Whereas, the said OWNER has caused the above described property to be surveyed, platted and staked into lots and streets in conformity with the accompanying plat which they hereby adopt as the plat of the above described land as ADAMS CREEK SIXTH, as addition to Wagoner County, Oklahoma.

AND, the undersigned OWNER hereby dedicates for the public use the streets as shown and designated on the accompanying plat for the several purposes of constructing, maintaining, operating, repairing, removing and replacing any and all public utilities, including storm and sanitary sewers, telephone lines, electric power lines and transformers, gas lines and water lines together with all fittings and equipment for each such facility, including the poles, wires, conduits, pipes, valves, meters and any other appurtenances thereto, with the right of ingress and egress to and upon said easements for the use and purposes aforesaid, together with similar rights in each and all the streets shown on said plat; PROVIDED, HOWEVER, that the undersigned OWNER hereby reserves the right to construct, maintain, operate, lay and relay water and sewer lines together with the right of ingress and egress for such construction, maintenance, operation laying and relaying over, across and along all the public streets shown on said plat, and over, across and along all strips of land included with the easements shown thereon, both for the purposes of furnishing water and/or sewer service to the area included on said plat.

AND, the undersigned OWNER for the purpose of providing an orderly development of the entire tract, and for the further purpose of insuring adequate restrictions and covenants, and for the mutual benefit of the undersigned OWNER, its successors and assigns, and the adjacent OWNERS abutting the tract, their successors and assigns, do hereby impose the following restrictions, limitations and reservations which shall be binding upon all subsequent purchasers.

- PROTECTIVE COVENANTS AND RESTRICTIONS
- Overhead pole lines for the supply of electric service may be located as needed in said subdivision. Street light poles or standard may be served by underground cable and elsewhere throughout said Addition all supply lines shall be located underground, in the easement-ways reserved for general utility services and streets, shown on the attached plat. Service pedestals and transformers as sources of supply at secondary voltages, may also be located in said easement-ways.
  - Except to houses on lots described in paragraph (1) above, which may be served from overhead electric service lines, underground service cables to all houses which may be located on all lots in said Addition may be run from the nearest services pedestal or transformer to the point of usage determined by the location and construction of such house as may be located upon each said lot; provided that upon the installation of such a service cable to a particular house, the supplier of electric service shall thereafter be deemed to have a definitive, permanent, effective and exclusive right-of-way easement on said lot, covering a five-foot strip extending 2.5 feet on each side of such service cable, extending from the service pedestal or transformer to the service entrance on said house.
  - The supplier of electric service, through its proper agents and employees shall at all times have right of access to all such easement-ways shown on said plat, or provided for in this Deed of Dedication for the purpose of installing, maintaining, removing or replacing any portion of said underground electric facilities so installed by it.
  - The owner of each lot shall be responsible for the protection of the underground electric facilities located on his property and shall prevent the alteration of grade or any construction activity which may interfere with said electric facilities. The Company will be responsible for ordinary maintenance of underground electric facilities, but the owner will pay for damage or relocation of such facilities caused or necessitated by acts of the owner or his agents or contractors.
  - The foregoing covenants concerning underground electric facilities shall be enforceable by the supplier of electric service, and the owner of each lot agree to be bound hereby.
  - All structures must be new construction.
  - All homesites in the tract shall be known and described as single family residential homesites. No structures shall be erected, altered, placed or permitted to remain on any homesite which exceeds two stories in height and all residences must have a private garage for not less than two cars attached to the residence.
