

Using an iPhone & iPad in Your Business

Join as we learn the basic use of smart phone operations, available apps and how to use the iPhone and iPad as effective business tools. This workshop will show how this technology can operate to its full capacity. Small business owners may sometimes get overwhelmed keeping up with all their responsibilities, from everyday tasks to bookkeeping to calendars and schedules. The iPhone and iPad are two very useful business tools that can assist with all of these responsibilities.
