Lease-Purchase Requirements

Under the Constitution of the State of Oklahoma, County governments are not allowed to incur indebtedness except by a vote of the people. Under 62 O.S. 430.1, however, the County is allowed to rent, lease or purchase property under a lease purchase agreement effective for the fiscal year but which may contain provisions for mutual ratification of renewal each fiscal year pending funds being available.

If the County has specified that the item to be bid is to be financed through a lease-purchase agreement and has indicated the length of time the financing is to occur, then the vendor must provide the financing for the item bid as part of the bid package. The vendor may contact financial institutions to procure the financing. If more than one institution responds, the vendor is to select the most appropriate response and include it in the bid package when submitted. The financing arrangement may be considered by the County when selecting the successful vendor.

The State Auditor has provided a lease-purchase agreement that meets the requirements of the law for Counties which is included in this bid package. If another form is used, it must contain ALL the terms of the one approved by the State Auditor.

For vendors who wish to provide the financing through a financial institution, a list of Wagoner County financial institutions which are familiar with the lease-purchase requirements of the County is included in the bid package.

While the County is interested in competitive financing rates, it is recommended that the vendor utilize an institution that is familiar with the County lease-purchase agreement.
