

Directions: Mayes & Wagoner County line, EW Rd 65 East of Hwy 69 1.8 miles, south side of road.

History: Compilation of Fisher Cemetery and others that were relocated due to the building of Fort Gibson Dam. Those cemeteries moved were Downing-Vann, Fisher, Roach, and Joe Sanders. Fisher Cemetery was formerly in S5, R19E, T18N. It was relocated about two miles northwest by Corps of Engineers in 1951. The old site is now within the grounds of a YMCA camp, and nothing remains to identify as the old burial place. In the removal, 181 known and determined graves were removed, as well as 112 unknown but determined graves. Eleven graves of persons known to have been buried here were never found.

Status: Several graves etched in Cherokee were found and photos taken. Some have been translated, too. (Survey 1: Rows begin NW corner of cemetery, nearest west fence - west of Gate entrance.) Last survey done in 2014.
