

Electronic Payments, Exempted Payments, and List of Causes

Pursuant to the Transparency, Accountability and Innovation in Oklahoma State Government 2.0 Act of 2011 (the Act), the Oklahoma Legislature approved a requirement that all payments from the State Treasury shall be disbursed electronically. The Act further provides that the State Treasurer may provide an exemption from this requirement with cause and that the number of exempted payments and a corresponding list of causes shall be published on the State Treasurer's website.

Attached is a report that reflects by agency the nature of causes for which requests for exemption were submitted and granted for the fiscal year ending June 30, 2015. The report also reflects the number of warrants paid during each of the fiscal years ended June 30, 2013, 2014, and 2015, and for each of the quarters ended September 30, December 31, March 31, and June 30, 2015.

Nature of Causes Resulting in Exemptions

System Limitations

System limitations exist when the current systems (technology, policies and procedures, laws and regulations, etc.) do not support the gathering, storing, processing and transmitting of the data required to process payments via an electronic mechanism.

Banking Data Limitations

Banking data limitations may arise when systemic support exists to process electronic payments however the agency does not have the valid banking data required.

International ACH Transactions

An IAT is a U.S. ACH entry that is part of a payment transaction involving a financial institution, or its branch or office that is not located in the territorial jurisdiction of the United States (referred to below as "foreign bank, branch or office"). Specifically, a foreign bank, branch or office is considered a part of a payment transaction if any one or more of the following transaction conditions is met:

- The foreign bank, branch or office holds an account that is credited or debited as part of a payment transaction; or
- The foreign bank, branch or office receives funds directly from a Person or makes payment directly to a Person as part of a payment transaction; or
- The foreign bank, branch or office serves as an intermediary in the settlement of any part of a payment transaction.

The Office of the State Treasurer does not process IAT transactions. Experts from the State's ACH origination bank have advised that the settlement risk remains high with these transactions in numerous countries as they have not yet received the international acceptance necessary to reduce the risk to acceptable levels. The Office of the State Treasurer does continue to monitor settlement risk and may implement IAT processing as volumes and acceptability by country warrants. The Office of the State Treasurer does process U.S. dollar denominated international wire transfers through the State's operating bank with a high degree of success but also with significantly higher per transaction cost.

Other

Agencies generally submitted requests for exemption citing “Other” as the cause for refunds (applicants, licensees, denials or overpayments, misdirected payments) and reimbursements associated with receipts for which they are not currently obtaining banking data from the remitter. Agencies also requested exemptions for other one-time payments such as garnishments, emergency and other situations requiring on-demand payment. Additionally, several agencies noted that they were required to issue a warrant to replenish their petty cash funds. Payments to minors or single payments to multiple payees present problems as well. One instance was presented where state law mandates that certain indemnity payments have language related to criminal penalties printed on the check.

Most state agencies noted that they were working or were willing to work on system, banking data and other limitations preventing the use of an electronic payment option where practicable. During FY 2014 OMES and Higher Ed began working to consolidate their vendor files and those efforts will continue through FY2015 and beyond. As these institutions are consolidated, additional efforts may be expended to increase vendor participation. All exemptions will expire on June 30, 2015, agencies will be asked to reapply for exemptions and to provide updated information in connection with their ongoing efforts to increase their utilization of electronic payment options.

Electronic Payment Data

The Office of the State Treasurer has gathered the following data to present a more comprehensive picture of the use of electronic payments since the passage of HB1086.
