

I need to verify an employer's coverage

How to find Proof of Coverage Online

Go to the Commission website at

<http://www.ok.gov/wcc/>

The screenshot shows a web browser window displaying the Oklahoma Workers' Compensation Commission website. The browser's address bar shows the URL <http://www.ok.gov/wcc/>. The website header features the text "OKLAHOMA WORKERS' COMPENSATION COMMISSION" and a search bar. A navigation menu includes "About the Commission", "Forms", "Governing Documents", "Resources", and "Alerts". The "Resources" menu is open, showing a list of links: "Related Links", "Navigating the Process", "Commission Orders", "Medical", and "Insurance". The "Insurance" link is highlighted. The main content area contains text about the commission's role and a new administrative system effective February 1, 2014. A "Contact Us" button is visible. The footer includes "About OK.gov | OK.gov Policies | Accessibility" and "© 2014 The State of Oklahoma". The browser's taskbar at the bottom shows the time as 3:29 PM on 5/6/2014.

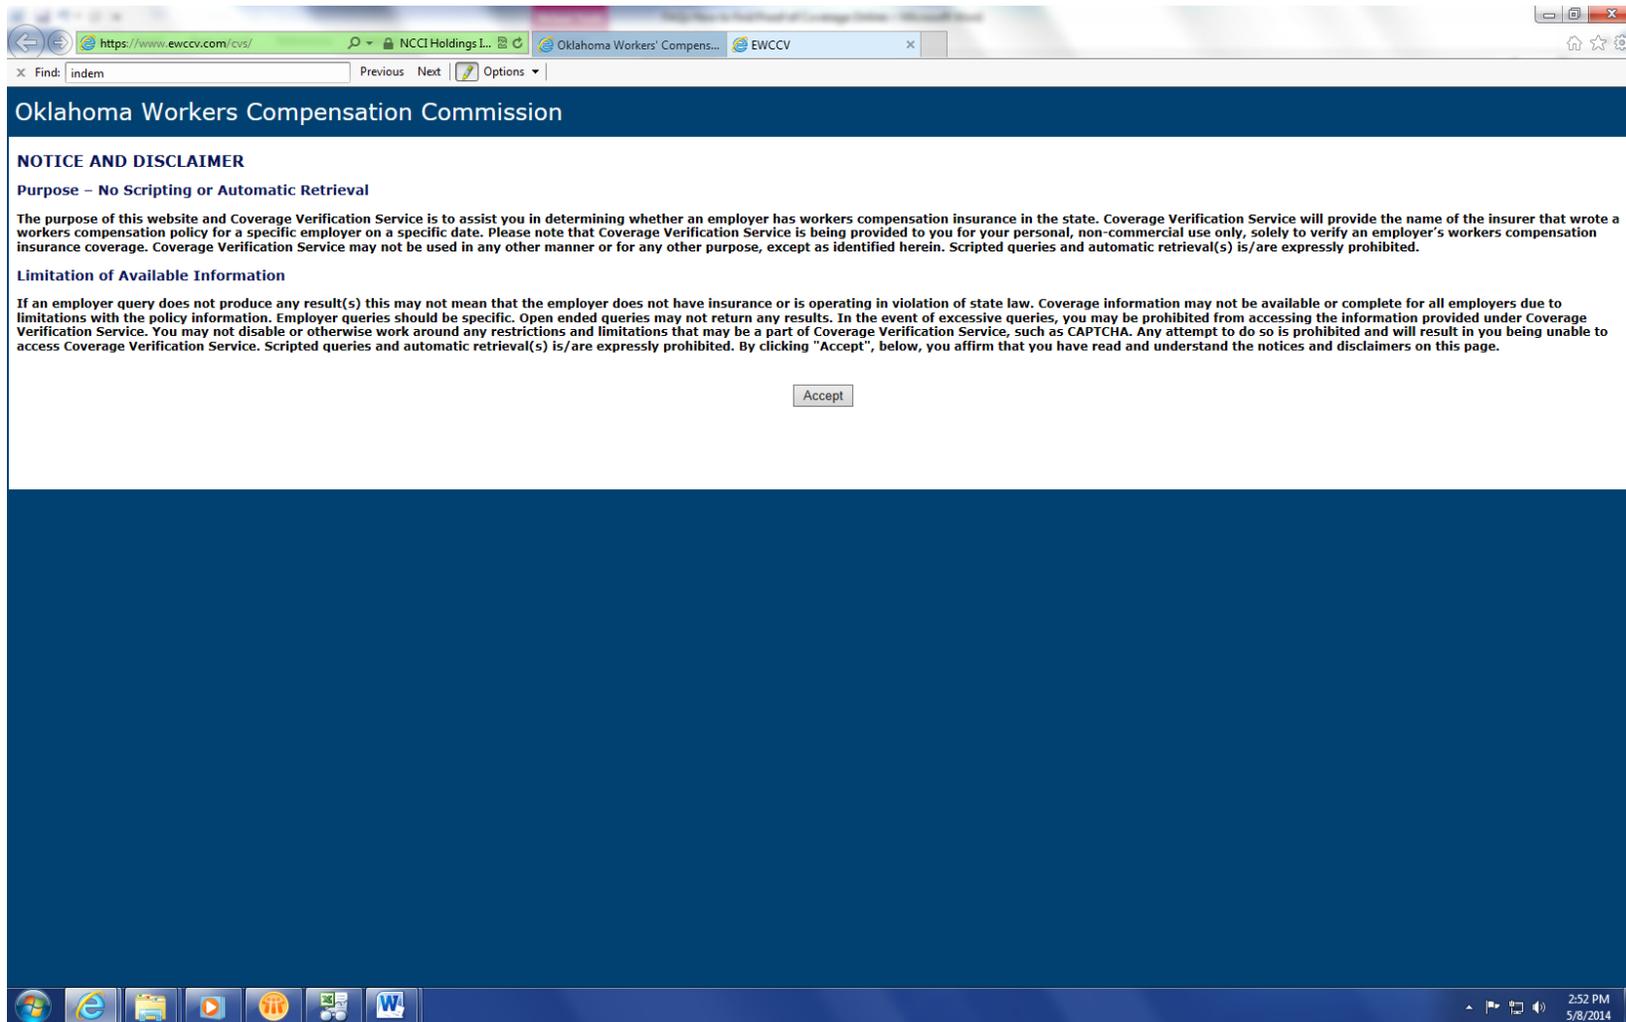

Click on the **Resources** tab, which is the fourth tab.

Click on **Insurance**, the bottom item in the drop down list.

Next, click on the bottom tab **Proof of Coverage**.

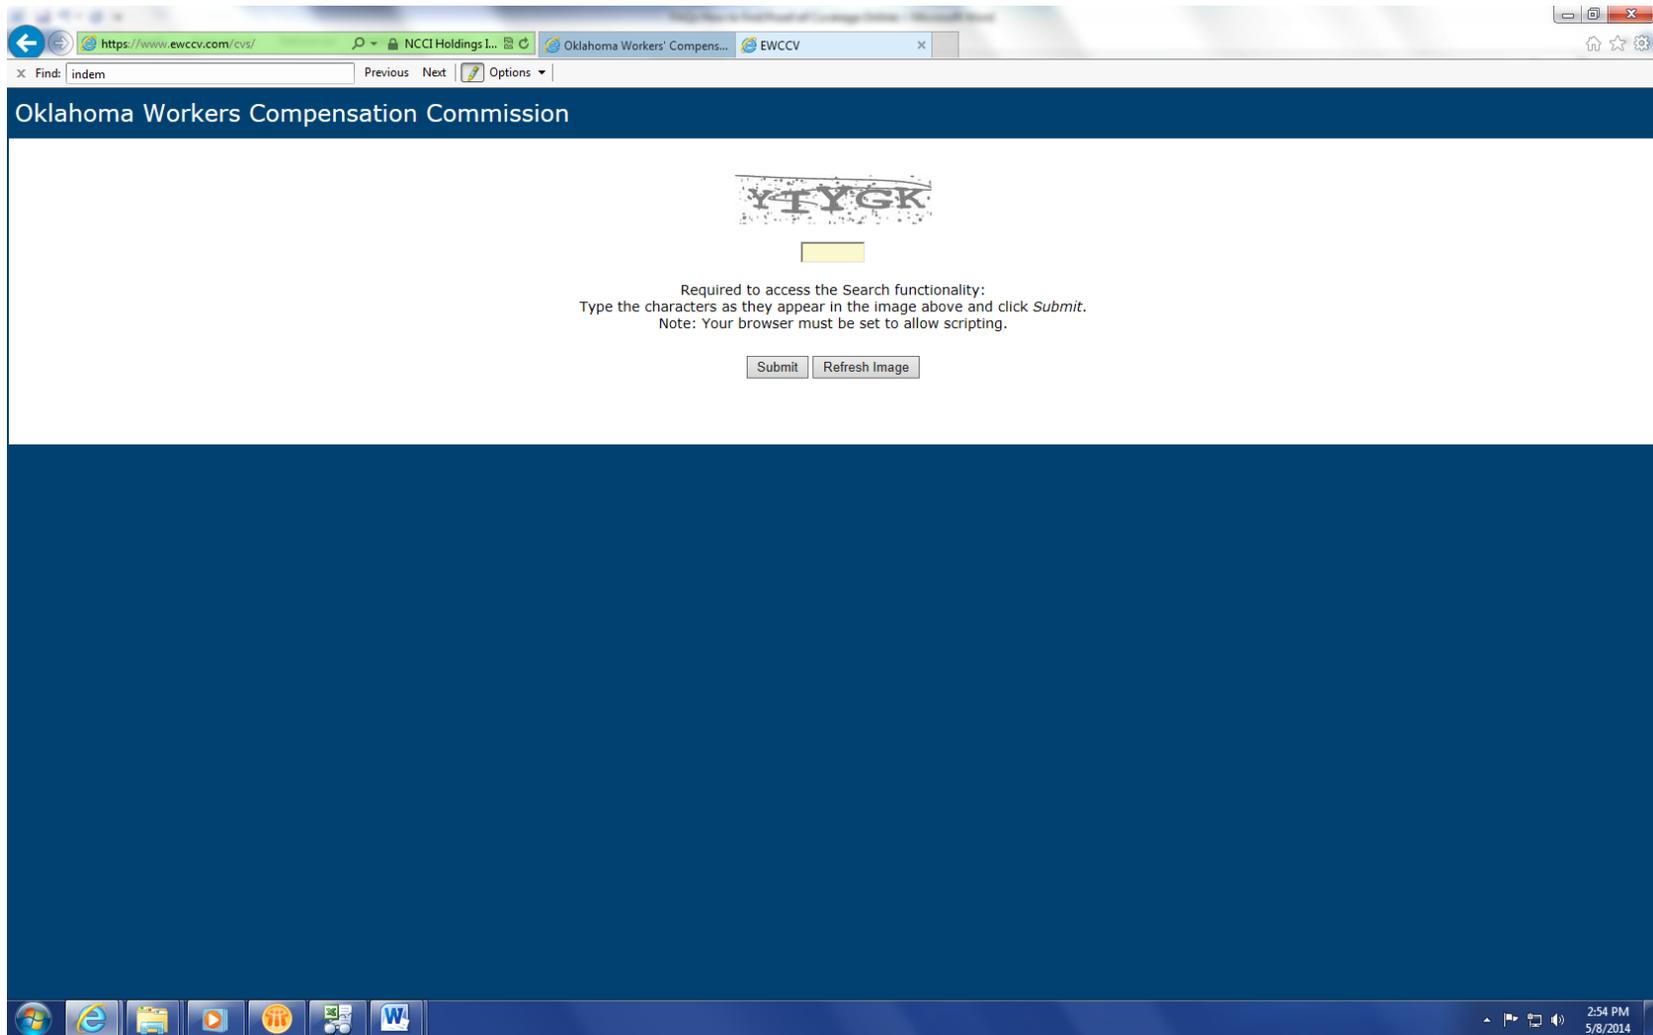

The next screen will look like this:

Read the disclaimer and click **Accept**.

At the next screen, enter the characters as they appear in the image and click Submit.

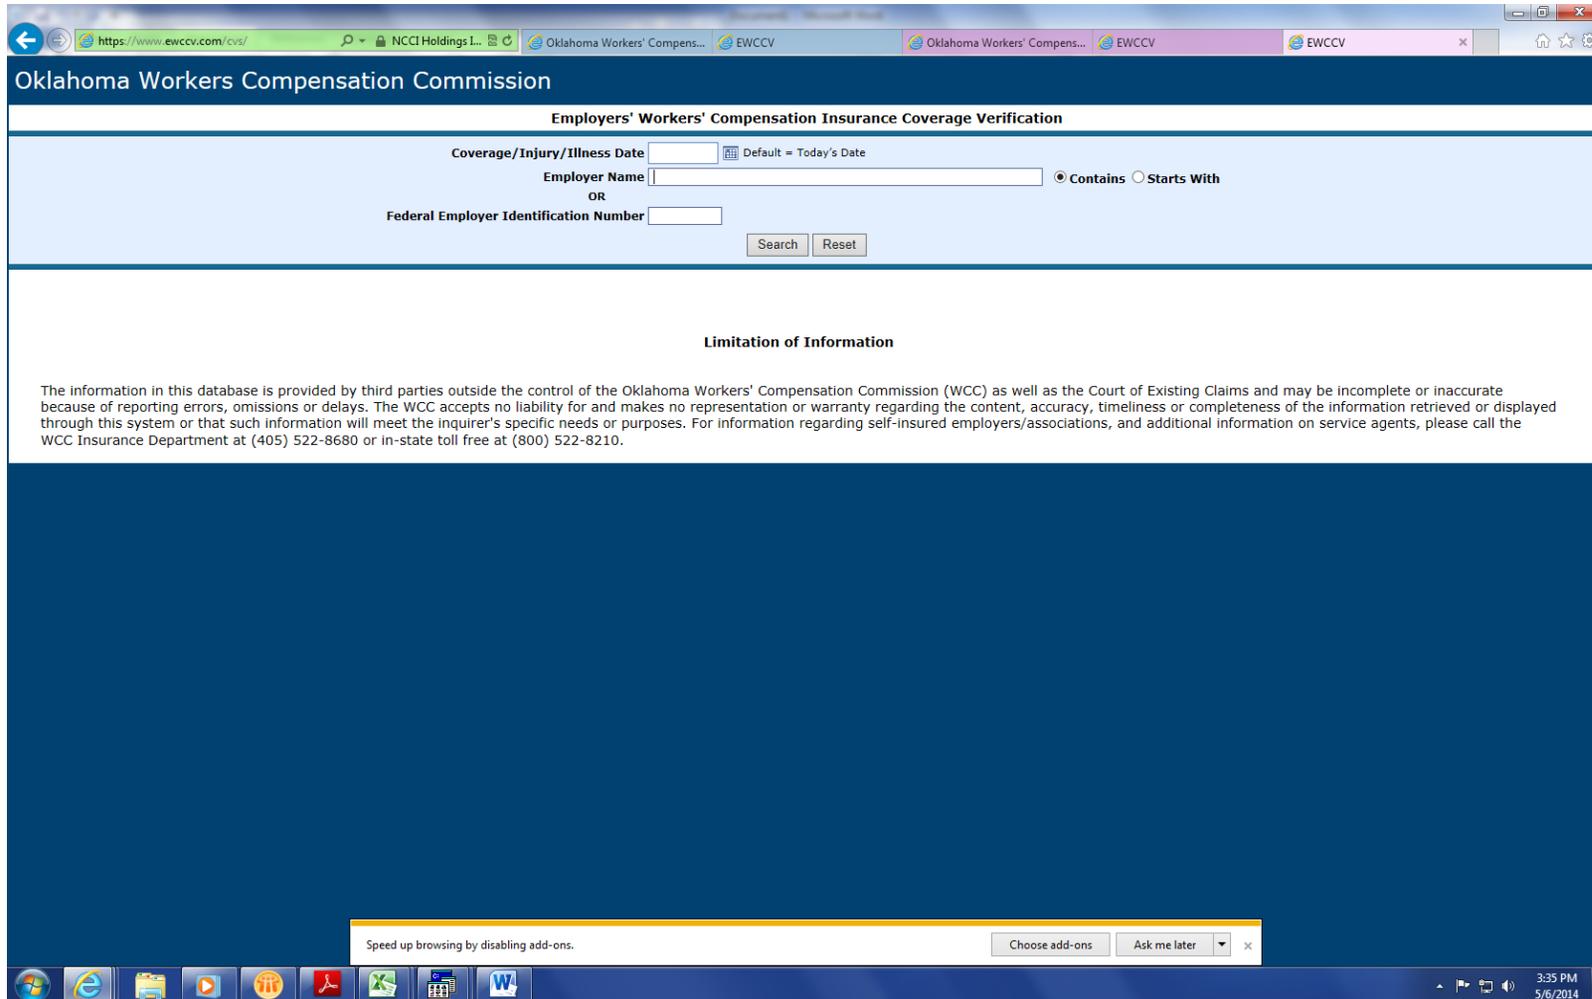

Enter the information you know.

Tips:

- If you don't enter a date, the computer will automatically look for today's date.
- The best search criteria is the legal name of the company.
- Certain words are ignored, such as 'an', 'or', 'the' in the "**Contains**" search only.
- Special characters (hyphens, commas, slashes, and other punctuation marks) are ignored.

- Some company names are abbreviated in a variety of ways. For example, Oklahoma may be listed as OK, Okla, or Oklahoma; or Manufacturing could be entered Manuf, MFG, or Manufacturing. If you are sure the company has coverage, try a variety of spellings.
- Company names with initials may be entered in a variety of ways. For example, AF & G Trucking may be entered as AFG Trucking, A F G Trucking or AF & G Trucking.
- The best way to make sure you get the right entity is by entering the Federal Identification Number.
