The bid did not specify type of butt joint. Paragon, the low bidder had included a cut and feathered joint, but Commissioner Hanning wanted a milled joint. He stated that feathering cracks much sooner than milling. During the meeting I was asked to call Paragon to inquire about cost to have it milled. Jeremy Kelly at Paragon stated it would be an additional \$3/ton, increasing their original bid of \$56/ton to \$59/ton, making them still the low bid. DA Brian Kuester stated this would be acceptable.
