unions, and other privately-owned financial institutions are subject to sales and use tax.
- (b) These institutions' purchases subject to sales or use tax include office furniture and equipment (such as desks, chairs, couches, writing tables and office machines), safe deposit boxes, drive-up and walk-up windows, night depository equipment, vault doors, remote TV auto teller systems and camera security equipment.
- (c) This conclusion also applies to sales of building materials and fixtures to construction contractors for incorporation into real estate owned by banks and savings and loan associations even if such real estate is used for bank or savings and loan association purposes. For purposes of this subsection, the date of sale is considered to be the date of delivery to the purchaser.
- (d) Any tangible personal property purchased by an institution to be given away or sold at cost or less than cost to a customer, whether or not based upon the amount of a deposit, is taxable at the time it is purchased. This property includes calendars, playing cards, plat books, maps and any other items transferred to customers to promote business. Checking account and savings account forms

provided customers free of charge are also subject to the tax. When such items are sold by a financial institution at a price in excess of cost, the financial institution may purchase such property without paying sales tax by giving its vendor a valid sales tax permit. At the time the property is resold, to the financial institution's customer, sales tax should be collected, reported and remitted to the Commission by the financial institution.

(e) However, sales to Federal Reserve Banks, Federal Land Banks, and Federal Home Loan Banks, and federally chartered credit unions are exempt from sales and use tax pursuant to either the exemption for sales to the federal government, or because federal law preempts state taxation of certain institutions.

710:65-19-107. Fixtures; "materials" defined for the purpose of developing and improving real property

(a) The term "**materials for the purpose of developing and improving real property**" as used in the Sales and Use Tax Codes, means all tangible personal property, including any device or appliance used by builders, contractors, or landowners in making improvements, additions, alterations or repairs to real property in such a way that such tangible personal property becomes identified with a part of realty.

(b) A device or appliance becomes a fixture and a part of the real property to which it is connected when it is built into or is attached to a structure in such a way that its removal would substantially damage or deface such structure.

(c) Where the removal of the device or appliance would not substantially damage or deface the structure to which it is connected the following factors shall be considered:

(1) Actual connection with or attachment to real property. To become a part of real property, the device or appliance must have some physical connections such as: by bolts, screws, nails, cement piping, or cable; by contact, where by reason of great weight or bulk, no additional attachment is required; by contact, where the device or appliance is necessary to make complete or usable something which is real property; by attachment to another device or appliance which has become a part of real property.

(2) Appropriateness to the use or purpose of the real property to which connected. The use or purpose of the device or appliance must become an element of the use or purpose of the real property to which it is connected.

(d) This Section is not intended to apply to cook stoves, refrigerators, dishwashers, washing machines, dryers, curtains, draperies, and portable heaters, acquired for the personal use of householders or tenants which may be removed without material damage to the buildings in which they are used. [See: 68 O.S. §1352]

710:65-19-108. Florists, telegraphic orders

When florists sell through a telegraphic delivery association, the following provisions will apply:

(1) Oklahoma florists are liable for sales tax on the total receipts resulting from orders taken by them for transmittal to a second florist who makes delivery either within or without Oklahoma. Any expense of making the sale is to be included in the measure of the tax regardless of whether or not such expense is billed as a separate item.

(2) Florists receiving such telegraphed or telephoned instructions from either within or without Oklahoma are not liable for tax with respect to receipts therefrom.

710:65-19-109. Food; vendors of meals

(a) Vendors engaged in the business of selling meals to purchasers must collect, report and remit sales tax on their receipts from such sales. It is immaterial that no profit is realized from the operation of any such business if the vendor is engaged in business. It is also immaterial that the class of purchasers may be a limited one, such as the employees of a particular employer who operates a cafeteria or other dining facilities for the benefit of his employees.

(b) Meals provided to employees at no cost or at a reduced cost are subject to sales tax. The "**gross receipts**" or "**gross proceeds**" in the case of a meal sold to an employee at a reduced price is the amount received for that meal from the employee in the form of cash, check or credit card chit. Each person required to make a sales tax report shall include in the gross proceeds the sales value of all tangible personal property which has been purchased for resale and has been withdrawn from stock in trade for use or consumption. Meals provided to employees free of charge are withdrawals from inventory used or consumed by the employer and sales tax is due on the sales value. "**Sales value**" in the case of meals is the cost of materials withdrawn from inventory to provide such meals.

(c) Complimentary meals provided free of charge to customers are subject to sales tax. Each person required to make a sales tax report shall include in the gross proceeds the sales value of all tangible personal property which has been purchased for resale and has been withdrawn from stock in trade for use or consumption and shall pay tax on such sales value. Meals provided to customers free of charge are withdrawals from inventory used or consumed by the employer and sales tax is due on the sales value.

(d) Meals served free of any actual charge or cost to an employee or customer constitute a withdrawal from inventory of items purchased free of sales tax and such withdrawals are subject to sales tax. For purposes of calculating sales tax liability, the sales value of free, reduced price, or complimentary meals is presumed to be the greater of any consideration received, or the cost or price paid by the vendor/taxpayer for the food items included in the free, reduced price, or complimentary meal served, pursuant to *OAC 710:65-1-2*.

(e) When an establishment provides a second meal in place of the first meal which was discarded because it did not meet the customer's specification, only one sale has been made and sales tax is levied only on the replacement meal. If, rather than discarding the first meal, the establishment serves the meal to another customer or employee, two sales have been made and sales tax is levied on both meals.

(f) Meals provided to customers at a reduced cost (i.e., discount or advertised special) are taxable. The "**gross receipts**" or "**gross proceeds**" in the case of a meal sold to a customer at a reduced price is the amount received for that meal from the customer in the form of cash, check or credit card chit less any amount designated by the customer as voluntary tip(s) plus the value of any other benefit acknowledged in the books and records of the restaurant as a result of the sale of the meal.

(g) In cases where two items are provided by a restaurant, club or similar establishment (i.e., buy one, get one free or two for one sale), the "**gross receipts**" or "**gross proceeds**" derived from the sale of two items for the price of one is the total amount of cash received plus any additional benefit acknowledged in the books and records of the establishment as a result of providing the two items.

710:65-19-110. Food; eating and drinking establishments

- (a) The sale of meals or non-alcoholic or alcoholic beverages is subject to sales tax, and any person or establishment making such sales will be considered a vendor and will be required to hold a valid sales tax permit. Such person or establishment will then be required to charge, collect, and remit the appropriate sales tax to the Commission based on the total gross receipts, or for the sale of alcoholic beverages, based on the total retail value, as set out in 37 O.S. §576(E).
- (b) Fund raising meals or non-alcoholic beverages sold in excess of the regular selling price are subject to sales tax on the gross receipts. Fund raising sales of alcoholic beverages are subject to sales tax on the total retail value, as prescribed by 37 O.S. §576(E).
- (c) The vendor of meals or beverages cannot buy exempt any tangible personal property consumed in the operation of his business, including fixtures, linens or silverware. Paper napkins, paper cups, disposable utensils, disposable hot containers and other one-way carry-out materials may be purchased exempt as purchases for resale.
- (d) Meals or non-alcoholic beverages provided to employees or customers at no cost, if no valuable consideration is received or indicated in vendor's records, are not subject to sales tax on gross receipts, but sales tax is due from the vendor, as a consumer user, on the "**sales value**" of the meal or the beverage as that term is defined in *OAC 710:65-1-2*.
- (e) Sales tax is due on the total retail value of all alcoholic beverages, including alcoholic beverages provided to employees or customers at no cost or at a reduced cost, pursuant to 37 O.S. §576(E).

[Source: Amended at 15 Ok Reg 2827, eff 6-25-98]

710:65-19-111. Food; tips and service charges

- (a) If a customer tips the vendor's employee, and the amount is wholly at the discretion or judgment of the customer, the tip is not subject to the sales tax. This applies whether the customer gives the tip directly to the employee in cash or adds the tip to his bill (provided the vendor turns over the full amount of the tip to the employee who provided the service).
- (b) If the vendor adds an amount or flat percentage to the meal price, and the amount is designated as a tip or gratuity, the additional amount is not a part of the sales price and is not subject to the tax if the amount or flat percentage is paid over in whole by the vendor to the employee who provided the service. If the vendor adds an amount or flat percentage designated as a service charge that is not paid over in whole to the employee who provided the service, it is to be included in the sales price and is sales taxable.
- (c) For example, if Restaurant A automatically adds a 15% gratuity or service charge to the charge for the meal, and does not pay it to the employee who provided the service in whole, such charge represents an increment to the sales price of the meal. Similarly, if Restaurant B automatically adds a 20% gratuity or service charge, unless the customer specifically specifies otherwise, such charge will be subject to the tax unless the customer exercises his option and specifies a different amount.
- (d) If the vendor accumulates tips or gratuities or adds an amount or flat percentage as a service charge designated as a tip or gratuity that is paid over to the employee **as part or all of the minimum, hourly, or salary wage** of the employee, it is to be included in the sales price and is subject to sales tax.

710:65-19-112. Food; cover charges and minimum charges

Cover charges are included in the taxable receipts of vendors operating restaurants, hotels and other places of business which come within the Code, even in cases where such cover charges are made exclusively for the privilege of occupying space within such eating place, and where the payment of a cover charge by a patron does not entitle such patron to use or consume any food or beverage or other tangible personal property. [See: 68 O.S. §1354]

710:65-19-113. Food; meals served by boarding houses

Food furnished by operators of boarding houses is not considered to be sold when the charge for such food is a lump sum covering meals for a week or for a month and when such food is not offered for sale to the general public. The supplier of foodstuff is required to collect the tax from the operator at the time of the sale to him. The boarding house operator is considered to be rendering a service rather than making sales of tangible personal property and is regarded as the consumer of the materials he purchases. This Section does not apply to meals furnished by schools and colleges.

710:65-19-114. Funeral homes

(a) Embalmers and persons providing funeral services are engaged in the business of selling both tangible personal property and funeral services. Examples of the former are caskets, other burial containers, flowers (other than those purchased with advance funds) and grave clothing. Examples of the latter are cremation, transportation by hearse and embalming. Tax is due only upon gross receipts from the sale of tangible personal property and taxable services, and not upon gross receipts from the sale of nontaxable services.

(b) If an embalmer or provider of funeral services separately itemizes charges in accordance with the rules of the Federal Trade Commission, for tangible personal property, taxable services and nontaxable services, sales tax is to be collected, reported and remitted on the gross receipts from the sale of tangible personal property and services including the following:

- (1) Casket or other receptacle
- (2) Burial container
- (3) Clothing
- (4) Marker
- (5) Flowers
- (6) Other tangible personal property
- (7) Other taxable services

(c) If an embalmer or provider of funeral services offers package prices for various types of funerals is, tax is to be collected, reported and remitted on the gross receipts from the sale of tangible personal property and taxable services included in the package. For purposes of determining the amount of gross receipts of tangible personal property and taxable services included in the package, the embalmer or provider of funeral services shall calculate tax based upon the prices listed by the embalmer or provider of funeral services on the Casket Price List, Outer Burial Container Price List, General Price List, or Statement of Funeral Goods and Services Selected prepared by the embalmer or provider of funeral services which he prepares in conformity with the rules of the Federal Trade Commission that are in effect at the time the package is purchased.

EXAMPLE: Package includes casket, outer burial container, hearse, family vehicle, embalming and other professional services at a cost of \$3,000.00. The casket included in the package is listed by the embalmer or provider of funeral services on his Casket Price List at

\$1,500.00 and the outer burial container is listed on the Outer Burial Container Price List at \$600.00. Sales tax must be collected, reported and remitted on gross receipts in the amount of \$2,100.00 for this package.

(d) The embalmer or provider of funeral services is considered to be purchasing caskets, outer burial containers, and grave clothing for resale, and may purchase these items from suppliers without payment of tax. The embalmer or provider of funeral services should present the supplier with a sales tax permit as set out in these rules. An embalmer or provider of funeral services is considered to be the user or consumer of office furniture and equipment, funeral home furnishings, advertising calendars, booklets, embalming equipment, instruments, fluid and other chemicals used in embalming, cosmetics, and grave equipment, stretchers, baskets, and other items used in preparation of human remains or the provision of other nontaxable services. 710:65-19-115. Altering, repairing, and remodeling furs

(a) Persons utilizing fur in the altering, repairing, or remodeling of furs for others are vendors of the fur used in connection with such altering, repairing, or remodeling and shall collect, report and remit the tax at the time the fur is sold. The sales price of such fur shall be segregated on the bills or invoices to the customer from the charge for labor in connection with such altering, repairing, or remodeling. Failure to separate the sale of material from the charge for labor requires payment of the tax on the entire amount charged to customers.

(b) Persons altering, repairing, or remodeling furs are consumers of the thread, buttons, lining, and materials other than fur used in connection with such altering, repairing, or remodeling, unless a separate charge is made to customers for such thread, buttons, and lining, in which case the tax applies to such separate charge and the vendor must collect, report and remit tax on the amount charged.

(c) Sales of furs to persons altering, repairing, or remodeling furs and sales of thread, buttons, and lining for which a separate charge is made to their customers are sales for resale provided the purchaser has a valid sales tax permit. The tax applies, however, to the gross receipts from sales to persons altering, repairing, or remodeling furs, of thread, buttons, and lining, for which a separate charge is not made by such persons to their customers.

(d) Sales of sewing machines, pressing machines, and other tools, instruments, and materials sold to fur and garment repairers for use in their business are taxable.

PART 13. "G"

710:65-19-125. Premiums and gifts

A sale of tangible personal property is taxable when made to a person who will use the property as a prize or a premium or will give the property away as a gift.

710:65-19-126. Gift certificates

The sale of gift certificates, premium stamps and similar documents, as well as their redemption are not subject to tax. When the owner of a gift certificate redeems the gift certificate, etc., or a part thereof, for tangible personal property, sales tax is due on the total selling price of the tangible personal property. For example, if the owner of a gift certificate valued at \$100 purchases a \$25 item, tax must be computed on \$25, must be collected, reported and remitted by the vendor.

710:65-19-127. Gift wrap

When the merchant gift wraps an item upon request of the customer, the merchant becomes the consumer or user of the gift wrapping materials. A charge for gift wrapping, separately stated on the invoice or sales ticket is not subject to sales tax.

710:65-19-128. [RESERVED]**710:65-19-129. Gun clubs**

Gun clubs are the consumers of the clay pigeons and blue rocks furnished to members and patrons in connection with trapshooting and similar sports, and should pay sales or use tax on these items when purchased, even if the charge for the service to members is measured by the number of clay pigeons or blue rocks used. [See: 68 O.S. §§1352, 1354]

PART 15. "H"**710:65-19-140. Hatcheries and incubators**

- (a) Sales by a person regularly engaged in the business of selling poultry or operating a hatchery, of chicks, turkey poults and starter pullets for consumption by the purchaser, are taxable.
- (b) Such sales are exempt when made to a person regularly engaged in the commercial production of chickens, turkeys, and eggs, provided the purchaser certifies on the invoice to be retained by the vendor that the pullets will be used primarily for egg production. However, the seller is liable for the tax if the chicks, turkeys or eggs are consumed or used by the purchaser.
- (c) The charge for the hatching of eggs for a person owning such eggs is not taxable.
- (d) The sale of eggs, feeds, sprouters, medicines, insecticides, etc., for consumption or use by a person regularly engaged in the commercial production of poultry products for sale is not taxable. The sale of such items to persons keeping poultry mainly for their own consumption are taxable even though resales are made occasionally to dispose of temporary surpluses. [See: 68 O.S. §1358]

710:65-19-141. Herbicides not sold to farmers or custom applicators

Sales of herbicides are subject to tax. The term "**herbicide**" means any substance or mixture of substances intended to prevent, destroy, repel or retard the growth of weeds or plants. It shall include pre-emergence herbicides, post-emergence herbicides, lay-by herbicides, pasteur herbicides, defoliant herbicides, and desiccant herbicides.

710:65-19-142. Hospitals

- (a) Hospitals, infirmaries, sanitariums, nursing homes, and like institutions are primarily engaged in the business of rendering services. They are not required to collect, report, and remit sales tax on gross receipts from meals, bandages, dressings, drugs, x-ray photographs or other tangible personal property when such items of tangible personal property are used in the rendering of a hospital service. This is true irrespective of whether or not such tangible items are billed separately to their patients.
- (b) With the exception of drugs, excluding over-the-counter drugs, as outlined in 710:65-13-170, hospitals, infirmaries, and sanitariums are deemed to be the purchasers for use or consumption of all tangible personal property used in the rendering of their service, and the sellers of these items to

hospitals, infirmaries or sanitariums are required to collect tax on sales of such property to hospitals, unless the hospital is owned or operated by the federal government, the State of Oklahoma, a city, county, public trust, or a federally-recognized Indian Tribe, in which case the exemption described at *OAC 710:65-13-130* will apply. Hospitals, infirmaries or sanitariums, engaged in the administration of drugs to their patients, may purchase drugs, except for over-the-counter drugs, exempt from sales tax if the purchaser holds a valid sales tax permit.

(c) When hospitals furnish meals to nurses, attendants and patients as a part of the service rendered, the hospitals are deemed to be the users or consumers of the food and beverages used in the preparation of these meals and the sellers of these items to the hospital are required to collect tax on the sales of such property.

(d) When privately owned hospitals operate cafeterias that serve meals to the public, they will be allowed to purchase all foodstuffs used to operate the cafeteria exempt from tax for resale with a valid sales tax permit. The hospitals will then be required to collect the sales tax on sales to their customers and report and remit same to the Commission each month. The hospitals will also be required to pay sales tax on the cost of all foodstuffs withdrawn from stock, which are used to feed patients.

(e) State, city or county hospitals who operate cafeterias that serve meals to the public, or who charge their employees, are also required to collect the sales tax on sales to their customers and report and remit same to the Commission each month.

710:65-19-143. Hotels, motels, apartments, etc.

(a) The gross receipts from the furnishing of rooms, except meeting rooms, by a hotel, apartment-hotel, cottage camp, or lodging house open to the public is subject to sales tax. Should a hotel operate apartments in connection with and as a part of their hotel business, the rentals on such apartments are subject to the tax. The tax will always apply so long as the place of business retains its identity as a hotel, apartment-hotel, cottage camp or lodging house, without regard to the length of stay of the guest.

(b) The revenue received from the forfeiture of a deposit is not revenue arising from the furnishing of a room and is therefore not subject to sales tax. However, revenue which is derived from a guaranteed room is subject to sales tax, even if the guest did not occupy the room.

(c) The gross proceeds received by hotels or other persons for local telephone calls are considered a part of the service of furnishing rooms and are, therefore, taxable. No deduction will be allowed for any expense in connection with such service such as switchboard rental, trunk line rental, etc.

(d) Supplies such as toilet tissue, soap, shoeshine cloths, clothes bags, matches, facial tissue, and other items available for guests' use are subject to sales or use tax at the time of purchase by the hotel or motel. Linens, furniture, pool equipment and supplies, and similar items are subject to sales or use tax at the time purchased by the hotel or motel.

(e) Sales tax is not due on food or drinks that are provided as a part of a packaged room rate by hotel or motel operators if the furnishing of the room is subject to tax under Section 1354 of Title 68 and if no separate charge is made for the food or drinks. Such food or drinks are considered to be sold at retail as part of the total charge for the room.

(f) With the exception of subsection (e) hotel or motel operators who are also vendors of meals are required to remit sales tax on the "sales value" of inventory withdrawn from stock that is used in

providing complimentary meals to its customers. The proper sales tax basis to be used for sales of food and beverages for related services, and for various "complimentary" offerings, both in the context of rooms and of other services, is explained in more detail in OAC 710:65-1-2 and 710:65-19-109.

(g) A "**mini-bar**" means a closed container, either refrigerated or non-refrigerated, with access to the interior limited to a key, magnetic card, or similar device and controlled at all times by the holder of the license.

(h) A hotel beverage license shall authorize the holder to sell or serve alcoholic beverages in 50 milliliter spirits, 187 milliliter wine and 12 ounce malt beverage containers which are distributed from a hotel room mini-bar. The total retail value of the sale of alcoholic beverages by the license-holder is subject to sales tax, pursuant to OAC 710:20-5-4.

PART 17. "I"

710:65-19-155. Ice plants

The following machinery and equipment used by ice manufacturers may be purchased exempt: Pumps, motors, compressors, pipes, valves, gauges, water filters, ice crushing and shaving machines and other machines and the machinery used directly in the ice making process beginning with the point where the water enters into the process through the point where the ice is removed from the cans in which it is made or, if the ice is to be sold as crushed or shaved ice, through the point where the ice is crushed or shaved. Refrigerants used in the manufacturing process are also exempt.

710:65-19-156. Internet-related services and transactions

(a) **General provisions.** Charges for providing access to the Internet are not subject to Oklahoma's sales tax, since they do not clearly fall within the levy on telecommunications services. Sales of other services or tangible personal property made via the Internet are taxable in the same manner that they would be taxable if made via any other communication method.

(b) **Internet-related transactions to which the tax is not applicable.** The levy of sales tax does **not** apply to:

(1) Charges for access to the Internet, including dialup, DSL, and cable access services that allow a customer to be routed to the net through a service-provider's server or router.

(2) Charges for designing, creating, or for the storage of information for a "website or home page" on a server, including charges for "set up", "technical fees", "scanning", or domain registration.

(3) Charges for data manipulation or "electronic data processing services", pursuant to OAC 710:65-19-86.

(4) Sales of advertising space through the Internet, inasmuch as it falls within the category "electronic media", as defined by OAC 710:65-13-1.

(5) *Sales of prewritten computer software that is delivered electronically. For purposes of this paragraph, "delivered electronically" means delivered to the purchaser by means other than tangible storage media.* [See: 68 O.S.Supp.2003, § 1357(30)]

(c) **Internet-related transactions to which the tax is applicable.** The transactions described in this subsection are subject to the levy of sales or use tax, without regard to the fact that the Internet

was used to facilitate the sale:

- (1) Sales of tangible personal property made via the Internet where the goods are sold to the purchaser in Oklahoma or are shipped into Oklahoma, as set out in *OAC 710:65-15-1*.
- (2) Sales of prewritten computer software, where the software is not transferred from the seller to the purchaser electronically.
- (3) The lease or purchase of dedicated lines or ports, routers, or other hardware or software by Internet access-providers, for use in providing services to their subscribers, is taxable to the service-provider. Note however, that the purchase of interstate private line service is exempt pursuant to *OAC 710:65-19-330*.
- (d) **Establishment of a physical connection with Oklahoma.** The use of an on-line service or the establishment of a website, whether the server on which the website is maintained is located inside or outside Oklahoma, if the website owner has no other physical connection with Oklahoma, is **not** a sufficient, physical presence in Oklahoma, absent any other connection, to require the website owner to register as a business and to collect Oklahoma sales tax on sales of tangible personal property or services to consumers located in Oklahoma or on sales of goods sold for use in Oklahoma. The duty to collect and procedures to be used in reporting and remitting sales and use taxes which apply to vendors located or "maintaining a place of business" in Oklahoma are set out in *OAC 710:65-15-1*, *710:65-21-4(b)* and in 68 O.S. §§ 1406 et seq. (Use Tax Code).

710:65-19-157. Insecticides and fungicides not sold to farmers or custom applicators

Sales of insecticides and fungicides are subject to tax. The term "**insecticides**" means any substance or mixture of substances which are used for the preventing, destroying, repelling, or mitigating of any insects. The term "**fungicides**" means any substance or mixture of substances which are used for preventing, destroying or mitigating any fungi.

710:65-19-158. Installation, alteration and special service charges

(a) Where the vendor engages in the business of selling tangible personal property and such tangible personal property is installed or altered for the purchaser by the vendor (or some other special service is performed for the purchaser by the seller with respect to such property), the gross receipts of the vendor on account of his charges for such installation, alteration or other special service must be included in the receipts by which his sales liability is measured, if such installation, alteration or other special service charges are included in the selling price of the tangible personal property which is sold. This is true where the charge for the property which is sold and the charge for installation, alteration or other special services is billed by the vendor to his customers are included in a single billed price.

(b) On the other hand, where the seller and the buyer agree upon the installation, alteration or other special service charges separately from the selling price of the tangible personal property which is sold, then the receipts from the installation, alteration or other special service charge are not a part of the "**selling price**" of the tangible personal property which is sold, but instead such charge is a service charge, separately contracted and billed and need not be included in the figure upon which the seller computes his sales tax liability.

710:65-19-159. Installation charges

(a) Where the quoted or advertised price is a lump sum for both property and installation or where billing and other records do not show separate charges for property and for installation, the measure of the tax is the total gross receipts received by the seller.

(b) Where the seller has a standard retail sales price for his products and where the standard sales price is used both when making across-the-counter sales and when selling and installing the property, he may make a separate and additional charge for making the installation which, when shown separately in his billings and on his books, will not be subject to the sales tax.

710:65-19-160. Installment and credit sales

It will be necessary for the vendor to collect from, or charge to the customer the entire amount of the tax as computed on the selling price in each case of an installment or credit sale, irrespective of the amount of the installment or down payment made by the purchaser consumer or whether any installment or down payment is made. Installment and credit sales together with the tax applicable thereto must be reported on the vendor's return covering the period in which the installment or credit sale occurred.

710:65-19-161. Insurance companies

Insurance companies subject to 36 O.S. §624 do not qualify as exempt purchasers for purposes of state, county, or municipal sales tax or state or municipal use tax and, therefore, should pay sales or use tax to the vendor when making a taxable purchase of tangible personal property or services.

(b) Sales of labels or name plates to be affixed to tangible personal property which is taxable when sold at retail, or to the containers sold with such property, are not subject to tax if the labels or name plates are an inseparable part of the property sold and purchased by the buyer as a part of such property.

(c) Sales of labels to persons retaining title to containers to which the labels are affixed are not sales for resale but are sales for consumption and subject to tax.

710:65-19-191. Laundry and garment bags

(b) Sales to a person regularly engaged in "**agricultural production**" may be either taxable or exempt, depending upon the specific use of the material sold.

(a) Vendors of machinery, tools, dies, jigs, production patterns, gauges and the like to users or consumers must collect, report and remit sales tax liability except as provided in the exemption for equipment used directly in manufacturing. This is true whether the vendor installs such tangible personal property for the purchaser or not.

(b) The fact that it is not a stock item and is only produced after an order is received, or is an alteration of a standard item, is not sufficient to exempt it from sales or use tax unless it is otherwise exempt. [See: 68 O.S. §§1354, 1359]

(c) Provided, however, from and after September 1, 1994, patterns used in the commercial production of metal castings shall be exempt from the levy of sales and use tax. [See: 68 O.S.Supp.1994, §1359(12)]

PART 29. "O"**710:65-19-240. Oil operator transfers; "material transfer" described; examples**

(a) **"Material transfer" described.** The transfer of tangible personal property from one location to another is referred to as a material transfer.

(b) **Liability during drilling phase.** The operator is responsible for collecting and remitting tax on material transfers during the drilling phase. The operator and/or the producer is responsible for collecting and remitting tax once the well is drilled.

(c) **Determining taxability of a material transaction.** The taxability of the material transaction will depend on whether the ownership interest(s) after the transfer is the same as it was before, as illustrated:

(1) "A" is an oil operator and owns 100% of a producing well. He can transfer material from his warehouse to the well and back to his warehouse without incurring a tax liability because there was no change in the ownership of the tangible personal property.

(2) "A" is an oil operator and enters into a joint venture to drill a well called the Wilson No. 1. "A" is to be the operator with a 40% working interest, "B" has a 35% working interest, and "C" has a 25% working interest. "A" transfers 100 joints of drill pipe from his warehouse to the drilling site. This transfer is not taxable according to 68 O.S. 1360(B), since, after the sale, there is a joint interest in the property. If the Wilson No. 1 is a dry hole and the 100 joints of drill pipe are returned to "A's" warehouse, then sales tax would be due on "B's" and "C's" interest in the pipe since "A" is again the sole owner of the pipe and it was placed back into his inventory by the material transfer.

(d) **Material transfers involving separate legal entities.** Material transfers involving separate legal entities, i.e., corporations, partnerships, limited partnerships, and individuals are regarded as arm's length transactions for tax purposes regardless of common ownership, as illustrated:

(1) "A" is an oil operator and enters into a joint venture to drill a well called the Gerard No. 2. "A" is to be the operator with 40% interest, "B" has a 30% working interest, and "C" has a 30% working interest. "A" also enters a joint venture to drill a well called the Jones No. 3. "A" is the operator with a 30% working interest, "D" has a 28% working interest, and "E" has a 42% working interest. The Gerard No. 2 is a dry hole and 100 joints of pipe are transferred to the Jones No. 3 and the joint interest billing of "B" and "C" credited. Sales tax is due on the 30% interest of "B" and 30% interest of "C".

(2) Corporation A sells tangible personal property to corporation B. Corporation A and corporation B are owned 100% by the same person. The sale is taxable.

(3) Limited Partnership A sells tangible personal property to corporation B. Corporation B is the General Partner of Limited Partnership A. The sale is taxable.

(4) Corporation A brings tangible personal property to its yard and credits Limited Partnership B for its value. Corporation A is a partner in Limited Partnership B. A has bought the goods from

B and the transaction is 100% taxable.

710:65-19-350. Veterinarians

- (a) **General provisions.** Persons engaged in the practice of rendering veterinary services are consumer/users of all tangible personal property used in their veterinary practices. [68 O.S. §1358(3)]

The person is charged sales tax on the product because it is not being dispensed by the veterinarian for use in treating an animal. There is no patient/client relationship.

(f) **Transactions in which the veterinarian is acting as a consumer/user.** Where a course of prevention, diagnosis, or treatment is reflected in patient records kept by the veterinarian, the dispensing of tangible personal property used in the prevention, diagnosis, or treatment of an animal is not subject to sales tax. For example, if the veterinarian examines a client's animal and prescribes a specific type of preventive, the client is not charged sales tax on the treatment product. Moreover, if the client comes back to the clinic in a few weeks to get a prescription refill, and does not bring the animal to see the veterinarian, the client may, nevertheless, purchase the prescribed product without incurring sales tax on the purchase. Notation in the patient record must be made, however, to reflect the subsequent purchase.

(g) **Dispensing of products and services to agricultural exemption permit-holders.** Veterinarians may **dispense or administer**, tax exempt, products for the prevention, diagnosis, or treatment of animals, on a contract or custom basis, pursuant to an agreement with the holder of an agricultural exemption permit:

(1) **Veterinarians holding a sales tax permit.** If a veterinarian holds a sales tax permit, sales tax exempt purchases may be made of items to be used on a contract or custom basis, with documentation that the client has an agricultural exemption permit. For example, the veterinarian may purchase antibiotics, using his sales tax permit and not pay tax. The veterinarian may then dispense or administer the antibiotics to the client who has an agricultural exemption permit, and the use of the antibiotic is not subject to sales tax. If the veterinarian purchases antibiotic tax exempt, using his sales tax permit, but subsequently dispenses or administers the antibiotic to a client without an agricultural exemption permit, the veterinarian must remit sales tax on the "sales value" of the product.

(2) **Veterinarians without a sales tax permit.** If a veterinarian does not hold a sales tax permit, all products purchased are subject to sales tax upon their purchase. However, if the veterinarian holds an agricultural exemption permit, purchases may be made free from sales tax only of items to be dispensed or administered on a contract or custom basis to another agricultural exemption permit-holder.

In the case of the use of 'cannibalized' parts by a company providing warranty service, if there is no charge to the customer for the parts, such use is taxable as a withdrawal to the company providing the parts. Sales tax must be imposed if the customer is charged for the parts.
- (b) If the agreement specifies the vendor will supply maintenance only and parts will be billed separately, the buyer will pay sales tax on the parts only. Labor charges, separately stated, are not subject to sales tax. If the charges to the customer include parts and labor, and the labor is not separately stated, the charges for labor will be considered part of gross receipts and will be taxable.
- (c) If the price paid for the equipment includes an extended maintenance agreement or warranty, the buyer pays sales tax on the entire purchase price including the maintenance agreement. If the extended maintenance agreement is not included in the sales price but is stated separately and the buyer has an option of purchasing the agreement, the maintenance agreement is not considered to be a part of taxable gross proceeds.

710:65-19-370. Storm windows, combination windows, etc.

(a) In the case of lump sum contracts where the vendor actually fabricates the windows - that is, buys the metal, screen, glass, etc., and makes the whole window to measure and installs same - the vendor is to be treated as a contractor and should pay the tax to suppliers as a consumer.

(b) Where the vendor does not actually fabricate the window, but merely measures each window and sends these measurements to a factory to be manufactured, the vendor is considered as selling and installing a complete unit of standard equipment and should charge sales or use tax on the full selling piece. If the full retail selling price is segregated from the charge for installation on the sales invoice, the tax applies only to the selling price of the property.

(c) Where the vendor sells the type of ready-made window which is not measure to fit but is merely attached to the outside wall, the vendor should charge sales or use tax on the total selling price.

(d) This rule applies to vendors only. Contractors should see specific rules dealing with contractors.

710:65-19-371. Manufacturer's original product warranty

(a) **Definitions.** "Manufacturer's original product warranty" means those warranties which are provided as a condition of all sales of a product and which constitute an indistinguishable part of the product sold. For purposes of this section, a "Manufacturer's original product warranty", is included within the basis for determining sales tax, without regard for whether the charges for the warranty and for the product are separately stated.

(b) **Sale of a product covered by a manufacturer's warranty.** The entire gross proceeds of a product covered by a manufacturer's original product warranty is subject to sales tax, including any separately-stated charges for the manufacturer's original product warranty, if the sale is not otherwise exempt.

(c) **Parts used by the manufacturer.** Parts used by the manufacturer to perform original manufacturers warranty repair or replacement, are not taxable to the manufacturer. If the parts are included in the terms of the original warranty, and are not sold/billed to the customer, sales tax will not be due upon use by the manufacturer to effect repair or replacement. Parts billed/sold to the customer are subject to sales tax.

(d) **Work done by dealers.** If the manufacturer has agreements with dealers or the representatives to perform original manufacturers' warranty repairs, the parts used to perform the repairs, if not sold/billed to the customer, are considered to be sold to the manufacturer for re-sale or manufacturing.

PART 47. "X"

710:65-19-380. X-ray laboratories

Producers of x-ray film for the purpose of diagnosis are the consumers of materials and supplies used in the production thereof. Thus, the tax applies to the sale of such materials and supplies to laboratories producing x-ray film for the purpose of diagnosis. Whether the laboratory is a "lay laboratory" or is operated by a physician, surgeon, dentist, or hospital is immaterial.

SUBCHAPTER 21. USE TAX

710:65-21-1. Purpose

The provisions of this Subchapter have been promulgated for the purpose of compliance with the Oklahoma Administrative Procedures Act, 75 O.S. §§250.1 et seq, and to facilitate the administration, enforcement, and collection of taxes and other levies enacted by the Oklahoma Legislature with respect to 68 O.S. §§1401 et seq. of the Oklahoma Statutes (Use Tax Code).

710:65-21-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Manufacturing operation" means the designing, manufacturing, compounding, processing, assembling, warehousing, or preparing of articles for sale as tangible personal property. A manufacturing operation begins at the point where the materials enter the manufacturing site and ends at the point where a finished product leaves the manufacturing site. **"Manufacturing operation"** does not include administration, sales, distribution, transportation, site construction, or site maintenance. [68 O.S.Supp.1998, Section 1352(10)]

"Person" means any individual, partnership, association, or corporation.

"Purchase price" has the same meaning as **"gross receipts"**, as set out in 710:65-1-9.

"Sale" means the transfer of either title or possession of tangible personal property for a valuable consideration. The term **"sale"** includes the exchange, barter, lease, or rental or tangible personal

property.

"Use tax" means an excise tax charged on the sale of tangible personal property purchased from outside Oklahoma and brought into the state for consumption or use. [See: 68 O.S. § 1401]

710:65-21-3. Use tax

All purchases of tangible personal property which are purchased in a manner such that, pursuant to *OAC* 710:65-15-1, sales tax is not due, but which are stored, used or otherwise consumed in Oklahoma are subject to the use tax. The use tax must be remitted directly to the Commission by the vendor, if the vendor is either "maintaining a place of business in this state", as defined by *OAC* 710:65-1-8, and has knowledge that the goods are being sold for use in this state; or if the vendor is not "maintaining a place of business in this state", but has voluntarily agreed to collect Oklahoma Use Tax. In the event that the vendor is not "maintaining a place of business in this state" and has not voluntarily agreed to collect the use tax, the Oklahoma purchaser must accrue, report, and remit the use tax.

710:65-21-4. Use tax on out-of-state purchases

(a) Tangible personal property bought outside this State either by an Oklahoma user or consumer or out-of-state user or consumer in such a way that the vendor need not collect sales tax in that State, and brought into this State for storage, use, or other consumption is subject to the use tax. Use tax must be reported and paid by the purchaser on forms prescribed by and available from the Commission.

(b) If the purchaser buys such tangible personal property from an out-of-state vendor who is authorized or required by the Use Tax Code to collect, report and remit use tax, the purchaser should pay the use tax to such vendor. Vendors who are required to collect use tax are those who maintain places of business both within and without Oklahoma. [See: 68 O.S. §§1402, 1405-1406]

[Source: Amended at 15 Ok Reg 2827, eff 6-25-98]

710:65-21-5. Voluntary registration by certain out-of-state retailers or vendors

The Commission, in its discretion, upon application, may authorize the collection of the Use Tax by any retailer or vendor not maintaining a place of business within this state but who makes sales of tangible personal property for use in this state. Such retailer shall be issued, without charge, a permit to collect such tax. When so authorized, it shall be the duty of such retailer to collect use tax upon all tangible personal property sold to his knowledge for use within this State, in the same manner and subject to the same requirements, as a retailer maintaining a place of business within this State. [See: 68 O.S. §1407]

710:65-21-6. Retailers required to obtain a use tax permit

Every vendor who is "maintaining a place of business" as defined in *OAC* 710:65-1-8, both inside Oklahoma and outside Oklahoma, must obtain a use tax permit. The permit, which is free of charge, is issued upon receipt of a Business Registration form. As a part of the form, the vendor must list

the names and addresses of all the vendor's agents operating in the state, along with the location of any and all other warehouses in which goods are stored, offices, and other places of business in the state, or the location of any tangible personal property or real property owned, which is located in Oklahoma.

710:65-21-7. Reports, payments, and penalties

(a) **General provisions.** Payment of use tax is due on the first of each month for purchases made the preceding month. Every person, whether responsible to report and remit the tax as a vendor, or as a purchaser, must file for each month for which a liability exists. If not reported and not paid on the 20th day of the month following the month in which the goods were sold for use in Oklahoma, or in which the goods were purchased for use in Oklahoma, the tax and report shall be delinquent and interest and penalty will be assessed as allowed by statute. Reports are to be made on forms which can be obtained from the Commission.

(b) **Semimonthly electronic reporting.** *Persons owing an average of Two Thousand Five Hundred Dollars (\$2,500.00) or more, per month, in total use taxes for the previous fiscal year shall remit the tax due and shall participate in the Tax Commission's electronic funds transfer and electronic data interchange program, according to the following schedule:*

(1) For sales from the first (1st) day through the fifteenth (15th) day of each month, the tax shall be due and payable on the twentieth (20th) day of the month, and remitted to the Tax Commission by electronic funds transfer. A taxpayer will be considered to have complied with the reporting requirements of this paragraph if, on or before the twentieth (20th) day of each month, the taxpayer paid at least ninety (90) percent of the liability for that fifteen-day period, or at least fifty (50) percent of the liability incurred during the immediate preceding calendar year for the same month; and

(2) For sales from the sixteenth (16th) day through the end of each month, the tax shall be due and payable on the twentieth (20th) day of the following month, and remitted to the Tax Commission by electronic funds transfer.

(c) **Electronic reporting; due dates; delinquency dates.** *Persons required to remit the tax due pursuant to subsection (b) shall file a monthly use tax report in accordance with the Tax Commission's electronic data interchange program on the twentieth (20th) day of the month following that in which the tax is levied. Taxes not paid on or before the due dates specified in subsection (b) shall be delinquent from such dates. [68 O.S.Supp.2003, § 1405(D)]*

(d) **Payment.** Remittances covering the use tax liability reported shall accompany the use tax return. Use taxes will be considered delinquent and interest as provided by law will be charged if payment is not received or postmarked by the date the return is due.

(e) **Interest.** Interest at the rate provided by law will be imposed on all liability not paid at the time when required to be paid. Said interest will be imposed and collected on the delinquent tax at the statutory rate from the date the tax is delinquent until paid.

(f) **Audit; refund/credit for overpayment; assessment inclusive of interest due.** When, in the course of an audit, it is found that the tax being audited was overpaid for any period included in the audit, and the taxpayer has not filed a verified claim for refund of the overpayment, the overpayment may be allowed as a credit against the total liability established during the audit. The overpayment shall be applied to the liability as of the date of the overpayment. Whenever an assessment is made for any delinquent tax, the amount of interest due thereon at the time the assessment is made shall be

included in the assessment.

(g) **Liability for tax, penalty, interest; interest computation.** Any taxpayer responsible for the payment of any tax levied by any state tax law shall be liable for payment of interest at the rate set by statute on any amount of tax not paid before it becomes delinquent. Interest shall be computed for each day of delinquency from the date the tax becomes delinquent until it is paid.

(h) **Penalty for failure to file and remit.** A vendor who fails to file a return and remit the full amount of the tax within fifteen (15) days after the tax is due shall be subject to a penalty of ten (10) percent of the amount of tax due.

(i) **Penalty for failure or refusal to file after demand.** In the case of failure or refusal to file within ten (10) days after written demand has been served upon the taxpayer by the Commission, a penalty of twenty-five (25) percent may be assessed and collected.

(j) **Penalty for fraud.** If any portion of the deficiency is due to fraud with intent to evade tax, a penalty of fifty (50) percent shall be added, collected, and paid.

(k) **Waiver of penalty; interest.** At the discretion of the Commission, the interest or penalty assessed, or both, may be waived provided the taxpayer can demonstrate that the failure to pay the tax when due is satisfactorily explained, or that the failure resulted from a mistake by the taxpayer of either law or fact, or that the taxpayer is unable to pay the interest or penalty due to insolvency. Requests for waiver or remission must be made in writing and must include all pertinent facts to support the request. [See: 68 O.S. §§ 217, 1365, 1405]

(l) **Remuneration.** When the use tax report with all required information included is timely filed, the vendor may deduct the applicable remuneration as an allowance to reimburse the vendor for the expenses incurred in keeping records, preparing and filing reports, and remitting tax to the Commission. The remuneration may not be deducted and is not available to a vendor who files an incomplete report or files his report after the date of delinquency or fails to make full payment on or before the due date.

710:65-21-20. Use tax exemptions

The following are specifically exempt from use tax: [See: 68 O.S. §§ 1404 and 1411]

- (1) Tangible personal property brought into this state by a non-resident for his or her personal use visiting or with the intent to become a resident.
- (2) Tangible personal property that is purchased for resale.
- (3) Tangible personal property on which sales/use tax has been paid that is equal to or greater than the rate charged by Oklahoma. In the same manner, a credit against any municipal or county use tax paid may be taken if a municipal or county sales or use tax, respectively, has been paid to an out-of-state municipality or county.

- (9) Tangible personal property purchased for use by manufacturers in manufacturing operations located in Oklahoma.
