- No residence or structure shall be erected on any building plot which has an area less than that shown on the above plat. No lot may be subdivided. All homes shall be completed within six months.
- No noxious trade or activity shall be carried on, upon any lot, not shall anything be done thereon which may be, or may become an annoyance or a nuisance to the neighborhood. No part of the property described in said plat shall be used for the maintenance, care, or housing of swine, poultry, cattle or horses. No commercial business of any kind or nature shall be conducted on the described.
- No mobile-home will be allowed on any lot at any time.
- No trailer or basement, tent, truck garage, barn or other out-building erected in this tract shall at any time be used as a residence, either temporarily or permanently, nor shall any structure of a temporary nature or character be used as a residence.
- No dwelling shall be erected on any lot where the living area, exclusive of open porches and garages, is less than 1,100 square feet, and the exterior surface of all family dwellings shall be at least 45% stone or brick. Garages shall be 2-car.
- No structure previously used shall be moved onto any lot in this subdivision.
- A small out-building will be allowed, but construction must either be in conformity with dwelling architecture, or a unit built by a commercial firm for that purpose.
- No dumping of any kind will be allowed on any lot of the above subdivision.
- No lot shall be used as a storage yard or re-building area for salvage cars.
- The undersigned Owner further dedicates to the Public use forever the easement and right-of-ways as shown and designated on the accompanying plat for the several purposes of construction, maintaining, operating, repairing, removing and replacing any and all public utilities, including storm sewers, sanitary sewers, telephone lines, together with the right of ingress and egress upon said easements and the right-of-ways for the uses and purposes aforesaid, together with similar rights in each and every street shown on above plat. Said dedication to the public and utility includes electric lines and transformers, gas lines and water lines. Provided also that the undersigned owners hereby reserves the right to construct, maintain, operate, lay and relaying over, across and along all of the public streets shown on the above plat, and over across and along all strips of land included within the easements shown thereon, both for the purpose of furnishing water or sewer service to the area included in above plat and to any other area.

- All individual sewage systems shall be constructed in such a manner as to meet all requirements set out by the County and State Health Departments concerned.
- Underground Utilities (if applicable)
 - Overhead pole lines for the supply of electric service may be located along South and West lines of the addition. Street lights or standards may be served by underground cable and elsewhere throughout the said addition all supply lines shall be located underground, in the easements-ways, for the general utility services and streets, shown on the above plat. Service pedestals and transformers, as sources of supply at secondary voltages, may be located in said easement-ways.
 - Underground services and cables to all houses may be located on all lots in said addition and may be run from the nearest service pedestal on the transformer to the point of usage determined by the location and construction of such house as may be located upon each lot, provided that upon installation of such a service cable to a particular house, the supplier of electric service shall thereafter be deemed to have a definite, permanent, effective and exclusive right-of-way easement on said lot, covering a five foot strip extending 2.5 feet on each side of such service cable, extending from the pedestal or transformer to the service entrance on said house.
 - The supplies of electric and telephone service, through their proper agents and employees, shall at all times have the right of access to all easement-ways shown on said plat, or provided for in this deed of dedication for the purpose of installing, maintaining, removing or replacing any portion of said underground electric facilities so installed, etc.
 - The owner of each lot shall be responsible for the protection of underground electric and telephone facilities located on his property and shall prevent the alteration of grade or any construction activity which interfere with said electric and telephone facilities. Repairs or cost of relocation required by violation of this covenant shall be paid by the owner of the lot.
