Document Manager

Note: The following filetypes are allowed for upload in the Document Manager: doc, dot, dotx, bt, rtf, xls,xlsx, pdf, ppt, ppsx, xml, csv and zip. The extension in the document's filename must be lower case.
Invalid Filename: annual_report.PDF - Valid Filename: annual_report.pdf

Modify Existing Document
(Title and Description are required. New Document is optional.)

Current filename is: test-1_t33-T18N-R16E-original.pdf

If you upload a new document, it will replace this file. Note: The original filename will remain the same.

Replace Document: test-1_33-T18N-R16E=-update.pdf

* Title: TE-test-1_t33-T18N-R16E-original

* Description: test-1_t33-T18N-R16E-original

After update – interesting that there is no “modify successful” message... also note that the file name did NOT change...

Documents

Delete Checked Move to: Documents Go [Back to Documents Folder](#)

Title	Filename	Type	Size	Date Added	Options
<input type="checkbox"/> TE-pdfTest	pdfTest-original.pdf	Acrobat	198.5 KB	07/27/2018 08:16 AM	
<input type="checkbox"/> TE-test-1_n07-T17N-R17E-original	test-1_n07-T17N-R17E-original.pdf	Acrobat	2.6 MB	07/31/2018 12:38 PM	
<input type="checkbox"/> TE-test-1_t33-T18N-R16E-original	test-1_t33-T18N-R16E-original.pdf	Acrobat	3.5 MB	07/31/2018 12:39 PM	
<input type="checkbox"/> TE-testDD-214v3	testDD-214v3.pdf	Acrobat	9.1 KB	08/18/2017 10:47 AM	
<input type="checkbox"/> TE-testDD-214v3 #2	testDD-214v3 #2.pdf	Acrobat	9.1 KB	08/18/2017 10:47 AM	

And also note that the filename in the browser tab and in the URL are still the original filename... however the modify with new filename did complete successfully as can be seen by the 7/10/2018 date in the document.
