NOTICE TO BIDDERS

SEALED BIDS, submitted on forms prepared by the Board of County Commissioners of Wagoner County, Oklahoma, hereinafter referred to as the County, will be received by said COUNTY at the office of the County Clerk of Wagoner, Wagoner County Courthouse, 307 E Cherokee, Wagoner, Oklahoma 74467, until 4:00 PM. on August 1, 2014. Said Bids will be publicly opened in Commissioners' Meeting Room at 9:00 a.m. on August 4, 2014 at the regularly scheduled County Commission meeting and read aloud for:

ADAMS CREEK BRIDGE SCOUR REPAIR

NBI 21011, NBI 21012 AND NBI 21013

The County reserves the right to reject any and all bids.

The County reserves the right to waive informalities or minor irregularities in the bid.

“Original Affidavit for Filing with Competitive Bid”, “Business Relationships Affidavit”, Certification of Non-Discrimination in Employment” Form and W-9 must have all blank spaces filled in, be signed, notarized as required and returned with bid or bid will not be accepted. Out of state bidders should change “State of Oklahoma” at the top of the form to indicate state where bidder is located.

Each bid greater than \$50,000.00, shall be accompanied by a certified check, cashier’s check or bid bond approved by The Board of County Commissioners in an amount of not less than five percent (5%) of the amount of the bid as a guarantee that, if awarded the contract, the bidder will enter into a contract with the Board of County Commissioners for the execution of the above-stated work, and in the event of failure to do so, there shall be paid to the Wagoner County Board of County Commissioners the sum of five percent (5%) of said bid as liquidated damages.

Bid forms and information concerning the project may be obtained after 1:00 PM on July 10, 2014 from the office of the County Clerk, Wagoner County Courthouse, 307 E Cherokee, Wagoner, Oklahoma 74467 (918) 485-7712.

Bidders may contact the Wagoner County Engineer’s office at 918-485-7979 for further bidding information and to arrange inspection of the job site.

FOR PROJECT PERFORMANCE

THIS AGREEMENT, made and entered into by and between the Board of County Commissioners of Wagoner County, Oklahoma, a political subdivision of the State of Oklahoma, and hereinafter referred to as "County", and

Hereinafter called "Contractor".

WITNESSETH:

That for and in consideration of the mutual terms, covenants and conditions hereinafter set forth, the parties agree as follows:

- 1. **Recitals.** The County has heretofore called for bids for the construction of the **ADAMS CREEK BRIDGE REPAIR.**

Hereinafter called the "Project", same to be in accordance with the plans and specifications therefore prepared by **MONTY PROCTOR, PE, WAGONER COUNTY ENGINEER** hereinafter referred to as **Engineer**, which plans and specifications are on file in the office of the County Clerk at the Wagoner County Courthouse and are further identified as all the contract documents, blueprints, drawings and any addenda thereto and are hereby made a part hereof; all of which instruments shall be hereinafter referred to as "plans and specifications", which shall mean the plans, specifications, drawings, general conditions and any and all other instruments prepared and filed with the County Clerk in connection with this project. Notice to Bidders dated _____ wherein the County called for bids as aforesaid, was published in the _____ on _____ as appears more fully in the affidavit of the Wagoner Tribune, Inc., a corporation, said affidavit being on file in the office of the County Clerk of Wagoner County Courthouse. Pursuant to advertisement for bids, the sealed bid proposal of Contractor was duly received and publicly opened on the date and at the time prescribed in the Notice to Bidders, in the County Commission Room, Wagoner County Courthouse, and read aloud as were all other bids duly received. The bid of Contractor is now on file in the County Clerk and is incorporated herein and made a part hereof by reference, as fully as if copied at length herein. By order and direction of the Board of County Commissioners of Wagoner County, Oklahoma, all bids received for this project were filed and examined to determine the lowest responsible bid therefore. Thereafter, on _____, at a regular meeting of the Board of County Commissioners of Wagoner County, Oklahoma, the Contractor's bid was accepted as the lowest responsible bid for said construction. Contractor admits that he has visited the site of the project and that the plans and specifications are sufficient to accomplish their intended purposes, to which Contractor does agree and warrant. This contract, together with the plans and specifications, general conditions, Contractor's bid and any other documents hereinafter identified, constitutes the entire agreement between the parties hereto.

- 2. **Bonds, Insurance and Indemnity.** Contractor's performance bond, maintenance bond, statutory bond, and all insurance policies, shall be submitted to the County for approval by the District Attorney concurrently with the submission of this agreement. This contract shall be of no force or effect until all such bonds, insurance policies and/or insurance certificates required herein and in the contract documents are submitted to the District Attorney's office and there approved as to form and content and placed on file in the office of the County Clerk of Wagoner County. Upon approval of the bonds, insurance policies, and/or insurance certificates required herein and the contracts due execution and filing, the Contractor's bid bond shall be released.

Contractor shall submit all bonds, insurance policies and/or insurance certificates required in the plans and specifications and in the general conditions and contract documents, and shall do no work on this project until the same have been approved by the County. The Contractor shall purchase and maintain property insurance, if

EXAMPLE

required, upon the entire work at the site to the full insurable value thereof. This insurance shall include the interest of the County, the Contractor, Subcontractors and Sub-subcontractors in the work and shall insure against the perils of fire, extended coverage, vandalism and malicious mischief.

Contractor shall at all times save and hold the County harmless from any damage, loss or expense due to the performance of this contract and/or Contractor's operation hereunder. It is further understood and agreed that if any part of Contractor's work depends upon the work of any other contractor, firm, or person, other than one of the Contractor's sub-contractors, Contractor shall inspect and promptly report to County and/or Engineer any and all defects of such work as would render it unsuitable for proper performance under this contract. The term "Work" shall mean labor and materials and/or the furnishing and performance thereof. Failure by Contractor to inspect and report any such deficiency by any contractor other than one of his sub-contractors as not being fit, adequate and proper work for the reception of the work to be done by Contractor shall not excuse Contractor from timely, due and proper performance of his work under this contract, and this clause shall not be construed or interpreted as relieving the Contractor of any and/or the primary responsibility hereunder to report such deficiency.

Due and proper performance under this contract shall mean that all work shall be performed in a good and first-class, workmanlike manner, and the requirement of due performance of this contract in a good and workmanlike manner shall extend to and encompass any and all work done under this contract by the Contractor and/or any of his sub-contractors.

3. Scope of Work. The work to be done and performed by the Contractor is that contained in the basic bid proposal in which Contractor has agreed to do such work for the **base sum of** _____. In consideration of the payment thereof, Contractor shall, in a good and first-class, workmanlike manner, at his own cost and expense, furnish all labor, materials, and supplies, all necessary tools and equipment required to commence, perform and complete this project in strict accordance with the plans and specifications.

4. Construction. It is understood and agreed that Contractor shall, within ten (10) days after receipt of a work order, commence the performance of this contract, and shall thereafter diligently prosecute such performance until completion of same. In any event, Contractor shall complete construction and performance of this contract within _____ calendar days from the date of the work order, in accordance with the bid proposal of Contractor, and pursuant to the conditions stipulated in the general conditions. Contractor shall at all times be represented at the site of the project by a competent foreman or superintendent satisfactory to Engineer. Said representative shall have authority to act for the Contractor in all respects and in all matters concerning the work and performance of this contract, and any commitment, action or representation made by said agent shall be fully binding upon Contractor as fully as if made by it. All work shall be performed in a good and first-class, workmanlike manner in strict accordance with the said plans and specifications.

5. Title. Title to all materials to be furnished by Contractor shall remain in Contractor, and Contractor shall retain all risk of loss or injury to said materials until final approval and acceptance of complete performance of this contract.

6. Alterations and Extras. It is hereby specifically noted and agreed that neither Engineer or any other agent of the County of Wagoner has authority to vary, modify or add to the terms and conditions of the contract documents to the prejudice of the County. Contractor shall not be entitled to any claim for extras in any amount, whether performed or not, unless before the commencement thereof such extras shall have been approved and authorized in writing by the Board of County Commissioners of the County of Wagoner, and ratifications of any extras subsequent to the act shall be illegal and not binding upon County.

7. Progress Payments. The County shall make payments on account of the contract and as provided in the contract document, as follows:

In the event Contractor has duly performed this contract without delay, deviation or default, Contractor may on or about the 10th day of each calendar month following the authorized commencement and performance of this contract, obtain Engineer's certificate of estimate as to the percent of value of completion, based on labor and

materials incorporated in the work, and of the materials suitably stored at the work site up to the last day of the preceding calendar month, and on the basis of daily certified and approved estimates of the work performed during the preceding month as submitted by the Contractor to the Engineer, together with the proofs of payment as required in the plans and specifications and the contract documents, and the County shall upon presentation of Engineer's certificate, including a sworn certification by the Engineer that work for which payment is claimed has been performed and that such work conforms to the plans and specifications for the project, pursuant to 61 O.S. Sec. 123 of the Oklahoma Public Competitive Bidding Act of 1974, and upon submission of affidavits as required by 61 O.S. Sec. 138, 74 O.S. Sec. 85.22, 85.23, pay to Contractor ninety percent (90%) of such estimates, less the aggregate of all previous payments made thereunder.

Requests for payment shall be submitted to Engineer on AIA document G702 accompanied by AIA document G702A or any other form acceptable to the County, listing the percentages of completion for the various items of the contract.

8. Subcontracts. A subcontractor is a person who has a direct contract with the Contractor to perform any of the work at the site. The Contractor shall submit a list of all Subcontractors proposed for the principal portions of the work within five (5) calendar days from the date hereof. Approval of all Subcontractors must be had before commencement of work, which approval shall not be withheld an unreasonable length of time. The Contractor shall not employ any Subcontractor to whom Engineer or the County may have a reasonable objection. In the event of any rejection of a proposed Subcontractor, the Contractor shall immediately submit an additional proposed Subcontractor for the work contemplated in the same manner as the original list.

9. Acceptance and Final Payment. Upon full performance hereof, and completion of the project, Contractor shall give written notice to Engineer that the work is ready for final inspection and acceptance, and shall at the same time submit evidence satisfactory to Engineer and the County that all payrolls, materials bills, sums due Subcontractors and any or all other indebtedness connected with the work has been fully paid. Engineer shall promptly make an inspection of the work and construction done. In the event any portion of the work is not in accordance with the plans and specifications or is faulty, whether such defect be latent or patent, discovered or undiscovered, before the final acceptance under this provision, Contractor shall at his expense remedy such deficiencies or defaults and correct any improper construction or workmanship as may be specified by the County, and/or its Engineer, and shall thereupon complete performance of this contract in accordance with the plans and specifications and these contract documents.

When, upon inspection, Engineer finds that the project has been fully completed and the contract fully performed, he shall promptly issue and deliver to the County and the Contractor Engineer's signed final certificate stating that the work specified in the contract has been completed and is ready for acceptance under the terms and conditions of this instrument. Such certificate shall state the entire balance found to be due to Contractor. Upon receipt of the final certificate from Engineer and the duly sworn certificate and affidavits as required in Section 7 above, and approval thereof by County, and a finding by County that said work has been completed according to the terms and conditions of the contract documents, County shall within twenty (20) days thereafter pay to Contractor the entire balance then due and payable under the terms of this contract. It is hereby specifically noted, understood and agreed that Engineer's certificates, whether for the issue of any progress payment or the final certificate for the issue of the final payment hereof, shall not of itself constitute an approval or acceptance of any faulty work or defective materials, whether latent or patent, neither shall any payments, whether progress payments or final payment by the County, constitute a waiver and/or acceptance of any defective or faulty workmanship or materials hereunder. On such final completion Contractor shall furnish to County a release of all claims and right of lien and sworn statements as required by law, and Contractor hereby acknowledges receipt of statutory notice to furnish the same before final payment shall be due under this contract. The full performance of this contract shall be subject to Contractor's full performance of all the obligations contained thereunder, together with the specific items and obligations and the full performance thereof contained in the contract documents, plans and specifications, general conditions, and addenda thereto, heretofore identified in this contract.

10. Discrimination Prohibited. The Contractor agrees, and further agrees to require of all Subcontractors, that no person in the United States shall, on the grounds of race, religion, color, national origin or sex be excluded from

participation in, be denied the benefits of, or be subjected to discrimination under this agreement or by performance thereof.

11. This contract is to be governed by and construed according to the laws of the State of Oklahoma. If it should appear that any of the terms hereof are in conflict with any rule of law or statutory provision of the State of Oklahoma, then the terms of the contract which may conflict with the laws of the State of Oklahoma shall be deemed inoperative and null and void insofar as they may be in conflict therewith, and shall be deemed modified to conform to such rule of law.

12. In the event of any conflict, inconsistency, or incongruity between the provisions of the Contract for Project Performance and any of the provisions of the plans and specifications, the provisions of this Contract for Project Performance shall in all respects govern and control.

IN WITNESS WHEREOF, the parties hereto have executed in multiple copies this ____day of _____, 20__.

CERTIFICATION OF NONDISCRIMINATION IN EMPLOYMENT

Certification with regard to the performance of Previous Contracts or Subcontracts subject to the Equal Opportunity Clause and the filing of Required Reports:

The bidder____, proposed subcontractor____, hereby certifies that he has____, has not ____, participated in a previous contract or subcontract subject to the equal opportunity clause, as required by Executive Orders 10925, 11114, or 11246, and that he has ____, has not ____, filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a Federal Government contracting or administering agency, or the former President’s Committee on Equal Employment Opportunity, all reports due under the applicable filing requirement.

(Company)

By:_____

Date:_____

NOTE: The certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFR 60-1.7 (b) (1), and must be submitted by bidders and proposed subcontractors only in connection with contracts and subcontracts which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5. (Generally only contracts or subcontracts of \$10,000.00 or under are exempt.)

Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7 (b) (1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U. S. Department of Labor.

SPECIFICATIONS

General

It is the intent of this specification to outline the general requirements for this project in accordance with the plans and specifications. All material and work on the roadway section shall comply with the Oklahoma Department of Transportation Standard Specification for Highway Construction.

Construction Inspection and Staking

Wagoner County will provide for all construction inspection. The contractor shall provide all construction staking, as needed.

Testing

The contractor shall provide material certifications and mix designs for approval. Wagoner County will provide for all construction testing through the services of an independent testing laboratory via County Engineer's office.

Traffic Control

The contractor shall be responsible for traffic control and safety signage at all times during construction. All construction traffic control shall be in compliance with the latest edition of the MUTCD manual for work zone construction.

Construction Sequence

The contractor shall submit a construction sequence plan for approval by the County Commissioner and or the County Engineer.

Asphalt

No Asphalt is planned for this project.

Utilities

The contractor shall make all required arrangements to protect all utilities rightfully located within the limits of the project and shall comply with the

Underground Facilities Damage Prevention Act. All utility closures such as manholes, valves enclosures, etc. shall be raised to final grade in accordance with the plans.

Environmental Protection

The contractor shall comply with all Federal, State and Local laws and regulations controlling pollution of the environment.

Cleanup

The contractor shall be responsible for removal and disposal of all construction debris not otherwise specified. Cost shall be included in other items.

Bonds

The successful contractor shall provide the following bonds:

- 1. Performance bond in an amount equal to 100% of the contract price**
- 2. Statutory bond in an amount equal to 100% of the contract price.**
- 3. Maintenance bond in an amount equal to 100% of the contract price.**

Affidavit

The successful contractor shall provide an Affidavit of Compliance, certifying compliance with 25 O.S. S1313 and participation in the Status Verification System.

Insurance

The contractor (and any subcontractors) shall carry and keep in force during this contract, policies of insurance in minimum amounts as set forth below, or as required by the laws of the State of Oklahoma. The contractor shall name the Board of County Commissioner of Wagoner County as an additional named insured.

- 1. Public Liability insurance providing for a combined amount of not less than one million (\$1,000,000) dollars for all damages arising out of bodily injury, death and property damage for each occurrence with an aggregate limit of two million (\$2,000,000) dollars.**

2. Workers' Compensation and Employees Liability insurance as required by Workers' Compensation laws of the State of Oklahoma.

The contractor shall furnish certificates of insurance which shall provide that said insurance will not be cancelled by the insurer without insurer providing thirty (30) days written notice to the Board of County Commissioners of Wagoner County.

The insurance specified shall be acquired from insurance companies properly licensed by the State of Oklahoma to provide coverage in the State of Oklahoma.

Clarification of Plans and Specifications

The contractor shall request any required clarifications to the plans and specifications prior to bidding. Requested clarifications shall be made in writing to the Wagoner County Engineering Department, 307 E Cherokee, Wagoner, Oklahoma 74467.

SPECIAL PROVISIONS

Work Hours: Shall be 7:00 a.m. to 7:00 p.m. unless approved by the Engineer.

Traffic Control: All work shall be done in accordance with the latest edition of the Uniform traffic Control Manual and the plan shall be approved by the Engineer. Two-way local traffic shall be maintained at all times unless otherwise approved by the Engineer. A traffic control plan shall be submitted for approval by the Engineer.

Automatic Grade System: The contractor shall be required to employ the use of an automatic grade system capable of accurately and automatically establishing grades along each edge of the machine by referencing the existing pavement by means of a ski or joint matching shoe, or from an independent grade control. Minimum length of ski shall be 40 feet.

Tack Coat: The tack coat shall be uniformly distributed and adequately cured prior to beginning the overlay. The street shall be cleaned to the satisfaction of the Engineer prior to placing tack coat.

Clean Up: The contractor shall be responsible for complete clean up of the project to the satisfaction of the Engineer.

Masonry Structures: All structures shall be reinforced concrete pipe, precast or cast-in-place structures. All lifting eyes shall be completely sealed.

Fly Ash: Fly ash shall not be used on this project.
